2018-03966-F	Trevithick, Joseph	The War Zone	10/10/2018	Hi, My name is Joseph Trevithick and I am making the following request as an "media" requester and I am willing to pay fees up to \$25. I am a freelance journalist and researcher working for multiple outlets, with a proven track record of publishing (for example: <a href="http://www.thedrive.com/the-war-zone/8224/heres-what-really-happened-when-u-s-marines-brought-f-35bs-to-red-flag">http://www.thedrive.com/the-war-zone/8224/heres-what-really-happened-when-u-s-marines-brought-f-35bs-to-red-flag</a> ) or supporting publication (see: <a href="https://medium.com/defiant/wondering-what-u-s-spy-agencies-think-of-donald-trump-105cfb8bbf7d#.t2dtnixy3">https://medium.com/defiant/wondering-what-u-s-spy-agencies-think-of-donald-trump-105cfb8bbf7d#.t2dtnixy3</a> ). If there estimated fees exceed the stated dollar amount, please let me know before you proceed with this request. I am looking to obtain copies of any Status of Resources and Training System (SORTS) Designed Operational Capability (DOC) Statement (Air Force Form 723) that would have been applicable to the 30th Reconnaissance Squadron and the 732nd Operations Group, Detachment 1, as of Jan. 1, 2013. If an exemption applies to the information in any of these documents, I ask that the 432nd Wing please consider exercising its discretionary release powers to disclose the records. Additionally, please release all reasonably segregable portions of the records that do not meet an exemption. I am also willing to accept and would prefer any release be in an electronic format if possible. Thanks in advance, Joseph Trevithick
2018-03983-F	Turse, Nick	The Nation Magazine	10/10/2018	Dear FOIA Officer: Pursuant to the federal Freedom of Information Act, 5 U.S.C. Â§ 552, I request any nominations packets, award citations and/or supporting information for the most recent Facility of the Year Award. I request you search all electronic and paper-based records systems and databases for these materials and provide any/all of these records in electronic format if possible. I also request a cross-reference search. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." Also, under "FOIA Improvement Act of 2016" "each agency, in accordance with published rules, shall make available for public inspection in an electronic format ... copies of all records, regardless of form or format .... that have been requested 3 or more times." This clause is within (a)(2), which has no provision whatsoever for fees. The statute explicitly says "requested", not "provided." If my request is rejected, I will file two additional requests so that it will meet the requirements of the statute. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$ .01. 2018-04393-F	White, Gloria	-	11/02/2018	Modified Request: We want the Annual Command Histories for SAC which cover the 1990-1992. These should be three separate annual historical narratives, usually consisting of 2-3 volumes or more for each year. (For your ready reference below are two excerpted examples of portions of earlier SAC Command Histories of the type which we are requesting.) If these Command History volumes include NAFs and Wings, etc., then yes, we want all. However, if the NAFs and Wings referred to in your query are separate individual volumes of their histories prepared at the NAFs and Wings levels, then no, we just want the synthesized command history. Please narrow the scope of your search and omit this portion of our request. I trust the above lends further clarity. We kindly ask, as in our initial request, that you disclose any records on an interim basis as they become available to you, without waiting until all the documents have been processed. Please advise if you need anything further to continue processing this request. I request you search all electronic and paper-based records systems and databases for these materials and provide any/all of these records in electronic format if possible. I also request a cross-reference search. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." Also, under "FOIA Improvement Act of 2016" "each agency, in accordance with published rules, shall make available for public inspection in an electronic format ... copies of all records, regardless of form or format .... that have been requested 3 or more times." This clause is within (a)(2), which has no provision whatsoever for fees. The statute explicitly says "requested", not "provided." If my request is rejected, I will file two additional requests so that it will meet the requirements of the statute. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$ .01. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a member of the news media and this information is of timely value, I would appreciate your communicating with me by email, rather than by mail, if you have questions regarding this request. Please do not close this request, for any reason, unless I explicitly request it in writing. 2019-00160-F	McAuliff, Molly	-	10/09/2018	This is a FOIA request. I'd like to see the video footage of Room 17 in CDC East from 1130-1200. (b)(6) has been not wanting to be dropped off in his new room for some time (he transitioned in July) and I am worried he is having some bad experiences. He always used to be excited about going to school. On Friday 7 Sep 18 around 1200, I came to pick him up early and he was crying hysterically. The teachers said he might be hungry or tired but in my experience it wasn't a hungry or tired cry. I wanted to see the tapes from 1030-1100 to see why he was crying. We love staff and our time at the CDC thus far but as a parent when my gut says something seems off I need to look into it. I don't want to accuse anyone of child abuse without seeing what the real cause of his distress. That is why I would like to view the tape. I am willing to pay the fee. 2019-00185-F	Turse, Nick	The Nation Magazine	10/10/2018	Dear FOIA Officer: Pursuant to the federal Freedom of Information Act, 5 U.S.C. Â§ 552, I request any nominations packets, award citations and/or supporting information for the most recent Facility of the Year Award. I request you search all electronic and paper-based records systems and databases for these materials and provide any/all of these records in electronic format if possible. I also request a cross-reference search. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." Also, under "FOIA Improvement Act of 2016" "each agency, in accordance with published rules, shall make available for public inspection in an electronic format ... copies of all records, regardless of form or format .... that have been requested 3 or more times." This clause is within (a)(2), which has no provision whatsoever for fees. The statute explicitly says "requested", not "provided." If my request is rejected, I will file two additional requests so that it will meet the requirements of the statute. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$ .01. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a member of the news media and this information is of timely value, I would appreciate your communicating with me by email, rather than by mail, if you have questions regarding this request. Please do not close this request, for any reason, unless I explicitly request it in writing. I look forward to your reply within 20 business days, as the statute requires, and request, per 5 USC § 552(a)(7)(B)(ii), that you provide me with an estimated date of completion at the same time and every 20 days thereafter. Thank you for your assistance.

2019-00191-F	Turse, Nick	The Nation Magazine	10/11/2018	Pursuant to the federal Freedom of Information Act, 5 U.S.C. Â§ 552, I request copies of all decoration citations and nominations packets, sometimes referred to as recommendation packages, associated with Colonel Julian C. Cheater's Aerial Achievement Medal(s) and eight oak leaf clusters and/or Air Force Commendation Medal and one oak leaf cluster. I request you search all electronic and paper-based records systems and databases for these materials and provide any/all of these records in electronic format if possible. I also request a cross-reference search. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." Also, under "FOIA Improvement Act of 2016" "each agency, in accordance with published rules, shall make available for public inspection in an electronic format ... copies of all records, regardless of form or format .... that have been requested 3 or more times." This clause is within (a)(2), which has no provision whatsoever for fees. The statute explicitly says "requested", not "provided." If my request is rejected, I will file two additional requests so that it will meet the requirements of the statute. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$ .01. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a member of the news media and this information is of timely value, I would appreciate your communicating with me by email, rather than by mail, if you have questions regarding this request. Please do not close this request, for any reason, unless I explicitly request it in writing. I look forward to your reply within 20 business days, as the statute requires, and request, per 5 USC § 552(a)(7)(B)(ii), that you provide me with an estimated date of completion at the same time and every 20 days thereafter. As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$ .01. If my request is denied in whole or

				part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a member of the news media and this information is of timely value, I would appreciate your communicating with me by email, rather than by mail, if you have questions regarding this request.

A while back, you located and sent two AEDC TR's that I requested which were AEDC-TR-157 and AEDC-TR-68-244. With that in mind, I would think that the reports would be clearly releasable. Amendment to FOIA Request: I've received notification on October 22, 2018 from (b)(6) of the Defense Technical Information Center (DTIC) that you were provided the incorrect technical report number from DTIC for AEDC TR-68-107 July 1968 (AD383888L) Performance of the YJ97-GE-3 Turbojet engine (S/N 005/2) at Simulated High Altitudes. Per (b)(6) the correct technical report number is "AD00391683," however, please note, it was later updated and replaced with a new technical report number "AD0391684." 2019-00469-F	Turse, Nick	The Nation Magazine	10/24/2018	Dear FOIA Officer: Pursuant to the federal Freedom of Information Act, 5 U.S.C. Â§ 552, I request from 551st Special Operations Squadron a copy of the MQ-9 simulator classified database. I request you search all electronic and paper-based records systems and databases for these materials and provide any/all of these records in electronic format if possible. I also request a cross-reference search. I also request that you state the specific legal and factual grounds for withholding any documents or portions of documents, should you withhold any. Please identify each document that falls within the scope of this request but is withheld from release. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$ .01. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a member of the news media and this information is of timely value, I would appreciate your communicating with me by email, rather than by mail, if you have questions regarding this request.

2019-00478-F	Borst, Meri	Department of Human Services	10/24/2018	I submit this request pursuant to the Freedom of Information Act. I request the home address of the individual identified above. As the head of a government agency engaged in a civil and/or criminal law enforcement activity in this matter, as authorized by state law, I believe that the requested disclosure constitutes a routine use of this information from the member's personnel records. Additionally, I believe this information is generally releasable in this case under FOIA, notwithstanding the Privacy Act. I am acting in my capacity as the head of a public law enforcement agency on a matter involving the establishment and enforcement of this member's child support obligation, and I require a home address to fully discharge my responsibilities under state law. The public interest in disclosure to achieve child support enforcement outweighs the member's privacy interests, and therefore the release would not constitute an unreasonable invasion of privacy. A public agency seeks the information. It will not be used for commercial purposes or for anyone's commercial gain. In view of this fact, and since the search should not require more than two hours and fewer than 100 pages are being requested, I assume that there are no fees charged for the search and any reproduction. If fees must be assessed, please notify me so I can make appropriate arrangements. I certify that I am authorized by law to collect this information. Please

				send your response to my attention at the letterhead address. If you need any further information in order to process this request, please call me at (b)(6) or email me at (b)(6) @co.laplata.co.us.

2019-00516-F	Kisielewski, Dominic	Maruta Law firm	10/29/2018	**Main request with supporting documents included as attachment under "Description Document" The desired recipient of this FOIA request is the Eglin AFB. This request is an updated version with more information of a previous FOIA request (case number 2018-00004-F) that was processed at Eglin AFB but provided no results. With regard to this request, I am interested in any records relating to delays in 2016 deliveries of the AIM-120C Captive Air Training Missiles (CATM-120C) (NSN 6920-01-419-2214 / Part Number 3819513-101 / USML Category IX(a(2)) ) to both the US Air Force (which has an ongoing multi-year contract for CATM's dating to 2013-14) and its international partners (specifically the Polish Air Force) by two producers: Marvin Engineering Co., Inc. and BK Engineering (currently known as B-K Manufacturing Co., Inc. or by its trade name: BK Aerospace). The delay was due to the obsolescence of the materials utilized in the missiles' Harness Covers (Part Number 3824910-6), potentially known as a "Wiring Harness Covers," requiring the U.S. government to approve new material to replace the obsolete material. The following is a timeline of events relating to the material obsolescence issue: 1. In early Q1 2016, Raytheon, the manufacturer of the Harness Covers, started looking for a replacement material; 2. In Q2 2016, Raytheon discontinued production of the 5250 molding compound used for the Harness Covers; 3. At some point in March 2016, Raytheon submitted a material qualification report with the proposed replacement material for the now obsolete Harness Cover material; 4. In May 2016, Warner Robins Air Force Base was investigating potential additional supplier sources for the Harness Cover, based on an inquiry apparently made through the Defense Logistics Agency (DLA); 5. Around Aug 2016, an Engineering Change Order for the change in materials to the Harness Cover was issued and circulated at Eglin Air Force Base; 6. In late Dec 2016, the US government qualified the Harness Cover replacement material; 7. Around 1 Jan 2017, Raytheon obtained approval for the new material; 8. In late April 2017, the new Harness Covers became available. Since the original FOIA request, I have filed three more FOIA requests to the following entities: • Robins Air Force Base (case number 2018-03046-F): Denial response because of the presence of information that is "privileged, commercial, or financial information voluntarily submitted outside the Air Force with the expectation of confidentiality and not otherwise customarily released to the public." I am currently appealing under the theory of reasonably segregable portion under 32 CFR § 806.19. I believe these documents are contracts and that a redaction should render the records releasable. • Defense Technical Information Center - R (case number: FOIA 2018-154): Response with nothing concrete. • Defense Logistics Agency - Aviation (case number: DLA-AVIA-2018-005065): Request still being processed. 2019-00572-F	Colfield-Sherrill, Linda	-	10/30/2018	I am requesting unclassified records you have regarding the August 5, 1950 Fairfield-Suisun B- 29 bomber crash and explosion under the Freedom of Information Act. A Superfortress bomber carrying a Mark 4 nuclear bomb, without the fissile pit, crashed shortly after takeoff and burst into flames. About 20 minutes after the crash, the high explosives in the bomb detonated, spreading wreckage and burning fuel over a 2-square mile area. Many people were killed. Some people were admitted to the hospital while another 124 were treated for minor injuries. (b)(6) (b)(6) was standing close enough to the explosion and blast to get knocked down and hit with some shrapnel. I filed a claim for PTSD for him in 2011 because of this incident and it was approved. He passed away (b)(6) disease. I'm sure all of the toxins and depleted uranium he inhaled and was exposed to would have damaged his lungs. I want to file a DIC claim and am looking for any records you have that show detectable levels of depleted uranium at the crash site or any other public health assessments. The Air Force did not tell the truth about the 1950 crash involving a nuclear bomb until 1994, so I am looking for any unclassified records you may have regarding toxins the veterans and civilians close to the crash site were exposed to at the time of the crash and explosion. I have researched and printed almost everything I can find on line about this incident. So I am looking for records that I would NOT be able to find on the internet. I will pay any applicable processing fees for new information. Thank you for your help with this matter. (Date Range for Record Search: From 8/5/1950 To 8/6/1950)

I request you search all electronic and paper-based records systems and databases for these materials and provide any/all of these records in electronic format if possible. I also request a cross-reference search. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." Also, under "FOIA Improvement Act of 2016" "each agency, in accordance with published rules, shall make available for public inspection in an electronic format ... copies of all records, regardless of form or format .... that have been requested 3 or more times." This clause is within (a)(2), which has no provision whatsoever for fees. The statute explicitly says "requested", not "provided." If my request is rejected, I will file two additional requests so that it will meet the requirements of the statute. As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$ .01. As I am making this request as a member of the news media and this information is of timely value, I would appreciate your communicating with me by email, rather than by mail, if you have questions regarding this request. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$ .01.

2019-00752-F	Turse, Nick	The Nation Magazine	11/13/2018	Pursuant to the federal Freedom of Information Act, 5 U.S.C. Â§ 552, I request copies of citations of Meritorious Service Medals and Air Force Commendation Medals with the R device awarded retroactively from January 7, 2016 onward but presented after July 1, 2018. I request you search all electronic and paper-based records systems and databases for these materials and provide any/all of these records in electronic format if possible. I also request a cross-reference search. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." Also, under "FOIA Improvement Act of 2016" "each agency, in accordance with published rules, shall make available for public inspection in an electronic format ... copies of all records, regardless of form or format .... that have been requested 3 or more times." This clause is within (a)(2), which has no provision whatsoever for fees. The statute explicitly says "requested", not "provided." If my request is rejected, I will file two additional requests so that it will meet the requirements of the statute. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$ .01. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a member of the news media and this information is of timely value, I would appreciate your communicating with me by email, rather than by mail, if you have questions regarding this request. Please do not close this request, for any reason, unless I explicitly request it in writing. I look forward to your reply within 20 business days, as the statute

2019-00905-F	Deshotel, Edwin	-	11/27/2018	Good evening, On September 19, 2014 I was accused of domestic violence within my household. I was arrested on the spot and transferred to the police station on Kadena AFB with no questions asked (b)(6) stated that nothing had occurred and no charges were to be pressed I also requested the same. My commander then gave me a 3 week no contact order. The case was then reviewed by the Base Commander and his staff and I was found innocent and to be cleared of everything. We then attended family marriage counseling shortly after. I was just accepted into the Nursing program and when my background check came back it showed the assault charge still pending on my account from over 4 years ago today. I contacted Kadena AFB legal and they said in order for the disposition to begin I need to submit this form and wait up to 20 days. I would greatly appreciate it if this case was removed and cleared so I can pursue my career. Thank you kindly, Edwin Deshotel (Date Range for Record Search: From 09/01/2014 To 11/26/2018)

2019-00938-F	De Benedetto, Tamra	AF - 42nd FSS - Maxwell AFB	11/28/2018	I filed a complaint with IG (included many complaints in one). Multiple handwritten complaints along with e-mail documents, text messages, form 102 and items pertaining to the case were submitted. In a rush, I failed to make copies for my personal records. I am not requesting any notes or remarks, analysis from others - I am simply requesting copies of the documents I submitted specific to the IG case - they were delivered to IG in sections based on each allegation. IG officially provided the case to our Installation Commander on 7 NOV. I am simply requesting a copy of all IG documents (hand written, e-mails, text messages, form 102) provided to IG from me. I am willing to pay for the copies and postage. I certainly do not want this lost in mail. I am also open to receiving this via e-mail (I am concerned with the number of pages the challenges of it going through). I do not want to cause unnecessary work or additional work for anyone, I am simply requesting a copy of all documents I provided to IG pertaining to my case. I can be reached on my personal cell at (b)(6) if there are questions. I am happy to work with anyone in what makes the most sense and what would be easiest. I am willing to cover the cost of the documents and the shipping. **The actual date I submitted to IG would have been between 24 SEP and 5 OCT. However, due to the nature of the IG complaint, I know it was officially provided to the Installation Commander on 7 NOV - so I am unsure what the system will have as the dates. From my initial understanding I was not a subject of an EO complaint yet an MFR dated 06 Sep 18 states "EO complaint filed against (b)(6) by ULB Flight member". 334 TRS/CC directed an informal morale check of the flight in October 2017 to which allegation(s) were unsubstantiated of unfair work practices. 2019-01087-F	BORJA, PHILLIP	AFN Europe	12/11/2018	I need to clear a JPAS issue, and here is the information pertaining to this issue. Around the end of November, I was on leave in 2013 for Thanksgiving. I had a bad cut on my gums, so I went to the ER in South Carolina. The doctor prescribed me the Oxycodone that I had come up on the urinalysis. When I returned to Las Vegas, NV from leave, the medicine bottle explained to use as needed for pain. So understanding that statement, I only took the medicine when it was painful. I believe during the Nellis AFB Office of Special Investigation (OSI) interrogation, they explained I took the medicine out of the expiration date and that I did not have an actual prescription for the Oxycodone. I was in full cooperation with the OSI personnel until they started to question my integrity as a person and Non-Commissioned Officer (NCO) in the Air Force. That is when I asked for a lawyer and I took my issue to the Area Defense Counsel. Shortly after seeking their help my lawyer gathered the necessary evidence and brought it to the attention of the OSI section that handled my issue. I was able to show the Tricare Quick Scripts letter that I received showing the issuance of the Oxycodone from the doctor in South Carolina. After all that was said and done, I thought this was cleared off my record and until 07/11/2018, I never heard anything of this matter. I received an e-mail from our chief of security at Defense Media Activity (b)(6) explaining that this flagged in his system as showing active on my record. Since then I have contacted the Ramstein AB Area Defense Counsel for guidance. I know that I did not commit any crime or abuse any prescription drug. I would like this issue wiped from my record so that it does not pose any further problems in any future career(s). (Date Range for Record Search: From 11/01/2013 To 02/01/2014)

2019-01208-F	Parsch, Andreas	-	12/17/2018	This is a request under the Freedom of Information Act, 5 USC 552. I would like to obtain a summary of all public aerospace vehicle MDS designations. [NOTE: This request is, to all intents and purposes, identical to the result of my request 2017-01383-F (January 2017). This resulted in an Excel spreadsheet file containing all non-classified data for allocated MDS designators. Effectively, I'd like to obtain an up-to-date version of this data.] 1. Why do I want the records? ===== I would like to obtain said records for private, non-commercial research purposes. I maintain a web page, at URL <a href="http://www.designation-systems.net/usmilav/412015-L(addendum).html">http://www.designation-systems.net/usmilav/412015-L(addendum).html</a> , with all new MDS designations assigned after October 1998. According to paragraph 7.3. of AFI 16-401, 16 May 2014, DOD's official public MDS listing (DOD 4120.15-L, May 2004) will no longer be updated. Therefore I want to continue keeping my own listing up to date, as an easily accessible public reference to unclassified data about current MDS allocations. For this purpose, I request a full list of unclassified records in the MDS designator database. Preferred format is an "Excel" compatible spreadsheet, XLS or XLSX format (the same as was sent as response to my request 2017-01383-F). 2. Location of the documents ===== The DOD release authority for all current MDS nomenclature records is HAF/A8PE at HQ USAF, Pentagon. This request should therefore be handled by HAF/A8PE. 3. Detailed requirements ===== I want to obtain brief information for every unclassified aerospace vehicle MDS designator currently stored in the DOD database. The requested information for each MDS is essentially that which used to be listed in DOD 4120.15-L (+ the date of the record), i.e. - Exact MDS - Manufacturer - Popular name - Engine data (number and type) - Department (AF, Navy, Army, etc.) - Unclassified description - Date of assignment The data should be provided in tabulated form, like the reply for earlier cases. I prefer something easily machine-readable like an XLS or XSLX spreadsheet or a PDF file. 4. Costs ===== All previous requests of similar or identical nature resulted in no costs, so I expect this to be also the case for the current request. For formal purposes, I quote a maximum fee which I'm willing to pay of US\$ 25. Thank you very much for your help. Best regards Andreas Parsch

2019-01332-F	Turse, Nick	The Nation Magazine	12/28/2018	Dear FOIA Officer: Pursuant to the federal Freedom of Information Act, 5 U.S.C. Â§ 552, I request a copy of the citation for the Air Force Achievement Medal awarded to (b)(6) an Integrated Avionics Craftsman with the 324th Expeditionary Reconnaissance Squadron, NAS Sigonella, for "outstanding achievement 30 November 2017 to 7 April 2018" that was awarded on 4 April 2018. I request you search all electronic and paper-based records systems and databases for these materials and provide any/all of these records in electronic format if possible. I also request a cross-reference search. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." Also, under "FOIA Improvement Act of 2016" "each agency, in accordance with published rules, shall make available for public inspection in an electronic format ... copies of all records, regardless of form or format .... that have been requested 3 or more times." This clause is within (a)(2), which has no provision whatsoever for fees. The statute explicitly says "requested", not "provided." If my request is rejected, I will file two additional requests so that it will meet the requirements of the statute. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$ .01. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a member of the news media and this information is of timely value, I would appreciate your communicating with me by email, rather than by mail, if you have questions regarding this request. Please do not close this request, for any reason, unless I explicitly request it in writing. I look forward to your reply within 20 business days, as the statute requires, and request, per 5 USC § 552(a)(7)(B)(ii), that you provide me with an estimated date of completion at the same time and every 20 days thereafter. Thank you for your assistance.
