I am a freelance journalist and researcher working for multiple outlets, with a proven track record of publishing (for example: http://www.thedrive.com/the-war-zone/8224/heres-what-really-happened-when-u-s-marines-brought-f-35bs-to-red-flag) or supporting publication (see: https://medium.com/defiant/wondering-what-u-s-spy-agencies-think-of-donald-trump-105cfb8bbf7d#.t2dtnixy3). 2018-03177-F	DOWDY, JESSIKA	96th Operations Support Squadron	07/06/2018	Request Memorandum For Record created by (b)(6) DAF, GS-13 assigned to the 334 TRS/TRR and any files, notes, documents obtained by (b)(6) or any other party involved in the informal morale check. Documents, statements, etc were obtained by (b)(6) as part of a Flight (ULB) Informal Morale Check as directed by (b)(6) Asking for "all releasable information". I was identified as a person of interest, subject, or other party in this request. (Date Range for Record Search: From 09/01/2017 To 10/31/2017)
2018-03178-F	DOWDY, JESSIKA	96th Operations Support Squadron	07/06/2018	Request "all releasable information" pertaining to the Commander-Directed Investigation opened on/about 26 April 2018 and closed on/about 11 June 2018. Investigating officer was (b)(6) Legal reviewer, (b)(6) (b)(6) Legal advisor (b)(6) Commander Directed Investigation was initiated by (b)(6) 334 TRS/CC. The Commander Directed Investigation initiated a document named Report of Investigation-Command and Control Section Leadership Climate dated on/about 11 June 2018. I was identified as a subject in the case and received administrative action. My Area Defense Counsel was only able to acquire 11 redacted pages of the 60 page document. The 11 redacted pages failed to provide all statements, documents, alleged evidence against me. The lack of disclosure and transparency has prevented me from having an opportunity to confront these allegations and it has significantly limited my ability to effectively and thoroughly respond to the Letter of Reprimand issued by (b)(6) (b)(6) on 26 June 2018. Response to the Letter of Reprimand will be turned in on 09 July 2018. If the Letter of Reprimand remains in my personnel information file it had the great potential to result in negative statements on my Enlisted Evaluation Report that was supposed to close on 31 May 2018. The potential for a downgrade my end of tour decoration (due to PCS 30 Nov 18) is also great due to this Letter of Reprimand. I will also have a security background reinvestigation open around September 2018 which may also be affected. As a CMSgt select the Letter of Reprimand will greatly impact the remainder of my Air Force career (potential for lost of CIP and Special Duty positions). Therefore, there is a great need to have access to all releasable information to pursue potential enlisted evaluation report appeal process and/or Air Force Board for Correction of Military Records request. Timeline of the CDI was identified from 01 October 2017 - 15 April 2018. (Date Range for Record Search: From 10/01/2017 To 07/06/2018)

Documents reflecting a decision not to prefer charges. DoDI 1030.2, victim and witness Assistance Procedures (4 June 2004) ("DoDI"), para. 6.2.3; AFI 51-201, Administration of Military Justice (30 July 2015) ("AFI"), para. 7.12.12.1. b. Any and all documents or recommendations provided by the Staff Judge Advocate (or a member of his staff) to the convening authority concerning the disposition of charges. N.L.R.B. v. Sears, Roebuck & Co., 421 U.S. 132, 161 (1975). Accordingly, if the special court-martial convening authority in this case referenced or adopted a portion of the legal office's analysis or recommendation - that portion of the document is no longer protected from disclosure by exemption 5 and should be released. I request you search all electronic and paper-based records systems and databases for these materials and provide any/all of these records in electronic format if possible. I also request a cross-reference search. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." Also, under "FOIA Improvement Act of 2016" "each agency, in accordance with published rules, shall make available for public inspection in an electronic format ... copies of all records, regardless of form or format ... that have been requested 3 or more times." This clause is within (a)(2), which has no provision whatsoever for fees. The statute

				explicitly says "requested", not "provided." If my request is rejected, I will file two additional requests so that it will meet the requirements of the statute. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$.01. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a member of the news media and this information is of timely value, I would appreciate your communicating with me by email, rather than by mail, if you have questions regarding this request. Please do not close this request, for any reason, unless I explicitly request it in writing. I look forward to your reply within 20 business days, as the statute requires, and request, per 5 USC § 552(a)(7)(B)(ii), that you provide me with an estimated date of completion at the same time and every 20 days thereafter. Thank you for your assistance.

I also request a cross-reference search. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." Also, under "FOIA Improvement Act of 2016" "each agency, in accordance with published rules, shall make available for public inspection in an electronic format ... copies of all records, regardless of form or format that have been requested 3 or more times." This clause is within (a)(2), which has no provision whatsoever for fees. The statute explicitly says "requested", not "provided." If my request is rejected, I will file two additional requests so that it will meet the requirements of the statute. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$.01. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a member of the news media and this information is of timely value, I would appreciate your communicating with me by email, rather than by mail, if you have questions regarding this request. Please do not close this request, for any reason, unless I explicitly request it in writing. I look forward to your reply within 20 business days, as the statute requires, and request, per 5 USC § 552(a)(7)(B)(ii), that you provide me with an estimated date of completion at the same time and every 20 days thereafter. Thank you for your assistance.

2018-03264-F	Skolnik, Sam	Bloomberg Government	07/12/2018	Under the Freedom of Information Act, I request information from the U.S. Air Force about "compelling reasons determinations," also known as compelling reason determinations, compelling reason waivers and compelling interest waivers. U.S. Defense Department components and agencies issue compelling reasons determinations to allow them, in relatively rare circumstances, to conduct business with contractors that have otherwise been excluded (suspended or debarred) from doing business with the federal government. Since 1982, DOD and its components have been legally obligated to file these "compelling reasons determinations" with U.S. General Services Administration (GSA). See Page 18 from this 2012 U.S. Government Accountability Office (GAO) report on the topic - https://www.gao.gov/assets/650/648577.pdf It states that, "The DOD Authorization Act of 1982 requires that any compelling reason determination by DOD be justified in writing, and notice of the determination be submitted to

				GSA, to be kept on file for public inspection." The DOD Authorization Act of 1982, which further lays out GSA's responsibility to make these files available to the public, is detailed here: http://uscode.house.gov/statutes/pl/97/86.pdf (See 10 USC 2393, "Prohibition against doing business with certain offerors or contractors," Pages 1124-1125) Through this FOIA request: 1) I request a complete copy of each of the compelling reasons determinations issued by the U.S. Air Force or one of its units, from Jan. 1, 1998 through the present date, either in electronic or paper form. 2) I request copies of all notices or other paperwork that the Air Force filed with the GSA regarding these determinations.

2018-03432-F	Bates, Jason	-	07/27/2018	Requesting the name of two C5's (tail numbers if available) that flew to Al Udeid Air Base, Qatar during February 2005 and traveled together to transport airman back to Seymour Johnson Air Force Base, Goldsboro, NC. The plane left Al Udeid Air Base during February 2005 and landed at Moron Air Base in Spain to undergo repairs for a few days. The C5 that I was on had an electrical fire in flight, which was contained. I am requesting flight records or logs that detail an electrical fire onboard the C5 that I was traveling on. Please note that this C5 was not assigned to the 379th Expeditionary Wing or Seymour Johnson Air Force Base, so I am also requesting the home base of the C5 I was on. Seymour Johnson Air Force Base should have evidence of C5s transporting troops from deployment (Al Udeid Air Base) during or around the first week of February 2005. If not, please check the entire month of February 2005 for C5s bringing airman back from deployment to include 4th Component Maintenance Squadron and other units. During February 2005, I was among a group of airman waiting for the C5s to arrive at Al Udeid Air Base and transport airman temporarily deployed to the 379th maintenance squadron back to the 4 Component Maintenance Squadron, Seymour Johnson Air Force Base in Goldsboro, NC. I was traveling with another airman from a different unit named (b)(6) who worked in fuel systems. We were deployed from September 2004 to February 2005 at Al Udeid Air Base and arrived back at Seymour Johnson Air Base during February 2005. 2018-03606-F	Moralez-Piper, Consuelo	Gold Star wife Surviving Spouse	08/06/2018	My job was withdrawn for reasons that are highly suspicious to me, especially since they involved my medical records which are also under review by a (medical) higher HQ since hospital staff (including a young resident with little experience to diagnose) made casual, uninformed "decisions" about me without performing any qualified diagnoses, examinations, or assessments. I am including all hospital staff in a 13 period since my husband (Special Forces) died in the war in Afghanistan. I also believe (from speaking to my brother who has had a 30 year career with the Army Medical Command as an officer) that to withdraw a job offer based on my medical records is unjust and wrongful (per labor law statutes). I request that a copy of the following documents be provided to me. (SEE ATTACHED)

2018-03612-F	Turse, Nick	The Nation Magazine	08/08/2018	Pursuant to the federal Freedom of Information Act, 5 U.S.C. Å§ 552, I request any "lessons learned" documents and other reports relating to the 492nd Expeditionary Fighter Squadron's June 8, 2017 shoot-down of the pro-Syrian regime forces controlled RPA (the Air Force's first air-to-air kill during Operation Inherent Resolve) and a similar incident 12 days later. I request you search all electronic and paper-based records systems and databases for these materials and provide any/all of these records in electronic format if possible. I also request a cross-reference search. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." Also, under "FOIA Improvement Act of 2016" "each agency, in accordance with published rules, shall make available for public inspection in an electronic format ... copies of all records, regardless of form or format that have been requested 3 or more times." This clause is within (a)(2), which has no provision whatsoever for fees. The statute explicitly says "requested", not "provided." If my request is rejected, I will file two additional requests so that it will meet the requirements of the statute. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$.01. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a member of the news media and this information is of timely value, I would appreciate your communicating with me by email, rather than by mail, if you have questions regarding this request. Please do not close this request, for any reason, unless I explicitly request it in writing. 2018-03622-F	Losey, Stephen	Air Force Times	08/08/2018	FOIA 30622-F: The public has a vested interest in knowing what wrongdoing may have been committed by athletes and coaches in the Air Force Academy's athletic program. There have been many publicly-reported incidents of wrongdoing in recent years by members of the USAFA athletic program, up to and including sexual assault. Not only are the athletes who take part in the athletic program the future leaders of the Air Force, taxpayers pay the bills for educating them, and when these cadets graduate, they will be given significant amount of responsibilities as Air Force officers who will likely have leadership roles over other airmen. The hazing scandals regarding the men's swim and lacrosse teams have been publicly reported several times, in multiple news organizations, indicating there is significant public interest in knowing what wrongdoing may have occurred in the USAFA athletic program. The superintendent of the Air Force Academy, (b)(6) told me personally that both OSI investigations were complete, and the reports found evidence that dozens of players on the teams were involved in hazing activities of one form or another. (b)(6) also said some of those athletes were not allowed to graduate on time, and were punished in other ways. I believe the public's interest in the possible hazing activities on the teams far outweighs the privacy interests of those individuals. I would also like to note that in my FOIA request, I asked that if any portions of the reports cannot be released due to privacy or other concerns, that all segregable portions be released. That could include redacting the names of the players. I filed a FOIA request asking for the players by name after my initial request, which named Pursuant to the Freedom of Information Act, I request a copy of any and all reports of investigations completed on the following Air Force Academy cadet athletes: (b)(6) (b)(6) (b)(6) (b)(6) I would also like any and all reports of investigations into the following members of the coaching staff: (b)(6)

The office he oversaw at Minot handled issues such as military justice for courts-martial and non-judicial punishments. As a result, the public has a vested interest in knowing when an official with such authority may himself have committed wrongdoing, enough to outweigh (b)(6) (b)(6) privacy interests. Pursuant to the Freedom of Information Act, I request copies of any and all reports or investigations into (b)(6) the former staff judge advocate at Minot Air Force Base. 2018-03628-F	Orr, Christian	Sallyport Global	09/04/2018	Dear sirs/ma'ams, Greetings from Balad Airbase, Iraq. As per my query below with AFPC's Total Force Service Center, I wish to know why I'm being repeatedly rejected for Air Force civilian jobs (job titles such as Security Specialist, Physical Security Specialist, and Supervisory Security Specialist), without either the professional courtesy of an interview or even the personal decency of an explanation, in spite of the fact that (1) I'm EMINENTLY well-qualified for these jobs (as a magna cum laude college graduate with 19 years of faithful service to our national as a former Air Force officer, Federal law enforcement officer in Federal Job Series 1895 and 1811 with pay grade GS-11, and an overseas private military contractor with assignments in Iraq, Japan, Kosovo, and the United Arab Emirates....and current holder of a DOD Secret security clearance and previous holder of DOD TS-SCI and DHS Top Secret clearances), and (2) I qualify under MULTIPLE Special Hiring Authorities, namely 10 veterans preference points based upon my 20% disability rating, VRA, VEO, Schedule A Disability, and Reinstatement-eligible prior Federal employee (again, with pay grade GS-11). Here is a listing of some of the rejections I've received (by Job Announcement # and location): 5E-AFPC-10171233-180102-PH (Laughlin AFB, TX) 9D-AFPC-10169356-166197-DGP (Los Angeles, CA) 5E-AFPC-10155897-088470-DOB (Laughlin AFB, TX) 7N-AFPC-10087844-008224-YRR (Spangdahlem, Germany) 8S-AFPC-10072080-031986-BJM (Incirlik, Turkey) 9Y-AFPC-10069296-011931-RW (Yokota Air Base, Japan) 9K-AFPC-10061122-042075-JCH (Kunsan, South Korea) 9G-AFPC-10065527-060937-ERC (Lakenheath, United Kingdom) What happens repeatedly (like a broken record) is that I make it past the initial hurdle, i.e. I'm found to be "among the best qualified candidates" and "referred to the Hiring Manager for further consideration." Yet for reasons not disclosed to me, these Hiring Managers don't give me the time of day. Evidently there's nothing wrong with my documents that I've been submitting on USAJOBS (attached herein for your perusal), otherwise I wouldn't have been referred to the Hiring Manager in the first place. So then, what gives here? Can somebody please tell me what I'm doing wrong here? Or is all the talk about Veterans' Preference and supposed push for hiring disabled veterans onto the Federal workforce (at least within AFPC) all a big joke? Yes, I'm quite bitter and frustrated about the whole thing, and I'm not afraid to be blunt about expressing it either! Can someone please have the decency and respect to enlighten me here?!?! Thank you in advance. V/R Chris Christian D. Orr Former Capt, USAF, and former Federal law enforcement officer (pay grade GS-11) (Date Range for Record Search: From 11/01/2017 To 08/09/2018)

2018-03675-F	Turse, Nick	The Nation Magazine	08/14/2018	Dear FOIA Officer: Pursuant to the federal Freedom of Information Act, 5 U.S.C. Å§ 552, I request any nominations packets, award citations and/or supporting information for the 2017 ACC Air Force Outstanding Unit Award. I request you search all electronic and paper-based records systems and databases for these materials and provide any/all of these records in electronic format if possible. I also request a cross-reference search. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record— i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." Also, under "FOIA Improvement Act of 2016" "each agency, in accordance with published rules, shall make available for public inspection in an electronic format ... copies of all records, regardless of form or format that have been requested 3 or more times." This clause is within (a)(2), which has no provision whatsoever for fees. The statute explicitly says "requested", not "provided." If my request is rejected, I will file two additional requests so that it will meet the requirements of the statute. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$.01. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a member of the news media and this information is of timely value, I would appreciate your communicating with me by email, rather than by mail, if you have questions regarding this request. Please do not close this request, for any reason, unless I explicitly request it in writing. I look forward to your reply within 20 business days, as the statute requires, and request, per 5 USC Å 552(a)(7)(B)(ii), that you provide me with an estimated date of completion at the same time and every 20 days thereafter. 2018-03712-F	Turse, Nick	The Nation Magazine	08/29/2018	Dear FOIA Officer: Pursuant to the federal Freedom of Information Act, 5 U.S.C. Â§ 552, I request the materials used to conduct Exercise Blue Flag 2018. I request you search all electronic and paper-based records systems and databases for these materials and provide any/all of these records in electronic format if possible. I also request a cross-reference search. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." Also, under "FOIA Improvement Act of 2016" "each agency, in accordance with published rules, shall make available for public inspection in an electronic format ... copies of all records, regardless of form or format that have been requested 3 or more times." This clause is within (a)(2), which has no provision whatsoever for fees. The statute explicitly says "requested", not "provided." If my request is rejected, I will file two additional requests so that it will meet the requirements of the statute. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$.01. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a member of the news media and this information is of timely value, I would appreciate your communicating with me by email, rather than by mail, if you have questions regarding this request. Please do not close this request, for any reason, unless I explicitly request it in writing. I look forward to your reply within 20 business days, as the statute requires, and request, per 5 USC § 552(a)(7)(B)(ii), that you provide me with an estimated date of completion at the same time and every 20 days thereafter. Thank you for your assistance.

2018-03850-F	Trettel, Benjamin	University of Texas at Austin	08/23/2018	This is an appeal under the Freedom of Information Act for request no. 2018-02451-F. See 2018-02451-F Final Response.pdf for the denial letter. To summarize, the document's release was denied because you all claim that the document is ITAR controlled. However, the document is not ITAR controlled according to DTIC. Regardless, if the information I received is wrong and the document is ITAR controlled, it shouldn't be for many reasons. And even if the document is ITAR controlled, there's no reason a redacted version can not be released. To give more detail: 1. According to DTIC, the document is not ITAR controlled. See the attachment FOIA 2018-134 UL.xlsx, which clearly shows that the document is not ITAR controlled as of 2018-07-05 (after the denial). The distribution statement would mention any export controls, and there are none. If the document is not ITAR controlled, then the stated reason for the denial is invalid. 2. ITAR controlled documents are not covered by exemption 3 provided that the requester is a US citizen. I am a US citizen. 45 CFR 5.31 clearly states that exception 3 can only be invoked if "particular criteria for withholding" are met, and they are not met in this instance. 3. Even if ITAR controlled documents are not subject to FOIA, the report should not be ITAR controlled for four reasons: a) There is no indication the document was ever ITAR controlled before the Edwards AFB FOIA office denied the request. If the document were ITAR controlled before, why was the request not denied so soon after I filed back in April 2017? Perhaps the Edwards AFB FOIA office internally changed the status to ITAR controlled without informing others. If so, the Edwards AFB FOIA office appears to have acted in bad faith during the processing this request by changing the status solely for the purpose of denying this request, not for national security reasons. b) The report is ineligible for ITAR control because its contents are the sort of material which is "commonly taught in schools, colleges, and universities" (22 CFR 120.10). This is consistent with the opinion of the NAVAIR FOIA reviewer (attached, wilson_2017-11-21-reviewer-comments.pdf) who stated "this type of history (which is very, very cool) is the type of research that built our modern engineering textbooks. Looking through one of my textbooks just now (dated 1992) it has plenty of this type of information and much more detail regarding this topic". In the opinion of the NAVAIR FOIA reviewer, this report contains information which is commonly taught. This conclusion is also consistent with the abstract on the report's ATI card (attached, ATI-10879.pdf) and how the report has been described in the open literature (attached, szlackin-quotes.pdf). c) 22 CFR 121.1 only covers "Injectors specially designed for articles controlled in this category", where the category is rockets. But the injectors described in the requested report are not designed for rockets. The report describes basic research, not a specific design that can be applied. This is confirmed by citations to the report in the open literature. Only one

				paper citing the requested report was about rockets, so the report clearly does not describe injectors which were "specially designed" for rockets. d) If the report were in fact legitimately ITAR controlled, then hundreds of additional papers in the open technical literature on low pressure sprays must also be ITAR controlled. This is because the reports contain largely the same sort of information. Because this is absurd, the report clearly should not

2018-03893-F	Horowitz, Jay	What You Haven't Seen / Self	08/27/2018	On August 22, 2018 it was reported in a press release that, at Eglin Air Force Base, an F-35A Lightning II, assigned to the 58th Fighter Squadron, experienced a ground mishap at approximately 12:50 p.m. on the flight line. "The F-35A experienced an in-flight emergency and returned to base. The aircraft landed safely and parked when the front nose gear collapsed. There was one person on board. Fire crews responded immediately and the pilot suffered no injuries as a result of the incident." I request all video, audio, and photographic records capturing the above event and all related emergency response activities. I also request the expedited processing of this request. Specifically, I request a complete and unedited electronic copy, transferred to me electronically and in the highest resolution available, of all video records capturing the accident aircraft, in whole or in part, beginning thirty minutes prior to the accident event and ending one hour following the accident event. I request, with the same qualifiers, all video records captured on any video recording device present anywhere in or on (i.e. affixed to) the accident aircraft. Additionally, I request all video, audio, and photographic records capturing the emergency response to the accident event, including dispatch / tone-out audio, and all surveillance video records capturing ARFF and other emergency response activities beginning five minutes prior to ARFF (PD, EMS, other fire, etc.) receiving notice of the emergency and ending with emergency vehicle stand-down. Please be sure that your search for responsive records captures recorded radio transmissions, crash phone notifications, phone conversations, surveillance camera recordings, and recordings made on personal electronic devices as long as the recording was made by (a) an on-duty employee, or (b) any other employee who captured their recording for any possible type of government use, and not solely for personal use. As a full-time member of the news media and the founder a highly-regarded aviation safety news media outlet I am "primarily engaged in disseminating information" under the FOIA. Furthermore, that the United States Air Force issued an immediate press release about what is likely to end up as a Class A mishap with a controversial and highly advanced stealth fighter jet strongly indicates that there exists an "urgency to inform the public concerning actual or alleged Federal Government activity." Indeed, of all things to fail on a jet whose lifetime program cost is now settled at \$406 billion, with over \$1 trillion in projected operations and maintenance costs, the nose landing gear, with the aircraft parked is cause for and certainly explains the extant high level of public interest in this mishap. The records I am requesting are not records that have been or will be imminently disseminated by the Air Force however my experience in researching and analyzing news events relating to transportation safety, as well their associated video, audio, and photographic records leads me to conclude that there exists strong and time-sensitive public interest in the records I am requesting. Upon receipt of the records responsive to this request I will synthesize those records with the research I have already completed to date into the accident and related accidents, and will soon thereafter publish and disseminate one or more news stories covering the accident and the Air Force's response to it. The consequences of delaying a response would compromise a significant recognized interest, as the rec

I really hope that this request is processed quickly as my editor wants the story out by the end of this month and I really need this information :(Under the Freedom of Information Act law, I request a copy of all AMC Form 207 filed by Silk Way Airlines over the years. I understand that it takes some time to review and redact the form before release, so I request that an intermediate response be provided as soon as possible containing subsection ten of the AMC Form 207 , specifically item (d), which requires disclosure of names of private owners of the company. I am most interested in the form that Silk Way Airlines would have filed in the year 2007, so I hope that you can provide the ownership for that year as quickly as possible (if they have not submitted a form in 2007, then the year closest to 2007 would be most appreciated). Additionally, please release all reasonably segregable portions of the records that do not meet an exemption. I am also willing to accept and would prefer any release be in an electronic format if possible. Thanks in advance, Joseph Trevithick

2018-03980-F	Turse, Nick	The Nation Magazine	09/05/2018	Dear FOIA Officer: Pursuant to the federal Freedom of Information Act, 5 U.S.C. Å§ 552, I request any nominations packets, award citations and/or supporting information for the 2018 ACC Air Force Outstanding Unit Award. I request you search all electronic and paper-based records systems and databases for these materials and provide any/all of these records in electronic format if possible. I also request a cross-reference search. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record— i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." Also, under "FOIA Improvement Act of 2016" "each agency, in accordance with published rules, shall make available for public inspection in an electronic format ... copies of all records, regardless of form or format that have been requested 3 or more times." This clause is within (a)(2), which has no provision whatsoever for fees. The statute explicitly says "requested", not "provided." If my request is rejected, I will file two additional requests so that it will meet the requirements of the statute. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$.01. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a member of the news media and this information is of timely value, I would appreciate your communicating with me by email, rather than by mail, if you have questions regarding this request. Please do not close this request, for any reason, unless I explicitly request it in writing. I look forward to your reply within 20 business days, as the statute requires, and request, per 5 USC Å§ 552(a)(7)(B)(ii), that you provide me with an estimated date of completion at the same time and every 20 days thereafter. 2018-03984-F	Turse, Nick	The Nation Magazine	09/05/2018	Dear FOIA Officer: Pursuant to the federal Freedom of Information Act, 5 U.S.C. Â§ 552, I request any nominations packets, award citations and/or supporting information for the most recent Medium Unit Command Post Award. I request you search all electronic and paper-based records systems and databases for these materials and provide any/all of these records in electronic format if possible. I also request a cross-reference search. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption."

				Also, under "FOIA Improvement Act of 2016" "each agency, in accordance with published rules, shall make available for public inspection in an electronic format ... copies of all records, regardless of form or format that have been requested 3 or more times." This clause is within (a)(2), which has no provision whatsoever for fees. The statute explicitly says "requested", not "provided." If my request is rejected, I will file two additional requests so that it will meet the requirements of the statute. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$.01. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a member of the news media and this information is of timely value, I would appreciate your communicating with me by email, rather than by mail, if you have questions regarding this request. Please do not close this request, for any reason, unless I explicitly request it in writing. I look forward to your reply within 20 business days, as the statute requires, and request, per 5 USC § 552(a)(7)(B)(ii), that you provide me with an estimated date of completion at the same time and every 20 days thereafter. Thank you for your assistance.

2018-03990-F	Galín, Chaya	-	09/05/2018	I am requesting a copy of the investigative packet provided to (b)(6) who filed an EEO complaint against the choice for a 601 position selection NEBB164781251769843. I have made a FOIA request from the EO

				office at Fort Sam Houston, Texas, which was ignored and denied several times over the course of approximately 90+ days. My request is for a complaint packet that was an investigative packet provided to an employee (b)(6) (b)(6) who filed a EEO complaint against the choice for a 601 position selection NEBB164781251769843 in which I was also interviewed. The packet included complaint, interviews, panel selection documents, emails, applications, SF 50's, resumes, my personal documents, my interview answers, panel selection opinions and questions and any other documents that were part of the complaint. Knowing responses, questions and previous hiring action gave someone an advantage for application and interviewing (knowing the previous selectee's answers) when the position recently was vacated. I as the individual may have suffered substantial due process through the recent interview for the vacated position because I did not have the same information. I did not attach the supporting documents (emails) because the emails are marked "For Official Use Only" (b)(6)

2018-04025-F	Mitchell, Jon	Okinawa Times	09/06/2018	This is a request under the Freedom of Information Act. I hereby request the following records: all soil and water tests for Per- and polyfluoroalkyl substances (PFAS) – including PFOS/PFOA - conducted at Kadena Air Base between 2014 and the present. Please include reports related to KAB's fire-training pit, storm drains, wells, potable water and elsewhere. I am making this request as a representative of the media who has written extensively about US military environmental issues in Japan. I am requesting a fee waiver (see below) and I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not. I believe my request meets the above requirements for the waiver of fees. I am a member of the news media - correspondent for the daily newspaper, Okinawa Times, editor at Asia-Pacific Journal and contributor for The Japan Times. The information I am seeking will clearly add to public understanding in the U.S. and Japan of issues surrounding the environmental impact of military installations in Japan. Previous articles which I have written related to this issue based upon similar reports have been the focus of intense public debate. The documents we are now requesting will form the basis of a series of newspaper articles and they will be shared with public officials, policy-makers and, if deemed appropriate, made available online. My previous research has been featured in reports by the U.S. Congressional Research Service and the Japanese national parliament. I believe this supports my assertion that I am able to disseminate this information widely. In the event my fee waiver is denied, I am willing to pay up to \$25. 2018-04046-F	Turse, Nick	The Nation Magazine	09/10/2018	Pursuant to the federal Freedom of Information Act, 5 U.S.C. Å§ 552, I request documents concerning the overwatch and support provided by the 99th Security Forces Squadron to the Electric Daisy Carnival. The time frame of this request is June 1, 2016 to the present. I request you search all electronic and paper-based records systems and databases for these materials and provide any/all of these records in electronic format if possible. I also request a cross-reference search. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." Also, under "FOIA Improvement Act of 2016" "each agency, in accordance with published rules, shall make available for public inspection in an electronic format ... copies of all records, regardless of form or format that have been requested 3 or more times." This clause is within (a)(2), which has no provision whatsoever for fees. The statute explicitly says "requested", not "provided." If my request is rejected, I will file two additional requests so that it will meet the requirements of the statute. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$.01. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also

				<p>expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a member of the news media and this information is of timely value, I would appreciate your communicating with me by email, rather than by mail, if you have questions regarding this request. Please do not close this request, for any reason, unless I explicitly request it in writing. I look forward to your reply within 20 business days, as the statute requires, and request, per 5 USC § 552(a)(7)(B)(ii), that you provide me with an estimated date of completion at the same time and every 20 days thereafter. Thank you for your assistance.</p>

I also request a cross-reference search. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record— i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." Also, under "FOIA Improvement Act of 2016" "each agency, in accordance with published rules, shall make available for public inspection in an electronic format ... copies of all records, regardless of form or format that have been requested 3 or more times." This clause is within (a)(2), which has no provision whatsoever for fees. The statute explicitly says "requested", not "provided." If my request is rejected, I will file two additional requests so that it will meet the requirements of the statute. 2018-04096-F	(b)(6)	65 LRS	09/10/2018	Name of Persons Investigated (b)(6) Name of Persons Involved (b)(6) Location: McGuire AFB, FE Warren AFB Dates: 1 August 2014 - 31 October 2014 Around the end of August 2014 (b)(6) then (b)(6) fiancé, called me and messaged me telling me that (b)(6) had just beaten her up and tried to kill her by smothering her with a pillow, in front of their infant son, in his room. She detailed the entire interaction through a text with me and sent me pictures. I told her to get out of there and make sure she was safe with her son.

				She was able to grab her son and he car keys and escape to a safe place. Later that day I reported the incident to my first sergeant, (b)(6) at the time. I filled out a police report with him and was contacted the same day by (b)(6) McGuire SFS investigator. I had to recount everything with her over the phone and gave her all of (b)(6) information, with her consent. I was contacted a few more times by FE Warren SFS Investigations, had to do several more police reports about his character, interaction with women, and interaction with my son and I. In one interview (b)(6) informed me that (b)(6) had 5-6 outside restraining orders from the county on him from several different girls, all regarding the same domestic violence incidents. I kept in contact with (b)(6) several times throughout this investigation and the investigators. I would like a copy of this report and what came of out of the entire investigation. 2018-04097-F	(b)(6)	65 LRS	09/28/2018	Name of Persons Investigated: (b)(6) Name of Persons Involved: (b)(6) (b)(6) Location: McGuire AFB, FE Warren AFB Dates: 1 August 2015 – 31 October 2015 Labor day weekend I was called by an "unknown" number while I was out with my family. When I answered the call I was informed I was talking to an OSI agent who was investigating my ex-husband (b)(6) and he wanted to set up a time to FaceTime interview. I asked him what this pertained to and why I was being interviewed and he informed me it had to do with steroid use and distributing steroids. I responded with Ok and set up a time to FaceTime. I was called several times by the OSI at McGuire AFB asking if I knew anything about his steroid use or that he was selling steroids. I replied that I am not close with him, we only talk about our child, however he did go from a normal sized person to bigger than a professional body builder in less than six months, but it was not my place to ask questions. On one call the interviewer asked me if I could convince (b)(6) to talk to them because she had more extensive knowledge. I informed them I would try and she repeatedly told me and them no because they did not help her in her previous domestic violence case against him. During my interview I was told (b)(6) was being investigated for using and selling steroids and they had gotten a tip that he was doing this while on base to other military members. During the investigation (b)(6) tried to kill himself by taking several pills and was taken to the Emergency Room and admitted to a mental institution. He called me several times from there asking me not to talk to OSI and stating he wanted to kill himself and didn't to be alive. After that I got one more call from OSI asking me again if (b)(6) would do an interview and then told that they are going to continue investigating and call me if they needed anything else. I would like a copy of this report and all that pertains to it. (Date Range for Record Search: From 08/01/2015 To 10/31/2015)

2018-04175-F	Bradley, Karl	USAFA Band	09/13/2018	Any/all documentation regarding my results for the 16E8 supplemental promotion board. Never received any score sheet indicating my records met the board. Was told by Yokota AB MPS personnel they didn't have anything to give me & I was not selected. Background: PCS'd to Yokota in June 2015. The USAF Academy Band processed my 15-16 EPR which was late. Took WAPS test in December 2015 as normal. After my EPR was processed, worked the supplemental promotion board request through Yokota AB MPS. After several months of waiting & "we're not sure when the board is going to meet" from MPS, in October 2016 they informed me of non-selection without any documentation paperwork. Inquired the next couple years of my assignment but they never produced any documents. Recently asked our TFSS for these documents, here is their reply... For Airmen who are considered by the SNCO Supplemental Board and rendered a select and those who did not meet the initial central evaluation board, a manual score notice will be sent to the servicing MPS Promotions/Career Development office via CMS. Applicants that are rendered a select by the SNCO Supplemental Board will receive a score notice (only weighted score factors). Additionally, since benchmark records are used to conduct the SNCO Supplemental Board, board scores are not available and as such are not provided. Only the weighted score factors (time-in-grade, time-in-service, United States Air Force Supervisory Examination, Decoration) are provided to Airmen on their score notice. If your MPS never gave you the score notice please process the FOIA request. With no score notice it's hard for me to trust that any board looked at my records that year. Thanks for your help in finding these documents! Karl Bradley, MSgt, USAF (Date Range for Record Search: From 12/01/2015 To 12/01/2016)

2018-04218-F	Gutierrez, Virginia	-	09/07/2018	To whom it may concern, My name is Virginia Gutierrez and my son is enrolled at the Child Care Development center at Edwards AFB, CA. On Tuesday 04 SEP 2018- I was informed by my sons teachers that an unknown individual attempted to pick up (b)(6) approximately between the dates of AUGUST 20- AUGUST 22 during the hours of 10AM-5PM. And the front office seemed willing to release my son to this individual since they made a call to my sons classroom telling his providers that someone was here to pick up my son. Fortunately, my son was not at

				the CDC since we were on vacation. For the safety and well being of my child, I am requesting to view surveillance footage to identify who this individual may be. The CDC has no record of who this person is and can not identify this individual. The CDC is making claims that it is someone on my sons authorized pick up list. (Yet, the people on the pick up list were with me while we were on vacation) I sent the CDC photos of who it could potentially be but are basing off of memory that it is not anyone in that photo (without viewing any footage) I am requesting to view the surveillance because no one can identify this individual attempting to pick up my son, and no one notified me immediately about this incident. For the safety of my son, I need to view the surveillance so I may be able to identify this person to avoid the possibility of potential kidnapping. I can pay the fee of \$25.00. 2018-04320-F	Turse, Nick	The Nation Magazine	09/25/2018	Dear FOIA Officer: Pursuant to the federal Freedom of Information Act, 5 U.S.C. Å§ 552, I request after action reports, video recordings, chat logs and related materials connected to an airstrike near Bani Walid, Libya, on June 6, 2018. I request you search all electronic and paper-based records systems and databases for these materials and provide any/all of these records in electronic format if possible. I also request a cross-reference search. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." Also, under "FOIA Improvement Act of 2016" "each agency, in accordance with published rules, shall make available for public inspection in an electronic format ... copies of all records, regardless of form or format that have been requested 3 or more times." This clause is within (a)(2), which has no provision whatsoever for fees. The statute explicitly says "requested", not "provided." If my request is rejected, I will file two additional requests so that it will meet the requirements of the statute. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$.01. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a member of the news media and this information is of timely value, I would appreciate your communicating with me by email, rather than by mail, if you have questions regarding this request. Please do not close this request, for any reason, unless I explicitly request it in writing. I look forward to your reply within 20 business days, as the statute requires, and request, per 5 USC §

				552(a)(7)(B)(ii), that you provide me with an estimated date of completion at the same time and every 20 days thereafter. Thank you for your assistance.

2018-04362-F	Turse, Nick	The Nation Magazine	09/27/2018	Dear FOIA Officer: Pursuant to the federal Freedom of Information Act, 5 U.S.C. Â§ 552, I request from USAFCENT/UDPU any nominations packets, sometimes referred to as recommendation packages, as well as award citations and/or supporting information for Air Force outstanding unit awards and/or Air Force Organizational Excellence Awards (including but not limited to those "with valor") for deployed units. The time frame of this request is January 1, 2017 to the present. from January 1, 2017 until the date that the search begins for these documents I request you search all electronic and paper-based records systems and databases for these materials and provide any/all of these records in electronic format if possible. I also request a cross-reference search. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." Also, under "FOIA Improvement Act of 2016" "each agency, in accordance with published rules, shall make available for public inspection in an electronic format ... copies of all records, regardless of form or format that have been requested 3 or more times." This clause is within (a)(2), which has no provision whatsoever for fees. The statute explicitly says "requested", not "provided." If my request is rejected, I will file two additional requests so that it will meet the requirements of the statute. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$.01. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a

				waiver of fees. As I am making this request as a member of the news media and this information is of timely value, I would appreciate your communicating with me by email, rather than by mail, if you have questions regarding this request.
