2014 01010 F	Greenewald, John		03/26/2014	To whom it may concern, This is a non commercial request made under the provisions of the Freedom of Information Act 5 U.S.C. S SS2. My FOIA requester status as a "representative of the news media." I am a freelance television producer often working on documentaries related to my FOIA requests, my work is commonly featured throughout major news organizations, and I freelance writer for news sites as well. Examples can be given, if needed. I hope a full fee waiver for this request can be considered, because all documents received will be available FREE OF CHARGE in their entirety on http://www.theblackvault.com. This site, run entirely by me, has been around for 17 years, and literally served more than 8,000 people a day on average. I have a unique way of disseminating this information, and can offer additional details, if needed. If a full fee waiver is denied, I please ask you contact me with a quote on how much fees will be. I prefer electronic delivery of the requested material either via email to (b)(6) or via CD ROM via postal mail. Please contact me should this FOIA request should incur a charge. I respectfully request a copy of all documents, electronic or otherwise, that pertain to the order by President George W. Bush to shoot down any commercial airliner that did not comply to orders given on September 11, 2001. This would include any intelligence reports, communications, emails, letters, memos, etc. that may pertain to this request. According to media reports published widely, President Bush has admitted he gave the order to shoot down planes that would not comply. According to one example, published by The Guardian in 2010: George Bush initially believed the only plane not to reach its intended target during the 11 September attacks had been shot down on his orders, according to leaks from the former president's memoir of his two terms in office. Bush reveals that he gave the order for any further suspected hijacked planes to be shot down after the first aircraft were flown into the World Trade Centre in New York during the 2001 terror attacks. He at first thought the crash of United Airlines flight 93 in Pennsylvania had resulted from this instruction, although it later emerged that passengers had stormed the cockpit as hijackers flew the plane towards the Capitol building in Washington. The memoir, Decision Points, is due to be published on 9 November, in the aftermath of the US midterm elections, and Bush is already lined up for interviews on the Oprah Winfrey and NBC Today shows. Thank you so much for your time, and I am very much looking forward to your response. Sincerely, John Greenewald, Jr. (b)(6) (b)(6)

The incident led to the deaths of (b)(6) (b)(6) (b)(6) 30. As a representative of the news media, I am only required to pay for the direct cost of duplication after the first 100 pages. Through this request, I am gathering information to explain how the incident occurred, and to investigate whether measures should be taken to prevent similar mishaps. It will be disseminated to the public by Foreign Policy Magazine. Release of the information is in the public interest because it will contribute significantly to public understanding of military operations, and the dangers inherent to them. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. According to media outlet KGUN9, "TUCSON (KGUN9 TV) Hundreds claim they saw a large light, as well as heard one to two loud booms across Tucson Tuesday night. KGUN 9 has received tons of calls and over 600 comments on our Facebook page from people across Tucson and Arizona. We even had a person in Flagstaff claim to see something suspicious. Here's an account from our viewer Tony Kubrak: "My wife and I and my son were sitting in the house, and we felt this absolutely tremendous explosion, I mean, it shook the windows, it shook everything in the house. I stepped outside, and had to be no more than 3 minutes later after I hear all of this, and I see this tremendous, white, bright light in the western sky. And it was just...It was absolutely enormous, I couldn't believe it." We also spoke to our Phoenix affiliate, KNXV. They said they have received the same types of calls from people in the Phoenix area. Here are agencies who told us they have no idea what the booms and lights were: Pima County Sheriff's Department, Pinal County Sheriff's Department, Tucson Police, Southwest Gas, Tucson Electric Power, and the National Weather Service in Tucson. We are still waiting to hear from: El Paso Gas, Tucson Electric Power, Kitt Peak, and Steward Observatory. We also spoke to Davis Monthan and Luke Air Force Base. Both said they don't think it was them, they will have to call us back in the morning. " I respectfully request a copy of all documents that may pertain to this event. Please also include all emails, letters, and communications about this event, either internal or with outside agencies or media outlets, including emails, letters, memos, etc. Thank you so much for your time, and I am very much looking forward to your response. 2014 01452 F	Lee, Anne		02/05/2014	04/16/2014	The United Kingdom Ministry of Defence has lost its copy of the document of December 1951, agreeing to the United States Army Intelligence Agency's occupation of the land at Royal Air Force Menwith Hill Station under the terms of the NATO Status of Forces Agreement. Some time ago I found a copy of the 1952 Royal Air Force's aerial surveillance of the Menwith Hill site, enclosed with a planning application for developments at Royal Air Force Menwith Hill, submitted to Harrogate Borough Council's Planning Department. Although Royal Air Force Menwith Hill's planning applications are ostensibly submitted by the UK's Defence Infrastructure Organisation, all the MoD Land Agent does is write a cover letter. The aerial photograph therefore must have been sourced from the Menwith

					Hill archives, which indicate that Royal Air Force Menwith Hill holds a copy of the 1951 agreement. I should therefore like to request a copy of the agreement and request a list of all the documents relating to the early establishment of operations at Royal Air Force Menwith Hill. Yours sincerely, Anne Lee

2014 01932 F	Taylor, Marisa	McClatchy Newspapers	02/03/2014	05/27/2014	Pursuant to the Freedom of Information Act, I am requesting access to information maintained by your agency. I would like a copy of the Premium Class Travel reports that your agency is required to file with the General Services Administration for FY 2009, 2010, 2011, 2012, 2013 and if available at time of processing FY 2014. This report documents premium travel by your agency employees. Agencies must submit data or a negative report to GSA annually. If your agency submitted a negative report, I would like a copy of it. If your agency is exempt, your agency is required submit aggregate information. If your agency was exempt and submitted aggregate information, I would like a copy of the aggregate information. In the event that this request results in research or copying, McClatchy Newspapers requests a public interest fee waiver because the material being sought is to be used in a news story. If a fee waiver is not granted, I agree to pay reasonable duplication costs. However, please notify me in advance if you anticipate those fees will exceed \$50. I would prefer an electronic version of these reports. However, if one is not available or providing an electronic version would delay processing, I would accept the report on paper. If any part of this request is not granted, please provide legal justification in writing for each portion of information withheld, and cite the specific exemptions in FOIA law that allows that withholding. We would argue strongly that there is a significant public interest in our reviewing the material being sought. As the nations third largest newspaper group with 30 dailies and a combined circulation of nearly 3 million, we feel we qualify as acting in the public interest. The cost of travel by government officials is obviously of interest to the American public. As a result, I would like my FOIA to be processed in an expedited manner. Should this letter prompt questions, feel free to phone me at 202 383 6164. Marisa Taylor National Correspondent McClatchy Newspapers 700 12th St. NW Suite 1000 Washington, D.C. 20005

2014 02024 F	Hollenhorst, John	KSLSALT LAKE BROADCAST GROUP	01/27/2014	04/09/2014	This is an FOIA request on behalf of my television station, KSL TV, and our co-owned daily newspaper, the Deseret News. Both are news media organizations based in Salt Lake City, Utah. This is for the purpose of preparing possible news stories of public interest. I am submitting this FOIA request to your office because I do not know which Air Force activity would have possession of the documents. I would like to obtain all releasable information pertaining to the crash of a U.S. Air Force B 52 that occurred in 1961 near the town of Monticello, Utah. This may include crash reports, cause of death findings, reports on crash site clean up activities, rescue, and recovery operations, as well as news releases and public announcements that were made in 1961. The crash was precipitated by some sort of mid air explosion on the evening of January 19, 1961. Some of the aircraft wreckage is still visible approximately one half mile west of U.S. Highway 189, approximately 10 miles north of Monticello. I would like any releasable information regarding the cause of the crash, the cargo and weaponry that was aboard the aircraft, recovery efforts for the crew and the contents of the aircraft, as well as the causes of death of each crew member. I have seen documents suggesting that the B 52 was carrying one or more nuclear

					weapons. I would especially like any reports or documents that have to do with efforts to find those weapons and any studies or readings that were taken to detect radioactive materials on the ground following the crash. I also would like any documents that explain the degree of coordination or collaboration with local and state agencies in the hours and days following the crash. Please inform me of any classified documents that might relate to this incident in 1961. I would like the opportunity to follow up and request their declassification. I am willing to pay the costs and fees associated with this request up to \$100. If the fees are higher than that, I'd like a chance to review this with my news managers before committing to payment. However, I request a waiver of such fees in light of the fact that I am seeking the documents for the benefit of the public. I expect to use the released information to prepare news stories that would be in the public interest .. This request is not motivated by commercial considerations.

All samples have come back well within environmental safety standards made in the January 25 statement cited above. 3. the full documents upon which DAVID W. HONCHUL, Lt Col, USAF, APR, Director, Public Affairs (J021) based his statements that Records do indicate that in order to make way for the new base boundary line, several facilities were demolished. I am making this request as a representative of the media. I have written extensively on the dioxin contamination issue for The Japan Times and Asia Pacific Journal. These articles have appeared on the front page of the newspaper for example http://www.japantimes.co.jp/news/2014/01/21/national/kadena-moms-demand-truth/ and there have also been stories on the issue which have been published in Stars&Stripes. These articles have been the focus of intense public debate. I refer to the above articles in support that my request receive expedited processing. There is urgency to inform the public concerning actual or alleged Federal Government activity. 5 U.S.C. § 552. I believe there is widespread and exceptional media interest in which there exist possible questions about the governments integrity affecting public confidence. In addition, many parents whose children attend DoDDS on Kadena Air Base worry that their children have been exposed to dangerous substances. The materials are not requested solely for a private, profit making, or commercial purpose I certify that the statements contained in this letter regarding the alleged activity and public concern are true and correct to the best of my knowledge. 2014 02153 F	Gephart, Richard		01/31/2014	03/24/2014	(b)(6) Richard Gephart) am inquiring about a completed Commander Directed Investigation report. The investigating unit was the S0 SFS and the commander is (b)(6) (b)(6) I am requesting all releasable information pertaining to the report. I understand that this process can take some time, so I would like to get the ball rolling on this as early as possible. Please let me know if you need any additional information. Thank you for your help. v/r (b)(6) Gephart

2014 02155 F	Hartlage, Earl	123rd Air National Guard	01/31/2014		1. COI (command directed investigation). This investigation was initiated by complaints of (b)(6) (b)(6) This investigation was investigated and completed by (b)(6) (b)(6) Wing Commander at this time was (b)(6) and this was done in 2012 2013. I'm requesting a copy of the final report and all notes pertaining to the investigation as well as emails. 2. IG investigation. This investigation was performed by (b)(6) in 2012 2013. I'm requesting the final report as well as any emails, notes, etc. that would pertain to this investigation. 3. I'm requesting a copy of all reports, emails, notes, etc. that (b)(6) (current support group commander) gathered from each of the Units that I worked for during the course of 2012 2014 which were notes on my performance, behavior, attitude, etc. Also, would like any "orders" that (b)(6) gave to the listed units that pertain to the above/well being. Both verbal as well as non verbal orders. Those Units include, CE, Motor Pool, Comm Flight, SFS, and LRS. This information was requested by (b)(6) on a weekly basis, for this was a situation of constant monitoring, harassment, and bullying. 4. I'm also requesting any notes, emails, correspondence in which my senior leadership made to each other about (b)(6) These individuals include (b)(6) (SFS) (b)(6) (SFS), Chief Radke (SFS) (b)(6) (SFS) (b)(6) (b)(6) (legal), Command Chief Carpenter as well as O&M personnel, to include,

					(b)(6) (b)(6) for 2012-2014. 5. I'm requesting any correspondence in which senior leadership corresponded with Tricare or the med group on base, The Brook Hospital, Fort Knox or Wright Pat AFB, for 2012-2014. 6. I'm requesting any information pertaining to the conversations (via email, notes, etc.), that (b)(6) (b)(6) (b)(6) had with (b)(6) (Base Medical) concerning (b)(6) (b)(6) as well as the two command directed MHE (mental health evaluations) that I had to undergo. Both of which I passed and stated to return to normal duties, no restrictions. 7. Any and all correspondence concerning the restrictions placed on me by senior leadership throughout the course of 2012-2014. Some of these restrictions include, being barred from base, no access to SFS, computer access, etc. I would like a copy of the barrment letter. 8. Any and all correspondence between senior leadership and DRS. Stewart & Stewart involving (b)(6) 9. Release of name for the statement whereby "someone said". This is stated on an LOR (dated 2013) whereby this was one of the contributing factors for me to undergo two MHE's. I have asked senior leadership repeatedly for that name, however, they have never been able to provide that individual's name. Under the law, I have a right to face my accuser, anything else is simply hearsay and is not admissible. This "phrase" was used against me. As far as I'm concerned, this was a fabricated story. 10. I would like the information that the base supplied to the TAG, Gen. Tonini, as well as 3 congressional representatives for (b)(6) (b)(6) Those include, Senator Mitch McConnell, (b)(6) and Senator Rand Paul. 11. I'm requesting any correspondence to SAF/IG pertaining to (b)(6) (b)(6) from the base and vice versa.

2014 02159 F	Bergeron, Troy	N/A	02/03/2014	04/23/2014	This is a FOIA request for information that pertains to "The Cake Games" of the Local Diocese and Fraternal Order of Police, Harvard, Yale, and T Delta C. I am asking for "all releasable information" that pertains to USAF Special Training Ops Center and the Case File Called "Project Scarab", that I was given as a child by the USAF, SAC. Information regarding the IT Systems of the U.S. called STAR and Denali Defense Systems in the late 1970's. The IOP Olympics recruited me as the player chosen in the Cake Games of the Authorities, and the documents pertaining to Gumball Paul, signed documents on brain parasites, and the subject of "Prong" systems put in place by the Federal Government, Department of Defense, and Homeland Security. Additional documents that concur the processes of helping to construct the IT Systems of this Nation as a child, having done all the math to this system, helped to construct this system with the Military. I had to leave the country for part of this process since the Diocese and FOP

					wanted a real "King", so I left for those observed processes, and took an oath on 2 Constitutions, and was bound to a 3rd to live a fated chosen life for the rest, to be bound and pronged for my people, and to stop suffering on the Diocese by stopping the Communication Initiative. Additional documents are found in Upper Heyford England, Croughton, USAF/RAF, with Patton and Stratton, and the Seventh Day Adventists. These documents may also be found in the IOP Special Ops division, under "Golden Boy" or the "Golden Child", "Troy Bergeron". Additional signed documents under the House of T Delta C, as official entry representing the house of T Delta C in the Cake Games 2012.

2014 02276 F	parker, james		02/10/2014	03/11/2014	I would like determine exactly what documentation caused the refusal by the 78MDG to allow my access to (b)(6) (b)(6) (b)(6) Health Records when I attempted to retrieve a copy form Robins AFB, Georgia on 16 January 2014. I believe I am entitled to know what documentation or direction was provided to the hospital staff by my (b)(6) that caused them intervene on her behalf and deny me the records. I have been given a variety of reasons by the hospital staff as to why I was not given the records, but what has become clear is that I received treatment different than other parents and different treatment than I had ever received before in the records retrieval process. I have literally retrieved my childrens health records a hundred times over the course of their lives and have never been refused. The reason stated by (b)(6) the hospital commander was that my Social Security Number (SSN) did not match that of my ex wife who the records were kept under, but this excuse does not make sense as for all of my childrens lives with the exception of two years when they were listed under my SSN, they were listed under my (b)(6) SSN and I had no problem accessing the records. What I do believe happened, and which has been related to me by at least two of the hospital staff, is that there had had been an entry made on the records, at the request of my ex wife, that I not be given copies of the records. If such a statement or annotation was made this would constitute contempt of court as per court order I am specifically granted full access to (b)(6) (b)(6) Health Records. I fully realize the Air Force does not want to become involved in family matters, but the Air Force elected to do so on 16 January when they violated their standard practice and refused to give

					me access to the records. (b)(6) (b)(6) of Robins went as far as to call (b)(6) to inform her that I had requested the Health Records. Clearly the Air Force has waded into this family situation and they have a duty to provide the documentation that singled me out for non standard treatment. The Robins AFB Hospital staff has apparently realized their unlawful denial of my access and has now stated that I can be given a copy of the records if I prove by way of court documents that (b)(6) is under Joint Custody. The Hospital staff request begs the obvious question as to what documents they possess showing the contrary. In all my years dealing with military hospitals I have never had any of the staff request that I produce a Court Document proving Joint Custody. Normal medical records do not indicate the marital status of the parents; the Robins Hospital is clearly on uncharted ground in catering to the desires of (b)(6). I realize this matter involves a medical issue, but the document/annotation itself directing the Medical Record Office to deny me the records is an administrative document not covered by medical privacy provisions. Since the Government is acting upon this document in the denial of my rights, it is clearly a public document which I should have access to.

Facilities receiving CIRVIS reports will rapidly process and forward them as prescribed by NORAD Instruction 10 19. 5.6.2. Report all unidentifiable, suspicious, or hostile traffic (land, aerospace, or seaborne), which, because of its nature, course, or actions, considered a threat to the security of the United States or Canada. Such reporting extends the early warning defense system for the United States and Canada. There are five types of CIRVIS reports: 5.6.2.1. Issue initial CIRVIS reports while airborne (or as warranted, upon landing). 5.6.2.2. Issue post landing CIRVIS reports if airborne reports made. 5.6.2.3. Issue follow up CIRVIS reports by anyone with additional information about an earlier report (refer to the initial report). 5.6.2.4. Issue cancellation CIRVIS reports once sightings are positively identified as friendly or determined it was erroneously reported. 5.6.2.5. Unlisted airfields, facilities, weather stations, or air navigation aids. 5.6.4. Make every effort to document sightings with as many photographs as possible. Send undeveloped film or prints and negatives, with a brief written report and other identifying information to the Director of Naval Intelligence, Department of the Navy, Washington, DC 20305. The Department of the Navy will process the film and return one copy of each print and a roll of new film to the individual. 5.6.5. Use Figure 5.1. to gather and report specific sighting details." I request any records pertaining to unidentified flying objects to be redacted if necessary. If you require a time period 1998 1999 Documents have been released under the Canadian Access to Information Act concerning UFOs and collected under CIRVIS and sent to NORAD as such records must existed on the US side of the house, NORAD would not just request records from Canada and not the US. NORAD is called North American Defense Command, not Canadian Only Defense Command, and it is a BI NATIONAL organization and not a CANADIAN organization. The responsibility for the defense of the North American continent is vital and any unknown objects or events would be of paramount importance to defense and information must be collected to order to determine potential threats to the security of Canada and the United States.

I'm looking for information about (b)(6) (b)(6) and his hydroponic work for the Air Force during and after World War 2. He is (b)(6) and was (apparently) Director of Hydroponics for the Air Force during WW2 and I think retained the position through 1953 or so. Most of his work and research and operations were done on Ascension Island, Iwo Jima and in Atkinson Field in British New Guinea. This is a bit of a two fold request because our family doesn't have much information about him as an individual in the Air Force nor do we know much of anything about his research. (b)(6) (b)(6) (b)(6), was also in the Air Force and passed away several years ago. (b)(6) (b)(6) was also awarded the Exceptional Civilian Service Medal if that help narrow down him and his research. I'm attaching his obituary as well which outlines some of his work and might narrow down timeframes, locations, etc. Let me know if this is ok or if I should reach out to a different request center. I figured I'd start with the PACAF due to his activities with hydroponics in that region, specifically. Many thanks!

2014 02452 F	Posey, John		02/19/2014	03/28/2014	This is a request submitted under the Freedom of Information Act. Enacted on July 4, 1966, and taking effect one year later, the Freedom of Information Act (FOIA) provides that any person has a right, enforceable in court, to obtain access to federal agency records, except to the extent that such records (or portions of them) are protected from public disclosure by one of nine exemptions or by one of three special law enforcement record exclusions. Its premise set in the prevention and deterrence of corruption among high ranking government officials. In keeping with that spirit, this request is for e mail traffic from the following individuals in the date ranges specified and with the key words attached. (b)(6) Former 86th AW/CV, (2 Feb 13 - 10 Jun 13) (Key Words: Posey Court Martial; Clemency; Discharge; Article 138) (b)(6) (b)(6) 86 AW Command Chief, (2 Feb 13 - Present) (Key Words: Posey, USAFE, Court Martial, Discharge, Clemency, Article 138 Complaint) (b)(6) Former 86 AW/JA, (2 Feb 13 - Present) (Key Words: Posey, Court Martial, Discharge, Ethics, Article 138, Clemency, Affidavit, Report of Result of Trial) (b)(6) 86 AW/JA, (2 Feb 13 - Present) (Key Words: Posey, Court Martial, Discharge, Ethics, Article 138, Clemency, Affidavit, Report of Result of Trial) (b)(6) 86 AW/JA, (2 Feb 13 - Present) (Key Words: Posey, Court Martial, Discharge, Ethics, Article 138, Clemency, Govt vs. Subject USAFE) (b)(6) (b)(6) 86 AW/JA, (15 Jan 2014 e mail to (b)(6) (b)(6) (Key Words: SrA Posey Pay) (b)(6) 3 AF/JA (26 Jun 13 - Present) (Key Words: Posey Record of Trial; Corrections to Record of Trial; Article 64 Review; Article 138) (b)(6) (b)(6) 86 AW/JA, (18 Apr 13 - Present), (Key Words: Preferral; Posey; Clemency; Court Martial; Discharge; Article 138; SJAR, Ethics) (b)(6) (b)(6) 86 AW/JA, (26 Jun 13 - Present), (Key Words: Posey, Clemency, Rebuttal, SJAR, Discharge, Article 138, Ethics) The majority of the named individuals are attorneys at the Ramstein Legal Office. Typically, the disclosure of their e mails would be protected by Attorney Client Privilege or Work Product Doctrine. However, there exists valid grounds for the release of documents requested. Specifically, Professional Responsibility and Ethics Violations that are unique to their profession. Under normal circumstances, attorneys are charged with reporting the misconduct of other attorneys; but, from documents that I received in a previous FOIA request, there is now written PROOF that these standards were not followed. So, it rests upon me... A Senior Airman, to try and uncover these unethical practices and further report them as necessary. I already submitted an appeal for 2014 01776 F; but, none of the above mentioned individuals were directly named in that initial or appeal request. The FOIA, nor any other government exemption is meant to shield unethical, illegal, and perhaps discriminatory practices. Additionally, and again referencing

					information obtained from a previous FOIA, there is evidence that (b)(6) (b)(6) both played a role in the exercise of Undue / Unlawful Command Influence. Whomever is reading this; please understand that I am fighting an uphill battle. These officials went to great lengths to ensure my conviction at court martial. Anyone who was unjustly tried and convicted would do the same. I will be expecting a response within the statutory 20 day w

Rape charge was dropped, because Aviano OSI investigated as consensual sex and final disposition decided by my Commander to charge me with Adultry, an Article 15, suspended bust, and forfeiture of pay. This decision allowed me to PCS to Grand Forks, ND May 1998. American Eagle/Airlines after running my finger prints received the following report from FBI and according to this I need to provide a disposition of the alledged charges from the agency that provided FBI. All correspondence and communication of every type regarding this matter between DCS and the Department of Veterans Affairs 6. General Fedder mentioned in her letter of 22 Aug 2013 "medical community was and is still not able to confirm..." What medical community is referred to? Were inputs from other federal agencies considered, such as ATSDR which concluded veterans had a 200 fold greater cancer risk, or the US Public Health Service which concluded veterans had a health risk, or the VA physicians who opined their C 123 exposures caused lethal

2014 02921 F	Patterson, John		03/17/2014	03/17/2014	Requesting accident records available for F 4 tail #.360 that crashed while I was stationed (1984 1988) at Clark Air Base as an aircraft weapons specialist. Incident occurred at 3rd TFW August 1986 at Clark AB, Philippines. Right wing pin were not locked, when plane started takeoff, the right wing folded which caused the aircraft to roll. Crew ejected. One survived, (b)(6) weapons officer/back seater) the other (b)(6) (b)(6) Pilot) ejected too late and was jettisoned into the ramp. I was a close eye witness setting up for an ICT on J Ramp beside runway when this happened. I have attached stars and striped article, and email history trying to track down any records available to me. I was close. I was prepping my munitions, when all of a sudden it got real quiet, I turned and looked to my left and seen the plane take off, then in slow motion in banked right, then I seen crew eject, one got a chute, the other went into the ramp. I was close enough as mentioned when plane came down and burst into flames and was sliding towards me I got behind a trailer full of bombs and missiles as my only protection. Luckily plane stayed straight and slid past in a ball of fire. I sometimes think about this. During my 22 years in the air force I have seen a few of the after effects or crashes, but unluckily I witnessed this one first hand. It does creep into the thoughts and dreams sometimes. Just looking for papers to read about the facts. I remember the DCM (b)(6) (b)(6) and my load crew team chief (b)(6) and 2 man (b)(6) who thought I was dead. It just happened so fast they did interviews, etc. then it was back to work as usual. I would greatly appreciate any documentation that would be available to me. Thank you. http://aviation.safety.net/wiki/ibase/wiki.php?id=57788 . Not sure which area to request search of. Happened in PACAF.

2014 03145 F	Trevithick, Joseph		03/27/2014	04/01/2014	Hi, I am looking to obtain a copy of the undated Sandy Beach trip report, which is listed as a supporting document contained within the document identified by IRIS Number 1099257. I am only looking to obtain a copy of this particular report, not all of the documents identified by IRIS Number 1099257. airforcehistoryindex.org lists document 1099257 as "UNCLASSIFIED," but also indicates that it is labeled, at least in part, as "FOUO PRIVILEGED." This is why I am submitting a FOIA request instead of an archival research request. Thanks in advance, Joseph Trevithick
