2014-00185-F	Thomas, Richard	-	10/10/2013	11/4/2013	I am an Administrative Law Attorney in the Army located at Fort Bliss, TX. I am conducting research about the Military Working Dog Program for the purpose of writing a law review article for publication. Specifically, I am requesting historical/current records from the Military Working Dog (MWD) Program at Lackland Air Force Base (I believe this is where they should be located) for all assigned dogs from 7 October 2001- present (Iraq and Afghan Wars). I am hoping there exists a sort of excel tracker with this information. The records I am requesting are for all MWDs from 7 October 2001- Present: -dog's name; -whelp date; -dogs service number; -breed; -how the dog was obtained by the military and specific cost, if any; -relationship to other MWDs if known; -date entered military service; -date completed training and certified; -number of deployments for each dog listed; -locations of deployments for each dog listed; -number of successful IEDs located/found (if explosives dog) and/or number of drugs located/found (if a drug detection canine) for each dog; -estimated number of human lives saved by each dog's actions; -date each dog during the requested period left/terminated military service and reason for termination; -specific disposition of each dog (retired-adopted, retired-euthanized, euthanized due to injury, KIA, left in country, etc.); -awards and decorations given to each dog during this period; -number of handlers assigned to each dog; -injury to and medical treatment given to each specific dog; -date of death of all dogs listed, if known, even those adopted out or retired; -number of dogs during the requested period and their identifying info for each dog diagnosed with or treated for C-PTSD, Canine Post Traumatic Stress Disorder. -actual number of dogs euthanized from 7 October 2001- present, with the specific date they were euthanized and specific reason.

2014-00188-F	Parsch, Andreas	-	10/17/2013	10/31/2013	This is a request under the Freedom of Information Act, 5 USC 552. I would like to obtain a summary of all aerospace vehicle MDS designations allocated since 1 June 2012. [NDTE: This request is identical to several earlier requests of the same kind, except for the later time frame of the requested MDS records.] 1. Why do I want the records? ===== I would like to obtain said records for private, non-commercial research purposes. DOD's official public MDS listing (DOD 4120.15-L) has not been updated between October 1998 and the latest release in May 2004. During this time I maintained a web page, at URL http://www.designation-systems.net/usmilav/412015-L(addendum).html, with all new MDS designations assigned after October 1998. Because the next update of DOD 4120.15-L will probably again be several years in the future, I want to continue keeping my own listing up to date. Therefore the MDS allocation summary since 1 June 2012 is requested. 2. Location of the documents ===== The DOD release authority for all current MDS nomenclature records is AF/A8PE at HQ USAF, Pentagon. This request should therefore be handled by AF/A8PE. 3. Detailed requirements ===== I want to obtain brief information for every aerospace vehicle MDS assigned after 1 June 2012. The requested information is essentially that which will be listed in DOD 4120.15-L (+ the date of the record), i.e. - Exact MDS - Manufacturer - Popular name - Engine data (number and type) - Department (AF, Navy, Army, etc.) - Unclassified description - Date of assignment The data should be provided in tabulated form, like the reply for earlier cases. If possible, I would prefer a reply in electronic form, e.g. an XLS spreadsheet or a PDF file. I selected "Web Download" in the "Delivery Mode" field, but e-mail would also be fine. 4. Costs ===== This request should fall into the "Other" category, meaning 2 hours of search, the full review, and 100 pages of copies are free. From the scope of the request it is clear that only a few pages will be returned. The search time for the records should also be limited. Therefore I expect that the fee will not exceed US\$ 15. In fact, for all previous requests of this kind, no fee was charged. Thank you very much for your help. Best regards Andreas Parsch

2014-00198-F	Gordon, Daniel	-	10/10/2013	10/18/2013	Pursuant to the Freedom of Information Act, 5 U.S.C. § 552,1 request the following documents: Any document indicating which entity ultimately received the contract that was the subject of the bid protest of American Security Group, addressed in the decision of the U.S. Government Accountability Office (GAO) issued on October 24, 2011, under GAO's docket number B-405878 (a copy of the GAO decision is enclosed). According to the GAO decision, the Department of the Air Force had awarded a contract to American Automation, Inc., under request for proposals (RFP) No. H92240-11-T-0138, for upgrading a closed circuit TV system. The GAO decision states that the Air Force had advised GAO that the Air Force was terminating the award and reopening the solicitation for revised proposals. Our FOIA request relates to the result of the re-opened competition-that is, we are requesting a document from after GAO's October 18, 2011, decision, indicating which company ultimately won the contract. If the solicitation was cancelled, any document indicating that. If the award is still pending, the most recent available document indicating that.
2014-00199-F	Gordon, Daniel	-	10/18/2013	10/29/2013	Pursuant to the Freedom of Information Act, 5 U.S.C. § 552,1 request the following documents: Any document indicating which contractor received the contract when the Air Force recompeted the requirement for base housing security guard services at Lajes Field, Azores, Portugal. The requirement was the subject of a bid protest of Securitus, Servicos e Tecnologia de Seguranca, S.A., addressed in the decision of the U.S. Government Accountability Office (GAO) issued on November 1, 2011, under GAO's docket number B-405790 (a copy of the GAO decision is enclosed). According to the GAO decision, a contract had been awarded to another company by the Air Force under solicitation No. FA4486-11-R-0008 for the security guard services. The GAO decision states that the Air Force advised GAO that the Air Force was going to re-compete the requirement after the base period of the contract concluded. Our FOIA request relates to that subsequent re-competition of the requirement for security guard services at Lajes Field (not to award under FA4486-11-R-0008) - we are requesting a document indicating which company won the re-competition. If the award on the re-competition is still pending, the most recent available document indicating that.

I prefer electronic delivery of the requested material either via email to (b)(6) or via CD-ROM via postal mail. Please contact me should this FOIA request should incur a charge. On 10/11/2013, USA TODAY published the following: "WASHINGTON -- The Air Force's No. 2 officer for nuclear missiles was fired Friday after "a loss of trust and confidence in his leadership and judgment," the Air Force said in a statement. Maj. Gen. Michael Carey, deputy commander of the 20th Air Force, was relieved of command after an inspector general's investigation into his behavior on a temporary assignment. The allegations do not involve his responsibility for nuclear weapons, said Brig. Gen. Les Kodlick, the Air Force's top spokesman. They also do not involve sexual misconduct. Kodlick said the investigation involved "reports of misbehavior," which he did not characterize. The 20th Air Force is headquartered at F. E. Warren Air Force Base in Wyoming and is responsible for three intercontinental ballistic missile wings." I respectfully request a copy of all documents, electronic or otherwise, that pertain to the firing Maj. Gen. Michael Carey, deputy commander of the 20th Air Force, including the above referenced Inspector General's report. Please include all records that may pertain to my request, including, but not limited to, letters, emails, memos, reports, inter-agency communications, etc. that may pertain to this request. 2014-00273-F	Gordon, Daniel	-	10/18/2013	11/21/2013	Pursuant to the Freedom of Information Act, 5 U.S.C. § 552,1 request the following documents: Any document indicating which contractor ultimately received the contract or order that was the subject of the bid protest of Blackstone Consulting, Inc., addressed in the decision of the U.S. Government Accountability Office (GAD) issued on November 17, 2011, under GAD's docket number B-405909 (a copy of the GAO decision is enclosed). According to the GAD decision, the contract was earlier awarded to another firm by the Department of the Air Force for the provision of full food service at the Five Hats Dining Facility in Fort George Meade, Maryland, under solicitation No. FA7037-11-R-0006. If the solicitation was cancelled, any document indicating cancellation. If the award is still pending, the most recent available document indicating that.
2014-00274-F	Gordon, Daniel	-	10/18/2013	12/5/2013	Pursuant to the Freedom of Information Act, 5 U.S.C. § 552,1 request the following documents: Any document indicating which contractor ultimately received the contract or order that was the subject of the bid protest of Mercurie Gruppe, addressed in the decision of the U.S. Government Accountability Office (GAO) issued on October 24, 2011, under GAD's docket number B-405904 (a copy of the GAD decision is enclosed). According to the GAD decision, the contract was earlier awarded to another firm, by the Department of the Air Force for cold weather gear. As you will see in the enclosed GAD decision, GAO identifies the solicitation as request for quotations No. FA8053-11-R-0001 (THOMAS-F3N7271129A003-COLDWEATHER). The GAO decision states that the Air Force cancelled the solicitation. If the solicitation was cancelled, any document indicating cancellation. If the award is still pending, the most recent available document indicating that. If the Air Force procured the cold weather gear at issue under a different solicitation number, any document indicating the number of that solicitation and any document indicating which company received an order or contract to provide the cold weather gear.

2014-00294-F	Greenewald, John	-	2/25/2014	-	To whom it may concern, This is a non-commercial request made under the provisions of the Freedom of Information Act 5 U.S.C. 5 552. My FOIA requester status as a "representative of the news media." I am a freelance television producer often working on documentaries related to my FOIA requests, my work is commonly featured throughout major news organizations, and I freelance writer for news sites as well. Examples can be given, if needed. I hope a full fee waiver for this request can be considered, because all documents received will be available FREE OF CHARGE in their entirety on http://www.theblackvault.com. This site, run entirely by me, has been around for 17 years, and literally served more than 8,000 people a day on average. I have a unique way of disseminating this information, and can offer additional details, if needed. I prefer electronic delivery of the requested material either via email to (b)(6) or via CD-ROM via postal mail. Please contact me should this FOIA request should incur a charge. I respectfully request a copy of all Air Force Regulations, procedures, and manuals, either present or past, that reference "Fastwalkers" and/or "Slowwalkers." According to the document received from the Defense Technical Information Center (DTIC) located at: http://documents.theblackvault.com/documents/ufos/fastwalker_s/a209227.pdf, "Fastwalkers" are referred to as: "Due to the multitude of objects in the geostationary 3 belt, overhead platforms are being saturated by reflected sunlight from orbiting objects passing through the sensors' field of view. These objects, known as fastwalkers, are creating a suspicion that some uncatalogued objects may exist or are being cross-tagged within the data base. The North American Aerospace Defense Command (NORAD) tasked the Foreign Technology Division, Flight Performance Division (FTD/SQDF) to analyze these 15 to 30 minute data tracks and determine the element set, identifying the object. " Please include any manuals, procedures, etc. used by WPAFB, the USAF as a whole, Peterson AFB, etc., that reference these "Fastwalkers" and "Slowwalkers" and talk about how the USAF or the military views these unidentified tracks, how they identify them, where the reports go, etc. Please forward this to any and all installations that may have responsive records pertaining to this request. Thank you so much for your time, and I am very much looking forward to your response. Sincerely, John Greenewald, Jr (b)(6)

2014-00307-F	Gordon, Daniel	-	10/22/2013	11/4/2013	Pursuant to the Freedom of Information Act, 5 U.S.C. § 552,1 request the following documents: Any document indicating which contractor ultimately received the contract or order that was the subject of the bid protest of Troy Industries, Inc., addressed in the decision of the U.S. Government Accountability Office (GAO) issued on November 8, 2011, under GAD's docket number B-405935/B-405935.3 (a copy of the GAD decision is enclosed). According to the GAD decision, the contract was earlier awarded to AD5, by the Department of the Air Force under solicitation No. 11TCB6B for M-4 rifle sling kits. The GAD indicates that the Air Force intended to terminate the contract awarded to AD5 and reopen the procurement with revised salient characteristic requirements. If solicitation No. 11TC868 was cancelled, any document indicating cancellation. If award of a contract or order for the M-4 rifle sling kits was made by the Air Force under a different solicitation, any document indicating which contractor won that contract or order. If the award is still pending, the most recent available document indicating that.
2014-00308-F	Yates, Darryl	US Air Force	10/18/2013	11/20/2013	I am currently a graduate student at Embry-Riddle Aeronautical University. I am doing my Graduate Research Project on Performance Metrics. More specifically my research is aimed at performance metrics as they relate to aircraft maintenance (i.e aircraft availability rate, mission capability rate, and etc.) On an annual basis these standards are reviewed and adjusted. For example, the Mission Capable Rate Standard for an aircraft may be 85% in FY11 and it may change to 80% in FY12. During FY12, the aircraft are measured against the new standard. I am looking for any releasable documents that you have that explain the process in determining the yearly published standards as well as any documents that detail what elements are analyzed to justify the changed standards. This info is being requested for completion of my Graduate Research Project and ultimately the award of my Master's Degree in Management. I am willing to pay fees for this request up to a maximum of \$100. If you estimate that the fees will exceed this limit, please inform me first. Thank you for your consideration of this request. If you need to contact me you can do so at: (b)(6) (cell) 804-734-0053 (work) Email: (b)(6)@dcma.mil Email: (b)(6)

2014-00352-F	Cassanova, Tony	-	10/21/2013	-	Im conducting research for a 8-52 book. During March 2012, the Air Force Historical Research Agency provided a copy of the 19th Bombardment Wing History (see link below and also attached pdf) http://airforcehistoryindex.org/search.php?q=00448650&c=u&h=2S&F=&L= Upon reading said document I discovered that during the Cuban Missile Crisis, Strategic Air Command evacuated the majority of Florida-based 8-52s including those assigned to the 19th 8MW to northern bases. According to footnote #5 found in Chapter III (page 10), Operations and Training under the heading 8-52 Operations of this document: "The evacuation plan of the 19th Bomb Wing from Homestead AFB shall be found in Top Secret Annex A to this volume. See Evacuation Plan Riders Up therein. [Please note that I initially referred to it as Raiders Up in error]. Accordingly, I was hoping to acquire a copy the element of this Annex that describes this Evacuation Plan which I believe was code named Riders Up. I was under the impression that the AFHRA had forwarded this document to your office for a FOIA review back in April 2012.

2014-00415-F	Hicks, Trsheena	-	12/5/2013	12/6/2013	Requesting information in regard to an investigation that was carried out July 2013 and concluded August 2013 within the 14th Medical Group of Columbus AFB. The investigation issues were brought to the attention by myself, formerly known as (b)(6) to the Wing Commander, (b)(6). (b)(6) Unfortunately (b)(6) was relieved of her duties as Wing Commander and gaining contact with (b)(6) has been with no avail. Prior to my separation (b)(6) stated that the allegations I stood up against and my statements to the investigating officials were substantiated; every aspect of my claim in regard to reason of possible discharge was true. However she also stated that she "wished I had spoken up sooner because then I probably would not be getting removed from the military". I'd like to retrieve the all/clearly releasable information regarding the investigation as to appeal my discharge from the United States Air Force

2014-00443-F	Holmes, Eric	Quality and Performance Assurance (QPA)	10/24/2013	-	According to the Associated Press, two incidents of US Missile Launch Capsule Blastdoors were left open. This is the latest in a chain of events involving US Missile Combat Crews' (MCC) failures to either comply with regulations or fail to pass the expectations of the USAF training standards for MCC's. I have been following the Global Security Newswire and AP news stories concerning the recent USAF Missile Squadrons failures with some close interest as I am an ex-Missile Combat Crew Commander. I served in the following capacities, 742nd Strategic Missile Squadron Missile Combat Crew Commander and 91st SMW Alternate Command Post Commander, Minot AFB 1978 1982, Chief Minot AFB Weapons Safety Branch and Nuclear Surety Officer 1983 1985, and thus feel I am a proponent for the USAF as well as the crew force. I am a trained and experience accident investigator and have over 200 Dull Sword reports with my signature. Therefore, I am requesting unclassified copies of incident or inspection reports, and any other associated unclassified notes or details from the three missile units involved. My intention is to get clarification concerning these reported events, to analyze these incidents to see if there are any human performance indicators (HPI) and to attempt to verify any causal analysis accomplished within these reports. I am only doing this as a research project and have no intention of publishing my analysis except to any USAF or US Government agency that might be interested. Thank you for your assistance, Eric T. Sir, on MAY 5, 1984, an alert was triggered at the North America Air Defense Command. An object moving at 22,000 miles per hour was heading toward Earth and had been determined to NOT be an incoming ballistic missiles, or any other type of conventionally explainable object. Once tracked, it was code-named "Fast Walker". This object was first spotted by the ultra-sensitive orbiting DSP satellite. At 1400 hours zulu time, the satellite and tracked as it sped first directly toward the Earth and passed if front and within 15 miles of the USDSP satellite. It suddenly and without impact or contact with other devices or obstructions curved outward, away from the Earth. It was tracked for another 9 minutes until it then disappeared. I respectfully request a copy of all documents pertaining to this incident and report. I ask that any and all agencies within the United Stated Air Force be searched for responsive records, which would include but not be limited to memos, letters, reports, notes, data, inter-agency communications, etc. Thank you so much for your time, and I am very much looking forward to your response. I respectfully request a copy of all documents, reports, records, etc., electronic or otherwise, that pertain to Project A119. According to Wikipedia: "Project A119, also known as "A Study of Lunar Research Flights", was a top-secret plan developed in 1958 by the United States Air Force. The aim of the project was to detonate a nuclear bomb on the Moon which would help in answering some of the mysteries in planetary astronomy and astrogeology, and had the explosive device not entered into a lunar crater, the flash of explosive light would have been faintly visible to people on earth with their naked eye, a show of force resulting in a possible boosting of domestic morale in the capabilities of the United States, a boost that was needed after the Soviet Union took an early lead in the Space Race and who were also working on a similar project. Neither the Soviet nor the US Project A119 were ever carried out, being cancelled primarily out of a fear of a negative public reaction, with the potential militarization of space that it would also have signified, and because a moon landing would undoubtedly be a more popular achievement in the eyes of the American and international public alike. The existence of the US project was revealed in 2000 by a former executive at the National Aeronautics and Space Administration (NASA), Leonard Reiffel, who led the project in 1958. A young Carl Sagan was part of the team responsible for predicting the effects of a nuclear explosion in low gravity and in evaluating the scientific value of the project. The project documents remained secret for nearly 45 years, and despite Reiffel's revelations, the United States government has never officially recognized its involvement in the study." Thank you so much for your time, and I am very much looking forward to your response. Sincerely, John Greenewald, Jr. (b)(6)

2014-00491-F	Anderson, Scott	family	10/28/2013	10/29/2013	(b)(6) served in the Navy during WWII and Korea and was a member of the Air Force Reserve. In the 1960s and 1970s he worked making training videos for the Air Force Reserve and at one time he was advising on hiring an outside contractor to make the videos. He said that he could make just as high quality a videos with trained servicemen and one or two people who knew how to run a video production and make them faster and for less money. A test was devised and he was sent to a hotel with a "top gun" pilot and some other servicemen. He made a mock training video titled "Interview With The World's Greatest Streaker" - and he has had some great stories to tell about this video. As I understand it, the video was placed under lock and key at the time (40 years ago now) and the Hollywood production company contractor was hired anyway but at a reduced cost. I would really like to get a copy of this video for his next birthday (he'll be 94 next year) I initially thought he made this video while active in the Naual Reserve and have made a request to them - but have since learned you are the organization that has it. I know this isn't your usual request but I hope you can help. I'm also guessing on the location of this video - I know it was made in the midwest - I believe he was stationed in Minnesota at the time.

2014-00585-F	Longabardi, Eric	TeleMedia News	11/1/2013	11/8/2013	A copy of the HUD video recorded onboard, while in flight (including all audio) of the F-22 flown by (b)(6) of the 477th Air Wing based at Elmendorf/Richardson AFB in Alaska -- when intercepting an Iranian F-4 in March of 2013 while in international airspace off the UAE and The Republic of Iran. The material and video sought is described in great detail below: " The Air Force, through Chief of Staff General Mark Welsh, publicized the account (perhaps the first) involving the engagement of an F-22 Raptor and Iranian F-4s flying within 16 miles of an MQ-1 Predator drone as the UAV flew over international waters off the coast of Iran. Welsh delivered the account Tuesday, saying the event took place in March. According to Welsh, Air Force Reservist (b)(6) (b)(6) closed on the F-4s while flying the Raptor. Per the account (b)(6) flew the jet to well within visual range, unnoticed. He slipped the fighter under the wings of one of the Iranian jets "to check out their weapons load without them knowing that he was there." And then, according to Welsh, (b)(6) "pulled up on their left wing" and "called them and said 'you really ought to go home.'" Welsh delivered the account before an audience of fellow service members at the Air Force Association's Air & Space Conference and Technology Exposition, according to Military.com. The exact location of F-22s deployed in the region has not been released. The military has said instead that Raptors are based in Southwest Asia. Questions surrounding Welsh's account include whether or not other airborne operations vectored or supported the Raptor's approach, allowing it to avoid use of radar and safely maintain stealth while closing on the F-4s, distance between the jets while flying in close formation, and concerns for potential outcomes should the event have become complicated by acts of aggression or error. The Predator, meanwhile, is said to have been conducting reconnaissance while flying over international waters. Earlier Predator flights had attracted airborne response in the form of Iranian jets. (b)(6) action in March successfully warned them off, said Welch."

I am not seeking information related to casework conducted by the Congressman on behalf of individual constituents. I believe the correspondence are most likely to be held by your Office of Congressional Affairs and likely tracked within a correspondence management system. I am specifically looking for correspondence regarding legislation or regulations, recommendations for executive branch positions or appointments, or support or opposition to federal funding for programs, projects, or companies. In order to help to determine my status to assess fees, you should know that I am using this information to better inform the public about the operations of Congress. Specifically I operate a public blog that chronicles the operations of the United States Congress with a specific focus on the Senate and individuals looking to enter the United States Senate. Disclosure of the correspondence is in the public interest because it will shed light on the operations, and especially the interaction, of the Legislative and Executive branches of government. For those reasons these documents are likely to contribute significantly to public understanding of the operations and activities of the government and I therefore request a waiver of all fees for this request. Finally I request that whenever possible, the documents be transmitted to me in an electronic format as an attachment to an email.

The CARB establishes DOD quality and safety criteria for air carriers seeking to provide air transportation and, at the discretion of the CARB or higher authority, operational support services to the DOD. Under specific circumstances, the CARB requires air carriers to be "DOD CARB certified and approved" when providing air transportation services for DOD personnel, cargo, or a combination of both using fixed-wing or rotary-wing commercial aircraft. There are a limited number of air carriers who are DOD CARB approved. A list of these air carriers is not publically available and can only be disclosed via FOIA request.

2014-00873-F	jones, joseph	-	11/21/2013	2/19/2014	I would like to request the images and information on the aircraft that Lt. General Robert M. Bond was flying and crashed on April 26, 1984 in the Nevada Test Site. His aircraft on that date was described only as a "Air Force Specially Modified Test Aircraft" Some public sources say that it was a acquired MiG-23U Flogger-C aircraft that General Bond was flying. Those acquired MiG aircraft that the Air Force had possession of by both the Red Hats and also the Red Eagles, have long since been declassified. However, there is no mention of the aircraft that General Bond was flying at the time of his crash on April 26, 1984. So my request mainly concerns the actual type of aircraft that General Bond was flying. Was it a MiG-23U Flogger-C or another type of test aircraft? Sincerely Joseph Jones
2014-00874-F	jones, joseph	-	12/11/2013	3/12/2014	I would like make yet another request for images and fact sheets on the USAF missile system known only as Have Dash II. Answers to my previous request did not provide what I had requested - hence a new request. It was stated that the Have Dash II images and information is in the public domain; if that is true then why can't I locate any of said images and information that I seek? Time frame for the Have Dash II was 1989/1990. And conducted at Eglin AFB, Florida. All of my requests for images and information from your office and the offices at Eglin AFB have been ignored or I would get the so-called run-around about this system. Can you please help me in obtaining images and information on the Have Dash II air to air missile?

2014-00977-F	Yoshida, Takashi	Sumitomo Corporation of America	11/19/2013	11/26/2013	We hereby would like to request for the disclosure of the information regarding the Defense Priorities and Allocation System ("DPAS") rated manufacturer by leveraging the Freedom of Information Act. <DPAS rated Manufacturer> Berkshire Industries, Inc. (Westfield, MA) ==> Berkshire Industries manufactures "Turbine Wheel (P/N 1719246)", which is a sub-component of the Air Turbine Starter (so called "ATS" manufactured by UTC Aerospace Corporation) on the ATD-X Program. ATD-X Program is a development program for the research aircraft by the Ministry of Defense, Japan. <DPAS rated Period> Approximately December 2012 to February 2013. ==> We have been advised that Berkshire was enforced DPAS by US DOD during above period but we do not have detail information. <Request for Disclosure> 1. If DPAS rating enforced to this particular manufacturer, Berkshire Industries, Inc located at Westfield MA. 2. Detailed information of DPAS rating to Berkshire Industries, Inc., such as the specific DPAS period at this manufacturer, Particular Parts and its Platform <Remarks> Since Berkshire Industries, Inc. had a DPAS rating, the Turbine Wheel (P/N 1719246) manufactured at Berkshire was de-prioritized. Hence, Japanese ATD-X program has been effected severe schedule delay, and we are now requesting to disclose detailed information of DPAS at Berkshire.

Thank you for your assistance, Krista Klosinski

2014-01010-F	Greenewald, John	-	3/26/2014	-	To whom it may concern, This is a non-commercial request made under the provisions of the Freedom of Information Act 5 U.S.C. § 552. My FOIA requester status as a "representative of the news media." I am a freelance television producer often working on documentaries related to my FOIA requests, my work is commonly featured throughout major news organizations, and I freelance writer for news sites as well. Examples can be given, if needed. I hope a full fee waiver for this request can be considered, because all documents received will be available FREE OF CHARGE in their entirety on http://www.theblackvault.com. This site, run entirely by me, has been around for 17 years, and literally served more than 8,000 people a day on average. I have a unique way of disseminating this information, and can offer additional details, if needed. If a full fee waiver is denied, I please ask you contact me with a quote on how much fees will be. I prefer electronic delivery of the requested material either via email to (b)(6) or via CD-ROM via postal mail. Please contact me should this FOIA request should incur a charge. I respectfully request a copy of all documents, electronic or otherwise, that pertain to the order by President George W. Bush to shoot down any commercial airliner that did not comply to orders given on September 11, 2001. This would include any intelligence reports, communications, emails, letters, memos, etc. that may pertain to this request. According to media reports published widely, President Bush has admitted he gave the order to shoot down planes that would not comply. According to one example, published by The Guardian in 2010: George Bush initially believed the only plane not to reach its intended target during the 11 September attacks had been shot down on his orders, according to leaks from the former president's memoir of his two terms in office. Bush reveals that he gave the order for any further suspected hijacked planes to be shot down after the first aircraft were flown into the World Trade Centre in New York during the 2001 terror attacks. He at first thought the crash of United Airlines flight 93 in Pennsylvania had resulted from this instruction, although it later emerged that passengers had stormed the cockpit as hijackers flew the plane towards the Capitol building in Washington. The memoir, Decision Points, is due to be published on 9 November, in the aftermath of the US midterm elections, and Bush is already lined up for interviews on the Oprah Winfrey and NBC Today shows. Thank you so much for your time, and I am very much looking forward to your response. Sincerely, John Greenewald, Jr. (b)(6)

2014-01083-F	daniels, michael	-	11/25/2013	12/11/2013	The realignment of Wing Staff IP office back to the Security Forces was approved in the attached letter as a variance to AFI 38-101, Air Force Organization (there is no releasability restrictions on this publication). In Chapter 6 of this AFI there are eight questions that needed to be answered to support the purpose and reason for moving the IP office. In a letter dated 13 Nov 2013 from HQ AMC/A7, para 3, they identify 23 Anti Terrorism and two IP manpower reductions across the command would be lost as part of the Civilian Workforce Review effective 1 Oct 2017 (FY18). We were briefed the IP positions were to be at staff level. AS a result AMC's POC Lyle Cary forged ahead with merging AT and IP back into the Security Forces to preserve AT and IP capability. IP was not identified to sustain any losses or cuts at the Wing level. AT was being eliminated effective FY 18. It is the perception that AMC A7 in order to save two staff jobs would proceed to form a Mission Assurance branch at the SF that would group AT, IP and CARM into a this new three person branch which would see the current Plans & Programs employee and an additional military person be included in the branch. At Dover AF8 there are currently three personnel in both the AT and IP staffs. With a merger eventually three positions would be abolished to fill the Mission Assurance branch and three personnel would lose their jobs. In the stated memo attached only two IP positions were being eliminated altogether Command wide. This is the case for all bases within AMC where most would suffer personnel losses to support the decision by AMC A7 to save two IP jobs. IP should never have been grouped into this capability saving venture as we were never identified for any significant loss. As such I would like the eight answers provided by AMC required by AFI 38-101, Chapter 6.2.1.

2014-01140-F	Jeffer, Robert	-	12/4/2013	2/6/2014	Sample of releasable recorded digitised radar data, as forwarded to Vandenberg AFB from AN/FP5-85 site located at Eglin AFB. Dear Sirs, I have an interest in recorded radar data. Samples from air traffic control radars have previously been provided by both the FAA and USAF. I am hoping that a 30 minute sample of typical data (any date/time) may be releasable from the Space Surveillance FPS-85 radar at Eglin. I am hoping such data is obtainable in a 'csv' or plain text format, including time-stamps & positional information relating to each return (e.g. range & bearing &/or latitude & longitudes). This is for personal and general educational use (to be shown as an animation on a YouTube page: http://www.youtube.com/channel/UC9AH-4a1B2u5DWQFDkumgEg) I do not represent a company or organisation.

2014-01141-F	Greenewald, John	-	11/25/2013	12/23/2013	To whom it may concern, This is a non-commercial request made under the provisions of the Freedom of Information Act 5 U.S.C. 5 552. My FOIA requester status as a "representative of the news media." I am a freelance television producer often working on documentaries related to my FOIA requests, my work is commonly featured throughout major news organizations, and I freelance writer for news sites as well. Examples can be given, if needed. I prefer electronic delivery of the requested material either via email to (b)(6) or via CD-ROM via postal mail. Please contact me should this FOIA request should incur a charge. I respectfully request a copy of the cover page, and table of contents (if applicable) to the 10 oldest, and still classified, reports in the IRIS database. I believe although the documentation may, or may not, be classified, the cover page of the report, with the title, date, etc. should be reviewed for declassification. Thank you so much for your time, and I am very much looking forward to your response. Sincerely, John Greenewald, Jr. (b)(6)

2014-01201-F	Poll, Brent	South Weber Landfill Coalition	12/2/2013	12/17/2013	This evening, at a public hearing conducted by the South Weber City Council, the developer of the Easton Subdivision (adjacent to the South Weber Elementary School) said that he had testing results showing that his new subdivision was free from pollution for over 15 years. He said that this information was provided to him by the private contractor who had been hired by the Base to perform this testing. We have seen, supposedly, every test that the Base ever had performed surrounding this area and have seen nothing which equates to a finding that any particular area near there was free from pollution in the past or exempt from more pollution being released onto, under or over this property in the future. However, we appreciate the possibility that more information might be available for review. Accordingly, please provide us with the following: (1) If available, an exact replica of the information provided to this developer. Include the role (the employment contract) defining the tester's qualifications and responsibilities for determining the frequency of tests, studying results, and conveying the results to the Base, the public and other concerned parties. (2) Provide copies of all testing performed by Base personnel and others it employed to conduct testing within one-half mile of the South Weber Elementary School. Include: (a) the means, methods, frequency (including dates and times), what pollutants the tests were designed to detect and exact location of those tests conducted through monitoring wells. Note each instance when the monitoring wells contained inadequate water at the testing levels to conduct meaningful tests. (b) Provide both soil and air testing results for this same location (1/2 mile of the School) including all the same basic specific details as cited for well sampling. (3) The developer further said that the Davis School District did no testing of its own concerning pollution, in conjunction with its recent additions to the South Weber Elementary School. This, he said, was because the District's representative was satisfied with what the Base sent to him. Therefore, please provide us with whatever the Base provided to the School District. (4) Provide any maps or comparable records which show this specific area (within 1/2 mile from the school) being safeguarded from any future migrations of pollution from the Base. We again agreed to make reasonable payment for this service, if necessary, but feel (as these records all relate to the Base's role as the Lead Agency in cleaning up its Superfund sites) that 'reasonable costs' in this instance should not exceed \$50.00.

2014-01239-F	Greenewald, John	-	12/11/2013	3/7/2014	To whom it may concern, This is a non-commercial request made under the provisions of the Freedom of Information Act 5 U.S.C. § 552. My FOIA requester status as a "representative of the news media." I am a freelance television producer often working on documentaries related to my FOIA requests, my work is commonly featured throughout major news organizations, and I freelance writer for news sites as well. Examples can be given, if needed. This request (originally 2014-00461-F) was sent to NARA. NARA recommended documents may exist at AFHRA. So, I am resubmitting this. I hope a full fee waiver for this request can be considered, because all documents received will be available FREE OF CHARGE in their entirety on http://www.theblackvault.com. This site, run entirely by me, has been around for 17 years, and literally served more than 8,000 people a day on average. I have a unique way of disseminating this information, and can offer additional details, if needed. I prefer electronic delivery of the requested material either via email to (b)(6) or via CD-ROM via postal mail. Please contact me should this FOIA request should incur a charge. I respectfully request a copy of all documents, reports, records, etc., electronic or otherwise, that pertain to Project A119. According to Wikipedia: "Project A119, also known as "A Study of Lunar Research Flights", was a top-secret plan developed in 1958 by the United States Air Force. The aim of the project was to detonate a nuclear bomb on the Moon which would help in answering some of the mysteries in planetary astronomy and astrogeology, and had the explosive device not entered into a lunar crater, the flash of explosive light would have been faintly visible to people on earth with their naked eye, a show of force resulting in a possible boosting of domestic morale in the capabilities of the United States, a boost that was needed after the Soviet Union took an early lead in the Space Race and who were also working on a similar project. Neither the Soviet nor the US Project A119 were ever carried out, being cancelled primarily out of a fear of a negative public reaction, with the potential militarization of space that it would also have signified, and because a moon landing would undoubtedly be a more popular achievement in the eyes of the American and international public alike. The existence of the US project was revealed in 2000 by a former executive at the National Aeronautics and Space Administration (NASA), Leonard Reiffel, who led the project in 1958. A young Carl Sagan was part of the team responsible for predicting the effects of a nuclear explosion in low gravity and in evaluating the scientific value of the project. The project documents remained secret for nearly 45 years, and despite Reiffel's revelations, the United States government has never officially recognized its involvement in the study." Thank you so much for your time, and I am very much looking forward to your response. Sincerely, John Greenewald, Jr. (b)(6)

2014-01265-F	Cizek, Curt	-	12/4/2013	1/29/2014	Basic Trainees in Air Force Basic Military Training (BMT) are asked to complete an End Of Course (EOC) survey at the end of their 7th week of training. The script that they hear before they take the survey said that whatever they write is confidential and that nothing they write would be read until after they leave BMT. I have been informed that this practice has been changed. No longer are the trainees misinformed about what will happen with what they write in the survey. I would like to know who made the decision to change the script and what was the rationale for the change.

2014-01292-F	Ellison, Stephen	-	12/5/2013	4/21/2014	1. Request copy of Contract Award FA2823-12-C-0030, Aircraft Maintenance Stands, issued 12 March 2012 by 96 Contracting, with all modifications and, if applicable, closeout documentation. 2. Request copies of all delivery/receipt documentation pertaining to this award. 3. Request copies of all payment documents. 4. Request photos of delivered maintenance stands. 5. Request list of units/activities these maintenance stands are currently assigned to. All contract documents requested should be contained in the 96 Contracting Sqdn hard copy file maintained by the unit for at least 3 years after final payment and closeout of the contract, thus readily available. These maintenance stands were solicited and purchased as commercial items, and as such are not classified items, nor would photos of them violate any manufacturer's proprietary restrictions, as they are public property and seen by F-35 Program personnel and military maintenance personnel daily.

2014-01293-F	Thompson, John	-	12/5/2013	12/24/2013	FOIA Request, S Dec 2014 John P. Thompson Each year the USAF solicits USAF Civilians to submit applications for various programs under Civilian Development Education (CDE). Amongst the many programs advertised are two in-residence masters programs: Harvard - John F. Kennedy School of Government and the Public Policy Program - Princeton Woodrow Wilson School of Public & International Affairs. I am aware of candidates selected to attend other in-residence CDE programs such as those offered at Bolling AFB, Maxwell AFB, and various others; however, I do not have specific examples of individuals being identified and subsequently attending the Harvard or Princeton programs listed above. I kindly specifically request the AFPC identify official documentation confirming USAF civilians applying to the CDE program during a period including the last ten (10) years have or have not been selected to attend the above listed Harvard and Princeton programs, and did or did not in fact attend those in-residence programs. I am not requesting personal identifying data violating the privacy act; rather, I am requesting information that will establish whether or not the USAF is filling those advertised opportunities. Information that would be helpful would include parent unit of selectees at the time of selection, grade of the individuals selected, and dates the in-residence programs were actually attended. It is imperative the source of the information be official and accurate. *Records Search Location" below does not list AFPC

2014-01312-F	LaFrance, Adrienne	Civil Beat	12/5/2013	12/17/2013	Good afternoon, I'm writing with a request for records under the Freedom of Information Act. I'm trying to track the number of sexual assaults reported by Hawaii military and civilian personnel over the past two decades. I'm looking for a year-by-year breakdown of the number of Hawaii sexual assaults reported by the Air Force from Jan. 1, 1992 through December 2013. For the purpose of this request, I'm using the UCMJ definition of "sexual assault," which can refer to a range of crimes including but not limited to rape, sexual assault, nonconsensual sodomy, aggravated sexual contact, abusive sexual contact, and attempts to commit these offenses.

2014-01369-F	Little, Noelle	The USAF Academy Band	12/18/2013	1/20/2014	I would like a copy of the statement I provided to the AFOSI & SFS on Peterson AFB on or approximately 22 October, 2012. I had received a harassing/vulgar letter through the US Postal Service and I believe it to have been sent from a co-worker or the spouse of a co-worker. I received the letter on approximately 20 Oct, 2012, and brought the letter in to AFOSI on 22 Oct, 2012. My case was quickly handed over to Security Forces. At this point I completed a statement. I cooperated fully with SFS on the matter, providing my own fingerprints, and giving as much information as I could. I had mentioned to the agent handling the case that I wanted my letter back after the case was settled, regardless of the outcome (I think I actually mentioned this on two occasions). In February 2013 I contacted SFS for an update and was told that there were no findings. When I asked about getting my letter back, I was told that it may take 6 weeks, because the SFS commander and the JAG had to review the case, but that I would get it back. When I contacted SFS a few months ago, I was told my letter had been destroyed/shredded. For my own sanity/morale, I am continuing to pursue this case. The only way I can do this is by going through the US Postal Service with my original statement, since my evidence was conveniently destroyed. I am convinced that the individual who sent me the letter could very well be a member of my senior leadership, and should be punished accordingly.

2014-01398-F	Chisholm, Michael	-	12/11/2013	1/17/2014	I am requesting information under the Freedom of Information Act (FOIA). I am a former resident of the Fort Kam housing area (formerly living at 32 Worchester Avenue) on Hickam AFB and am applying for Department of Veterans Affairs disability based upon several chronic conditions. I was told that residents who lived in the pre-WWI era housing on Fort Kam were exposed to potentially high levels of lead. I don't know whether or not this possible lead exposure was due to the lack of removal of old lead-based paints over the years or from other environmental factors/contaminants. I am requesting any materials (including but not limited to environmental studies) that might relate to any environmental contaminants, including but not limited to lead exposure/contamination associated with the area in and around Fort Kam on Hickam AFB. This information should include but not be limited to any documents related to the use and/or removal of any lead-based paints.

2014-01411-F	Rathbone, Tim	Credible Sport	12/12/2013	1/28/2014	I am seeking information on the attack of the Khmer Rouge on a Covert United States Air Field in Cambodia or Laos in 1974 or 1975. I understand that everyone was killed at the airfield and that 33 B-52's and other equipment and Bodies of U.S. Military Personal were left at the base. In either 1978 or 1979 Where a joint operation took place Governments plans to recover the bodies of the B-52's and the Military Personal and Crews Killed by the Khmer Rouge. I am making a request for information on a mission that involved the U.S.S. Ranger 1st Division Marines and 300 workers dressed in Blue Jump Suits. To retrieve 33 B-52's from a hilltop Air Base in Cambodia. I believe the mission took place in 1978 or 1979, it lasted almost 7 weeks. 30 of the B-52's were recovered 3 were destroyed on site.

According to media outlet KGUN9, "TUCSON (KGUN9-TV)- Hundreds claim they saw a large light, as well as heard one to two loud booms across Tucson Tuesday night. KGUN 9 has received tons of calls and over 600 comments on our Facebook page from people across Tucson and Arizona. We even had a person in Flagstaff claim to see something suspicious. Here's an account from our viewer (b)(6) were sitting in the house, and we felt this absolutely tremendous explosion, I mean, it shook the windows, it shook everything in the house. I stepped outside, and had to be no more than 3 minutes later after I hear all of this, and I see this tremendous, white, bright light in the western sky. And it was just...it was absolutely enormous, I couldn't believe it." We also spoke to our Phoenix affiliate, KNXV. They said they have received the same types of calls from people in the Phoenix area. Here are agencies who told us they have no idea what the booms and lights were: Pima County Sheriff's Department, Pinal County Sheriff's Department, Tucson Police, Southwest Gas, Tucson Electric Power, and the National Weather Service in Tucson. We are still waiting to hear from: El Paso Gas, Tucson Electric Power, Kitt Peak, and Steward Observatory. We also spoke to Davis Monthan and Luke Air Force Base. 2014-01450-F	Archer, Vivienne	-	12/16/2013	-	USAF FOIA RAF Mildenhall Dear Sir I understand that I should write to you to request information from the USAF Federal Government. I request herby access to the GP5 trace for an MC-130 aircraft flying in Cambridgeshire, specifically over post-code CB7 5XR, on the afternoon of 4 June 2013. Yours sincerely Vivienne Archer
2014-01452-F	Lee, Anne	-	2/5/2014	4/16/2014	The United Kingdom Ministry of Defence has lost its copy of the document of December 1951, agreeing to the United States Army Intelligence Agency's occupation of the land at Royal Air Force Menwith Hill Station under the terms of the NATO Status of Forces Agreement. Some time ago I found a copy of the 1952 Royal Air Force's aerial surveillance of the Menwith Hill site, enclosed with a planning application for developments at Royal Air Force Menwith Hill, submitted to Harrogate Borough Council's Planning Department. Although Royal Air Force Menwith Hill's planning applications are ostensibly submitted by the UK's Defence Infrastructure Organisation, all the MoD Land Agent does is write a cover letter. The aerial photograph therefore must have been sourced from the Menwith Hill archives, which indicate that Royal Air Force Menwith Hill holds a copy of the 1951 agreement. I should therefore like to request a copy of the agreement and request a list of all the documents relating to the early establishment of operations at Royal Air Force Menwith Hill. Yours sincerely, Anne Lee

2014-01454-F	Guy, Gary	-	12/16/2013	12/24/2013	Attention FOIA Officer, On or before November 10, 2013, Col Atkins (AFPC/DPSO) received a complaint with various allegations including: - HQ AFPC/DPSID provided an official memorandum to AFBCMR dated 17 Sep 2012. - The HQ AFPC/DPSID memorandum contained one or more demonstrably false statements of fact. - The HQ AFPC/DPSID memorandum contained one or more statements that were not consistent with official policies and procedures. - The author who signed the memorandum knew at the time of signing that the memorandum contained one or more false statements along with one or more statements that were inconsistent with Air Force policies and/or procedures. Under the Freedom of Information Act (5 U.S.C. 552), I request a copy of the following documents be provided to me: - Records showing the allegations investigated by (b)(6) note: the four listed above for reference do not constitute all the allegations (b)(6) (b)(6) received) and the determinations made by (b)(6) on each (e.g. whether (b)(6) found each allegation to be substantiated or not substantiated) - All records (b)(6) reviewed while investigating the allegations - Email or written correspondence between (b)(6) (or his office) and any other individual, office or agency that addressed or included discussions and/or determinations regarding the allegations and/or the BCMR cases that were relevant to his investigations (to include BCMR case Docket #s BC-2012-03871 and BC-2005-00525) In order to help you determine my status for the purpose of assessing fees, you should know that I am an individual seeking information for personal use and not for commercial use. I agree to pay reasonable duplication fees for the processing of this request in an amount not to exceed \$30.00. However, please notify me prior to your incurring any expenses in excess of that amount. If my request is denied in whole or part, I ask that you justify any/all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I include my telephone number and email address at which I can be contacted if necessary to discuss any aspect of my request. Sincerely, Gary Guy (b)(6) <mailto:(b)(6)>
