Similarly, I would also like to know how many members of the 130AW are taking prescription pain killers pursuant to doctor's prescription. I need this information well in advance of the 3 December 2016 discharge board, so I can make my case for retention. Finally, and perhaps most importantly, how many 130AW members have been punished (through LOC (Letter of Counseling), LOR (Letter of Reprimand) or NJP (Non-Judicial Punishment)), given a letter of notice of discharge, and/or discharged for failure to provide medical documentation in a timely manner during the past 4 years. I would like to know if I am being treated disparately within the 130AW, or my squadron. Again, I need this to be EXPEDITED as my discharge board is 3 December 2016. Thank you for your consideration of this request. Sincerely, Jessica Cunningham</p>

2017-00208-F	Kristensen, Hans	Federation of American Scientists	10/18/2016	11/07/2016	<p>Dear Madam/Sir, This is a request under the federal Freedom of Information Act, 5 USC 552, as amended. I request a copy of the following: * WS3 SLEP Statement of Work for solicitation number FA9422-16-R-8036. Known date is 12 Feb 2016, but request most recent update if applicable. Through this request, I am gathering information on a subject of current and ongoing interest to the public. As a co-author to the bi-monthly Bulletin of the Atomic of the Atomic Scientists and the SIPRI Yearbook, project director at the Federation of American Scientists - a news media-type entity that collects information for analysis and distribution to the public for news and educational purposes on a non-commercial basis, and as a frequent consultant to the news media, I have both the experience and ability to analyze and disseminate the information. I am willing to pay all reasonable fees for this request, but ask that you inform me if you expect the fees will exceed \$50. Due to my status described above, as reaffirmed by the Office of the Secretary of Defense in several appeal cases, I meet the statute's definition for a "representative of the news media" and therefore am only required to pay for the direct cost of duplication after the first 100 pages. Even so, the statute permits the waiver of fees beyond that where the information is</p>

					obtained on a non-commercial basis and will contribute to the public's understanding of the operations of the government. I request therefore that any applicable fees be waived. In the event the document requested is currently and properly classified, I ask that you release all segregable portions. As you know, an agency cannot rely simply on existing markings in a document for release determination, but must perform a specific review to determine if the information is currently and properly classified and which segregable portions can be released without causing significant damage to national security. I also ask that you identify all documents identified in the search for this request. I appreciate very much your help in obtaining this information and look forward to hearing from you within 20 days, as the statute requires. If you have any questions regarding this request, please feel free to call me at 202-454-4695, fax me at 202-675-1010, or communicate via e-mail to hkristensen@fas.org <mailto:hkristensen@fas.org> . Thank you in advance for your assistance. Sincerely, /s/ gned Hans M. Kristensen (Date Range for Record Search: From 02/12/2016 To 10/18/2016)

2017-00225-F	Thompson, Adam	ProPublica	10/19/2016	10/20/2016	10-18-2016 Dear FOIA officer, Pursuant to the United States Freedom of Information Act (U.S.C. 5, Section 552, et seq) I am requesting copies of documents held by the U.S. Army. The U.S. Air Force uses Federal Document 249 (FD-249; known colloquially as a fingerprint card) to collect information on service members who are accused of criminal offenses. The Air Force uses the FBI's R-84 form (Final Disposition Report) to record information about service members accused of criminal offenses. Through the Air Force Office of Special Investigations, Air Force Security Forces, and possibly other Air Force commands, the Air Force submits R-84 and FD-249 documents to the Federal Bureau of Investigations Criminal Justice Information Services division, per a DoD directive. Air Force personnel submit these forms to the FBI; in return, the FBI provides the Air Force with a Transaction Control Number and an FBI Number. DoD Instruction 5505.11, as amended, requires the Air Force to keep these Transaction Control Numbers and FBI Numbers on file. I am requesting documents or data listing every Transaction Control Number and every FBI number given to the Air Force by the FBI between Jan. 1, 2010 and Dec. 31, 2015. My understanding is that these numbers are kept in an Air Force database. To be clear, I am not requesting any personally identifying information, any offense information, or anything else. I am simply asking for the numbers. I am happy to cover up to \$250 for the costs of retrieval

					and production of documents or data listing the numbers. I ask that you alert me if expenses rise above \$250. I am happy to receive this information in digital form as a database or digital file -- or paper document form. I am requesting the information in my work as a reporter for ProPublica, a Pulitzer-winning news organization. If you have any concerns or questions, feel free to contact me at (b)(6) (cell). Subsequently I received an accident report from Security Forces and submitted it to my insurance company. The insurance company called (b)(6) and asked for his statement in which he states that I backed into him and makes no mention of his hit and run activities or that he was later apprehended by Security Forces. The accident report provided does not give this information as I need a copy of the police report which shows that (b)(6) committed a crime and was arrested for doing so. 2017-00417-F	Trevithick, Joseph	War Is Boring (News)	11/01/2016-		Hi, My name is Joseph Trevithick and I am a freelance journalist working for War Is Boring (warisboring.com) and other outlets. I am making this request as a "media" requester. I am looking to obtain copies of any products the National Air and Space Intelligence Center produced and/or provided in support of the Joint Strike Fighter program between award of development contracts in 1996 and the decision to award the System Development and Demonstration Contract to Lockheed Martin in 2001. According to GAO Report 17-10, "The Air Force materiel commands (Air Force Space Command and Air Force Materiel Command) use acquisition intelligence specialists to support acquisition programs identified as intelligence sensitive. These specialists, along with intelligence analysts at the National Air and Space Intelligence Center, provide intelligence products and input based on their individual levels of experience and training." If an exemption applies, I ask that that National Air and Space Intelligence Center consider exercising the agency's discretionary release powers to disclose the records. Additionally, please release all reasonably segregable portions of the records that do not meet an exemption. I am also willing and would prefer to receive any release in an electronic format. Thanks, Joseph Trevithick

2017-00424-F	Hartwig, Lee	-	11/02/2016	12/01/2016	I would like to make a FOIA request, ma'am. I was stationed at Cannon AFB, New Mexico from 2001 through 2004. During that time, I was assigned to the 523d Fighter Squadron and the 27th Aircraft Maintenance Squadron. My FOIA request is for some kind of documentation to show that those units were subject to a Nuclear Inspection, or any Nuclear Surety Inspection (NSI) documents or evaluation records/results of those inspections, during the time I was stationed there. I am trying to gather supporting documents to be awarded the Nuclear Deterrence Operations Service Medal (NDOSM) and need to prove that the units I were assigned to were subject to Nuclear Inspections (such as a NSI). The information on the NDOSM can be found here: Caution-https://mypers.af.mil/app/answers/detail/a_id/28156 Also for your information, Cannon AFB back in 2001-2004 was under Air Combat Command. Currently the base now belongs to Air Force Special Operations Command. Hopefully that helps.

2017-00539-F	Monroe, Amy	-	11/14/2016	11/21/2016	I would like a run down of the number of personnel on Active Duty with a code-C restriction since 2012. I understand this number is probably in flux, so if possible, I would like it by a certain date of each Fiscal Year (FY); for example, on October 1, 2012, x number of Airmen had a code-C restriction; October 1, 2013, x number of Airmen, etc. If that is not possible, then a simple "as of the date of receipt of this request, x number of Airmen have a code-C restriction" would suffice. I understand there are different code-C restrictions, so if it has to be broken down by code-c-1/2/3, that is fine.

2017-00895-F	Mitchell, Jon	-	12/19/2016	-	This is a request under the Freedom of Information Act. I hereby request the following records: all

					<p>environmental surveys for Kadena Air Base, Japan, including but not limited to preliminary assessments, site investigations and inspections, remedial investigations and feasibility studies. Please note the time frame for the documents I am requesting in this request is from 1980 to 2000. I am making this request as a representative of the media; I am requesting a fee waiver and expedited processing. This (alleged) activity is an imminent threat to the health of service members. Recently, levels of PFOS contaminants were found in Okinawan water supplies above EPA advisory levels. These contaminants are believed to originate from military bases on Okinawa. I believe this fulfills the provision that lack of expedited treatment could reasonably be expected to pose an imminent threat to life or physical safety of an individual. Moreover, there is widespread and exceptional media interest in which there exist possible questions about the governments integrity affecting public confidence. In the event that fees cannot be waived, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not. Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 20 business days, as the statute requires.</p>
