" If possible, as an amendment to that FOIA, I would also appreciate any correspondence regarding the editing cycle of the proposed press release concerning the destruction of the C-123 aircraft. I understand certain words like "Agent Orange" and "dioxin" were removed from early versions with less-alarming words such as "herbicide" in their place for the final version. Persons such as [(b)(6)(7)(c)] and others much have been aware of various Air Force tests which described the aircraft as "extremely dangerous, extremely hazardous, extremely contaminated"...these are words to not toss out to the public, I assume. Several editing cycles were involved with input from [(b)(6)(7)(c)] Senior Consultant to Office of Secretary of Defense, Colonel [(b)(6)(7)(c)], HQ AFMC, AFMC Office of Environmental Law, AFMC/CC, Air Staff and others, with great sensitivity regarding the public exposure of storage of dioxin-contaminated aircraft, destruction and impact on Arizona & EPA regulations. Sensitivity was expressed about aircrews and maintenance personnel claiming VA benefits for Agent Drange exposure. I seek all comments, editing, referrals, persons CC'd, list of those requesting press release. I need an understanding why destruction of the dioxin-laden C-123K fleet, which was the "news value" of the event, was re-written to a more non-event, mere notice (available for the asking, not distributed by the PA shop) of an unimportant activity. It was, however, an activity which involved the Air Staff, HQ AFMC, the Surgeon General, the Deputy Undersecretary of the Army, AFMC Office of Environmental Law, and leaders on DM and Hill. 2. 2012-00047-A	Command Technology, Inc.	Boris, Igor	1/19/2012	2/16/2012	The reason for this appeal are: 1) As per the RFP Evaluation Score Sheet, under the comments column for the publishing section, it states "see technical Evaluation." This Technical Evaluation has not been provided. Without the technical evaluation, it is impossible for us to review what may have been deemed "unacceptable" in the publishing section for the evaluation process; 2) As per the RFP Technical Order Review Comments Sheet page 1 thru 35, the names of the reviewer and organization have been withheld from each sheet. It is not acceptable that this information has not been provided. It is imperative to have this information in order to have assurance that there has been full and complete disclosure of the information for our technical review and for us to determine that the person and organization are appropriate for the review and evaluation of our software on the 7th of September 2011 at the L M Aero facility in Fort Worth, Texas. There is no "invasion of personal privacy" in our request for this information inclusion. This information is, after all, information recorded at the time of the software evaluation and thus important to the integrity of the review and evaluation procedure. The testing review and evaluation was not done, to our knowledge.	Completely Reversed/Remanded	2/16/2012

2012-00078-F	-	Bell, Don	10/6/2011	11/4/2011	1. As previously explained in our conversations, our group of ex-Tiger FACs continue to research and add information to our manuscript pledged to the AFHO, [(b)(6)(7)(c)] by March, 2011. Our progress has been substantial with more than 320 draft pages to date. This book is intended to correct a bit of neglected AF history and establish a more accurate picture of Tiger FAC operations in SEA. . 2. The 388th Office of the Historian has all the information we need. I have been working with [(b)(6)(7)(c)], the new Wing Historian, to specifically identify photos and pages, reports, etc. to ease the task of retrieval and reproduction. We also need to address issues of declassification through AFHRA at Maxwell, AFB when necessary. 3. We request digitized CD copies of the 34thTFS scrapbooks (specific pages already tabbed) between 1969 and 1973, as was done previously through a work order to the Photo/Graphics Support unit on the West side. [(b)(6)(7)(c)] is the POC there. 4. [(b)(6)(7)(c)] has the following photos already in digital format on his computer which can be transmitted electronically to me upon proper 388th Wing and OOALC review and approval procedures: 34 TFW c1969 34 TFS CTF poker game 34 TFS F-4D over Thailand 34 TFS hooch bar Crew Training Facility [(b)(6)(7)(c)] on 37mm gun [(b)(6)(7)(c)] and [(b)(6)(7)(c)] Dec 1969 [(b)(6)(7)(c)] 06 5. We also need hard copies of the History of the 388th TFW Quarterly Reports, Volume I (Chronology pages) plus Chapter 3 (Operations and Training), from January 1969 through June 1973. We request color copies of maps and charts which are in color. 6. And finally, we request tabbed (selected pages) from the Wing Commanders End of Tour Reports	Granted in full	11/21/2011

If fees will exceed this amount, please contact me first. This request is to the 84 Radar Evaluation Squadron (84 RADES) for all primary and secondary(transponder) surveillance radar information related to the time period of 01:00hrs to 04:30hrs Zulu Time on September 20, 2011. I request that a radar data extraction be produced using the following latitude and longitude coordinates: a boundary box of upper left N35° 30 00, W100° 00 00 to lower right N26° 00 00, W095° 30 00. If possible, please send radar data on a CD in a text format with data such as date, time, transponder code or lack of, range, azimuth, altitude, longitude, and latitude. If you need any additional information regarding this request, please feel free to contact me via email or telephone. If the above boundary box is so large that it causes problems, please let me know and I will adjust the boundary limits. But I	Granted in full	7/5/2012

2012-04537-F	Voice of San Diego	Dillon, Liam	6/20/2012	7/19/2012	I am Liam Dillon, reporter for Voice of San Diego. Pursuant to the federal Freedom of Information Act, 5 U.S.C. 552, I request access to and copies of the following materials: -- A copy of all contract files with The Performance Institute (DUNS Number: 4013244) and the U.S. Air Force for the following contract: PIID: FA820106FA057. This information should include but isn't limited to the actual contract agreements/documents, performance evaluations and audits. -- Any information outside of the contract files referenced above related to The Performance Institute's performance under these contracts. -- All communications (emails, letters, etc.) between the agency and the company related to the contracts referenced above. As a news media representative I am only required to pay for the direct cost of duplication after the first 100 pages. As a news media representative, I ask you to please waive any applicable fees. In the following paragraphs I will underscore my reasons in response to your guidelines on fee requests. I understand that is a separate process than my FOIA request. So I ask that you initiate both processes simultaneously. In other words, please start processing the FOIA request itself as you are doing the fee-waiver request. In the event that you disallow my fee-waiver request, please notify me before passing the \$100 threshold in duplication fees. Please notify me if this is before a decision on fee-waiver request or if my fee-waiver is denied, however unwarranted that event may be. This paragraph should serve to authorize you to begin to accrue such charges, pending a decision on the fee-waiver request. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the Act and release all non-redacted portions of otherwise exempt material. I reserve the right to appeal. If it is possible to provide this information electronically, I would ask that you please do so. This shows the Bases' Restoration Advisory Board (RAB) as "the best way to stay up to speed" on this very important matter. Either this or through its sub-group called the "Five-year Review Work Group." This is a request for you to make available, for my review, all the names and qualifications of those in this important work group, all records of its meetings including any recommendations it has developed and advice rendered (and to whom it was given) from those decisions to date. Also any agendas it may have for meeting in the future and the dates and places of those proposed meetings. Please also provide access to all the records relating to the screening process through which Concordia Communications was selected to conduct this five-year review. Provide the ranking criteria. Identify those who applied this criteria and those who made the ultimate decision for this selection. This information should be readily available and simple to access and provide for review. 2013-01355-F	South Weber Landfill Coalition	Poll, Brent	12/18/2012	2/1/2013	Dear FOIA Office, Please provide us with the following documents which are of interest to the public and involve me and my family, and our properties, as individuals: (1) A copy of the Court reporter's submission to the Base regarding the verbatim transcript she was taking (concerning a community questionnaire) involving me, [(b)(6)(7)(c)], and a representative from UDEQ The reporter said she would have this transcript ready for us within a few days. Also, include with this corrections/changes, if any, to this transcript as suggested by anyone. (2) All documents showing the purpose and planned usage of the plume maps prepared by or for the Base regarding its OU1, OU2 and OU4 Superfund sites. Include current and all previous maps showing those plumes. Include all the Base's documentation (and similar instructions from its contractors) explaining, for the public, the intended meaning/purpose and usage of those maps. (3) All background data showing who (by name and organization) prepared each plume map, the criteria used in constructing each map, and to the fullest extent practical the distribution of each map. Again, we will pay reasonable research costs for this service but the information should be isolated in location and specialty. The research should not be difficult. Reasonable costs should not exceed \$100.00. Please explain any complications you may encounter which we cannot foresee at this time. Feedback suggests that some might wish to needlessly delay the release of the documents requested above. On item #1, for example, some see the release (and any subsequent questioning/challenging of data thus provided) as an undue complication to the on-going 2013 5-year Review. Such thinking is misguided. EPA's guidelines for conducting 5-year reviews show them as dynamic processes where interested/affected parties are allowed and even encouraged to participate throughout the entire process as they feel necessary. The goal of all 5-year reviews is to determine 'protectiveness.' EPA's guidelines show no provision to short-cut or otherwise.	Other Reasons	2/11/2013

2013-02280-F	South Weber Landfill Coalition	Poll, Brent	2/15/2013	3/18/2013	This is a new FOIA as your response of 7 Feb 2013 closed a prior request with the claim that the documents therein mentioned were allegedly provided to me previously and/or available to the public (either in the WSU Library or at www.hafbdyn.com). My response to you of 8 Feb 2013 said this reply was not responsive to the FOIA at issue. As the former request has been closed, please address the following new one which includes some of the same elements as the first plus several additional items: (1) The response to item # 2 of the previous request stated that documents showing the planned usage of plume maps had been provided to me previously. A review of my records shows no evidence of such provision. Please provide the evidence that the Base used to make its claim that this evidence had been already provided to me (how and when), or provide those documents 'again.' Reviews in past years show no documentation of this specific nature in the WSU Library. Moreover, the website cited above is not readily available to the public (requiring logins and acquisition of passwords making such records less accessible than required under FOIA). (2) The response to item # 3 of the previous request stated that all 'distributions' of the Base's plume maps had been provided to me previously. A review of my records shows no such provision. Please provide the evidence the Base used to make this claim that the information at issue had already been provided to me, or provide those documents 'again.' This documentation has also not been readily available through the more public forums shown in item #1 above. (3) The 7 Feb 2013 response cited the PSV Plans and Reports as the authoritative devices for moving/addressing the Base's remedial programs. Regarding those plans and reports please provide: A. The guidelines or regulations which authorized and defined the use use of those reports and plans. B. The records which show who developed the above guidelines and when and why they created them. C. The records showing the full range of those having input in applying those guidelines and who makes the decisions rendered therein. Also the criteria for rendering those decisions. 2013-04142-F	South Weber Landfill Coalition	Poll, Brent	5/21/2013	6/19/2013	This is a FOIA request. There is an agreement involving the Air Force, EPA and the Utah Department of Environmental Quality (UDEQ) governing their interaction regarding the Superfund sites on Base. The Air Force, in the past as a provision of this agreement, compensated UDEQ definitely and possibly the EPA as well for their involvements concerning the agreement/Superfund sites. The amounts paid to both those entities (on an annual basis) is the subject of this request. I obtained this information some years ago and the totals for the UDEQ then were well over \$1 million. Our files from then were lost or destroyed so we need to revisit the records from the 1992 origin of the agreement through the present time. This should be a narrow and routine research, so any reasonable costs to conduct it should not exceed \$50.00 (which we agree to pay if necessary). We will help as needed to screen. Please provide access to any EPA and Hill AFB maps in the Base's possession (FOIA) and the City (GRAMA) which define what Councilman Thomas claims. Those maps, cited but not provided by Thomas, then served as reasoning for approval of a new subdivision near 475 East in South Weber. I am requesting copies of all data that documents whether the radar was emitting RF radiation during its entire sweep or rotation or whether it was calibrated to "blank" or stop emitting radiation while directed at the airmen doing maintenance. I also need documentation of the standard level of radiation emitted from this radar tower in 2001, both in its active sweep sectors and in the sectors in which it is "blanking," or calibrated to turn off (if in fact it was calibrated as such). I would like the exact same data for the ANTPS-75 radar unit for the dates on PMI was done on antennas in November and December 2000 and February and March of 2001. That is, documentation as to whether all sectors received equal amounts of radiation during that time or whether the radar was calibrated to "blank" the sectors nearest the airmen doing maintenance. I am also requesting copies of any incident reports stemming from the possible radiation of the airmen doing monthly maintenance (PMI) in January of 2001 as well as any records of radar tower or control apparatus inspections following the incident. 2014-03406-F	Acme Research	James, Eldon	4/15/2014	5/13/2014	Under federal Freedom of Information Act, we formally request that your office provide us with the following information: Copies of any documents or any part of documents, such as contracts, work orders, or any other forms or paperwork that specify or name subcontractors on the following project at Hill Air Force Base, Utah. In the past your office has provided lists of subcontractors and primes who worked on or who are working or who are scheduled to work on projects that were perfect for our needs. If convenient for your office, such a List of Contractors would fulfill this request perfectly. Buildings 225 & 233 F-35 equipment install under contract award number FA8201-12-D-0024 Task Order 0002 issued to Advanced Solutions Group as signed on 30 October 2013 (with later modifications). We do not need every document that mentions a sub-contractor or set of sub-contractors, just one document for each sub-contractor or set of sub-contractors on the projects. Addresses and/or telephone numbers of the sub-contractors, if available, help us avoid errors in our research. Redaction of personal or tax information poses no problem for us. No part of the data will be used as a mailing list and your supplying the information cannot be construed as an endorsement of either your payees or our work. We are willing to reimburse your office for any reasonable expense incurred in providing the requested information. Please notify me in advance if the charges will exceed \$250. We would prefer to receive the data as PDF or Excel spreadsheet attachments to an email, but data mailed	Other Reasons	4/16/2014
