<u>2014-02790-F</u>	Ziarnick, Brent	-	07/08/2014	07/10/2014	This is a request under the Freedom of Information Act. I request that a copy of the following document be provided to me: Counterforce from Space Air Force Special Weapons Center Technical Note 61-17 by (b)(6) (b)(6) dated 1 August 1961, approximately 30 pages). A copy is currently located at Kirtland AFBs AFRL Technical Library. It is currently classified SECRET-RESTRICTED DATA, but with its significant age, brief length, and general subject I am confident it will be relatively easy to pass through both DOE and USAF declassification procedures favorably. To help assist with this request, I ask that you attempt to process this document through DOE and USAF declassification requirements concurrently. (b)(6) DOE Declassification officer, can be reached at (b)(6) @hq.doe.gov <mailto:(b)(6)@hq.doe.gov> or (b)(6) to assist in DOE efforts to remove the RD caveat. In order to help to determine my status to assess fees, you should know that I am affiliated with the National Security Space Institute, an US Air Force educational institution, and this request is made for a scholarly purpose and not for a commercial use. However, given that this request will require declassification reviews, I am willing to pay fees for this request up to a maximum of \$ 40.00. If you estimate that the fees will exceed this limit, please inform me first. I want to provide as much assistance as you need for this request. If you have any questions at all, please dont hesitate to contact me via this email address or by phone at (b)(6). Thank you for your time and consideration of this request. Sincerely, Dr. Brent D. Ziarnick
<u>2014-03706-F</u>	Tomczak, David	USAF	07/02/2014	07/02/2014	This is a Freedom of Information Act request on an investigation directed at myself. I was recently the focus of an investigation that I believe to contain bias information that concluded on 18 April 2014. The investigation was focused on the date range between 24 January 2014 and 28 March 2014. I was deployed under AFCENT at the time under the command of (b)(6) 62 ERS/CC, who ordered the CDI to be conducted. Due to some unanswered questions based on the outcome from this investigation, my attorney Captain Matthew Deacon advised that I request a copy for my personal records and all releasable information concerning the investigation.

<u>2014-03768-F</u>	Tudor, Thomas	DSCA Office of General Counsel	07/29/2014	07/29/2014	This request for information is made under both the Freedom of Information and the Privacy Acts. I request copies of all information that refers to me either by some form of my name or by a moniker in relation to my former presence/employment at the Secretary of the Air Force Office of General Counsel International Affairs SAF/GCI [now Intelligence and International Affairs] beginning July 2005 and terminating in March 2010. However, the period of my request is from 1 Jul 05 to 31 Jan 14. The facts and circumstances known to me are: approximately one year ago, the email accounts for SAF/GCI personnel were migrated to DISAs Enterprise Email (DEE) system. During that migration certain emails between (b)(6) and (b)(6) (and vice versa) with SAF/GCI were accidentally exposed to a number of other people in and outside the office. These emails contained remarks about SAF/GC and SAF/GCI personnel and/or their work performance. In at least one case, administrative action against the Air Force followed. (b)(6) retired shortly after this matter. I request a copy of any investigation or parts thereof that followed the above described incident.
<u>2014-03928-F</u>	Schwabe, Daniel	-	07/01/2014	10/07/2014	Request declassification of iris 1002787. Record deals with defense of South Vietnam during 1972 Easter Invasion. The technology, tactics, and targets of the campaign are all now 40 years old, with the technology in particular long-superseded by newer systems. I would assume that this record was excepted from automatic downgrading, so I request a review for declassification. My interest is for historical study and I would like to order the record for some research I am doing.

2014-05020-F	(b)(6)	-	07/07/2014	09/11/2014	I would like to receive all releasable records regarding the physical altercation that occurred on June 27, 2014 between my (b)(6) and an unknown child including but not limited to the following: -Official Written Records of a physical altercation occurring on June 27, 2014 between my (b)(6) and an unknown child. -I would also like to receive an official unabridged, unedited copy of the videotape of the altercation that was recorded in the Edwards AFB Youth Annex, specifically the 10 minutes before my (b)(6) was pinned to the ground by the other child and the 10 minute period afterwards. I am requesting these documents to ascertain the true story of what happened to my child on June 27, 2014. As of July 1, 2014 I have received 5 different versions of the altercation. I alone received a brief verbal explanation by telephone at approximately 1:30pm on June 27, 2014 from (b)(6) and I received the second verbal explanation from (b)(6) at approximately 6pm on June 27, 2014. My (b)(6) and I received a third verbal version of the altercation when we met with (b)(6) in person on the morning of June 30, 2014. During this conversation, in front of a witness, (b)(6) from the Youth Annex (b)(6) admitted to us several times that she did not write an incident report as she was not in the classroom when the altercation occurred. She also stated that the provider in the classroom, (b)(6) did not write an incident report either as she was dealing with a situation involving another child. My (b)(6) and I left the childcare facility and at 1:29pm later that day, I received a phone call from (b)(6) giving a fourth version of the incident, stating that (b)(6) supervisor, and (b)(6) flight chief reviewed the tape and that my (b)(6) instigated the incident and that no further action would be taken. Finally, I received a written version of the altercation (backdated to June 27, 2014) from (b)(6) on July 1, 2014 when I picked up my (b)(6) at the end of the day. As (b)(6) handed me the piece of paper, (b)(6)

					stated "This is the report that I wrote up on Friday after (b)(6) came to my office" which directly contradicts what (b)(6) stated numerous times during the face-to-face meeting on June 30, 2014. The written version of the report has two distinct sets of handwriting on the report, yet only one set of initials and one signature, and is not signed by a supervisor. All four of these versions are different, and the parent notification section of the written version as it reads right now, is a complete and total fabrication. Note: I understand that due to there being other minor children in the video that I am requesting, that it may take longer to receive as the parents may be notified to consent to release of their child's facial image. I do not need, nor do I wish to know, the identities of the other children in the video. In the event that all parents do not give consent, I respectfully request that the 412 TW Communications Squadron, edit the videotape to completely obscure the other children's faces.

					Investigation (CDI) order by (b)(6) of the 307 BW with (b)(6) 307 Mission Support Group Commander, possibly participating. I was the victim in the case. If the search does not produce anything under my name, the allegations were against SMSgt David Roberts of the 307 FSS/FSDE (Wing Training Office) located at 1000 Davis Avenue East Barksdale AFB, LA 71110. According to the EO office here at Barksdale, the information can only be provided by you. The 307th falls under both AFRC and AFGSC. I did not find Barksdale under AFRC in the Records Search Location but it was under AFGSC. This was a Reserve matter hower.

There is very little out there in terms of proof that existed, so I was wondering if it would be possible to find out information on units based there, former names, images, and information on the OA-37B Dragonfly aircraft which were supposedly based there in the 1980s. Additionally, if it would be possible to find out more about the planned placement of F-15 Eagles there as well, which was planned in the mid-80's. According to the Wikipedia article, the base closed in 1967, although the placement of aircraft there two decades later is what made me place this request, because I suspect that there is something missing here in terms of connecting information.

History Database Search - Military Air Transport Service (MATS) I understand that these records are now routinely destroyed after a year, but I think at that time they may have been preserved in some form, possibly at a remote archive storage location or on microfilm. Attached and posted at: http://jfkcountercoup.blogspot.com/2014/06/oswald-take-s-macs-flight-to-defect.html is a copy of an official Congressional Committee report from 1978 that indicates they may have officially requested these same records at

					that time, and there might be some official documents that refer to this request and its determination. Passenger manifests exist from the Mayflower and early immigration steamships from Europe, and provide much useful information to historical investigators and the MAT passenger manifests from McGuire AFB in October 1959, should it contain the names of (b)(6) (b)(6) as alleged, could change the previously recognized history of events. The retired former base historian, (b)(6) may also be able to help, since he wrote a book on the history of the base, he may know more about the extent of records kept in that era.

<u>2014-05217-F</u>	Katz, Daniel	Aviation Week	07/15/2014	-	We are writing to request information be released under the Freedom of Information Act (FOIA). Specifically, we request the following maintenance (Mx) information for all U.S. Air Force aircraft: Field Maintenance: How many technicians are assigned per aircraft on average for field maintenance? (E.g. if a wing has 54 aircraft in the operational group and 540 maintainers assigned to the support group, thatd be ten per aircraft. the result from a single representative unit would be fine, so long as the specific info is included, e.g. 1st TFW has S4 F-1SCs and 540 maintainers) Whats the average rank of maintainer for the aircraft? (As above, a single representative unit is ok, so if those 540 maintainers go

				from E-2s to the group O-6, whats the average rank of those 540?) How much does Field Mx cost per aircraft in total? Wed prefer the figure as cost / flight hour. Does this figure include labor or is labor considered a fixed cost? How much do the spare parts that go into Field MX cost per aircraft? Again, cost per flight hour is best, but annual total per aircraft would also help. Depot maintenance: How much does each aircraft incur in depot maintenance for its engine(s)? \$/FH is best, but the cost of an overhaul and time between overhaul would suffice. How much does each aircraft incur in depot maintenance for its airframe? \$/FH is best, but the cost of an overhaul and time between overhaul would suffice. How much does each aircraft incur in depot maintenance for the following components? \$/FH is best, but the cost of an overhaul and time between overhaul would suffice: Flight Deck Avionics Mission Avionics APU Wheels and Brakes Landing Gear Hydraulics Pneumatics Fuel Dynamic Components Electrical All Others not included above For each depot level cost (engine, airframe and all components) how much of this cost is parts and how much is labor? At the depot level, what is the salary of the average technician? Attached you will find a spreadsheet which lists all U.S. Air Force aircraft and all of the figures for which were looking. Some of the aircraft listed are not managed by ACC and we understand if the command does not return information for those aircraft. We are making a similar request to Air Mobility Command. In addition to the above, we request all information pertaining to Air Force aviation assets which are contained within the Air Forces Visibility and Management of Operating and Support Costs (VAMOSOC) database and associated files. This includes but is not limited to costs categorized as organizational, intermediate, depot, training support, recurring investment, other functions, and contractor logistics support. To minimize workload for this portion of the request, the exact spreadsheets/charts which contain the information can be forwarded as they are. If it is deemed that certain information, line items, systems or years are not releasable, we request that the remainder of the data be released. Our organization is prepared to pay up to \$500 to cover the costs of review in entirety. If the Command deems the review would incur costs beyond that figure, please contact us at the address below and we would be willing to consider additional fees. If you have any questions, you may contact

<u>2014-05270-F</u>	Macias, Araceli	S32 TRS	07/18/2014	07/21/2014	I am looking for some information from the Sensitive Skills Support Section. Specifically, records from when I attended BMT in Jan/Feb 2010. I know that trainees go through the Sensitive Skills Support Section as part of security clearance screening. I was one of those individuals who completed an SF 86 (23 Sep 2009) with a recruiter and at BMT admitted to information not in my SF 86. I was denied a TS because of what I admitted to and was reclassified into another career field. I need to know if those records still exist or where I can get them. I am missing the documentation that I filled out at the Sensitive Skills Support Section. I was also interviewed by personnel in that section and I'm hoping there are records of that, to include the reason why I was denied the TS. Please let me know if you require additional information from me or if we can speak on the phone. This is for an urgent matter and I need to get ahold of this documentation. Any help will be greatly appreciated as my career in the AF is on the line. Thank you for your help in advance.

My name is Peter Brock and I have been collecting data on military fire protection vehicles (apparatus) for more than 30 years. Recently retired as an Assistant Chief from the Raleigh, North Carolina Fire Department I have always held the history of the United States Fire Service in high regard. I am requesting a current roster of the fire apparatus in the United States Air Force inventory. This would include the Air Force registration number, vehicle type (engine, ladder, rescue, ARFF, brush, etc), vehicle capacities (fire pump size, water tank size, foam tank size, etc) and the current facility assignment. I have attached a copy of my database for your review and clarification of my request. I shall use this information for historical purposes. Some of my data dates back to the late 1940's and reflects the historical portion of the United States Air Force Fire Protection Vehicles. My research includes all branches of the Department of Defense and I would be happy to share any of these documents on request. Thank you!

I request for each position identified for elimination: - Location - Or ganization (to the 3-letter) - Grade and AFCS for the Military - Civil Service Grade and Job Series for the Civilians - Date that the position is scheduled to be removed from the Unit Manning Documents If the responsible organization for this FOIA request determines that there is a better and easier way to present they information requested (an already produced report or list) that will be acceptable. <u>2014-05439-F</u>	Philebaum, Jonathan	512OG	07/28/2014-		I am a PhD candidate conducting research on accountability. My dissertation is titled Accountability: the USAF as a Case Study. My research questions surround how do USAF decision-makers interpret and understand accountability and how do they hold themselves and others accountable. I am conducting one-on-one interviews of up to 25 USAF decision-makers (E7-E9 and O4-O7) and am making this

					FOIA request for documents that can substantiate or disprove any USAF decision-maker accountable behaviors. Also, I am requesting any documentation that identifies any accountability training conducted within the USAF (this request is not for the curriculum, rather the syllabus to verify the existence of such claims) such as SNCOA, SDE, Leadership Seminars, etc. Finally, I'm requesting any documentation to corroborate what USAF decision-makers have really done to rectify or prevent accountability incidents and verify accountability behaviors vice simple rhetoric activities (i.e. what has been done to prevent the erroneous shipment of nuclear weapon parts to a foreign country [Taiwan,2006] or the unauthorized and unknown transfer of nuclear weapons from one base to another [Minot-Barksdale, 2007]).

This is a request under the Freedom of Information Act (5 U.S.C. § 552) for the case of U.S. v. A1C Tijon North, F.E. Warren Air Force Base, Wyoming. I am the identified sexual assault victim in the case. Further, I request that PII and Privacy Act information concerning myself not be redacted. 2. I request that a copy of the following document be provided to me: A transcript of the proceedings from the general court martial in U.S. v. (b)(6) (b)(6). This request specifically includes a copy of all evidence introduced at the proceedings. Alternatively, if no transcript is available or cannot be made, I would request a copy of the recording of the proceedings. I am aware that a

				court reporter was present and the proceedings were recorded. I would be satisfied with a copy of the recording with necessary PII and Privacy Act information being appropriately redacted. 3. I am seeking information for personal use and not for a commercial use. I am seeking these documents for purposes consistent with the Victim and Witness Assistance Program, the Military Crime Victims Rights Act as codified under Art 6b of the Uniform Code of Military Justice, and other laws and regulations governing the providing of information to victims and witnesses. I seek a waiver of any associated fees for this request because disclosure of the requested information is in the public interest and is not related to a commercial interest. If no fee waiver is granted, I am willing to pay fees for this request up to a maximum of \$50.00. If you estimate that the fees will exceed this limit, please inform me first. 4. Congress as well as the Air Force, has expressed that there is a public interest in providing victims of sexual assault with information concerning their cases to facilitate participation and understanding of the military justice process. Providing these documents will allow me to understand the result reached in the case as the trial counsel discouraged me from attending proceedings (despite my initial indication that I wanted to attend). Though my Special Victims Counsel made me aware that it was my right to sit in, the government prosecutors indicated their strong preference for me not to attend the proceedings and I acquiesced. I now wish to know what evidence was presented so that I may better understand the result. My Special Victims Counsel has been requesting the documents from the F.E. Warren legal office since 1 May 2014, but to date, they have not complied with the request. 5. I request an acknowledgement letter be sent to me no later than 10 workdays from receipt of this letter to include an approximate completion date that is no more than 20 workdays from the date of the initial receipt of the request. Any questions or comments should be addressed to my Special Victims Counsel, (b)(6) (b)(6) Thank you for your prompt action on this request. 6. Please send the documents to me at (b)(6) (b)(6) Very Respectfully, (b)(6) Attachments: Preservation Notice by Special Victims

<u>2014-05506-F</u>	(b)(6)	-	07/31/2014	08/22/2014	Since the court-martial of U.S. vs. (b)(6) I've been keeping myself up at night trying to figure out what went wrong, and what I or any of the witnesses could have done to change the outcome of the trial. Although I understand that what was said and what went on in the courtroom cannot be reversed, I still feel as though none of this is really real, and that any day well all be called back to go over the facts again, this time with a different verdict. Part of the reason I still feel incomplete is because theres a lack of knowledge on my part of what went on during the trial. As a main witness/victim, I wasnt allowed to sit in the courtroom and watch the other witnesses (and the defendant) give their testimonies. I understand that knowing what they did or didnt say will not change the verdict, but I believe it will help me feel more at ease with the outcome of the trial, and thus, help me to move on. Following the verdict, I left the courtroom with an immense weight on my shoulders. Had the trial gone to sentencing, I would have been given the opportunity to address the defendant and tell him how I felt the night he allegedly assaulted me. Ive been thinking about what I was going to say to him given the opportunity for over a year, and when I was told that I could do so in court, I was incredibly relieved. Because he was acquitted of all charges, I never got that chance. Therefore, I would like have any and all recordings of the trial and the testimony of the witnesses, including (b)(6) I would like to see if he apologized, or felt any remorse about what he did, in addition to what he thinks happened that night. I believe that if I was able to listen to these tapes, I would finally get closure and would stop thinking about the what ifs from the trial. All I want is the opportunity to move on, and I think having a full understanding of what happened during the trial would allow me to do so.

<u>2014-05666-F</u>	Posey, John	-	08/21/2014	11/24/2014	This is a request under the Freedom of Information Act (5 U.S.C. §552, as amended). This request is for the Officer Performance Reports of Brigadier General Patrick X. Mordente. Since these annual performance reports form the basis for advancement to higher military grades, release to the public is clearly in the best interest of the Air Force to showcase Brig Gen Mordentes proven track record. Further, as public servants, military officers are entrusted with the lives of millions of Americas Sons and Daughters. A better understanding of these performance reports contents may

					aid in clearing up public misunderstanding of what information is evaluated by superior officers and ultimately the President of the United States prior to nomination / confirmation. Appointment to the permanent grade of O-7 comes with a tremendous amount of innate public trust; accordingly, the public should understand why, and to what degree, they trust these officials. I am seeking the performance reports that closed out on or after 1 September 2007 continuing through the date of this submission. According to his biography, 1 Sep 07 is the date Brig Gen Mordente pinned on the rank of Colonel. Minus obligatory exemptions for the members SSN, these reports should contain no redactions. In the event that access to any of the requested records is denied, please note that the FOIA provides that if only portions of a requested file are exempted from release, the remainder must still be released. I therefore request that I be provided with all non-exempt portions which are reasonably segregable. I further request that you describe the deleted material in detail and specify the statutory basis for the denial as well as your reasons for believing that the alleged statutory justification applies in this instance. Please separately state your reasons for not invoking your discretionary powers to release the requested documents in the public interest. Such statements will be helpful in deciding whether to appeal an adverse determination, and in formulating arguments in case an appeal is taken. The USAF's written justification might also help to avoid unnecessary litigation. I of course reserve my right to appeal the withholding or deletion of any information and expect that you will list the office and address were such an appeal can be sent. Access to the requested records should be granted within twenty (20) working days from the date of your receipt. Failure to respond in a timely manner shall be viewed as a denial of this request and the requesters may immediately file an administrative appeal. Thanking you in advance for your prompt reply.

In the event that access to any of the requested records is denied, please note that the FOIA provides that if only portions of a requested file are exempted from release, the remainder must still be released. I therefore request that I be provided with all non-exempt portions which are reasonably segregable. I further request that you describe the deleted material in detail and specify the statutory basis for the denial as well as your reasons for believing that the alleged statutory justification applies in this instance. Please separately state your reasons for not invoking your discretionary powers to release the requested documents in the public interest. Such statements will be helpful in deciding whether to appeal an adverse determination, and in formulating arguments in case an appeal is taken. The USAF's written justification might also help to avoid unnecessary litigation. I of course reserve my right to appeal the withholding or deletion of any information and expect that you will list the office and address were such an appeal can be sent. Access to the requested records should be granted within twenty (20) working days from the date of your receipt. Failure to respond in a timely manner shall be viewed as a denial of this request and the requesters may immediately file an administrative appeal. Thanking you in advance for your prompt reply.
<u>2014-05668-F</u>	Posey, John	-	08/11/2014	09/26/2014	This is a request under the Freedom of Information Act (5 U.S.C. §552, as amended). This request is for the Official Academic Transcripts of Brigadier General Charles K. Hyde. As a currently serving General Officer, release to the public

				is clearly in the best interest of the Air Force to showcase Brig Gen Hydes proven track record since his very beginning with the USAFA. Further, as public servants, military officers are entrusted with the lives of millions of Americas Sons and Daughters. A better understanding of the USAFAs cumulative effect on graduates of this entirely taxpayer funded institution is indeed in order. Appointment to the permanent grade of O-7 comes with a tremendous amount of innate public trust; accordingly, the public should understand why, and to what degree, these officials have earned such trust. In addition to the academic transcripts, I am requesting any other documents maintained by the USAFA that directly relate to his conduct (positive or negative) while attending the Academy. Brig Gen Hyde is a May 1987 graduate; thus, his records should extend back to roughly 1982/3 when he applied for admissions. I additionally request a copy of whatever letters of endorsement from a member of Congress or Senate accompanied his application for appointment to the Academy. Minus obligatory exemptions for the members SSN, DBO, etc., these records should not contain redactions. In the event that access to any of the requested records is denied, please note that the FOIA provides that if only portions of a requested file are exempted from release, the remainder must still be released. Request disclosure of names

					and titles of individuals signing or referenced in said records. Such disclosure is necessary to ascertain whether federal, state and municipal officials met their legal obligations under federal and state law to properly evaluate and permit prescribed burns conducted on Joint Base Elmendorf-Richardson in 2014. In light of the seriousness of forest fires in the state of Alaska and recent failure of US Army Alaska to contain a controlled burn near Delta Junction, Alaska, public interest in ascertaining government adherence to legal requirements and safety standards clearly outweighs and privacy right said officials may have in records of carrying out their legal duties.

<u>2014-05770-F</u>	(b)(6)	AF/A1PF	08/13/2014	11/14/2014	On 6 Aug 2014, Brig Gen Brian Kelly, my Senior Rater, informed me that SAF/PA was releasing limited details about an administrative action taken against me by 11 WG/CC. He said the release of this information was based on a Freedom

				of Information Act (FOIA) request by CBS News. Information about this administrative action is protected by the Privacy Act of 1974, and this information does not meet the threshold of public interest outweighing my right to privacy under FOIA given that 1) I was acquitted by a jury's unanimous decision, 2) my record was expunged, and 3) there was no absence of fact or procedural error leading to my acquittal. In other words, there was no reasonable expectation of any third party that there should have been administrative action taken against me by my employer; therefore it is not in the public interest for any information regarding an administrative action taken against me to be released to a third party. Furthermore, in the 9 months that have passed since my acquittal, there has not been a single article published by the media inquiring about any administrative action taken against me further illustrating the point that the information released under FOIA to CBS News was not in the public interest and did not outweigh my right to privacy. I have the following questions regarding this matter. 1) What information was released to a FOIA requestor regarding the administrative action taken against me? 2) Who specifically released this information to a FOIA requestor? 3) What justification did the FOIA requestor provide showing the significant public interest for release of information protected by the Privacy Act of 1974? 4) Did the FOIA requestor's identity factor into the decision to release this information under FOIA? 5) Did the FOIA requestor provide any evidence that they were unable to obtain this information through other means such as a request to me or my attorneys? 6) What office conducted a legal review with respect to the release of this information under FOIA? 7) If a legal review was conducted, what were the findings with respect to the Privacy Act of 1974 and FOIA? Key Words to use for record search: (86th Airlift Wing SAPR Down Day Briefing) / (Brig Gen Mordente Security and Policy Review) / (SAPR Down Day FOIA Request / Release) / (Ramstein Sexual Assault Court Martials) / (Professional Responsibility Case) / (b)(6) / (b)(6) / (b)(6) / (Brig Gen Dixie Morrow) / (b)(6) / (Article 6 Inspection) / (Article 138) / (Admin Discharge Board) / (IG Investigation) / (TJAG Inquiry) / (b)(6) / (b)(6) / (USAFE Case) NOTE: This request is for information stored / transferred on both NIPR (Nonsecure Internet Protocol Router) and SIPR (Secure Internet Protocol Router) Networks. If routine conversations containing non-classified information have moved from the NIPR platform to SIPR in efforts to avoid FOIA release, our Commander-In-Chief and members of the American public would find that to be of significant importance. Member should use the same keywords to search both networks. Inclusive Search Dates: 26 Feb 2014 - Present Records sought from the following member assigned to 86th Airlift Wing Legal Office, Ramstein AB, Germany: (b)(6) (b)(6) (b)(6) In the event that access to any of the requested records is denied, please note that the FOIA provides that if only portions of a requested file are exempted from release, the remainder must still be

					released. I therefore request that I be provided with all non-exempt portions which are reasonably segregable. Further, request that you describe the deleted/redacted material in detail and specify the statutory basis for the denial as well as your reasons for believing that the alleged statutory justification applies in this instance. Please separately state your reasons for not invoking your discretionary powers to release the requested documents in the public interest. Such statements will be helpful in deciding whether to appeal an adverse determination, and in formulating arguments in case an appeal is taken. The USAF's written justification might also help to avoid unnecessary litigation. I, of course, reserve all rights to appeal any withholding or deletion of information. Any material in the responsive records deemed repetitive (appears more than once) or non-responsive (DOD5400.7-R_AFMAN 33-302 definition) should be excluded from the final release; unless, the exclusion of such material substantially changes the cumulative response content (i.e. key information is omitted); in this circumstance, leave the record intact. Additionally, WAR Reports / SOD Slides and other standard operating procedure records are to be excluded from this FOIA release. Access to the requested records is expected within twenty (20) business days from the date of your receipt. Failure to provide the requested records or failure to respond in the statutory timeframe shall be viewed as a denial of this request and will immediately be administratively appealed. 2014-05914-F	(b)(6)	-	08/19/2014	09/08/2014	As I noted earlier in this email chain, I am hoping to receive/read the IG report from the complaint I filed in 2012. In reading the available IG documents online, I incorrectly assumed that I would automatically receive a courtesy copy of the report, rather than the one-page memo previously mailed to my home by (b)(6). Additionally, I have copy/pasted the original email I received from the DoD IG below; as you can read, I was led to believe that there were two separate cases opened, separating the reprisal portion of my allegation from other portions. The email indicates two different case numbers (WRI case number 127525; Hotline number 128310) were generated. Although the reprisal case would have gone up to DoD IG after (b)(6) investigation, I suspect the non-reprisal investigation stopped at a lower level, but would have been documented in your Automated Case Tracking System. Given the Congressional interest in whether or not commanders are in the best position to objectively investigate allegations of serious crimes, I am curious as to what level of investigation my original complaint that I had

(b)(6)

					been assaulted garnered. Per (b)(6) email, I am requesting copies of both reports under the Freedom of Information Act. Please advise whether this email request will suffice, or if I must send a formal request to your office via the US Postal Service. As you can see from the email header below, the original case number was assigned in December 2012. As (b)(6) letter to me (received Dec 2013) indicated.

I would appreciate your letting me know if I am not submitting this correctly or to the right entity. These are the things I believe are true about the contract I am requesting: * Contract is between L3 Communications Integrated Systems and the Dept of the Air Force. I believe the L3 entity was L3Communications Integrated Systems Limited Partnership, under the global vendor name L-3 Communications Holdings, Inc., but I am not certain of the exact name. *I believe it was initially signed on 9/18/2006 and effective 9/19/2006, with modifications or additional awards being made after that date, although I am not certain of the dates. * I think, but am not completely sure, that the contracting office is ASC WI. Aeronautical Systems Center. * I believe it is contracted

					by Tinker Air Force base and administered by Wright-Patterson. However, I am not sure of either of those two locations, and it is possible it is administered out of Fort Lee, Virginia. Please let me know if more information is needed. Thank you very much.

<u>2014-06102-F</u>	Tudor, Thomas	D5CA Office of General Counsel	08/27/2014	01/28/2015	Please consider this a request made pursuant to the Freedom of Information Act at 5 U.S. Code § 552, et al and any implementing policies therefrom. I request copies of all releasable information, regardless of form or format, contained in emails between (b)(6) (b)(6) regarding employees of SAF/GCI, at times one year prior to (b)(6) retirement from the United States Air Force approximately a year and a half ago. For ease of access to any responsive information, please be advised that the information I request may be available in an investigation or investigations that ensued following a disclosure to other members of SAF/GC of the emails as a result of a switch to a different email system and/or software. The alleged information is believed to have been derogatory or critical of certain SAF/GCI employees and is thought to have been accidentally disclosed. I also request copies of any investigation(s) that ensued and punishments or reprimands for either (b)(6) appropriately redacted, that ensued as a result of the email/address/software switch. Any investigation(s) may discuss the propriety of the content of the alleged email exchanges and may later have become the subject of discovery in litigation or other means of exposure and that resulted in punishment for either (b)(6). Please contact me if you have any question regarding my request. I believe SAF/AA and SAF/GC would be the most likely agencies to have a system of record(s) containing the information I request.

<u>2014-06227-F</u>	Brooks, James	Juneau Empire newspaper	09/08/2014	10/02/2014	This is James Brooks at the Juneau Empire newspaper in Juneau, Alaska. On Sept. 1, 2014, the website governmentattic.org published the results of a FOIA request covering the "Proposed Plan for Intelligence Coverage in Alaska in the Event of an Invasion." The request was processed by the Air Force Office of Special Investigations. Within the documents provided by that FOIA request are references to an Alaskan Command or Alaskan Air Command "war plan." Some references refer to an "Emergency Operation Plan, Serial #51-3, Alaskan Air Command." I believe there to be an overall Alaskan Air Command and Alaska Command warfighting plan updated on an annual or otherwise regular basis. This plan describes a framework of actions the Alaskan Air Command and Alaska Command would take in the event of a war with the Soviet Union. I formally request the release of such plans as were in place between calendar years 1949 and 1963. I believe as a member of the news media, I qualify for a partial exemption

<u>2014-06339-F</u>	Drucker, Merrit	-	09/15/2014	09/26/2014	I ask for your help in locating the libraries of the Junkers and Focke-Wulf factories. These were captured by the Allies in 1945 and brought to the United States. Documents provided me by (b)(6) who has been working on this project for some time, indicate that these were in the Library of Congress. I have visited the Library and met with staff; searches done in 1995 were unable to locate these libraries. Records held by the Library of Congress, as well as previous investigations undertaken by German citizens, indicate that these libraries may be at Wright Patterson Air Force Base, where they were probably initially taken, or in the possession of the Air Force at some other location. Other documents suggest that they may be in the Smithsonian Institution. It is possible that they are now in private collections. I am asking that the Department of the Air

(b)(6)

					Force, the Library of Congress, and the Smithsonian Institution undertake a joint search to locate these libraries. I am requesting this on both humanitarian and technical grounds. I think it in the best interest of good relations between the United States and Germany to locate and return these libraries. These are of immense technical significance to the history of aviation; their loss represents a gap in our technical knowledge.
