I request a complete and unedited electronic copy in electronic format and in the highest resolution available of any and all video and photographic records capturing the collision of two F-16 aircraft and all ensuing emergency response activities at Nellis Air Force Base on Saturday August 15, 2015. Please include all original audio with the video records, as well as -separately, if extant, all audio recordings relating to the collision and emergency response such as dispatch audio, ATC audio, and radio traffic. Please evaluate for possible release any and all HUD recorded footage of the event and its aftermath. It is very likely that video records of this event were captured on personal electronic devices which were being used in the course of business. Please design your search such that it is likely to capture all such records in existence as I request them as well. Additionally, I request the same responsive records described above for the following incidents / accidents at or near Nellis AFB: * 01/27/18 EA-18G Growler fire * 09/07/17 collision of two A-10 Warthogs * All 2018 calendar year (to date of search) fire events responded to by Nellis AFB ARFF. My FOIA fee category is news media. Substation is attached. I agree to pay up to \$25 in statutorily permissible duplication fees for the processing of this request. If at all possible, please provide responsive records to me electronically by email / email download link. If you need to contact me regarding any aspect of this request please do so by email. I request that I be provided with an estimated date of completion for this request. Thank you very much for your time. -Jay Horowitz Jay Horowitz [REDACTED] *From having been shown a powerpoint presentation on the event in question I know that CCTV footage, ARFF footage, and ATC / ARFF communications from the event exist and are unclassified (the presentation containing the excerpts was so labeled). Having reviewed the AAIB report it appears that "Tab S" contains responsive records. I would like the content of "Tab L" to be evaluated to release, as its content appear to be responsive if releasable. Thank you. |
| 2018-02624-F | Pawlyk, Oriana | Military.com | 05/24/2018 | - | Given a portion of the Air National Guard's F-15 Eagle fleet at Kingsley Field, Oregon, had been grounded over significant maintenance issues affecting the aircraft's structure in 2018, I am requesting to know if the Air Force has ordered a structural review of all the Air Force's F-15s in the service's inventory. I would like to know if a review was ordered given the Oregon ANG F-15 stand down or if one had been ordered before March 23, 2018. If so, when was a review ordered? Secondly, if a review had been ordered of the entire AF F-15 fleet, did the Air Force determine if there was significant cracks or damage to the longerons or overwear of the structural beams in general? What portion of the the Eagle fleet (to include the Strike Eagle fleet) received an extra maintenance overhaul for a longeron wear issue? Does the AF deem the F-15C/D/E fleet safe to fly, or is more internal maintenance required? How is the service proceeding with an overhaul to the structural issue? | 2018-02273-F | O'Connor, William | - | 05/04/2018 | 05/15/2018 | Greetings, I was an F-117 pilot participating in Operation Allied Force during the spring of 1999. Since then I have written a book on the subject - Stealth Fighter: A Year in the Life of an F-117 Pilot (approved for publication by the Office of Security Review in 2012). I also regularly give educational presentations on the aircraft to groups such as Oshkosh AirVenture, Daedalians, and other aviation related venues. Since the aircraft has been retired from service for 10 years now, I would like to add more videos/information to my presentations by incorporating segments of video from my missions. I am requesting copies of only those releasable mission packages/videos that I personally flew with the 8th EFS during the operation. Below is a listing of the dates flown, call-sign, and last-3 of the aircraft tail-numbers of my missions. Naturally, I am willing to pay the costs of the media required for these copies. If this information is not yet cleared for declassification - might I ask when that might be anticipated for any future requests? | 2018-01683-F | Prado, Victor | - | 04/06/2018 | 04/24/2018 | [REDACTED], also known as [REDACTED], is the mother of my daughter, [REDACTED]. Currently we have 50/50 custody and I have sole legal decision making for Sage. On 12 September 2017 it was determined that Ms. [REDACTED] had gotten onto Holloman AFB under false pretenses by giving Security Forces at the Visitor's Center false information and outdated court rulings that led them to believe that she had authority to get onto the base unescorted and that she was the primary caretaker for our daughter. After she was on base, there was an incident that occurred at the Med Group (my daughter had an appointment with her pediatrician, Capt. [REDACTED] between Ms. [REDACTED] and me which caused Security Forces to get involved. During this incident Ms. [REDACTED] ID cards, originally issued by Davis Monthan AFB were confiscated. She was then given a card restricting her visits for our daughter's medical reasons only. These incidents started an investigation that resulted in Ms. [REDACTED] being banned from Holloman AFB. I am requesting copies of all releasable documentation regarding the incidents on this day. In addition, on 1 April 2018 Ms. [REDACTED] was officially served with papers by Investigator [REDACTED] in the parking lot of the Holloman Visitor's Center to let her know that she has been banned from Holloman. I am requesting copies of all releasable documentation regarding this incident as well, including any releasable documentation from the investigation as well as the paperwork that was served (which she refused to sign) to Ms. [REDACTED] on 1 April 2018. | 2018-01671-F | Calman, Judy | New Mexico Wilderness Alliance | 04/04/2018 | 05/22/2018 | Ms. Calman on behalf of the New Mexico Wilderness Alliance appealed Holloman's IDA determination (see Tab 6 – FOIA Appeal). The basis for Ms. Calman's appeal is: a. She believes records exist which have not been provided, to include current permits, MOU's, and final agency decisions and proposals that include methods of choosing proposed sites, conversations with USFS, etc. b. Holloman AFB FOIA Office's FOIA response did not contain an estimate of the volume of the requested information. c. Holloman claimed exemption §552(b)(3), where information can be exempted when its disclosure is forbidden by statute, but did not identify the appropriate statute. d. Holloman claimed exemption §552(b)(5) which protects the deliberative process of the decisions of the government. This is an action specifically subject to the National Environmental Policy Act, a statute which was literally designed for the specific purpose of allowing the public to see the deliberative process of government decision-making. Withholding information about what Holloman AFB is considering as the bases for its decisions would be inappropriate under NEPA and FOIA. |

| 2018-01556-F | Price, Brian | Hawaii Pacific University | 02/21/2018 | - | ACC FOIA Team, I have been trying without success to file a FOIA as suggested by the ACC Command Historian, Mr. [redacted]. I am working on an academic work for Naval Institute Press, Eagles, Falcons & Warthogs: Gen. "Bill" Creech, Col. [redacted] and the Struggle to Remake the Tactical Air Forces in the Wake of Vietnam. Mr. [redacted] found two documents in the ACC files that are crucial to the project, and they are in the ACC HQ/OH files, and I am therefore asking for copies of these files, via email, at the soonest possible time: 1) 1984 TAC "Road Show" briefing on Air Interdiction along with the script (for over 100 slides) 2) 1982-83 histories contain a doctrinal discussion about J-SAK--Joint Second Echelon Attack focusing on interdiction in the Central European battlefield. On the form I marked that 1) this is an academic work thus hoping for a waiver of fees and that I was willing to accept a slightly redacted version of the classified sections, if necessary. I also marked the project as "expedite"--I've been pursuing these documents since 1 Feb. and it seems difficult to find out what parts of the FOIA system are still functional after the cloud transition. I am trying to help the USAF here, but am meeting with no luck. |

| 2018-00943-F | Pawlyk, Oriana | Military.com | 12/27/2017 | 01/26/2018 | I'm looking to receive more information regarding the malpractice of the 552nd Commodities Maintenance Squadron, based at Tinker Air Force Base, Okla., regarding the F-16C crash based out of Joint Base Andrews on April 5, 2017. ACC first noted that the work performed by the 552nd Commodities Maintenance Squadron was "a substantially contributing factor" in the crash. "A preponderance of evidence showed that the main engine control was missing a required 600-degree training ring and the anti-rotation pin," the original release states. "The misassembled differential pressure pilot valve caused the main engine control to incorrectly meter abnormally high fuel flow to the engine. This led to severe engine overspeed, severe engine over-temperature, engine fire, and, ultimately, a catastrophic engine failure." I'm looking to understand exactly what was missing in this routine maintenance. Too few airmen to check the engine parts? How can the engine not have been inspected properly yet it was able to fly as long as it did before the engine bottomed out? How is this preventable going forward? I'm requesting this action under ACC, which oversees the 552nd, but also Tinker AFB and Joint Base Andrews. Please pass through the chain of command as appropriate. If there estimated fees exceed the stated dollar amount, please let me know before you proceed with this request. I am looking to obtain a copy of an Email chain referred to as "732 OG Proposal," which is cited as Supporting Document 4249 in the 2013 Air Combat Command annual command history. The date given for this collection of records is July 9, 2013, but is unclear whether or not all of the associated Emails are from that date. I am NOT willing to accept only the clearly releasable portions of these documents and I am asking for a full review of the records under the FOIA. In addition, I ask that Air Combat Command consider exercising its discretionary release powers to disclose as much of the records as possible, including information marked with a sensitive, but unclassified notation such as "Unclassified/For Official Use Only" or U/FOUO. Furthermore, please release all reasonably segregable portions of the records that do not meet an exemption. I am also willing and would prefer to receive any release in an electronic format. Thanks in advance, Joseph Trevithick |

| | | | | | I am looking to into researching two flights that I took when I deployed to Mogadishu, Somalia with my unit 870th Transportation Company. I flew on 12/29/1992 from Langley AFB (C-141) to Cairo, Egypt and then landed in Mogadishu, Somalia. I then took a flight on Evergreen Airlines on 5/12/1993 from Mogadishu, Somalia and landed in Saudi Arabia. From there, we went from Saudi Arabia to Shannon, Ireland and finally landed at Langley AFB. The Evergreen Airlines flight was a military contracted flight and nothing but 870th Trans Co. personnel were on board. I want to try to locate the flight number, flight manifest, the locations of each stop these flights made and travel orders on those dates with my name on it. Can you please locate this information and email me back with the documentation? Thank you in advance for your assistance. (Date Range for Record Search: From 12/29/1992 To 05/12/1993) |

| 2017-04282-F | Smith, Gregory | - | 09/12/2017 | - | I'm requesting information and records pertaining to the operation of the photographic processing facility at the former 544th Target Materials Squadron (TMS) from 1987 to 1999. Background information: After the 544th TMS deactivated and the 20th Intelligence Squadron (20th IS) stood up (both at Offutt Air Force Base) in August 1990, the 20th IS took over all Department of Defense operational responsibilities from the 544th TMS until the photographic processing facility (photo plant) was deactivated in the late 1990s. I'm specifically asking for all records pertaining to photographic chemicals used in the photo plant including but not limited to liquid photographic developer, fixer and hardener used for industrial scale analogue film processing. This information will be used for a Veterans Affairs (VA) disability claim adjustment requesting increased disability due to environmental causal effects leading to the development of several different types of cancers. | 2017-04277-F | Trevithick, Joseph | War Is Boring (News) | 09/11/2017 | 09/18/2017 | Hi, My name is Joseph Trevithick and I am making the following request as an "media" requester. I am a freelance journalist and researcher working for multiple outlets, with a proven track record of publishing (for example: https://warisboring.com/the-pentagon-doesn-t-know-how-many-civilians-it-has-killed-in-iraq-and-syria-535f6f3032ce#.d66r5d55t) or supporting publication (see: https://medium.com/defiant/wondering-what-u-s-spy-agencies-think-of-donald-trump-105cfb8bbf7d#.t2dtnixy3). I am also looking to obtain copies of any initial notices or other immediate records of a mishap involving an unidentified aircraft type belonging to Air Force Materiel Command over the Nevada Test and Training Range on or about Sept. 5, 2017 that authorities at Nellis Air Force base have produced so far. The USAF has confirmed this mishap occurred and it has been widely reported on (See: http://www.thedrive.com/the-war-zone/14202/usaf-reveals-mysterious-crash-occurred-just-days-before-two-a-10s-crashed-in-same-area). As such, there should be a basic notification of this mishap or a similar record that explains the basic details and this should not be exempt under exemption B5, since this information would not be able to prejudice the outcome of any ongoing investigation. Regardless, if any exemption applies to the information in any of these records, I ask that the 99th Air Base Wing please consider exercising its discretionary release powers to disclose the records. Additionally, please release all reasonably segregable portions of the records that do not meet an exemption. I am also willing to accept and would prefer any release be in an electronic format if possible. Thanks in advance, Joseph Trevithick |

Per my discussion with her after I was done getting questioned by her, she (Lt [redacted] would compile some kind of "report" to be submitted to my Commander, Lt Col [redacted] With what followed this investigation, I am interested in the contents of the report provided as the accused. | 2017-03680-F | Tomlinson, Suzanne | 319 MGD/MDSS/SGST | 07/25/2017 | 09/20/2017 | Requesting all documents related to CDI regarding Suzanne Tomlinson that was conducted at the behest of Col [redacted] [redacted] Request includes but is not limited to emails, recorded conversations, transcripts, minutes, statements, amended statements, audits, notes regarding CDI, the letter with attachments that was submitted to Lt Col [redacted] by Col [redacted] on or before 17 July 2017 and any correspondence regarding Suzanne Tomlinson's protected health information, any derogatory letters and emails from previous MDG/CCs and other MDG staff members. The CDI was conducted at the behest of the MDG/CC as she received a list of allegations from the 319 ABW Legal Office. During the interview between Col [redacted] and Suzanne Tomlinson, Suzanne Tomlinson raised concerns that were not listed on the attached form. The concerns were regarding the release of Suzanne Tomlinson's Protected Health Information being released to her AD husband's squadron CC by Lt Col [redacted] former MDSS/CC and the release of Suzanne Tomlinson's Protected Health information by Col [redacted] to individuals with the MDG as Col [redacted] has numerous staff members conducting "welfare" checks on Suzanne Tomlinson throughout the day. Suzanne Tomlinson is a civilian and the MDG/CC and the MDSS/CC has no right to the Protected Health Information of a civilian employee unless it meets the guidelines listed in DOD 6025.18R, occupational health issues, harm to self or others. In each case, the Protected Health Information can only be released to individuals with a need to know. This was violated by the MDG/CC, Col [redacted] and the MDSS/CC, Lt Col [redacted] and this information was stated to Col [redacted] She stated she would have to find an O-6 to conduct the CDI, however, this did not happen. Instead she assigned a Lt Col from within the MDG. On 8 June 2017, Col [redacted] gave me the verbal findings of the CDI in front of Lt Col [redacted] and [redacted] At the beginning of the meeting, Suzanne Tomlinson asked to record the meeting as Suzanne Tomlinson had no representation at this meeting. Col [redacted] stated all allegations were unfounded. After Col [redacted] completed stating her findings, I asked several questions as to how the investigation was conducted. All were valid questions as I conduct investigations into the breach of Protected Health Information on a regular basis. Col [redacted] stated she would provide a formal written response to me, but that written response was never sent. Instead, Col [redacted] wrote a letter to the new MDSS/CC stating I violated HIPAA and stepped outside my PD. This is inaccurate as my access to my personal record was allowed via 319 MDG policy and AFI policy during May 2016. As of 15 June 2016, this type of access became impermissible at which time Suzanne Tomlinson updated the appropriate policies for the 319MDG. Between the time of my meeting with Col [redacted] on 8 June 2017 and the time my new TOPA OIC read the letter to me on 17 July 2017, Suzanne Tomlinson had filed two patient safety reports which were serious patient safety concerns. It is the belief by Suzanne Tomlinson that the letter to the new MDSS/CC was retaliation for filing the patient safety reports as it calls into questions the practices of the 319 MDG. I am a freelance journalist and researcher working for multiple outlets, with a proven track record of publishing (for example: https://warisboring.com/the-pentagon-doesn-t-know-how-many-civilians-it-has-killed-in-iraq-and-syria-535f6f3032ce#.d66r5d55t) or supporting publication (see: https://medium.com/defiant/wondering-what-u-s-spy-agencies-think-of-donald-trump-105cfb8bbf7d#.t2dtnixy3). If there estimated fees exceed the stated dollar amount, please let me know before you proceed with this request. I am looking to obtain the following portions of the command history for the 49th Fighter Wing cover the period starting in 2008: - Cover sheets, pgs i-ii - Chronology of the 49th Wing, pgs 1-29 - List of Supporting Documents, pgs 37-43 - Appendix H I am NOT willing to accept only the clearly releasable portions of these documents and I am asking for a full review of the records under the FOIA. In addition, I ask that 49th Fighter Wing and Air Combat Command consider exercising their discretionary release powers to disclose as much of the records as possible, including information marked with a sensitive, but unclassified notation such as "Unclassified/For Official Use Only" or U/FOUO. Furthermore, please release all reasonably segregable portions of the records that do not meet an exemption. I am also willing and would prefer to receive any release in an electronic format. Thanks in advance, Joseph Trevithick |

I have the e-mail traffic where the Deputy Group CC with me and questions [redacted] ability to lead. I am currently undergoing another investigation where [redacted] again provided false official statements against me. Although I believe I have already proved her deception, I would like any and all information pertaining to this earlier investigation that occurred at the 820 BDG so I can better provide my own defense. I appreciate your assistance in this matter. (Date Range for Record Search: From 02/02/2015 To 04/30/2015) |
| 2017-02821-F | Rowsey, Jeffrey | USAF | 05/12/2017 | 06/05/2017 | (FRNO 2017-04245) I would like to formally request all the information regarding my Inspector General complaint, FRNO 2016-13800, which I submitted on 3 Aug 16, specifically concerning the alleged distribution of the film "Love" by CMSgt [redacted] to 824th Base Defense Squadron members while deployed to Muwaffaq Salti Air Base, Jordan between 2015-2016. This matter was opened as a new case, FRNO 2017-04245, for analysis by my office. This movie was in a foreign country that has very stringing anti pornography rules. [redacted] was the Chief and was providing a film that showed full nudity, unsimulated sex, male erect penises, male ejaculation, etc. This document is to inform you that all matters in reference to the inquiry have been analyzed and a resolution path has been reached. 2. A review of the available evidence and multiple witness interviews could not establish CMSgt [redacted] distributed the film "Love" as alleged. Moreover, a consultation with 23d Wing Staff Judge Advocate Office, Moody AFB, BA, revealed their office had made a determination the film was not pornographic in nature because it was readily available on Amazon and other nonadult oriented websites. 23d Wing Staff Judge Advocate Office further stated General Order 1 had been revised so as to not cover commercially available "art house" films like Love. Additionally, a review of the available evidence provided no indication CMSgt [redacted] ever actively promoted the film for Airmen to watch. Instead, it appears this film was simply found in a much larger collection of media he shared. As such, this particular complaint is dismissed. I am still defending myself against false statements that [redacted] and those he distributed this movie to. I would like all the evidence I can possibly get concerning this case so that I can properly prepare my own defense. (Date Range for Record Search: From 08/03/2016 To 03/07/2017) |

| | | | | | FRNO 2016-13800, I would like all information pertaining to the case which I submitted on 3 Aug 16, specifically concerning the allegation Col [redacted] attempted to get me to falsify a date on your referral Letter of Evaluation on or about 17 February 2016. This matter was opened as a new case, FRNO 2017-03111, by IG. 2. Concerning your allegation Col [redacted] attempted to get you to falsify a date on your referral Letter of Evaluation on or about 17 February 2016, there is no evidence to support the allegation that Col [redacted] ordered you or otherwise attempted to have you falsify (backdate) an Air Force record. Rather, the evidence shows Maj [redacted] made the request in an email to your legal counsel. There was no order to falsify the document and ultimately you did not backdate the form. Therefore, no violation or wrongdoing took place. As such, this specific complaint is dismissed. I am still defending myself against other false allegations and Col [redacted] played a major part in some of these allegations. I would like all the information I am entitled so that I can provide a defense for myself. (Date Range for Record Search: From 07/03/2016 To 02/16/2017) |
| 2017-02818-F | Rowsey, Jeffrey | USAF | 05/12/2017 | 06/05/2017 | I would like to formally request any and all information dealing with the Notification of Complaint Dismissal (FRNO 2017-04223) 1. This memorandum is in reference to your Inspector General complaint, FRNO 2016-13800, which I submitted on 3 Aug 16, specifically concerning an allegation of false official statement by MSgt [redacted] to Lt Col [redacted] during a Commander-Directed Investigation. This matter was opened as a new case, FRNO 2017-04223, for analysis by my office. This document is to inform you that all matters in reference to the inquiry have been analyzed and a resolution path has been reached. 2. Upon review of the available information, there was not a preponderance of evidence to suggest MSgt [redacted] knowingly provided a false official statement. The extensive background information you provided concerning your leadership style and preferences on the issuance, or lack thereof, of punitive paperwork were ultimately immaterial to whether or not you ever told MSgt [redacted] he would receive paperwork himself if he did not hold subordinates accountable with paperwork. False official statements are difficult to prove in the absence of direct evidence. As such, this portion of your complaint is dismissed. I have proven my former Chief who is now demoted to SMSgt and at least 26 individuals have provided incorrect information about me to investigators. All this information that I am requesting is instrumental to my defense I continue to mount for myself. I appreciate your assistance. (Date Range for Record Search: From 07/03/2016 To 03/07/2017) |
| 2017-02817-F | Rowsey, Jeffrey | USAF | 05/12/2017 | 06/05/2017 | I would like to formally request any and all information concerning a Notification of Complaint Dismissal (FRNO 2017-04318) 1. This memorandum is in reference to your Inspector General complaint, FRNO 2016-13800, which you submitted on 3 Aug 16, specifically concerning the allegations against TSgt [redacted] to include being disrespectful towards you by using sexually offensive language in her statement to Commander-Directed Investigation (CDI) Officer Lt Col [redacted] providing a false official statement to Lt Col [redacted] when she claimed "5 out of 10 people in an element will get an Article 15," and having an unprofessional relationship with MSgt [redacted] This matter was opened as a new case, FRNO 2017-04318, for analysis by my office. This document is to inform you that all matters in reference to the inquiry have been analyzed and resolution paths have been reached. 2. Concerning your allegation TSgt [redacted] used sexually offensive language in her CDI statement to Lt Col [redacted] there is no evidence to suggest TSgt [redacted] made the sexually offensive statement to you directly. TSgt [redacted] statement to Lt Col [redacted] was her candid perception of your leadership style when it came to disciplinary actions. Although not directly alleged in your complaint, my office analyzed this allegation as a potential sexual harassment claim. However, a consultation with 23d Wing Equal Opportunity clarified your claim had no basis for sexual harassment because sexual harassment would only have occurred if the language in question would have been directly said to you. As such, this portion of your complaint is dismissed. 3. Concerning your allegation TSgt [redacted] provided a false official statement to Lt Col [redacted] when she claimed "5 out of 10 people in an element will get an Article 15," my analysis revealed TSgt [redacted] statement to Lt Col [redacted] was her opinion based upon her recollection of what unnamed members told her about you. TSgt [redacted] was not making a declaration of fact in the statement you disputed, only relating what she claimed was told to her. Your disagreement with what TSgt [redacted] said members told her is immaterial towards alleging TSgt [redacted] made a false official statement. As such, this portion of your complaint is dismissed. I am still defending myself against allegations and the details of these incidents can help with my defense. I appreciate your assistance. | 2017-02813-F | Rowsey, Jeffrey | USAF | 05/12/2017 | 06/02/2017 | FRNO 2017-04293 I would like all the following information concerning the following case in reference to Inspector General complaint, FRNO 2016-13800, which you submitted on 3 Aug 16, specifically concerning three matters (1) Capt [redacted] TSgt [redacted] and CMSgt [redacted] allegedly disrespecting you behind your back, (2) Capt [redacted] facilitating the disclosure of classified information and subsequently lying about it, and (3) Capt [redacted] making a false official statement to a Commander-Directed Investigation (CDI) Officer. These matters were opened as a new case, FRNO 2017-04293, for analysis by my office. This document is to inform you that all matters in reference to the inquiry have been analyzed and resolution paths have been reached. 2. Concerning your allegation Capt [redacted], TSgt [redacted] and CMSgt [redacted] allegedly disrespected you behind your back, after listening to the audio recordings you provided of the alleged incidents, coupled with a review of a professional transcription of these recordings and other available evidence, my office has determined there is insufficient evidence to support the claim these three Airmen were disrespecting you. As such, this portion of your complaint is dismissed. 3. Concerning your allegation Capt [redacted] facilitated the disclosure of classified information and subsequently lied to you about it, this matter was referred to the 824th Base Defense Squadron Commander for action. You should expect to receive a resolution to this matter in approximately thirty days. 4. Concerning your allegation Capt [redacted] made a false official statement to a CDI Officer, the preponderance of evidence does not suggest Capt [redacted] knowingly made a false statement to Lt Col [redacted] By Capt [redacted] own admission in his CDI statement, and as highlighted in your own complaint package, Capt [redacted] declared his summary of the SSgt [redacted] incident to be his perception of the situation and based upon what he remembered. False official statements are difficult to prove in the absence of direct evidence, which was not available in this matter. As such, this portion of your complaint is dismissed. | 2017-02726-F | Losey, Stephen | Air Force Times | 05/05/2017 | 05/17/2017 | I would like to request any and all reports on investigations regarding Lt. Col. [REDACTED] and his removal from command of the 1st Aircraft Maintenance Squadron at Joint Base Langley-Eustis. I originally filed a FOIA request for these records last year with Langley, but was told in April that the 1st AMXS and 1st Fighter Wing has no records regarding Lt. Col. [REDACTED] who has since transferred to the 12th Air Force at Davis-Monthan. I am filing this FOIA to request investigations into Lt Col [REDACTED] that may be held by the 12th Air Force and relate in any way to his removal from command of the 1st AMXS. I had provided audio recordings of the three distinctly different ranks (CGO, CMSgt, and junior NCO) all speaking openly and freely against me. I would like this information for my ongoing investigations against me, and the ones I have against others. I also showed information that Capt [redacted] lied to me about the handling of classified information which could have put our entire installation at risk. I need this information for my complaint to the SFOI section that IG referred me to. Lastly, there is information about Capt [redacted] providing a false official statement to the CDI officer. This information is needed because I am providing information to the SFOI section specifically about the false official statements. (Date Range for Record Search: From 08/03/2016 To 03/07/2017)</p> |
| 2017-02683-F | Rowsey, Jeffrey | USAF | 05/03/2017 | 06/02/2017 | <p>FRNO 2017-05256 I was relieved of command and received a referral LOE while deployed based on the testimony of individuals. Many separate complaints. I have since proven that many of these complaints were fabricated. One individual former CMSgt [redacted] was demoted to SMSgt because of some of these allegations. However, I am still trying to get my referral LOE reversed and clear my name. I ask for all the information that I am entitled to have access to concerning FRNO 2017-05256 from 93d AGOW IG letter dated 4 April 2017. Some of the allegations seemed to be substantiated while others were apparently dismissed. As I go forward, I would like to know and understand which information I had that was not accurate or was otherwise unsubstantiated. The following is a brief description of each of the complaints I would like the FOIA information for: (1) SMSgt [redacted] engaged in creating a toxic work environment with MSgt [redacted] and Capt [redacted] (2) SMSgt [redacted] mentally harassed you, (3) SMSgt [redacted] unethically solicited charitable donations while deployed, (4) SMSgt [redacted] distributed property that was not his (bomb tethers), (5) SMSgt [redacted] prompted TSgt [redacted] to issue a falsified safety report, (6) SMSgt [redacted] disclosed a downrange location without authorization, (7) SMSgt [redacted] wasted government time by writing 116 Amazon.com reviews while at work, and (8) SMSgt [redacted] provided a false official statement about a shift change incident to a CDI IO. These matters were opened as a new case, FRNO 2017-05256, for analysis by my office. This document is to inform you that all matters in reference to the inquiry have been analyzed and resolution paths have been reached. I appreciate your attention in this matter. If you need any information from me, please feel free to contact me via my personal cell phone at (307) 274-6116 or my e-mail at Jeffrey.rowsey@gmail.com. Thank you very much for your assistance. I have since proven that "my" Chief, CMSgt [redacted] lied and colluded with others to get me removed of command. He has been demoted to SMSgt for his actions against me. I have proven that many have colluded with [redacted] including members of the squadron. The investigation into Lt Col [redacted] has information that I am using for my defense. I was advised by GS-12 [redacted] 20th FW IG to contact you for this further information to "request military records if you wish to seek more details of the command action taken." I would like any and all information I am entitled to in order to help defend myself from allegations that I have already proven false. The allegations I made against [redacted] show his personality and leadership style were drastically different from mine. This information is very important to my case. The RLS is noted in the 1992 edition of USAF Technical Order 1F-117A-1, Utility Flight Manual, USAF Series, F-117A Aircraft (See: http://www.avialogs.com/en/aircraft/usa/lockheed/f-117nighthawk/to-1f-117a-1-utility-flight-manual-f-117a-aircraft.html) If an exemption applies to the information in any of these records, I ask that Air Combat Command and the Air Force Warfare Center please consider exercising its discretionary release powers to disclose the records. Additionally, please release all reasonably segregable portions of the records that do not meet an exemption. I am also willing to accept and would prefer any release be in an electronic format if possible. Thanks in advance, Joseph Trevithick |

My daughter had an injury at the CDC where she broke her femur. I would like to obtain the video on that day (Mar 24), in between 3:00 PM and 4:00 PM that day. In particular, I would like to get the video from when I entered the building, to when I exited with my daughter. I would like videos from room number 10, and outside on the playground outside of her room. There was also an incident on the day prior where she had another injury under the CDC's watch. If possible, I would like the video from that day as well. We are willing to pay fees for this video. Thank you again. CLARIFICATION I'm willing to pay in the amount of \$25 for fees. If the amount is more than this, please contact me. On 23 mar 17, it was in the afternoon, so sometime after 12, but before 1 PM. I would like the video from when she was injured and fell, and the action that was taken afterwards. I was told that she fell into bushes and obtained scratches. From what I understand, this incident happened outside on the same playground where she broke her femur. She was in room 10. Thank you again. | 2017-02421-F | Rowsey, Jeffrey | USAF | 04/13/2017 | 06/02/2017 | I am requesting information about two separate issues that interconnect. While deployed there was a IG complaint filed against me and some MEO allegations. As I understand, these all have been closed out. I would like all information that pertains to any and all information regarding any investigation of me. I need this for current and future defense that I am planning. In addition, I have been directed to obtain information from your office about cases that I have filed myself. I was able to prove that former CMSgt [REDACTED] (now SMSgt) undermined my authority and committed mutiny, was caught drunk driving, lying to my troops about me my actions, and things that I said, and other offenses. He lost a stripe and is being forced to retire at least partly as a SMSgt based on information I have provided. I have provided evidence this man set out to ruin my career. By using secretly audio recorded messages and other e-mail and documentation records and other methods I have shown that this former E9 lied about my words and actions. I would like any and all information that I am entitled to regarding my case against [REDACTED]. He has caused me great mental anguish for over 16 months. Col [REDACTED] my commander has been helpful. Col [REDACTED] provided the Commander's letter about the closure, but has no details. I understand Col [REDACTED] must keep his words understandably vague. However, since I was the one wronged and I provided multiple examples of misbehavior, mutiny, undermining my authority, lying to me, about me, and other offenses, I believe I should at least know of the offenses that [REDACTED] was held accountable for. I was told that I should contact your office to obtain more information to allow me to have some closure on this part of the investigation where I proved myself innocent and showed that [REDACTED] enlisted others to help him get me removed of command by providing false information. I appreciate any information you can provide. If you let me know of anything I can do to help this process, or any information that can help, and/or expedite this information, I will be more than happy to assist. My personal cell phone is [REDACTED]. My name is Lt Col Jeffrey Sean Rowsey. I go by [REDACTED]. I greatly appreciate your help with this issue and again, I am willing to provide any information or assistance (Date Range for Record Search: From 11/30/2015 To 03/01/2017) |

| 2017-02060-F | Vigil-Holterman, Luciana | EPC-CP | 03/17/2017 | 04/06/2017 | I have recently started reading the Holloman Air Force Base Permit Renewal Application that I found at: https://www.env.nm.gov/HWB/hafbperm.html and have a question that I am hopeful that I can find an answer to. This is the only place I could find to make this type of request, I apologize if it is not that right venue. Page 11 of Attachment I of the permit renewal application states: "Attachment J presents the air dispersion modeling results showing that NMAAQS and NAAQS are not exceeded by the open detonation unexploded ordnance at the HAFB OD Unit." However, Attachment J of the application actually addresses corrective action at the site. I would like to request a copy of the air dispersion modeling report developed for the renewal application. I did not find it within the application. I am an Environmental Professional with Los Alamos National Security, LLC working on the applications for the Los Alamos National Laboratory's open burning and open detonation units and I am interested in reading about the dispersion model that was used at Holloman Air Force Base and the applicable emissions factors that were chosen for the model assessment. Please let me know if you have any questions about this request. Thank you in advance. --Luciana Luciana Vigil-Holterman Environmental Professional, EPC-CP Los Alamos National Laboratory (505) 665-3435 luciana@lanl.gov |

Specifically, I'm looking for post-mission assessments, studies or briefings related to the simulated air combat mission that resulted in the 41-1 kill ratio (referenced here: https://www.dvidshub.net/news/226368/104th-fighter-wing-eagles-target-united-states-air-forces-weapons-systems-evaluation-program). Air dominance is a core USAF function and the 104th FW's ability to execute that mission is of clear interest to the American public and my publications. If an exemption applies to the information in any of these records, I ask that ACC please consider exercising its discretionary release powers to disclose the records. Additionally, please release all reasonably segregable portions of the records that do not meet an exemption. | 2017-01905-F | Grube, Chris | 802 Force Support Squadron | 03/08/2017 | 06/20/2017 | In February of 2016 I was falsely accused of sexual assault by a female Senior Airman in the United States Air Force, which I believe was in retaliation for interfering with her affair with a married Lieutenant Colonel. After the Air Force's investigation, I submitted a Congressional complaint requesting that a Commander Directed Investigation be initiated in to the officers involved in my case, listing multiple witnesses and evidence of misconduct, to include a sworn statement by another female Airman that these officers had attempted to get her to make false allegations against me, but that she had refused. On 10 November 2016, a Commander Directed Investigation was initiated by Colonel [REDACTED] (9 RW/CC, Beale AFB) and the results of that investigation will help me clear the after effects of this ordeal from my military records. I was notified on 3 March 2017 by Colonel [REDACTED] that he had concluded his investigation and the results were being finalized. My request is for a copy of that final report, specifically, the evidence that SrA [REDACTED] went on leave with Lt Col [REDACTED] and Captain [REDACTED] in April of 2016, so I can clear my name of any perceived wrong doing and continue to serve faithfully as a Master Sergeant in the United States Air Force, as I have done for the past 15 years. | 2017-00296-F | West, Harold | 366 AMXS | 10/25/2016 | 11/02/2016 | On August 25th an A1C [REDACTED] backed into my vehicle in the commissary parking lot. After making contact with him and assuring he was alright, he immediately fled the scene of the accident stating, "He needed to speak with his supervisor." He was later apprehended by the 366th Security Forces. Subsequently I received an accident report from Security Forces and submitted it to my insurance company. The insurance company called A1C [REDACTED] and asked for his statement in which he states that I backed into him and makes no mention of his hit and run activities or that he was later apprehended by Security Forces. The accident report provided does not give this information as I need a copy of the police report which shows that A1C [REDACTED] committed a crime and was arrested for doing so. | 2017-00287-F | Trevithick, Joseph | War Is Boring (News) | 10/24/2016 | - | Hi, My name is Joseph Trevithick and I am a freelance journalist working for War Is Boring (warisboring.com) and other outlets. I am making this request as a "media" requester. I am looking to obtain copies of any instructions, regulations, alerts, warnings, memorandums or similar records issued by or to the 388th Fighter Wing or its subordinate organizations regarding engine safety or fuel mixing for F-35A aircraft that are/were in effect at the time of this request (Oct. 24, 2016). The 388th Fighter Wing is an element of Air Combat Command based at Hill Air Force Base, but assigned to Twelfth Air Force at Davis-Monthan Air Force Base. In light of a recent fire involving an F-35A at Mountain Home Air Force Base, such records would be of great interest to the public and their release would not directly impact the ability of investigators into that incident to reach independent, unbiased conclusions and make similar independent and unbiased recommendations. If an exemption applies, however, I ask that Air Combat Command please consider exercising the agency's discretionary release powers to disclose the records. Additionally, please release all reasonably segregable portions of the records that do not meet an exemption. I am also willing and would prefer to receive any release in an electronic format. Thanks, Joseph Trevithick |

I am making this request as a "media" requester. I am looking to obtain copies of any briefings members of Air Combat Command presented over the course of a four-day long industry day event in November 2012. If an exemption applies, I ask that Air Combat Command please consider exercising the agency's respective discretionary release powers to disclose the records. Additionally, please release all reasonably segregable portions of the records that do not meet an exemption. I am also willing and would prefer to receive any release in an electronic format. Thanks, Joseph Trevithick |

| 2016-04178-F | Newberry, Chad | - | 08/16/2016 | 08/19/2016 | Good Afternoon, I would like to request a police report in regards to Jeremy Mastagni. He was assigned to Beale AFB CA and committed suicide on September 9, 2004 at his home in base housing. At the time I was one of his supervisors in the Pavements and Equipment shop of the 9th CES. Since this event Jeremy's mother has taken custody of his 2 sons. His oldest son is now 15 years old and has a lot of questions that his family is not comfortable in answering. I have assumed a role of mentor and "a guy to talk to that new his dad". In my short time of mentoring him he has calmed his mind and has come to grips with the background and childhood he was in. My request is to receive a non-redacted copy of the police report that was filed for this event. I understand that I am not a family member but I have full permission from Jeremy's mother, [REDACTED], or [REDACTED] What I plan on doing with this report is to read it very carefully to get an understanding of what is known in regards to the night in question. I then plan on limiting all information that could be damaging to [REDACTED] My effort is for [REDACTED] to continue to his adult life with no questions. Jeremy Sr. was a very good man and loved his family VERY much and [REDACTED] is doubting that. I feel that this time is a very crucial time in [REDACTED] life and this concern is very important for him to clarify in efforts to becoming a good man in the future. According to numerous media reports, the aircraft was piloted by Maj. [REDACTED], and was brought down in a field shortly after participating in a flyover of the commencement ceremony at the Air Force Academy in which President Obama was the main speaker. As a representative of the news media, I am only required to pay for the direct cost of duplication after the first 100 pages. Through this request, I am gathering information about an incident at a high-profile Air Force event that led to the destruction of a multi-million dollar aircraft paid for with taxpayer dollars. Release of the information is in the public interest because it will contribute significantly to public understanding of Air Force operations, including the iconic Thunderbirds squadron. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. All segregable portions of the documents should be redacted and released. I reserve the right to |

I am making this request as a "media" requester. On June 21, 2016, Air Combat Command posted an infographic on its twitter account regarding the 388th Fighter Wing's F-35 Deployment Exercise, a key component in the US Air Force's plan to declare IOC for the F-35A aircraft in 2016. See: https://twitter.com/USAF_ACC/status/745307576267644928 . I am looking to obtain the following records: - Any reports, briefings or correspondence the individuals tasked with preparing this infographic used to obtain the data presented therein. - Any additional correspondence between those individuals and the relevant parties at 388th Fighter Wing or any other element consulted during the preparation of this infographic. If an exemption applies, I ask that Air Combat Command please consider exercising the agency's discretionary release powers to disclose the records. Additionally, please release all reasonably segregable portions of the records that do not meet an exemption. I am also willing and would prefer to receive any release in an electronic format. Thanks, Joseph Trevithick |

| 2016-02920-F | Harral, Paul | Fort Worth Business press | 05/09/2016 | 05/19/2016 | To the Officer in Charge: Under the Freedom of Information Act (5 U.S.C. Section 552), I am requesting the following documents: The Accident Investigation Board (AIB) Report, which is available through the owning Major Command, Air Combat Command (ACC), concerning a collision between two F-16 fighter jets from the 301st Fighter Wing at Naval Air Station Joint Reserve Base Fort Worth, Texas, that occurred on or about 15 August 2015 during operations at Nellis Air Force Base in Nevada. As a representative of the news media affiliated with the newspaper, Fort Worth Business, I am gathering information on this incident that is of current interest to the public because the 301st Fighter Wing is headquartered in my city. Please note that 5 U.S.C. Section 552(a)(4)(A)(iv)(II) requires that you provide the first 100 copies to me at no charge. However, I am requesting a waiver of all fees under 5 U.S.C. Section 552(a)(4)(A)(iii). The information I seek is in the public interest because it will contribute significantly to public understanding of the operations or activities of the government and is not primarily in my commercial interest. I believe I meet the criteria for a fee waiver recognized by the U.S. Justice Department - in its policy guidance of April 1987 - and by the federal courts, See Project on Military Procurement v. Department of the Navy, 710 F. Supp. 362 363, 365 (D.C.D. 1989). My request concerns the operations or activities of government because information involving Naval Air Station Joint Reserve Base Fort Worth, Texas, and personnel associated with it affects the residents of Fort Worth and the governmental bodies associated with the base. Also, the information sought has informative value, or potential for contribution to public understanding. Please note the decision in Elizabeth Eudey v. Central Intelligence Agency, 478 F. Supp. 1175 1176 (D.C.D. 1979) (even a single document has the potential for contributing to public understanding). I plan to disseminate this information to the public at large in the following manner: Through an article in the weekly Fort Worth Business news and its related online products. In addition, the release of this information will have a significant impact on public understanding because of Fort Worth's long history as an Air Force base, the fact that F-15 fighter jets are manufactured here and because of general safety interests involving the units, including the 301st Fighter Wing, which operate at Naval Air Station Joint Reserve Base Fort Worth, Texas. In your deliberations, please take note of the following cases: Campbell v. U.S. Department of Justice, 334 U.S. App. D.C. (1998)(administrative and seemingly repetitious information is not exempt from fee-waiver consideration); Project on Military Procurement (agencies cannot reject a fee waiver based on the assumption that the information sought is covered by a FOIA exemption; and Landmark Legal Foundation v. Internal Revenue Service, 1998 U.S. Dist. LEXIS 21722 (D.C.D. 1998)(the fact that the information will soon be turned over to a public body does not exempt the material from fee-waiver consideration). I look forward to your response within the 20 working days, as outlined by the statute. Thank you in advance, Paul K. | 2016-01854-F | Harral, Paul | Fort Worth Business press | 02/22/2016 | 03/21/2016 | To the Officer in Charge: I am filing this protective because I received no acknowledgement of the previous filing. Under the Freedom of Information Act (5 U.S.C. Section 552), I am requesting the following documents: The Accident Investigation Board (AIB) Report, which is available through the owning Major Command, Air Combat Command (ACC), concerning a collision between two F-16 fighter jets from the 301st Fighter Wing at Naval Air Station Joint Reserve Base Fort Worth, Texas, that occurred on or about 15 August 2015 during operations at Nellis Air Force Base in Nevada. As a representative of the news media affiliated with the newspaper, Fort Worth Business, I am gathering information on this incident that is of current interest to the public because the 301st Fighter Wing is headquartered in my city. Please note that 5 U.S.C. Section 552(a)(4)(A)(iv)(II) requires that you provide the first 100 copies to me at no charge. However, I am requesting a waiver of all fees under 5 U.S.C. Section 552(a)(4)(A)(iii). The information I seek is in the public interest because it will contribute significantly to public understanding of the operations or activities of the government and is not primarily in my commercial interest. I believe I meet the criteria for a fee waiver recognized by the U.S. Justice Department - in its policy guidance of April 1987 - and by the federal courts, See Project on Military Procurement v. Department of the Navy, 710 F. Supp. 362 363, 365 (D.C.D. 1989). My request concerns the operations or activities of government because information involving Naval Air Station Joint Reserve Base Fort Worth, Texas, and personnel associated with it affects the residents of Fort Worth and the governmental bodies associated with the base. Also, the information sought has informative value, or potential for contribution to public understanding. Please note the decision in Elizabeth Eudey v. Central Intelligence Agency, 478 F. Supp. 1175 1176 (D.C.D. 1979) (even a single document has the potential for contributing to public understanding). I plan to disseminate this information to the public at large in the following manner: Through an article in the weekly Fort Worth Business news and its related online products. In addition, the release of this information will have a significant impact on public understanding because of Fort Worth's long history as an Air Force base, the fact that F-15 fighter jets are manufactured here and because of general safety interests involving the units, including the 301st Fighter Wing, which operate at Naval Air Station Joint Reserve Base Fort Worth, Texas. In your deliberations, please take note of the following cases: Campbell v. U.S. Department of Justice, 334 U.S. App. D.C. (1998)(administrative and seemingly repetitious information is not exempt from fee-waiver consideration); Project on Military Procurement (agencies cannot reject a fee waiver based on the assumption that the information sought is covered by a FOIA exemption; and Landmark Legal Foundation v. Internal Revenue Service, 1998 U.S. Dist. LEXIS 21722 (D.C.D. 1998)(the fact that the information will soon be turned over to a public body does not exempt the material from fee-waiver consideration). I look forward to your response within the 20 working days, as outlined by the statute. Thank you in advance, Paul K. | 2017-04357-F | MacKay, Deborah | 8 AF | 09/15/2017 | 11/30/2017 | Col [REDACTED], 608 AOC/CC wrote a letter at my request documenting workplace harassment I had experienced since Jan 2017 and the orders/direction he gave to a member of his unit to stay out of the unit except for business reasons and that those orders had been repeatedly violated. The MFR was written at my request and a few weeks later the 8 AF/CC directed me to provide any evidence as to why I felt harassed or stalked in my workplace. Col [REDACTED] wrote this letter for me in good faith. After receiving 8 AF/CC direction to provide evidence, I asked Col [REDACTED] for the completed letter. The SJA has denied the letter in original form or redacted form from being given to me. This MFR is essential for me to provide clear evidence of known harassment and violation of orders by my harasser - which is ongoing. I request a copy of the MFR as written by Col Shilland in Aug 2017 and given to Col [REDACTED] the SJA. The letter is not privileged or private since I have been a party to this situation for 8 months and the letter was for me and not for the Commander. The request received a response but with insufficient responsive materials. However, the time for an appeal has passed, so I am reiterating a new version of this same request. I would again like to request copies of all documents and correspondance concerning U.S. Technologies or U.S. Technology or U.S.T. Media involving Barksdale Air Force base as well as any other Air Force installation or office, between Jan 1, 2010 and Aug. 8, 2017. This should include internal discussions about the services offered by said company, external discussions with officials at the U.S. Environmental Protection Agency, and all other documents which are legally responsive to this request. The previous response to my FOIA request contained a small number of pages about UST printed off of that company's website, as well as some contractual documents and marketing pamphlets. It was a haphazard and superficial response, which did not include more than a handful of the many email correspondence which I know to exist, or the letters exchanged over the years between the Air Force and the company, or about the company with both state and federal environmental regulators. It also did not include any of the invoices or shipping documents UST has provided to the Air Force, or copies of the original contracts or agreements which the AF has made with UST. I have reason to understand that all of the types of documents that I am describing exist, and I have seen several of them. I hope that this request can be quickly answered, and that responsive materials will be complete and thorough. thank you. (Date Range for Record Search: From 08/08/2010 To 08/08/2017) |

| 2017-00936-F | Trevithick, Joseph | War Is Boring (News) | 12/16/2016 | 01/27/2017 | Hi, My name is Joseph Trevithick and I am a freelance journalist working for War Is Boring (warisboring.com) and other outlets. I am making this request as a "media" requester. On Dec. 16, 2016, the Kirtland Media Operations Twitter Account (@KIRTLAND377ABW) made the following announcement: "The Official Kirtland AFB Twitter feed will be used from this point on primarily for media relations activities. --Kirtland Public Affairs" (See: https://twitter.com/KIRTLAND377ABW/status/809791214732148736). The 377th Air Base Wing is assigned to Twentieth Air Force, Air Force Global Strike Command. I am looking to obtain any orders, memorandums or other records to or from the Kirtland Public Affairs/Media Operations Office outlining this decision. I am also looking to obtain any records, including Emails, sent to or from any party involved in this decision explaining the need and/or reasoning for its implementation as of Dec. 16, 2016. If an exemption applies, I ask that the 377th Air Base Wing please consider exercising their discretionary release powers to disclose the records. Additionally, please release all reasonably segregable portions of the records that do not meet an exemption. I am also willing and would prefer to receive any release in an electronic format. Thanks, Joseph Trevithick |
| 2017-00921-F | Maestas, Tomas | - | 12/29/2016 | 03/01/2017 | I am requesting the EMS report for a call that I responded to while on active duty with the USAF and stationed at Kirtland AFB. I was working out of Fire Station #1 and working on R-3. Fire Station #1 is on Wyoming and F street (now called Frost street) and the call I responded to was at the Base housing just east of Hardin Field which has since then been demolished. The EMS report I am requesting is for a 10-11 year old male who was shot in the head. Myself and my partner on R-3 ([redacted]) responded to call and eventually transported patient to UNMH ER where he passed away. I was active duty AF from 10/17/95 to 10/19/1999 and stationed here at Kirtland during that time. The EMS call was around 6/1/1995 to 10/1/1999 (sorry about the vague date range). I spoke to a Battalion Chief there at Kirtland AFB Fire Department and was told they should have the EMS report due to laws stating they have to hold onto EMS reports for a long period of time. I am requesting this EMS form for the VA who is requesting it. The EMS form will only be utilized for VA purposes. (Date Range for Record Search: From 06/01/1995 To 10/01/1999) |

| 2017-00208-F | Kristensen, Hans | Federation of American Scientists | 10/18/2016 | 11/07/2016 | Dear Madam/Sir, This is a request under the federal Freedom of Information Act, 5 USC 552, as amended. I request a copy of the following: * WS3 SLEP Statement of Work for solicitation number FA9422-16-R-8036. Known date is 12 Feb 2016, but request most recent update if applicable. Through this request, I am gathering information on a subject of current and ongoing interest to the public. As a co-author to the bi-monthly Bulletin of the Atomic Scientists and the SIPRI Yearbook, project director at the Federation of American Scientists - a news media-type entity that collects information for analysis and distribution to the public for news and educational purposes on a non-commercial basis, and as a frequent consultant to the news media, I have both the experience and ability to analyze and disseminate the information. I am willing to pay all reasonable fees for this request, but ask that you inform me if you expect the fees will exceed \$50. Due to my status described above, as reaffirmed by the Office of the Secretary of Defense in several appeal cases, I meet the statute's definition for a "representative of the news media" and therefore am only required to pay for the direct cost of duplication after the first 100 pages. Even so, the statute permits the waiver of fees beyond that where the information is obtained on a non-commercial basis and will contribute to the public's understanding of the operations of the government. I request therefore that any applicable fees be waived. In the event the document requested is currently and properly classified, I ask that you release all segregable portions. As you know, an agency cannot rely simply on existing markings in a document for release determination, but must perform a specific review to determine if the information is currently and properly classified and which segregable portions can be released without causing significant damage to national security. I also ask that you identify all documents identified in the search for this request. I appreciate very much your help in obtaining this information and look forward to hearing from you within 20 days, as the statute requires. If you have any questions regarding this request, please feel free to call me at 202-454-4695, fax me at 202-675-1010, or communicate via e-mail to hkristensen@fas.org <mailto:hkristensen@fas.org> . Thank you in advance for your assistance. Sincerely, /signed Hans M. Kristensen (Date Range for Record Search: From 02/12/2016 To 10/18/2016) |

He had for years, but this time it caused bone breakage and severe bruising. I had called the Ellsworth AFB security forces who then removed him from the home while base emergency services attended to my injuries. Statements were taken from me by both SF and emergency. What I am needing is to see if there is a report of that incident as my now ex husbands commander and first shirt were notified of the incident. My children are now in danger from his abuse and it's my job to prove and give a paper trail to that abuse beyond what therapists have. I am also needing a report on him using the children as a hardship to get the base he is now stationed at, Whiteman AFB, MO if possible. Thank you for your |

If an exemption applies, I ask that Barksdale Air Force Base and 2nd Bomb Wing please consider exercising their respective discretionary release powers to disclose the records. Additionally, please release all reasonably segregable portions of the records that do not meet an exemption. I am also willing and would prefer to receive any release in an electronic format. |

| 2016-03383-F | Fulmer, Brian | 20th Air Supt Ops Sqdn | 06/14/2016 | 10/20/2016 | On 11Jun15, I notified ACC/IGQ of my intent to pursue an investigation into acts of reprisal that I believe occurred during an assignment to Ellsworth AFB from September 2011 until my PCS from Ellsworth AFB in March 2014. I provided numerous emails to ACC/IGQ that substantiated elements of this reprisal following a protected communication. To my surprise, ACC/IGQ later claimed that they did not find sufficient evidence to warrant further investigation at higher levels (SAF level). Having read the overarching AFI (AFI 90-301), I know that ACC/IGQ was required to conduct and submit a Reprisal Complaint Analysis (RCA) to the next higher level IG (SAF/IGQ). And now, in order for me to elevate my case, I am required to dispute the procedural handling of the case that occurred at ACC/IGQ. I will require the following records in order to fully understand the process used and bring this matter to resolution: 1. Copy of ACTS records from the reprisal case # FRNO 2015-11892 (Conducted by ACC/IGQ) 2. Copy of the ACC/IGQ Reprisal Complaint Analysis Report (Case #FRNO 2015-11892) 3. Copy of ACTS records from Ellsworth AFB IG (specifically, the related ACTS files from the original complaint filed on 24Aug12 at Ellsworth AFB) Please provide requested records via email and certified mail to: Maj Brian Fulmer 11510A Overlook Place Fort Drum, NY 13603 |

I am making this request as a "media" requester. I am looking to obtain any records related to an incident at F.E. Warren Air Base on Jan. 10, 1984, in which a malfunction occurred with one of the missiles at the base. I am particularly interested in obtaining any records related to the decision to position an armored vehicle on top of the missile's silo as an added precaution. In Oct. 1987, the Associated Press revealed this additional detail after speaking with then Capt. Bill Kalton, identified as a public information officer at F. E. Warren (See: http://articles.latimes.com/1987-10-29/news/mn-17348_1_minuteman-missile). If an exemption applies, however, I ask that officials at F.E. Warren Air Force Base please |

I am a freelance journalist and researcher working for multiple outlets, with a proven track record of publishing (for example: http://www.thedrive.com/the-war-zone/17162/document-offers-new-details-about-those-ov-10-broncos-that-went-to-fight-isis) or supporting publication (see: https://medium.com/defiant/wondering-what-u-s-spy-agencies-think-of-donald-trump-105cfb8bbf7d#.t2dtnixy3). I am looking to obtain copies of any General Orders (GOs) or Special Orders (SOs) related to the activation and/or inactivation of a unit known as Expeditionary Special Operations Wing-Bravo. I am also looking to obtain copies of any such orders regarding changes in this unit's structure, composition, station, etc. According to the official biography (see: http://www.af.mil/About-Us/Biographies/Display/Article/558245/lieutenant-general-scott-a-howell/) of Lieutenant General Scott A. Howell, who was recently nominated to be commander of Joint Special Operations Command, says he was commander of this unit between June 2008 and June 2010. It also says this unit was subordinate to Air Force Special Operations Command. While I am willing to accept only the releasable portions of the document, I ask that AFSOC consider exercising its discretionary release powers to disclose as much of the records as possible, including information marked with a sensitive, but unclassified notation such as "Unclassified/For Official Use Only" or U/FOUO. Additionally, please release all reasonably segregable portions of the records that do not meet an exemption. I am also willing and would prefer to receive any release in an electronic format. Thanks in advance, Joseph Trevithick |

I am a freelance journalist and researcher working for multiple outlets, with a proven track record of publishing (for example: https://warisboring.com/the-pentagon-doesn-t-know-how-many-civilians-it-has-killed-in-iraq-and-syria-535f6f3032ce#.d66r5d55t) or supporting publication (see: https://medium.com/defiant/wondering-what-u-s-spy-agencies-think-of-donald-trump-105cfb8bbf7d#.t2dtnixy3). If there estimated fees exceed the stated dollar amount, please let me know before you proceed with this request. I am looking to obtain a copy of any final report Air Force Special Operations Command (AFSOC) produced regarding its investigation into the crash of an Iraqi Air Force Comp Air 7SL aircraft on May 30, 2005. Though this was not a US Air Force aircraft, it was carrying US Air Force personnel at the time of the mishap and the Iraqi Air Force requested assistance with the investigation, leading to an AFSOC commander-directed investigation (See: http://www.af.mil/News/Article-Display/Article/132777/accident-report-out-on-iraqi-comp-air-7sl/) While I am willing to accept only the releasable portions of the records, I ask that AFSOC consider exercising its discretionary release powers to disclose as much of the records as possible, including information marked with a sensitive, but unclassified notation such as "Unclassified/For Official Use Only" or U/FOUO. Additionally, please release all reasonably segregable portions of the records that do not meet an exemption. I am also willing and would prefer to receive any release in an electronic format. Thanks in advance, Joseph Trevithick |

| 2017-03912-F | Trevithick, Joseph | War Is Boring (News) | 08/10/2017 | 04/17/2018 | Hi, My name is Joseph Trevithick and I am making the following request as an "media" requester. I am a freelance journalist and researcher working for multiple outlets, with a proven track record of publishing (for example: https://warisboring.com/the-pentagon-doesn-t-know-how-many-civilians-it-has-killed-in-iraq-and-syria-535f6f3032ce#.d66r5d55t) or supporting publication (see: https://medium.com/defiant/wondering-what-u-s-spy-agencies-think-of-donald-trump-105cfb8bbf7d#.t2dtnixy3). I am looking to obtain a copy of aircraft records cards (aka Aerospace Vehicle Inventory History/Post Report) or any similar documents specifying ownership and unit assignment for six CN-235 aircraft with the following serial numbers: - 96-6042 - 96-6043 - 96-6044 - 96-6045 - 96-6046 - 96-6049 In January 2015, I submitted an identical Freedom of Information Act request for these records relating to 96-6046 and 96-6049 only. In May 2015, Air Force Special Operations Command (AFSOC) informed me that they could neither confirm nor deny the existence of these records. However, in August 2017, AFSOC's public affairs office did confirm its ownership of one of these aircraft, 96-6042, pursuant to a story I was working on (See: http://www.thedrive.com/the-war-zone/13154/this-mysterious-military-spy-plane-has-been-flying-circles-over-seattle-for-days). As AFSOC is the owner of this aircraft, there should be responsive records related to it that can be reviewed for release. If it is the owner of the other five aircraft, then there should be similar responsive records related to those aircraft that can be reviewed for release. If an exemption applies to the information in any of these documents, I ask that AFSOC please consider exercising its discretionary release powers to disclose the records. Additionally, please release all reasonably segregable portions of the records that do not meet an exemption. I am also willing to accept and would prefer any release be in an electronic format if possible. Thanks in advance, Joseph Trevithick |

| 2018-00702-F | Hart, Brian | - | 11/27/2017 | 11/28/2017 | As far as the incident itself, it happened on Ramstein Air Base sometime in July of 2003. I believe it was the 568th that cited me for the incident. I was initially stopped for speeding, but after the talk with the officer, I was then cited for Driving While Impaired. I am hoping that I can get copies of the report sent to the Bar so that they can see that I was only issued a citation by Security Forces and that no judicial hearings took place. |

| 2017-03580-F | Tomasic, Anthony | - | 07/17/2017 | 07/20/2017 | My father, [REDACTED] served as a civilian in the air force after world war II. His job was to manage a team of people who interviewed refugees coming across the border from Yugoslavia and write intelligence reports to determine what was happening in that country. He was located somewhere in Italy I believe. I don't know where he was based in the US. My father was born in 1902 and died in 1975. He was a professor at Indiana University. I assume he was working on this project between 1945 and, say, 1955. I am interested in his military personnel file, medical records, security clearance reports, and any report he or his team authored, and any other information that would help me understand his experiences. My interest is personal for myself and my family. (Date Range for Record Search: From 09/01/1945 To 09/01/1955) |

| 2017-03562-F | Losey, Stephen | Air Force Times | 07/13/2017 | 12/06/2017 | Pursuant to the Freedom of Information Act, I am requesting all releasable portions of the investigation into Lt. Col. [REDACTED] former commander of the 496th Air Base Squadron and U.S. Forces Morón Air Base in Spain, as well as a description of any and all actions were taken against Lt. Col. [REDACTED] as a result of the investigation. Lt. Col. [REDACTED] was relieved of command April 28, 2017 by his commander, Col. [REDACTED] who cited "a loss of trust and confidence in his duties as squadron commander." The release of such information is in the public's interest. As an officer in the United States Air Force, and especially in his former role as a squadron commander, Lt. Col. [REDACTED] is an official who held a considerable amount of authority. As a result, his possible actions that apparently led to his removal from that position of authority are of interest to the taxpayer, other members of the military, and the public at large. In Chang v Department of Navy, Judge [REDACTED] of the U.S. District Court of the District of Columbia ruled that the privacy exemption to the Freedom of Information Act cannot be invoked if the public's interest in information outweighs any privacy interests protected under Exemption 6, and such information would therefore be releasable. Judge [REDACTED] also ruled that section 552a(b) of the Privacy Act holds that an individual's records can be released without that person's consent under certain circumstances, such as for disclosures required under the Freedom of Information Act. Furthermore, former President Obama said the Freedom of Information Act "should be administered with a clear presumption: In the face of doubt, openness prevails. The Government should not keep information confidential merely because public officials might be embarrassed by disclosure, because errors and failures might be revealed, or because of speculative or abstract fears." |

| | | | | | |
|--------------|-------------------|-----------------------------|------------|------------|--|
| | | | | | For all those reasons, there is ample precedent for releasing the investigation into and actions taken against Lt. Col. [REDACTED] (Date Range for Record Search: From 07/01/2016 To 07/13/2017) |

I am a freelance journalist and researcher working for multiple outlets, with a proven track record of publishing (for example: https://warisboring.com/the-pentagon-doesn-t-know-how-many-civilians-it-has-killed-in-iraq-and-syria-535f6f3032ce#.d66r5d55t) or supporting publication (see: https://medium.com/defiant/wondering-what-u-s-spy-agencies-think-of-donald-trump-105cfb8bbf7d#.t2dtnixy3). I am looking to obtain copies of the clearly releasable portions of the most recent annual command histories for both the 435th Air Ground Operations Wing and 435th Air Expeditionary Wing. If these two histories are combined in a single record, then I am only looking to obtain a copy of the clearly releasable portions of that document. While I am willing to accept only the releasable portions of the document, I ask that US Air Forces in Europe consider exercising its discretionary release powers to disclose as much of the records as possible, including information marked with a sensitive, but unclassified notation such as "Unclassified/For Official Use Only" or U/FOUO. Additionally, please release all reasonably segregable portions of the records that do not meet an exemption. I am also willing and would prefer to receive any release in an electronic format. Thanks, Joseph Trevithick |

| 2016-03769-F | McMullen, Angela | - | 07/14/2016 | 07/18/2016 | On April 15, 2015 I was sent to HR by my Supervisor [redacted] When I arrived, I was called into the conference room by [redacted]. She told me they had found I had a criminal record and I would have to research it myself because it was from 1995 and from the Army side. She then pushed across the table a form marked FOIA.Gov. On the paper she wrote down two numbers 200D072087/H2F-Army Criminal Record, and 6674182JA5C2B7J2- Army Criminal Record. She told me these were case numbers I needed to research. Immediately afterwards, I went to the SP Bldg across from Ramstein Lodging and Hercules Theater. I spoke with Mr. [redacted], DCII, who told me he was the one who pulled the file. He gave me a letter, SUBJECT: Background Investigation: on it listed several of what he called case numbers. 52CB, SIMPLE ASSAULT, 1995, File Location ACRD, 7J2, WRONGFUL DAMAGING OF GOVERNMENT PROPERTY, 1995, File Location ACRD, 5C2A, SIMPLE ASSAULT THREATS, 1997, File Location ACRD, 5Y2 MISCONDUCT, 1997, File Location ACRD. I left his office and went to the library and could not pull up the file. I went home called DCII the agency Mr. [redacted] said he worked for and they did not recognize the numbers. On 16 April 2015, I went to the Provost Marshall's office on Rhine Ordnance Barracks and spoke with [redacted]. She did not find any record on me. Therefore she gave me Official Form 1940-45D, and stamped it NO DEROGATORY INFORMATION. I immediately took the form to Ms. [redacted] at HRO, Bldg 2118. She told me she would have to see if it's good enough. At that time she push a very thick folder towards me and she said that was what they had on me. When I reached for the file she refused to let me see it, and said it was for her eyes only. Therefore I am requesting my CID File Security Investigation File, and any other investigatory file on me maintained by that office. |

I am making this request as a "media" requester. I am looking to obtain only the clearly releasable portions of the most recent annual command history for the 48th Fighter Wing. While I am willing to accept only the releasable portions of the document, I ask that US Air Forces in Europe consider exercising its discretionary release powers to disclose as much of the records as possible, including information marked with a sensitive, but unclassified notation such as "Unclassified/For Official Use Only" or U/FOUO. Additionally, please release all reasonably segregable portions of the records that do not meet an exemption. I am also willing and would prefer to receive any release in an electronic format. Thanks, Joseph Trevithick |

AFLOA states the Standard of Proof in Article 15 proceedings is "Preponderance of the Evidence". SAF/IG states the Standard of Proof is "Beyond a Reasonable Doubt". There is clearly mass confusion in the USAF regarding this important issue. The slides in question likely will provide some sort of guidance to Commanders on this subject. |
