2016-03857-F	Lyall, Jason	Yale University	04/25/2018	I am requesting data for an Air Force Office of Scientific Research-sponsored grant (#FA9550-14-1-0072) that examines the effects of air power in Afghanistan. I am requesting the following data for the 1 December 2011 to 31 December 2015 time frame for airstrikes and shows of force in Afghanistan: (1) the date of the airstrike/SOF (2) the location (in MGRS or lat/long) (3) the type of ordinance used (4) the number of bombs dropped/missiles (5) the platform (6) the type of engagement (airstrike/SOF) I received these data for the 2006-11 time period via declassification letter from Gen. Goldfein, then at the Al-Udeid CAOC AFCENT. Public Affairs released the data as two separate Excel spreadsheets (one for airstrikes, one for shows of force). I have attached my original declassification letter from the CFACC. I do not require sensitive information such as weapons performance, reasons for the air event, or technical details (i.e. angles of attack). I am requesting an expedited release for two reasons: (1) I've already received earlier data, and so the precedent has been set for their release; and (2) I am currently working with AFOSR on Air Force-funded research that requires the timely release of these data. These data are currently held at the CAOC, Al-Udeid AFB, Qatar. These data are currently posted in aggregate form as "Airpower Summaries" on a bi-monthly basis on AFCENT's homepage (http://www.afcent.af.mil/AboutUs/AirpowerSummaries.aspx). (Date Range for Record Search: From 12/01/2011 To 12/31/2015)

No. 104-617, 104th Cong., 2d Sess. 214 (1996), direct the Air Force not to introduce any new supplier for the AN/ALE-47 System. The report states "...the Committee has been provided a cost benefit analysis prepared by the Air Force which indicates that the introduction of new suppliers for the ALE-47 would result in increased costs and schedule risk to the program." This FOIA request is for the production of the cost benefit analysis prepared by the Air Force and reviewed by the Committee. (Date Range for Record Search: From 01/01/1994 To 01/01/1997)

I am a freelance journalist and researcher working for multiple outlets, with a proven track record of publishing (for example: https://warisboring.com/the-pentagon-doesn-t-know-how-many-civilians-it-has-killed-in-iraq-and-syria-535f6f3032ce#.d66r5d55t) or supporting publication (see: https://medium.com/defiant/wondering-what-u-s-spy-agencies-think-of-donald-trump-105cfb8bbf7d#.t2dtnixy3). Additionally, please release all reasonably segregable portions of the records that do not meet an exemption. I am also willing and would prefer to receive any release in an electronic format. Thanks, Joseph Trevithick

2018-01671-F	Calman, Judy	New Mexico Wilderness Alliance	04/04/2018	Ms. Calman on behalf of the New Mexico Wilderness Alliance appealed Holloman's IDA determination (see Tab 6 – FOIA Appeal). The basis for Ms. Calman's appeal is: a. She believes records exist which have not been provided, to include current permits, MOU's, and final agency decisions and proposals that include methods of choosing proposed sites, conversations with USFS, etc. b. Holloman AFB FOIA Office's FOIA response did not contain an estimate of the volume of the requested information. c. Holloman claimed exemption §552(b)(3), where information can be exempted when its disclosure is forbidden by statute, but did not identify the appropriate statute. d. Holloman claimed exemption §552(b)(5) which protects the deliberative process of the decisions of the government. This is an action specifically subject to the National Environmental Policy Act, a statute which was literally designed for the specific purpose of allowing the public to see the deliberative process of government decision-making. Withholding information about what Holloman AFB is considering as the bases for its decisions would be inappropriate under NEPA and FOIA.

2018-02188-F	Franco, Javier	AMC AOS OL-J	04/30/2018	Hello, On 20 February, 2018 I hired Jochas Moving & Delivery for 4 hours to move some items from 2020 McClelland Ave Tampa, FL 33621(On base) to 7001 Interbay Blvd #219 Tampa FL 33616. They arrived to the Macdill AFB Dal Mabry Gate around 1540. When they got to the gate they were placed in hand cuffs because their vehicle smelled like marijuana. Security Forces performed a search and allowed them on base after they found no marijuana in the vehicle. They arrived to my house on base at around 1620. When they got inside my house they told me that they were charging me from 1530. This is the time they said that they reached the gate. Our contract states that "The clock starts at the time of arrival." They arrived to my house around 1620 not 1530. When I pointed this fact out to the manager he told me that though it is not in the contract that the clock starts at the gate, it is their protocol. I told him that if it is not in the contract it can't be protocol and that the clock should start at 1420 not 1530. The manager then got angry and told his men to, "Get the hell out of there." No moving service was ever performed. They left base housing around 1430. When I tried to recoup the money that was paid for the moving service, Jochas Moving said they performed the move and would not refund my money. I have opened a dispute with my credit card company. They are requesting any proof that I can provide of the occurrence. I spoke to the Macdill AFB Security Forces team and they told me that they in fact do have the video of Jochas Moving entering and exiting base. They told me to fill this form out so they could release the video to me. This footage is important because it will aid in proving that they did not perform the 4 hour moving service. Thank you in advance for your support in this matter. v/r. 2018-02273-F	O'Connor, William	-	05/04/2018	Greetings, I was an F-117 pilot participating in Operation Allied Force during the spring of 1999. Since then I have written a book on the subject - Stealth Fighter: A Year in the Life of an F-117 Pilot (approved for publication by the Office of Security Review in 2012). I also regularly give educational presentations on the aircraft to groups such as Oshkosh AirVenture, Daedalians, and other aviation related venues. Since the aircraft has been retired from service for 10 years now, I would like to add more videos/information to my presentations by incorporating segments of video from my missions. I am requesting copies of only those releasable mission packages/videos that I personally flew with

				<p>the 8th EFS during the operation. Below is a listing of the dates flown, call-sign, and last-3 of the aircraft tail-numbers of my missions. Naturally, I am willing to pay the costs of the media required for these copies. If this information is not yet cleared for declassification – might I ask when that might be anticipated for any future requests? Thank you,</p> <p>(b)(6) USAF (b)(6) 1 Paluxy Cir. 2018-02386-F	Harley, Shea	House of Harley Radio	05/11/2018	My name is Shea Harley (AF veteran) and I am the Owner and CEO of House of Harley Media. I am a employer and I am requesting information on a veteran that was in the United States Air Force. His name is (b)(6) or he may have gone by (b)(6). I have requested discharge paper work on the "veteran" and he has not provided it yet. Further more the veteran claims that he was in the Air Force, and got out and went into the Marines. Sources have told me that he was in the Air Force, and never went into the Marines because he was

				dishonorably discharged. I questioned the veteran about his service in the military, and he stated that he served in the Air Force and he left the Air Force to go into the Marines and that he to this day is a "Secret Operative Special Forces personnel" and he is off scope for the Marines and his records are supposedly sealed. I thought this claim was very strange for a couple of reasons. I served in the Air Force, and I know exactly how "special military" personnel works. The "veteran" is 54 years years of age. and I believe that (b)(6) does not possess any skill that would deem him to be "Off Grid, and Top Secret". As a News Media, and Entertainment company is a very important that the employees that work for HoH Media is truthful and not misleading to our supporters and fans. Furthermore, as a Air Force veteran, my father retired from the Army, and my brother is currently a Colonel in the Army I feel as though if in fact (b)(6) is lying about his military service that it is a complete utter disgrace to lie about his service to this country when we have service men and women dying each day that has actually served this country. As the Owner and CEO of HoH Media I would like to request the DD-214 information on (b)(6) (b)(6) (African American). His birth date is (b)(6) I believe his service was around the late 80s 1987 to around 1995 and his AFSC was Military Intelligence. If he was dishonorably discharged I would like to know why.....If possible. (Date Range for Record Search: From 01/01/1986 To 01/01/2000)

2018-02599-F	lerner, george	-	05/23/2018	My name is George Lerner, and I am writing a book about the Battle of Kobani (2014-2015). I am completing a chapter about the American air campaign during that battle. I already looked through the air power summaries from the US Air Force. My requests for information directly from CENTCOM were denied via CENTCOM Macdill AFB CENTCOM HQ. My questions are as follows: How many squadrons were involved in Operation Inherent Resolve (OIR) that flew over Syria and Iraq? By any chance could you give me the number of squadrons that flew over Northern Syria, perhaps even flew over Kobani, specifically? What kind of aircraft were they? Can you give me an estimate of the number of combat sorties they made at the time? Can you give me an estimate of the number of sorties of CAS versus interdiction? Can you give me an estimate of the tonnage of bombs dropped over that area? What were the bases that were involved with the campaign, i.e. were any planes launched as far as from Diego Garcia or other areas? Or was it just from UAE, Qatar, Iraq? Who was in charge of that air campaign? I mean structurally, who was in charge, was it CENTCOM? How many days a week would a pilot fly in OIR? How many hours in the air would a pilot fly on average for each sortie? For example, how many hours would a pilot in a F-18 fly over Kobani? I ask because I read one of the B-1 pilots said that he flew 2 to 3 24-hour missions in OIR per week. Can you give me an estimate of the flying time would be from Bagdad, Erbil, the UAE, Qatar, and other places that might have supported squadrons that flew over Kobani? What is the flying time from Incirlik Air Force base? Was it only the USS George H.W. Bush (then replaced by the USS Carl Vinson) who were the aircraft carriers deployed for OIR? Was it only aircraft carriers from the Persian Gulf that were used for OIR? I mean, were there any other carriers deployed in the Eastern Mediterranean Sea that were deployed for OIR? 2018-02650-F	Trevithick, Joseph	The War Zone	06/13/2018	Hi, My name is Joseph Trevithick and I am making the following request as an "media" requester. I am a freelance journalist and researcher working for multiple outlets, with a proven track record of publishing (for example: http://www.thedrive.com/the-war-zone/8224/heres-what-really-happened-when-u-s-marines-brought-f-35bs-to-red-flag) or supporting publication (see: https://medium.com/defiant/wondering-what-u-s-spy-agencies-think-of-donald-trump-105cfb8bbf7d#.t2dtnixy3). In 2017, Air Mobility Command awarded the annual General James H. Doolittle Trophy to airmen from the 75th Expeditionary Airlift Squadron for actions in South Sudan in 2016 (See: http://www.dyess.af.mil/News/Article-Display/Article/1320396/dyess-aircrew-recognized-for-meritorious-service-during-operation-new-normal/) I am looking to obtain copies of any nominations and associated materials Air Mobility Command received regarding this particular group and their actions as part of the annual nominations process for this award. If an exemption applies to the information in any of these records, I ask that AMC please consider exercising its discretionary release powers to disclose the records. Additionally, please release all reasonably segregable portions of the records that do not meet an exemption. I am also willing to accept and would prefer any release be in an electronic format if possible. Thanks in advance, Joseph Trevithick

If various funding sources were tapped for the efforts, please indicate where the funds came from. Please provide a legend to decipher any acronyms or similar abbreviations used in descriptions. I prefer an electronic copy of this information, Excel or .CSV file if appropriate. However, if it would be faster and easier for you, I would be happy to personally examine the relevant records if you grant me immediate access. I am also open to modifying my request to reduce your workload and speed up the production time. Please let me know if you have any suggestions. If your agency decides that some portion of a document should be redacted pending an Attorney General ruling, I expect the release of the remainder of the redacted document. Also in the interest of time, please consider the different parts of this request separately. That is, please send information as it becomes available rather than all at once. As a journalist, I am requesting this information because of the public interest in open government and the administration of your agency. As such, pursuant to Section 522.267, I request a waiver of any charges. If a waiver is not possible and costs are more than \$40, please provide me with a detailed cost breakdown before processing the request. As you know, Section 522.221 requires you to respond to this request within 10 days. As time is important, please communicate with me by telephone or email rather than mail. My contact information is below. I would be happy to answer any questions that you have. 2018-02738-F	Best, Emma	-	06/05/2018	Copies of all emails containing the terms "MuckRock", "Muck Rock" or "MuckRock.com", excluding emails sent to or from a MuckRock.com email address. Please include the complete email exchange for each email, including any emails that are being replied to as well as any subsequent replies. I am a member of the news media and request classification as such. I have previously written about the government and its activities. I have a reasonable expectation of publication and my editorial and writing skills are well established. I discuss and comment on the files online and make them available through non-profits such as the Internet Archive and MuckRock, disseminating them to a large audience. While my research is not limited to this, a great deal of it, including this, focuses on the activities and attitudes of the government itself. As such, it is not necessary for me to demonstrate the relevance of this particular subject in advance. Additionally, case law states that "proof of the ability to disseminate the released information to a broad cross- section of the public is not required." Judicial Watch, Inc. v. Dep't of Justice, 365 F.3d 1108, 1126 (D.C. Cir. 2004); see Carney v. U.S. Dep't of Justice, 19 F.3d 807, 814-15 (2d Cir. 1994). Further, courts have held that "qualified because it also had "firm" plans to "publish a number of . . . 'document sets'" concerning United States foreign and national security policy." Under this criteria, as well, I qualify as a member of the news media. Additionally, courts have held that the news media status "focuses on the nature of the requester, not its request. The provision requires that the request be "made by" a representative of the news media. Id. § 552(a)(4)(A)(ii)(II). A newspaper reporter, for example, is a representative of the news media regardless of how much interest there is in the story for which he or she is requesting information." As such, the details of the request itself are moot for the purposes of determining the appropriate fee category. As my primary purpose is to inform about government activities by reporting on it and making the raw data available, I request that fees be waived.

2018-02767-F	Trevithick, Joseph	The War Zone	06/07/2018	Hi, My name is Joseph Trevithick and I am making the following request as an "media" requester. I am a freelance journalist and researcher working for multiple outlets, with a proven track record of publishing (for example: http://www.thedrive.com/the-war-zone/8224/heres-what-really-happened-when-u-s-marines-brought-f-35bs-to-red-flag) or supporting publication (see: https://medium.com/defiant/wondering-what-u-s-spy-agencies-think-of-donald-trump-105cfb8bbf7d#.t2dtnixy3). I am looking to obtain a copy of any briefing slides, video, or other media associated with a presentation titled "Future Strike Technologies for Precision Engagement," which (b)(6) (b)(6) USAF, Chief of Tactics Development and Innovation, 492nd Special Operations Wing, presented at the National Defense Industry Association's 2018 Precision Strike Annual Review on March 20, 2018 (See: https://ndia.dtic.mil/2018/psa/2018psa.html) If an exemption applies to the information in any of these records, I ask that AFSOC please consider exercising its discretionary release powers to disclose the records. Additionally, please release all reasonably segregable portions of the records that do not meet an exemption. I am also willing to accept and would prefer any release be in an electronic format if possible. Thanks in advance, Joseph Trevithick

2018-02781-F	Mitchell, Jon	-	06/08/2018	Dear Sir/Madam, This is a request under the Freedom of Information Act. I hereby request the following records: All internal spill reports, USFJ (Form 50) spill reports and photographs for the release of AFFF in a hangar at Kadena Air Base on 4 May 2018. I am making this request as a representative of the media who has written extensively about US military contamination in Japan. I am requesting a fee waiver and I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not. Please note I am requesting all photographs related to this spill and expect them to be released if no valid reason exists to withhold such a release. I believe my request meets the requirements for the waiver of fees. I am a member of the news media - correspondent for the daily newspaper, Okinawa Times, editor at Asia-Pacific Journal and contributor for The Japan Times. The information I am seeking will clearly add to public understanding in the U.S. and Japan of issues surrounding the environmental impact of military installations in Japan. Previous articles which I have written related to this issue based upon similar reports have been the focus of intense public debate. The documents we are now requesting will form the basis of a series of newspaper articles and they will be shared with public officials, policy-makers and, if deemed appropriate, made available online. My previous research has been featured in reports by the U.S. Congressional Research Service and the Japanese national parliament. I believe this supports my assertion that I am able to disseminate this information widely. However if my request for a fee waiver is denied, I am prepared to pay up to \$25.00 Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 20 business days, as the statute requires. Sincerely, Jon Mitchell (Date Range for Record Search: From 5/4/2018 To 5/4/2018)

2018-02897-F	Carmichael, David	-	06/14/2018	Any records pertaining from the USAF relating , reported, sighted, documented any unknown, unidentified aerial phenomena, anomalous aerial vehicles advanced aviation activities events, intercepted, sighted, detected which were incorporated into the Advanced Aviation Threat Identification Program, which was/is under the preview of the Defense Intelligence Agency. I believe this was a part of the Defense Warning Office's, Advanced Aerospace Weapons Systems application Program. The former head of the program, (b)(6) stated they received "many accounts from the Navy and other services of unusual aerial systems interfering with military weapon platforms and displaying beyond-next-generation capabilities." I request also the identification of the protocols used in order to transmit such reports, events incidents to the AATIP and others who may have been involved. The program was active from 2007 to 2012. I do believe the program however is still active in spite of the official statements. There are many reports in the media and from the public of unknown aerial phenomena for example, which have a well known term whose aerial activities seemly invalidate the law of aerodynamics since the performance far out strips any known conventional airborne aircraft. These events have been a matter of official records including USAF documents reported through the OPREP 3 reporting system, any airborne object with these kinds of advanced abilities would be of cause of concern, due to the fact it is unknown, advanced, threat undetermined, and obviously its intentions. If it is likely to exceed \$25 dollars please consider my fee waiver, and inform me of its outcome is need be.
