Request an audit review of funds paid to individuals who were directly employed with the AFW2 either through OPM (GS employees) or contract personnel and participated as an athlete while being employed as a staff member of the AFW2. AFW2 staff members also attended previous Air Force trials and Air Force DoD Warrior games as an athlete while being employed as AFW2 staff. Request verification that taxpayer dollars were not paid twice (by their employer and by funds allocated specifically to participating warriors (per diem) to those individuals. 2017-03506-F	Trevithick, Joseph	The War Zone	07/11/2017	Hi, My name is Joseph Trevithick and I am making the following request as an "media" requester. I am a freelance journalist and researcher working for multiple outlets, with a proven track record of publishing (for example: <a href="https://warisboring.com/the-pentagon-doesn-t-know-how-many-civilians-it-has-killed-in-iraq-and-syria-535f6f3032ce#.d66r5d55t">https://warisboring.com/the-pentagon-doesn-t-know-how-many-civilians-it-has-killed-in-iraq-and-syria-535f6f3032ce#.d66r5d55t</a> ) or supporting publication (see: <a href="https://medium.com/defiant/wondering-what-u-s-spy-agencies-think-of-donald-trump-105cfb8bbf7d#.t2dtnixy3">https://medium.com/defiant/wondering-what-u-s-spy-agencies-think-of-donald-trump-105cfb8bbf7d#.t2dtnixy3</a> ). I am looking to obtain a copy of the clearly releasable portions only from the most recent annual or otherwise regular command history for the 711th Human Performance Wing, regardless of what time period it covers. While I am willing to accept only the releasable portions of the document, I ask that the 711th Human Performance Wing consider exercising its discretionary release powers to disclose as much of the records as possible, including information marked with a sensitive, but unclassified notation such as "Unclassified/For Official Use Only" or U/FOUO. Additionally, please release all reasonably segregable portions of the records that do not meet an exemption. I am also willing and would prefer to receive any release in an electronic format. Thanks in advance, Joseph Trevithick

2017-03543-F	Wittwer, Bernice	-	07/11/2017	REQUESTER SEEKS: I request that a copy of the following document be provided to me: A copy of the statement that I made to the OSI at Kadena Air Base on or about October 12, 2016. On or about October 12, 2016, I went to the OSI at Kadena Air Base and met with Agent (b)(6) an agent that was assigned to (b)(6) There was a second agent present, however, I am unable to remember his name. I had information regarding the missing person's case of (b)(6) an Air Force spouse who went missing from the island in October 2011. During my meeting with Agent (b)(6) I told him everything I knew and remembered while the second agent took notes. After we spoke, the agents left the room and I wrote a multi-page (two pages), handwritten statement. My statement included everything that I did at the Zanpa lighthouse the night before (b)(6) car was found and that neither (b)(6) nor any shoes were there just a few hours prior to (b)(6) car being found. I also listed everything that didn't make sense to me and continues to bother me about (b)(6) case. I also listed seven detailed

				things that I think should be looked at if they haven't been already. After completing my written statement, Agent (b)(6) had me draw lines, sign and initial my statement and asked me if I wanted a copy of my statement. At the time, I declined but later realized that it would actually be good to have a copy to keep for my records. During the week of January 27, 2017, I called the OSI twice and left messages trying to get a copy of my statement. On February 2, 2017, I spoke with Agent (b)(6) and (b)(6) would get some answers for me and call me back. Agent (b)(6) called me back and asked me what I was calling about. When I said that I was calling to get a copy of my statement that he had asked if I wanted when I made my statement, he told me that I hadn't given a written statement, that I had only come in and spoken with him. I told him that I most certainly had made a written statement. I told him that it was multiple pages and had taken me over an hour to write. He then said that he had never said such a thing and that if I wanted a copy I would have to file a FOIA in order to get a copy of my statement. (b)(6) wasn't even sure if there was a copy of my statement in the file, which, if is true, I find egregiously negligent. I am requesting a copy of the statement that I wrote and gave to Agent (b)(6) of the Air Force OSI at Kadena Air Base on or about October 12, 2016, in regard to (b)(6) and the missing person's case. In order to help determine my status for purposes of determining the applicability of any fees, you should know that I am the person that made the statement that I am requesting. I want a copy of my statement for my personal records and to provide the most accurate information possible to the public. I am seeking this for personal use and not for commercial use. I am willing to pay fees for this request up to a maximum of \$30.00. If you estimate that the fees will exceed this limit, please inform me first. I request a waiver of all fees for this request. Disclosure of the requested information to me is in the public interest because it is likely to contribute significantly to public understanding of the disappearance of (b)(6) and (b)(6) missing person's case and is not in my commercial interest. I plan to share this with the media, as I have some interest from outlets and this would challenge the Air Force's narrative of what happened in the case.

The release of such information is in the public's interest. As an officer in the United States Air Force, and especially in his former role as a squadron commander, (b)(6) is an official who held a considerable amount of authority. As a result, his possible actions that apparently led to his removal from that position of authority are of interest to the taxpayer, other members of the military, and the public at large. In Chang v Department of Navy, Judge Paul Friedman of the U.S. District Court of the District of Columbia ruled that the privacy exemption to the Freedom of Information Act cannot be invoked if the public's interest in information outweighs any privacy interests protected under Exemption 6, and such information would therefore be releasable. Judge Friedman also ruled that section 552a(b) of the Privacy Act holds that an individual's records can be released without that person's consent under certain circumstances, such as for disclosures required under the Freedom of Information Act. Furthermore, former President Obama said the Freedom of Information Act "should be administered with a clear presumption: In the face of doubt, openness prevails. The Government should not keep information confidential merely because public officials might be embarrassed by disclosure, because errors and failures might be revealed, or because of speculative or abstract fears." For all those reasons, there is ample precedent for releasing the investigation into and actions taken against (b)(6) (Date Range for Record Search: From 07/01/2016 To 07/13/2017)

2017-03680-F	Tomlinson, Suzanne	319 MGD/MDSS/SGST	07/25/2017	Requesting all documents related to CDI regarding (b)(6) that was conducted at the behest of Col Therese Bohusch. Request includes but is not limited to emails, recorded conversations, transcripts, minutes, statements, amended statements, audits, notes regarding CDI, the letter with attachments that was submitted to (b)(6) by Col Bohusch on or before 17 July 2017 and any correspondence regarding (b)(6) protected health information,

				any derogatory letters and emails from previous MDG/CCs and other MDG staff members. The CDI was conducted at the behest of the MDG/CC as she received a list of allegations from the 319 ABW Legal Office. During the interview between Col Therese Bohusch and (b)(6) raised concerns that were not listed on the attached form. The concerns were regarding the release of (b)(6) being released to her AD (b)(6) squadron CC by (b)(6) former MDSS/CC and the release of (b)(6) by Col Bailey to individuals with the MDG as Col Bailey has numerous staff members conducting "welfare" checks on (b)(6) throughout the day. (b)(6) is a civilian and the MDG/CC and the MDSS/CC has no right to the Protected Health Information of a civilian employee unless it meets the guidelines listed in DOD 6025.18R, occupational health issues, harm to self or others. In each case, the Protected Health Information can only be released to individuals with a need to know. This was violated by the MDG/CC, Col Bailey and the MDSS/CC, (b)(6) and this information was stated to Col Bohusch. She stated she would have to find an O-6 to conduct the CDI, however, this did not happen. Instead she assigned a Lt Col from within the MDG. On 8 June 2017, Col Bohusch gave (b)(6) verbal findings of the CDI in front of (b)(6) and (b)(6). At the beginning of the meeting, (b)(6) asked to record the meeting as (b)(6) had no representation at this meeting. Col Bohusch stated all allegations were unfounded. After Col Bohusch completed stating her findings (b)(6) several questions as to how the investigation was conducted. All were valid questions (b)(6) conduct investigations into the breach of Protected Health Information on a regular basis. Col Bohusch stated she would provide a formal written response (b)(6) but that written response was never sent. Instead, Col Bohusch wrote a letter to the new MDSS/CC (b)(6) violated HIPAA and stepped outside (b)(6). This is inaccurate (b)(6) was allowed via 319 MDG policy and AFI policy during May 2016. As of 15 June 2016, this type of access became impermissible at which time (b)(6) updated the appropriate policies for the 319MDG. Between the time (b)(6) meeting with Col Bohusch on 8 June 2017 and the time (b)(6) TOPA OIC read the letter (b)(6) 17 July 2017, (b)(6) (b)(6) had filed two patient safety reports which were serious patient safety concerns. It is the belief by (b)(6) that the letter to the new MDSS/CC was retaliation for filing the patient safety reports as it calls into questions the practices of the 319 MDG. 2017-03871-F	Lustgarten, Abrahm	ProPublica	08/08/2017	On Oct. 31, 2016 I placed a records request # 2017-00558-F requesting copies of correspondence, relating in any way to the contract firm U.S. Technologies. The request received a response but with insufficient responsive materials. However, the time for an appeal has passed, so I am reiterating a new version of this same request. I would again like to request copies of all documents and correspondence concerning U.S. Technologies or U.S. Technology or U.S.T. Media involving Barksdale Air Force base as well as any other Air Force installation or office, between Jan 1, 2010 and Aug. 8, 2017. This should include internal discussions about the services offered by said company, external discussions with officials at the U.S. Environmental Protection Agency, and all other documents which are legally responsive to this request. The previous response to my FOIA request contained a small number of pages about UST printed off of that company's website, as well as some contractual documents and marketing pamphlets. It was a haphazard and superficial response, which did not include more than a handful of the many email correspondence which I know to exist, or the letters exchanged over the years between the Air Force and the company, or about the company with both state and federal environmental regulators. It also did not include any of the invoices or shipping documents UST has provided to the Air Force, or copies of the original contracts or agreements which the AF has made with UST. I have reason to understand that all of the types of documents that I am describing exist, and I have seen several of them. I hope that this request can be quickly answered, and that responsive materials will be complete and thorough. thank you. (Date Range for Record Search: From 08/08/2010 To 08/08/2017)

2017-03912-F	Trevithick, Joseph	The War Zone	08/10/2017	Hi, My name is Joseph Trevithick and I am making the following request as an "media" requester. I am a freelance journalist and researcher working for multiple outlets, with a proven track record of publishing (for example: <a href="https://warisboring.com/the-pentagon-doesn-t-know-how-many-civilians-it-has-killed-in-iraq-and-syria-535f6f3032ce#.d66r5d55t">https://warisboring.com/the-pentagon-doesn-t-know-how-many-civilians-it-has-killed-in-iraq-and-syria-535f6f3032ce#.d66r5d55t</a> ) or supporting publication (see: <a href="https://medium.com/defiant/wondering-what-u-s-spy-agencies-think-of-donald-trump-105cfb8bbf7d#.t2dtnixy3">https://medium.com/defiant/wondering-what-u-s-spy-agencies-think-of-donald-trump-105cfb8bbf7d#.t2dtnixy3</a> ). I am looking to obtain a copy of aircraft records cards (aka Aerospace Vehicle Inventory History/Post Report) or any similar documents specifying ownership and unit assignment for six CN-235 aircraft with the following serial numbers: - 96-6042 - 96-6043 - 96-6044 - 96-6045 - 96-6046 - 96-6049 In January 2015, I submitted an identical Freedom of Information Act request for these records relating to 96-6046 and 96-6049 only. In May 2015, Air Force Special Operations Command (AFSOC) informed me that they could neither confirm nor deny the existence of these records. However, in August 2017, AFSOC's public affairs office did confirm its ownership of one of these aircraft, 96-6042, pursuant to a story I was working on (See: <a href="http://www.thedrive.com/the-war-zone/13154/this-mysterious-military-spy-plane-has-been-flying-circles-over-seattle-for-days">http://www.thedrive.com/the-war-zone/13154/this-mysterious-military-spy-plane-has-been-flying-circles-over-seattle-for-days</a> ). As AFSOC is the owner of this aircraft, there should be responsive records related to it that can be reviewed for release. If it is the owner of the other five aircraft, then there should be similar responsive records related to those aircraft that can be reviewed for release. If an exemption applies to the information in any of these documents, I ask that AFSOC please consider exercising its discretionary release powers to disclose the records. Additionally, please release all reasonably segregable portions of the records that do not meet an exemption. I am also willing to accept and would prefer any release be in an electronic format if possible. Thanks in advance, Joseph Trevithick

2017-03956-F	Trettel, Benjamin	University of Texas at Austin	08/15/2017	I am requesting a copy of a translation of a Russian journal article. The translated title of the journal is "Scientific Notes Of TsAGI", the article title is "Study of the height of the lift of vertical liquid jets", and the article author is L. A. Epshtein. It is my understanding that this document is available on DTIC as part of ADB166339, which is a translation of the entire issue of the journal which this is part of. ADB166339 is unclassified but has its distribution limited to the US government and contractors. To keep this request as narrow as possible, I requesting only the part of ADB166339 which corresponds to the translated article of interest, and also the title pages of the translated journal issue. No other parts of ADB166339 are requested. I suspect that this request may be denied due to

				copyright unless I note that this journal is now open access. All articles published in the journal are free online from its inception in 1970 through 2013. The original Russian article of interest can be downloaded free of charge at this URL: <a href="https://cyberleninka.ru/article/n/issledovanie-vysoty-podema-vertikalnyh-zhidkih-struy">https://cyberleninka.ru/article/n/issledovanie-vysoty-podema-vertikalnyh-zhidkih-struy</a> If it my understanding that (at least in US copyright law) translations do not change the copyright status from the original. Consequently, there are no copyright issues as the rightsholders clearly have no problem with public distribution of the articles.

Specifically, and most importantly, the final dispositions. As I am told these are whistleblower reprisal investigation case numbers. I'm told they can be found by going to any IG, through the automated case tracking system (ACTS). I'm told they are FOIA. If you are told otherwise I would advise reporting that immediately. The Air Defense Counsel may be able to provide them also. Attached is a further description of location. This has been an ongoing effort for an extended period of time, and the concentration of a timeline may skew your ability to gain records. 2017-04276-F	Trevithick, Joseph	The War Zone	09/11/2017	Hi, My name is Joseph Trevithick and I am making the following request as an "media" requester. I am a freelance journalist and researcher working for multiple outlets, with a proven track record of publishing (for example: <a href="https://warisboring.com/the-pentagon-doesn-t-know-how-many-civilians-it-has-killed-in-iraq-and-syria-535f6f3032ce#.d66r5d55t">https://warisboring.com/the-pentagon-doesn-t-know-how-many-civilians-it-has-killed-in-iraq-and-syria-535f6f3032ce#.d66r5d55t</a> ) or supporting publication (see: <a href="https://medium.com/defiant/wondering-what-u-s-spy-agencies-think-of-donald-trump-105cfb8bbf7d#.t2dtnixy3">https://medium.com/defiant/wondering-what-u-s-spy-agencies-think-of-donald-trump-105cfb8bbf7d#.t2dtnixy3</a> ). I am also looking to obtain copies of any initial notice of an mishap involving an unidentified aircraft type over the Nevada Test and Training Range on or about Sept. 5, 2017. The USAF has confirmed this mishap occurred and it has been widely reported on (See: <a href="http://www.thedrive.com/the-war-zone/14202/usaf-reveals-mysterious-crash-occurred-just-days-before-two-a-10s-crashed-in-same-area">http://www.thedrive.com/the-war-zone/14202/usaf-reveals-mysterious-crash-occurred-just-days-before-two-a-10s-crashed-in-same-area</a> ). As such, there should be a basic notification of this mishap or a similar record that explains the basic details and this should not be privileged and exempt under exemption B5, since this rudimentary information would not be able to prejudice the outcome of any ongoing investigation. Regardless, if any exemption applies to the information in any of these records, I ask that Air Force Safety Center please consider exercising its discretionary release powers to disclose the records. Additionally, please release all reasonably segregable portions of the records that do not meet an exemption. I am also willing to accept and would prefer any release be in an electronic format if possible. Thanks in advance, Joseph Trevithick
