Kirchubel, Erich	USAF	1/31/2012	-	Request the cost of flying for a single day in the Air Force. If it is not possible, I will be happy with just RAF Lakenheath but I would prefer a fighter base and one heavy base. I'm looking for fuel costs, maintenance, parts, maintenance and other factors that go into production. I realize that parts go bad on a day to day basis and there is no way to predict every day but I would like to know if the Air Force has a figure that will be the daily cost when it forecasts it's budget. Since we fly a lot of days on Lakenheath that is the baseline I'm looking for.
