Additionally, please release all reasonably segregable portions of the records that do not meet an exemption. I am also willing and would prefer to receive any release in an electronic format. Thanks, Joseph Trevithick

2017-00891-F	Kauffman, Christine	Physicians Committee for Responsible Medicine	01/11/2017	02/24/2017	*Please see attachment for original request. Dear FOIA Officer: The Physicians Committee for Responsible Medicine, under the FREEDOM OF INFORMATION ACT, requests the following: Background: On June 10, 2016, I filed a records request with Brooke Army Medical Center in search of documents relating to the use of live animals to train emergency medicine and anesthesiology residents within the San Antonio Uniformed Services Health Education Consortium (SAUSHEC). That request was forwarded on Aug. 3, 2016, to the U.S. Army Institute of Surgical Research (AISR). While attempting to track down documents responsive to this request, the FOIA Officer at AISR, (b)(6) confirmed the following from (b)(6) (b)(6) (Associate Program Director, SAUSHEC Anesthesiology Residency) on Aug. 18, 2016: We do annual training with Wilford Hall and their research division to assist our residents in learning certain procedures. I dont have any specific POC information. I believe its the same folks that provide the training for the ED residents. (Please see attachment for original e-mail thread.) Thusly, I was instructed to direct my request to the Lackland Air Force Base FOIA Office. Period: January 1, 2013 to present Scope: 1. 59th Medical Wing Institutional Animal Care and Use Committee (IACUC) protocol(s) and protocol reviews related to the use of live animals for training emergency medicine residents. 2. 59th Medical Wing IACUC protocol(s) and protocol reviews

				<p>related to the use of live animals for training anesthesiology residents. 3. Photographs and/or video footage related to items 1 and 2. The Physicians Committee is a non-profit organization that promotes effective, ethical, and compassionate scientific research, including promoting alternatives to the use of animals is research, testing, and education. We request that you waive any fee, including search and duplication costs, pursuant to 5 U.S.C. § 552(a)(4)(A)(iii) and 32 C.F.R. § 286.28(d)(1). A fee waiver is appropriate when the agency determines that waiver or reduction of the fees is in the public interest because furnishing the information is likely to contribute significantly to public understanding of the operations or activities of the Department of Defense and is not primarily in the commercial interest of the requester. 32 C.F.R. § 286.28(d)(1). The purpose of this FOIA request is to determine how the Department of Defense carries out its own regulations. Therefore, a fee waiver should be granted as 1) it is in the public interest because furnishing the information is likely to contribute significantly to public understanding of the operations or activities of the Department of Defense and 2) it is not in the Physicians Committees commercial interest. See 32 C.F.R. § 286.28(d)(1). If you need any further information about this request, please do not hesitate to e-mail or call. Thank you for your assistance. Sincerely, Christine Kauffman (Date Range for Record Search: From 01/01/2013 To 12/12/2016)</p>
2017-00894-F	Mitchell, Jon		01/05/2017	<p>This is a request under the Freedom of Information Act. I hereby request the following records: all environmental surveys for Kadena Air Base, Japan, including but not limited to preliminary assessments, site investigations and inspections, remedial investigations and feasibility studies. Please note the time frame for the documents I am requesting via this request is from 2001 to 2016. I am making this request as a representative of the media; I am requesting a fee waiver and expedited processing. This (alleged) activity is an imminent threat to the health of service members. Recently, levels of PFOS contaminants were found in Okinawan water supplies above EPA advisory levels. These contaminants are</p>

					believed to originate from military bases on Okinawa. I believe this fulfills the provision that lack of expedited treatment could reasonably be expected to pose an imminent threat to life or physical safety of an individual. Moreover, there is widespread and exceptional media interest in which there exist possible questions about the governments integrity affecting public confidence. In the event that fees cannot be waived, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.

2017-01156-F	Puck, Christopher	Kern County District Attorney's Office	01/10/2017	01/10/2017	All reports and evidence related to the rape and criminal threats investigation of suspect (b)(6) (b)(6) (b)(6) The investigation was conducted by the

				<p>Air Force Office of Special Investigations. File #: 407-C-120-A-29188060721957 and File #: 228-C-134-X2-05863061321556 I need and am requesting: 1) unredacted copies of all reports and statements taken, including any audio recordings of witnesses; 2) any and all pictures taken by investigators or collected in evidence, 3) a copy of all Verizon phone records seized by the investigators, including those which showed (b)(6) (b)(6) threats to the alleged victim (which was collected pursuant to the 228-C investigation.); and 4) a copy of the no-contact order that was issued pursuant to the 407-C investigation and was a subject of the 228-C investigation. Reason for request: Law Enforcement Prosecution I am the deputy district attorney assigned to prosecute (b)(6) (b)(6) for the following charges: 1) Attempted murder, 2) Forcible Rape, 3) Forcible Oral Copulation, 4) Criminal Threats, 5) Felony Domestic Violence Battery, 6) Assault with a firearm, 7) Assault with a deadly weapon (to wit: car), 8) Assault likely to cause great bodily injury, 9-11) Felony Child Endangerment (3 children), 12) False Imprisonment, and 13) Assault with intent to commit rape while personally using a firearm. For these charges, he is facing a maximum of possible sentence of approximately 27 years in prison. It appears that he was accused of raping an individual in March 2006. While that investigation was pending, a no-contact order was issued. The defendant repeatedly violated that no-contact order by threatening the complaining witness with various threats of violence, which was documented in his phone records that your investigators seized. Later the victim recanted her story. I would like a copy of these records to possibly use in the prosecution of (b)(6) because in California, prior bad acts may be used as propensity evidence in domestic violence and sexual assault cases, regardless of conviction. The synopsis of the March 2006 incident is very similar to the current case which involves a different victim. The threats documented in his phone records (as summarized by OSI investigators) seem identical to threats made in this case and in the past. I need the evidence as soon as possible in order to comply with any possibly</p>

2017-01212-F	Bailey, Thomas	-	01/12/2017	04/18/2017	I request to see any and all information from the AFDW/IG which led to the conclusion that my IG complaint was unsubstantiated. Presumably there is communication from AFLOA to AFDW/IG providing information supporting an "unsubstantiated" claim. This relates to IG Complaint 2016-03971. OPR for this request is (b)(6) Email: (b)(6) Comm: (b)(6) DSN: (b)(6) (Date Range for Record Search: From 04/14/2016 To 01/12/2017)
2017-01213-F	Bailey, Thomas	-	01/12/2017	03/21/2017	I request to obtain any and all information used as justification to change the verbiage of the Non Judicial Punishment section of the 3 Oct 2016 edition of "The Military Commander and the Law" which can be seen at this website: (b)(6) (b)(6) (b)(6) The information can be seen on page 76 in the paragraph labeled "Standard of Proof". I have filed repeated IG

					complaints against AFLOA/CC's written decision that the standard of proof in an Article 15 is "Preponderance of the Evidence" yet the AFLOA/CC keeps stating that my claims are unsubstantiated. Despite telling the IG that my complaints are unsubstantiated, the guidance from "The Military Commander and the Law" reinforces my complaints in that although there is no specific standard of proof in an Article 15, NJP is usually neither warranted nor recommended without proof beyond a reasonable doubt. OPR for this publication is the Judge Advocate General's School (b)(6) Maxwell Air Force Base, (b)(6) (b)(6) or (b)(6) (b)(6) (Date Range for Record Search: From 01/01/2016 To 10/03/2017)

					<p>told a lie as to why (b)(1) was getting kicked out of USAF in 2013. I am now trying to know the real reason why (b)(1) went to jail for 30 days and was kicked out. (b)(1) told it was for (b)(1) safety from (b)(1) other co workers but i believe there was more behind why (b)(1) got stuck in a warehouse and was no longer aloud to carry a gun or drive a police car and was pretty much stuck at the ware house being baby sat by (b)(1) first shirt. 2017-01383-F	Parsch, Andreas	-	01/26/2017	03/20/2017	This is a request under the Freedom of Information Act, 5 USC 552. I would like to obtain a summary of all aerospace vehicle MDS designations allocated since 1 April 2015. [NOTE: This request is, to all intents and purposes, identical to several earlier requests of the same kind, except for the later time frame of the requested MDS records.] 1. Why do I want the records? ===== ===== I would like to obtain said records for private, non-commercial research purposes. I maintain a web page, at (b)(6) (b)(6) with all new MDS designations assigned after October 1998. According to paragraph 7.3. of AFI 16-401, 16 May 2014, DOD's official public MDS listing (DOD 4120.15-L, May 2004) will no longer be updated. Therefore I want to continue keeping my own listing up to date, as an easily accessible public reference to unclassified data about current MDS allocations. For

					<p>this purpose, I request the MDS allocation summary since 1 April 2015. 2. Location of the documents ===== The DOD release authority for all current MDS nomenclature records is HAF/A8PE at HQ USAF, Pentagon. This request should therefore be handled by HAF/A8PE. 3. Detailed requirements ===== I want to obtain brief information for every aerospace vehicle MDS assigned after 1 April 2015. The requested information is essentially that which used to be listed in DOD 4120.15-L (+ the date of the record), i.e. - Exact MDS - Manufacturer - Popular name - Engine data (number and type) - Department (AF, Navy, Army, etc.) - Unclassified description - Date of assignment The data should be provided in tabulated form, like the reply for earlier cases. I selected "E-mail" in the "delivery mode" field, and would prefer something easily machine-readable like an XLS spreadsheet or a PDF file. 4. Costs ===== This request should fall into the "Other" category, meaning 2 hours of search, the full review, and 100 pages of copies are free. From the scope of the request it is clear that only the electronic equivalent of a few pages will be returned. The search time for the records should also be limited. Therefore I expect that the fee will not exceed US\$ 25. In fact, for all previous requests of this kind, no fee was charged. Thank you very much for your help. Best regards Andreas Parsch</p>

Any email communication between (b)(6) (b)(6) regarding demotion procedure case and Enlisted Performance Evaluation report for inclusive date period 30 Nov 15 through 30 Jan 16.</p>
<p>2017-01390-F</p>	<p>Fulmer, Brian</p>	<p>20th Air Supt Ops Sqdn</p>	<p>01/27/2017</p>	<p>03/08/2017</p> <p>I am seeking specific unclassified emails pertinent to a SAF IG Reprisal Case. The time period covered is approximately one year. All individuals listed in this request would have been stationed at Ellsworth AFB in 2012/2013, which is the period of interest. First, I am requesting emails between (b)(6) (b)(6) (b)(6), and (b)(6) (b)(6). Specifically, I am interested only in those emails with content that contains these keywords: IG, assignment, assignments, AFPC, Fulmer, Wagon, Wagun, SORTS, Schlichte, pods, PODS, targeting pods, Pensacola, Pcola, Pcola, AETC, or complaint. Second, I am requesting emails between (b)(6) outgoing 28th Operations Group Commander in 2103, and (b)(6) (b)(6) in 2013 same keywords as listed above. Third, I am requesting emails between (b)(6) (b)(6) & (b)(6) (b)(6) and (b)(6) (b)(6) incoming 28th Operations Group Commander also the same keywords as previously stated. Fourth, I am requesting emails between (b)(6) (b)(6) in late 2012, and (b)(6) (b)(6) in 2012 same keywords as previously stated. Finally, I am requesting emails between (b)(6)</p>

					Deputy Commander in late 2012, and (b)(6) (b)(6) n 2012 also the same keywords as previously stated. (Date Range for Record Search: From 09/01/2012 To 09/28/2013)
2017-01391-F	Bailey, Thomas	-	01/27/2017	03/15/2017	I respectfully request to see any electronic or written documentation to/from HAF/JA staff relating to a series of complaints against AFLOA. See below: - Documentation that HAF/JA was advised of the series of IG complaints filed against AFLOA relating to the standard of proof in NJP proceedings. - Any documentation supporting the AFLOA Commanders insistence that the standard of proof in an article 15 proceeding is preponderance of the evidence. - Guidance from HAF/JA relating to the interpretation of the standard of proof in NJP proceedings. - Evidence that AFLOA told HAF/JA that for 27+ years legal advisories to the AFBCMR failed to identify the standard of proof outlined in AFI 51-202. - Evidence that AFLOA told HAF/JA that they have been providing absurd legal advice to the AFBCMR such as case number BC-2014-01339 where they state If the applicant disagreed with the misconduct allegations he could have turned down the Article 15, but he chose not to do so at the time. when it is fully known that an Article 15 proceeding is merely a choice of forum. - Any correspondence directing the AFLOA Commander to violate AFI 90-301 section 3.24 as the AFLOA Commander refused to send me a copy of the referral IG report. - Any guidance possibly explaining how the AFLOA Commander can continue to insist that the standard of proof in an article 15 proceeding is preponderance of the evidence yet the 3 Oct 2016 edition of The Military Commander and the Law states: o If the evidence does not rise to the level of proof beyond a reasonable doubt, NJP is usually neither warranted nor recommended. The second portion of the sentence is underlined. How can this publication underline this portion of the sentence yet that somehow be translated to mean preponderance of the evidence always applies? - Evidence as to why the 2015 SAF/IG opinion that NJP should be governed by proof beyond a reasonable doubt is wrong. - Evidence as to why a 1995 GAO report to Congress was wrong

					in suggesting the Air Force standard of proof in NJP actions is similar to the Armys beyond a reasonable doubt standard. - Evidence as to how the standard of proof outlined in AFI 51-202 complies with the Plain Writing Act of 2010. - Evidence as to how the 31 March 2015 edition of AFI-51-202 is not in violation of AFI 33-360. 2017-01444-F	Nguyen, Ngoc-Loan	-	01/09/2017	02/22/2017	I just reported to my first assignment at USAFA on 22 Sep 15 and was subjected to racial and gender discrimination by my supervisor. 2017-01473-F	Bailey, Thomas	-	01/30/2017	04/05/2017	I request to see specific information relating to the attached IG complaint. Is there documentation that the AFLOA/CC contacted SAF/IG to discuss how/why AFLOA/CC overruled SAF/IG with respect to the standard of proof in Article 15 actions. The attached IG complaint shows where in 2015 SAF/IG, in response to the high profile investigation of the (b)(6) incident at Laughlin AFB, went to great lengths to

					explain that NJP is governed by a higher standard of proof than administrative actions such as LORs. The AFLOA/CC is adamant that the standard of proof in NJP is "preponderance of the evidence" which is absolutely preposterous given the definition from AFI 90-201 and most recently the definition from the publication "The Military Commander and the Law" where, on page 76, the following sentence was added and underlined "If the evidence does not rise to the level of proof beyond a reasonable doubt, NJP is usually neither warranted nor recommended." I am looking for documentation where AFLOA told SAF/IG how AFI 90-201 and The Military Commander and the Law should be interpreted as the opposite of what it states. 2017-01479-F	Bailey, Thomas	-	01/31/2017	-	I request to see any information from either AFLOA or HAF/JA instructing SAF/IG to reverse the findings of a high-profile IG report relating to the "Miley Cyrus" incident at Laughlin AFB. I have attached the final pages from that IG report. The crux of the findings were that the pilots were not entitled to either a NJP or GCM process as the evidence did not "support the beyond reasonable doubt threshold for NJP." This legal advice was provided by the 47 FTW/SJA, 19 AF/SJA, and AETC/SJA. Although I vehemently disagree,

					AFLOA insists that the standard of proof in NJP actions is preponderance of the evidence. This interpretation of the standard of proof negates the findings from the Miley Cyrus investigation by SAF/IG. As a result, this investigation will obviously have to be reexamined. I request to see the information from legal authorities informing SAF/IG of this situation and any actions taken in order to provide due process to the pilots in question. 2017-01484-F	Bailey, Thomas	-	02/06/2017	-	I am seeking information from AFLOA regarding a legal opinion provided to the AFBCMR on 11 Aug 2016 relating to case number BC-2015-05102. This request pertains to the following quote from the legal advice: "The applicant submitted an Inspector General complaint on 22 April 2012, with the 86th Airlift Wing Inspector Generals Office (86 AW/IG). He alleged that the actions of 86 AW/CC and his enforcement of the NJP was arbitrary and capricious. The Secretary of the Air Force Inspector General (SAF/IG) responded on 17 May 2012, explaining that the 86 AW/CCs decision was neither arbitrary nor capricious, applicants due process rights were not stifled, and the actions were vetted through the appropriate channels to ensure legal correctness." I request the following documentation: - How did AFLOA have any knowledge of this IG complaint? - An AFLOA request to SAF/IG to access the content of this IG complaint. - Approval from SAF/IG to release this protected information to AFLOA - I am unaware of a single time over the past 25 years spanning over 27,000 cases where any legal advisory was allowed to introduce evidence. I request documentation approving/allowing this AFBCMR advisory to introduce evidence. - Is it a violation of the UCMJ to have unauthorized access to protected information? 2017-01579-F	Bailey, Thomas	-	02/09/2017	-	The following request relates to AFLOA advice to the AFBCMR on 11 Aug 2016 for case number BC-2015-05102. The legal advice says: Applicant cites Air Force Instruction (AFI) 51-202, Section 3.4, arguing that the actual Standard of Proof definition requires a Proof Beyond a Reasonable Doubt standard for all NJP

					<p>decisions, and subsequent appeals. (b)(7) contends that the plain reading of Section 3.4 clearly articulates that the very highest level of proof should be used in all circumstances. (full stop) Here is what I actually said: The Standard of Proof, per the definition, is clearly very high, and usually the highest level of proof, Beyond a Reasonable Doubt. Only in an unusual situation would one not be entitled to proof Beyond a Reasonable Doubt. (the AFI) is clearly articulating that the very highest level of proof should be used in all circumstances except in an unusual situation. and The definition from AFI 51-202 gives Commanders a tiny amount of flexibility where if a very junior member is accused of a very minor infraction, since in theory the consequences are far less severe and the individual has time to recover from the incident, one can use a fractionally lower Standard of Proof than Beyond a Reasonable Doubt. Clearly there has been some sort of huge mixup. The legal advice to the highest appellate authority in the USAF could not possibly be trying to say that I said (b)(6) contends that the plain reading of Section 3.4 clearly articulates that the very highest level of proof should be used in all circumstances. as that would clearly be a false official statement. Apparently AFLOA/JAJM is in possession of a different version of my appeal. I respectfully request to see the version that only states (b)(6) contends that the plain reading of Section 3.4 clearly articulates that the very highest level of proof should be used in all circumstances. (full stop) and that is apparently missing the 6 page discussion I dedicate to that topic. (Date Range for Record Search: From 08/01/2016 To 08/31/2016)</p>

(b)(6) was part of the 509 MUNS during that time frame and PIF was transferred to 131 MXS where (b)(6) currently works. (Date Range for Record Search: From 07/01/2015 To 12/31/2015)</p>

2017-01581-F	Wylie, Tian		02/09/2017	03/23/2017	Requesting all documents concerning (b)(6) (b)(6) made by (b)(6) (b)(6) Documents being requested include, but are not limited to, all releasable statements/complaints, video/photographs, blotter reports, etc. associated with the report made in October 2016.
2017-01582-F	Bailey, Thomas		02/17/2017		This FOIA request is based upon legal advice from AFLOA/JAJM on 11 Aug 16 to the AFBCMR with respect to appeal BC-2015-05102. AFLOA states the following: "While no specific standard of proof applies to NJP proceedings, including appeals, commanders are counselled to recognize that a member is entitled to demand trial by court-martial, in which case proof beyond a reasonable doubt of each element of every offense by legal and competent evidence is a prerequisite to conviction." I am unable to find that definition in any AFI or any other guidance document. The definition that should have been in effect for this appeal of a 2011 action is: "While no specific standard of proof applies to NJP proceedings, including appeals, commanders should recognize that a member is entitled to demand trial by court-martial, in which case proof beyond a reasonable doubt of each element of every offense by legal and competent evidence is a prerequisite to conviction. Whether such proof is available should be considered before initiating action under Article 15, UCMJ. If such proof is lacking, NJP action is usually not warranted." I respectfully request the source of the AFLOA standard of proof quoted to the highest appellate authority in the Air Force. (Date Range for Record Search: From 08/01/2016 To 08/31/2016)

2017-01636-F	Trevithick, Joseph	War Is Boring (News)	02/14/2017	03/15/2017	Hi, My name is Joseph Trevithick and I am making the following request as an "media" requester. I am a (b)(6) (b)(6), with a proven track record of publishing (b)(6) (b)(6) (b)(6) I am looking to obtain copies of any files contained in the directory (b)(6)

					(b)(6) (b)(6) This directory is listed as parent directory for a picture used on the "C-145A Side Firing Weapon System Demo" slide in a briefing presented by PEO-FW Executive Officer (b)(6) (b)(6) at the 2013 Special Operations Forces Industry Conference on 16 May 2013 (b)(6) (b)(6) On Feb. 14, 2017, US Special Operations Command's FOIA office responded to an identical FOIA request by saying that they were "not the originator of, or Government release authority for, any responsive information pertaining to this request" and that I should send this request to Air Force Materiel Command. Given that recommendation, I think it is most likely that the Air Force Life Cycle Management Center or one of its components would be the most likely originator and release authority. If this directory no longer exists, I ask that Air Force Materiel Command conduct a search for and review of any files that were contained in this directory at the time the briefing was created in 2013. If an exemption applies, however, I ask that AFMC, AFLCMC and/or any other relevant officers please consider exercising their respective discretionary release powers to disclose the records. Additionally, please release all reasonably segregable portions of the records that do not meet an exemption. I am also willing and would prefer to receive any release in an electronic format. Thanks, Joseph Trevithick

2017-01640-F	JOHNSON, SAVANNAH	DEPT. OF VETERANS AFFAIRS	02/14/2017	-	I'm requesting the FOIA because during numerous previous court hearings, (b)(6) was deceitful during some of his testimonies, including when members of his unit were in the galley during

					<p>such proceedings. However, during the most recent Child Support hearing, (b)(6) stated that (b)(6) month deployment to Ramstein AFB, Germany as a flight medic with the 349th AES. (b)(6) only provided the court with his LES which does not show per diem. (b)(6) also provided a copy of his deployment orders. (b)(6) deployment orders show (in block 24) that his per diem is \$128.40, but on the third page it states Per diem is based on the availability of govt quarters and mess for travel to military installations. Per diem would be located on his travel voucher from the dates of 01 August 2016 to 01 March 2017. (b)(6)</p> <p>(b)(6)</p> <p>(b)(6) I am not seeking any financial gain regarding this request. The judge made it clear to both parties that the child support from (b)(6) deployment has been resolved. However, I feel that it is necessary that I provide written confirmation to the judge presiding over future court proceedings that (b)(6) was dishonest under oath. Documentation does not need to have any sensitive information included, I am just requesting written proof rather (b)(6) was paid per diem during (b)(6) deployment (dated from September 2016 to February 2017) or not which should be located on (b)(6) travel voucher. Thank you for your consideration with this request. I look forward to hearing from you in the near future. 2017-01732-F	Blaskovic, Robert	Hydrazine Neutralizing Solutions, Inc.	02/24/2017	04/03/2017	<p>Hill AFB - Air Force Civil Engineering Center conducted an extensive evaluation of ZeenKleen and assessed it for the following potential uses: Cleanup of Hydrazine spills, F-16 maintenance and neutralization of hydrazine that requires disposal. That test data was submitted to the F16 Program Office for review. We are the manufacturer and marketer of ZeenKleen and had previously received an analysis from Hill AFB personnel with total costing for remediation of a 70% hydrazine (H-70) spill in both warm and cold weather. Cost: Our product is significantly less expensive for remediating a comparable spill. Safety: Our product can be poured directly onto a H-70 and will be completely neutralized in 2 hours. It is then completely harmless to both personnel and the environment. This chemistry was confirmed by (b)(6) - Tyndall AFB AFCEC/CXAI. Current USAF F-16 HazMat procedures require diluting H-70 to 3% concentration before Bleach can be added. Without this neutralization, H-70 and Bleach will detonate. ZeenKleen is currently approved for use by NASA KSC for neutralizing 100% hydrazine. ZeenKleen is 100% predictable and calculable with a single application. Current Bleach protocol is simply guessing at the amount of bleach to use with an H-70 spill. Speed: ZeenKleen is complete in about 2hrs. - start to finish. Current USAF HazMat procedures using Bleach can take 12 - 24 man hours. We are requesting a copy of the all test results and reports submitted used in the</p>

					decision making process. Since Hill AFB personnel would not respond to numerous status requests by us regarding testing, we do not have a precise date as to when this work or reports were completed. It had to have occurred sometime between April 8, 2015 (when last met with Hill AF personnel) and August 9, 2016 when (b)(6) office received a response back from (b)(6). If these two histories are combined in a single record, then I am only looking to obtain a copy of the clearly releasable portions of that document. While I am willing to accept only the releasable portions of the document, I ask that US Air Forces in Europe consider exercising its discretionary release powers to disclose as much of the records as possible, including information marked with a sensitive, but unclassified notation such as "Unclassified/For Official Use Only" or U/FOUO. Additionally, please release all reasonably segregable portions of the records that do not meet an exemption. I am also willing and would prefer to receive any release in an electronic format. Thanks, Joseph Trevithick

2017-01848-F	Wetmore, Benjamin	Visual Change Project	03/06/2017	03/23/2017	Dear Sirs, I am interested in the Convair NB-36H plane, part of the Convair X-6 program. The NB-36H apparently flew from 1955-1957. The overall X-6 program existed from 1946-1961. I have requested a larger date range in case those dates are incorrect. The plane was at one point also designated an XB-36H. I believe the plane's serial number may have been 51-5712. Specifically, I am requesting: 1) An index of any documents, videos, maps, and photos related to the plane and the test flights of the plane for the program. 2) Any oral histories or testimonials from plane or program participants, ideally on video. 3) Videos of the NB-36H taking off, in flight, and landing. 4) Any plane overview status reports, reports, or memos indicated by their titles to be an overall-project report, other than the February 1963 Report to Congress from the Comptroller General of the United States. If there are materials that are not easily transferable, such as video, I would be willing to make a trip to the location of the files to coordinate their transfer. Thank you for your attention to this matter, Benjamin Wetmore (Date Range for Record Search: From 01/01/1945 To 01/01/1965)

2017-01892-F	Paulin, David	-	03/08/2017	03/20/2017	<p>This is a Freedom of Information Act request. I am seeking the release of a 60-year-old aircraft accident report under an amended section of Exemption 5 a section containing a new sunset provision. It clarifies that Exemption 5's deliberative process privilege shall not apply to records created 25 years or more before the date on which the records were requested. Specifically, I am requesting the full accident report (including testimony) pertaining to the crash of an Air Force T-33 jet trainer piloted by (b)(6) (b)(6), over Kings Canyon National Park in California. The jet went down while on a cross-country flight from Oakland, California, to Craig Air Force Base near Selma, Alabama. I should note that prior to the promulgation of Exemption 5's sunset provision, I had filed an FOIA request regarding this accident report (FOIA # 2015-03851-F). And after receiving that highly redacted report which failed to reveal the thinking of accident investigators regarding the accident's top probable cause I subsequently filed an appeal (appeal# 2015-00162-A) and received a negative response to that appeal. That appeal, incidentally, included a privacy waiver from the family of the deceased (b)(6) (b)(6). They believe the release of the report's redacted sections will help clear (b)(6) (b)(6) forward to your response regarding the release of this accident report under Exemption 5's new sunset provision. Sincerely, David Paulin (Date Range for Record Search: From 05/09/1957 To 05/09/1958)</p>

2017-01936-F	Dillard, Liza	Air Force Inspection Agency	03/09/2017	-	I am looking for a record of the disposition of organizational mottos when the Air Force Inspection and Safety Center (AFISC) split into what is now the Air Force Inspection Agency (AFIA) and the Air Force Safety Center (AFSC) both located at Kirtland AFB. Specifically I'm looking for documentation as to whether or not AFIA retained the motto, "Strength through Vigilance." It is the desire of both orgs to add "motto type" wording in conjunction with the names of the agencies' names listed on the shared building's outer fascia. We were wondering if we were permitted to create a new motto or if, AFIA specifically, is tied to the original motto. The organizations were split in August of 1991. This is the only place I could find to make this type of request, I apologize if it is not that right venue. Page 11 of Attachment I of the permit renewal application states: Attachment J presents the air dispersion modeling results showing that NMAAQs and NAAQS are not exceeded by the open detonation unexploded ordnance at the HAFB OD Unit. However, Attachment J of the application actually addresses corrective action at the site. I would like to request a copy of the air dispersion modeling report developed for the renewal application. I did not find it within the application. I am an Environmental Professional with Los Alamos National Security, LLC working on the applications for the Los Alamos National Laboratorys open burning and open detonation units and I am interested in reading about the dispersion model that was used at Holloman Air Force Base and the applicable emissions factors that were chosen for the model assessment. Please let me know if you have any questions about this request. Thank you in advance. -- Luciana Lucia na Vigil-Holterman Environmental Professional. EPC-CP Los Alamos National Laboratory (b)(6)
