Would like copies of the maintenance records and records for the 8 inch Jet Fuel pipeline. Appealing that answer reasons: 1. An email from the Public Affairs Office that acknowledged content that they found records on Base and relayed a summary of the questions in your 26 Oct letter about the pipeline: The pipeline is made of coated carbon steel. It has cathodic protection, which is checked annually by certified engineers. The area where the leak occurred is 1996 so it is 13 years old. However, the rest of the line is much older.

	Callison, Gordon	-		2/22/2010	2/23/2010	request records for the crash of a USAF aircraft, possibly C-47, crash-ed in the mountains west of the Charlottesville, Virginia November 2nd, 1958 at 6:30pm; the plane originated from Barksdale AFB, Louisiana, and flew to Hurlbut Field (now Eglin AFB) in Florida. The flight crashed in a white-out blizzard. On board were 28 cadets from the 140th Detachment at George Washington University, Washington,DC. Rescuers arrived at scene of crash which was from the intersection of Buck Mountain Road and Catterdon Road. The aircraft crashed tail first. The crash site just happened to be a wooded area used by local bi-planes; two men were in a quonset type hangar. One man got on their radio and put out a MayDay. But be-cause of the conditions, rescuers didn't arrive until Thursday around noon. Several cadets and female cadettes had died because of injuries sustained. Temperatures inside the wreckage. It is reported that the AF was searching for 2006 Force Shipping board package at Altus, Oklahoma. The first round of the Force Shipping process and would like a copy of the board address is HQ AFPC/DPPR 550 C Street West, Suite 200, TX. 78150
