2019-01395-F	Turse, Nick	The Nation Magazine	1/7/2019	Pursuant to the federal Freedom of Information Act, 5 U.S.C. Å§ 552, I request the report of investigation, evidence and supporting documents, Airman related to (b)(6) who was charged with murder in the stabbing death of 20-year-old (b)(6) during a deployment at Andersen Air Force Base in Guam. The incident took place on/about on March 26, 2018. I request you search all electronic and paper-based records systems and databases for these materials and provide any/all of these records in electronic format if possible. I also request a cross-reference search. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." Also, under "FOIA Improvement Act of 2016" "each agency, in accordance with published rules, shall make available for public inspection in an electronic format ... copies of all records, regardless of form or format that have been requested 3 or more times." This clause is within (a)(2), which has no provision whatsoever for fees. The statute explicitly says "requested", not "provided." If my request is rejected, I will file two additional requests so that it will meet the requirements of the statute. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$.01. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a member of the news media and this information is of timely value, I would appreciate your communicating with me by email, rather than by mail, if you have questions regarding this request. Please do not close this request, for any reason, unless I explicitly request it in writing. I look forward to your reply within 20 business days, as the statute requires, and request, per 5 USC Å§ 552(a)(7)(B)(ii), that you provide me with an estimated date of completion at the same t

2019-01618-F	Galín, Chaya	-	1/18/2019	This is the second request. First request was denied in full since the case was not adjudicated. The case is now adjudicated and the requester submitted another request to see if she can receive documents now regarding the following ORIGINAL REQUEST: I am requesting a copy of the investigative packet provided to (b)(6) who filed an EEO complaint against the choice for a 601 position selection NEBB164781251769843. I have made a FOIA request from the EO office at Fort Sam Houston, Texas, which was ignored and denied several times over the course of approximately 90+ days. My request is for a complaint packet that was an investigative packet provided to an employee (b)(6) who filed an EEO complaint against the choice for a 601 position selection NEBB164781251769843 in which I was also interviewed. The packet included complaint, interviews, panel selection documents, emails, applications, SF 50's, resumes, my personal documents, my interview answers, panel selection opinions and questions and any other documents that were part of the complaint. Knowing responses, questions and previous hiring action gave someone an advantage for application and interviewing (knowing the previous selectee's answers) when the position recently was vacated. I as the individual may have suffered substantial due process through the recent interview for the vacated position because I did not have the same information. I did not attach the supporting documents (emails) because the emails are marked "For Official Use Only" Chaya Galín

2019-01645-F	Jensen, Terry	-	1/22/2019	Last June one of our members, (b)(6) was terminated for an incident that occurred at the base on May 31, 2018, at about 2:53 p.m. The short version of what happened might be simply described as (b)(6) playfully slapping a laptop shut on another employee's finger for which (b)(6) was fired for alleged violence. (b)(6) did not intend to hurt the employee's finger. The Union has filed a grievance over (b)(6) termination, contending that there was no just cause for his termination. The parties' labor agreement requires just cause for termination. An arbitration hearing is scheduled for May 16, 2019, to determine if (b)(6) employer, AECOM, had just cause to fire him. I have been provided a very short video of the situation where (b)(6) slaps the laptop shut, but that video is VERY short and without sound. It only lasts a few seconds, as I recall. (b)(6) suggests that I ask you if you have possession of, or access to, a longer video (hopefully with audio) of the event. If so, I would ask if you would allow me a copy of that video. (b)(6) says that he believes we should view the video for up to 30 minutes before and after the event to get the true context in which he shut the laptop. (b)(6) also suggests that I should try to get a copy of the video from you because he fears AECOM, who provided the video to the Union, may have altered it. (As far as I know, (b)(6) has no evidence that AECOM has altered the tape, but he worries about the possibility. (b)(6) has not yet seen the video, but I will try to get it to him soon) It is important to emphasize that we have no evidence of AECOM altering the video, and I am certainly not accusing them of doing so. I request you search all electronic and paper-based records systems and databases for these materials and provide any/all of these records in electronic format if possible. 2019-01671-F	Turse, Nick	The Nation Magazine	1/22/2019	<p>Pursuant to the federal Freedom of Information Act, 5 U.S.C. Â§ 552, I request briefings by the 722nd Expeditionary Air Base Squadron between 5 May 2016 to 2 August 2016. I request you search all electronic and paper-based records systems and databases for these materials and provide any/all of these records in electronic format if possible. I also request a cross-reference search. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." Also, under "FOIA Improvement Act of 2016" "each agency, in accordance with published rules, shall make available for public inspection in an electronic format ... copies of all records, regardless of form or format that have been requested 3 or more times." This clause is within (a)(2), which has no provision whatsoever for fees. The statute explicitly says "requested", not "provided." If my request is rejected, I will file two additional requests so that it will meet the requirements of the statute. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$.01. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a member of the news media and this information is of timely value, I would appreciate your communicating with me by email, rather than by mail, if you have questions regarding this request. Please do not close this request, for any reason, unless I explicitly request it in writing. I look forward to your reply within 20 business days, as the statute requires, and request, per 5 USC § 552(a)(7)(B)(ii), that you provide me with an estimated date of completion at the same time and every 20 days thereafter. I request you search all electronic and paper-based records systems and databases for these materials and provide any/all of these records in electronic format if possible. I also request a cross-reference search. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." Also, under "FOIA Improvement Act of 2016" "each agency, in accordance with published rules, shall make available for public inspection in an electronic format ... copies of all records, regardless of form or format that have been requested 3 or more times." This clause is within (a)(2), which has no provision whatsoever for fees. The statute explicitly says "requested", not "provided." If my request is rejected, I will file two additional requests so that it will meet the requirements of the statute. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$.01. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a member of the news media and this information is of timely value, I would appreciate your communicating with me by email, rather than by mail, if you have questions regarding this request. Please do not close this request, for any reason, unless I explicitly request it in writing. I look forward to your reply within 20 business days, as the statute requires, and request, per 5 USC § 552(a)(7)(B)(ii), that you provide me with an estimated date of completion at the same time and every 20 days thereafter. Thank you for your assistance.</p>

He served both in the US Army and later in the Air Force. His US Army service dates are 6-18-1962 -April 1966. His Enlisted Air Force dates are 11-28-1966 - 9-14-1971. He then become an officer 9-15-1971 - 12-23-1982. He was married with two daughters. My mother was the "house help" In Feb 1979 he divorced his first wife, and married my mother June 1979. I was born July 1979. This happened while stationed at Luke AFB Arizona. By 1981 or 82 he was transferred to Goodfellow AFB in San Antonio. On January 24, 1983 my mother filed for divorce, a month after he left the AF. There is some talk that he sexually abused me and my sisters (I was 3, so don't remember the attack, but I remember being in foster care). Half the family says one thing, the other half says another. I am looking for facts. Any and all documents to his military service and the court-martial, to include court transcripts. Their divorce was handled in San Angelo Texas, Tom-Green county. I have the divorce degree, but the local police have no record of him ever being in jail. The policy is that the county sheriff holds military prisoners for long term trials etc. Goodfellow AF base does not have records this far back to see if he was held by base MP's. My mother is (b)(6) (at the time) (b)(6) My sisters are (b)(6) I am not sure which department of the AF would handle this or retain those records. Any assistance or direction would be helpful. 2019-01795-F	Piercey, Judy	Myth Merchant Films	1/31/2019	I am requesting information or records on "Operation Joshua," in which the CIA and the USAF undertook a rescue mission of 482 Ethiopian Jews in Sudan. The rescue mission in 1985 was initiated by (b)(6) a radio host and media in Los Angeles, and other Jewish leaders. The mission was accomplished with the political support of the late Vice-President George H.W. Bush and all 100 Senators. The bi-partisan approach was successful, thanks to the work of Democratic Senator Allan Cranston and Republican Senator Alphonse D'Amato. The mission was carried out on March 22, 1985 on a Sudanese desert airstrip with USAF Hercules C-130 aircraft. The conditions were dangerous, but thanks to the courage and skills of American crew, 482 starving refugees were rescued. Two hours later, the African Jews landed safely in Israel. If I have directed this request to the wrong department, please redirect. If there are any fees for searching for, reviewing, or copying the records, please notify me before processing if the amount exceeds \$200. If you have any questions about handling this request, you may telephone me at (b)(6) Sincerely, Judy Piercey (b)(6) (Date Range for Record Search: From 01/01/1983 To 06/30/1986)

I request you search all electronic and paper-based records systems and databases for these materials and provide any/all of these records in electronic format if possible. I also request a cross-reference search. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." Also, under "FOIA Improvement Act of 2016" "each agency, in accordance with published rules, shall make available for public inspection in an electronic format ... copies of all records, regardless of form or format that have been requested 3 or more times." This clause is within (a)(2), which has no provision whatsoever for fees. The statute explicitly says "requested", not "provided." If my request is rejected, I will file two additional requests so that it will meet the requirements of the statute. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$.01. 2019-01803-F	Armstrong, Craig	NGB	1/31/2019	(b)(6), am requesting a document that was compiled as part of an EO investigation I initiated in 2018. My home address at the time was (b)(6) (b)(6) This request is being made under the Freedom of Information Act. I hereby request that a copy of the documents [described below/containing the information described below] be provided to me: This is a FOIA request for the investigation results compiled by (b)(6)@mail.mil (b)(6) at the 161st ARW 3200 E. 2019-01806-F	Delaware, Robert	-	1/31/2019	To Whom It May Concern: Pursuant to the Freedom of Information Act, I hereby request the following records: A copy of the United States Air Force's Personnel Files on Fiona Mikayes, including performance reports, job assessments, disciplinary records, training received, discharge papers, and any other releasable records. On twitter, an account (@MikayesFiona) with an astounding 16,500 followers claims to have been an "Air Force Intelligence" veteran and a "DIA rep to NMCC." In addition, a Google search for "Fiona Mikayes" turns up several blog posts and news articles that cite Ms. Mikayes as a "former Air Force intelligence" veteran. The twitter account for this "Fiona Mikayes" seems suspicious to me, as several of her tweets in 2014 regarding the conflict in Ukraine seem unusual. In addition, her profile picture appears to have been taken from either a user on a Ukrainian website, or a Google Plus user supposedly in Moscow. Here is a link to the Twitter account: https://twitter.com/MikayesFiona I believe that the release of this record would be in the public interest, since this person is claiming to be an Air Force veteran with intelligence expertise, and this person has a significant follower base on Twitter. This account has been very successful in having their tweets embedded in places like Time Magazine's website, helping to increase their visibility. My guess would be that the Air Force does not have any records for such a person. Thank you for your time! The requested documents will be made available to the general public, and this request is not being made for commercial purposes. In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not. Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 20 business days, as the statute requires. Sincerely, Robert Delaware

2019-01814-F	Trevithick, Joseph	The War Zone	2/8/2019	Hi, My name is Joseph Trevithick and I am making the following request as an "media" requester and I am willing to pay fees up to \$25. I am a freelance journalist and researcher working for multiple outlets, with a proven track record of publishing (for example: http://www.thedrive.com/the-war-zone/17162/document-offers-new-details-about-those-ov-10-broncos-that-went-to-fight-isis) or supporting publication (see: https://medium.com/defiant/wondering-what-u-s-spy-agencies-think-of-donald-trump-105cfb8bbf7d#.t2dtnixy3). If there estimated fees exceed the stated dollar amount, please let me know before you proceed with this request. I am looking to obtain a copy of the clearly releasable portions only from the most recent annual command history for the 24th Special Operations Wing (SOW) at the time of this request. While I am willing to accept only the releasable portions of the document, I ask that the 24th SOW consider exercising its discretionary release powers to disclose as much of the records as possible, including information marked with a sensitive, but unclassified notation such as "Unclassified/For Official Use Only" or U/FOUO. Additionally, please release all reasonably segregable portions of the records that do not meet an exemption. I am also willing and would prefer to receive any release in an electronic format. Thanks in advance, Joseph Trevithick

2019-01818-F	Pride, Michael	Self - Consultant	2/1/2019	Seeking copy of Attendees List of Tyndall AFB Industry Day re rebuilding base. I am in the job search mode with a background in Real Estate Development. The consultants at the event represent my best employment opportunities. AF personnel managing check-in refused to give me a copy on the spot, instead asking me to call (b)(6) 325th Wing Command. Speaking to Officer in charge I was told I could get a copy if it was posted on-line. I know this will never happen!! I am an American citizen simply trying to get a job. Most people understand this and try to cooperate. NOT TYNDALL MANAGEMENT!! What;s the big deal? These are all contractors that the AF signs contracts with. THEY all know each other, following each other around the country from base to base. Unlike most of the other contractors, I actually live here and have experience that they could sorely use. I appeal to "you" to release this stupid list consisting of the least sensitive information imaginable. Please do not redact all the names. Thank you for your help. I assure you that I am not trying to waste the AF's time, but merely trying to avoid the gutter. Perhaps you understand unlike base management. Sincerely, Michael Pride

2019-01822-F	Tello, Linda	-	2/1/2019	The request is regarding (b)(6) applied for the job in the screenshot below and I was personally told by my base deputy Civil Engineer that I was the ONLY candidate referred and I was rated most highly qualified by the Office of Personnel Management (OPM), and therefore I was SELECTED for the position. However, the AFPC said I was NOT qualified because somehow the AFPC determined I did not meet the requirement of 1 year of Civil Engineering experience. I want the qualification criteria used by the Air Force Personnel Center to reach its divergent determination from that made by the superseding authority of OPM. I was told that (b)(6) of the AFPC was the HR specialist that would do the TJO and onboarding. I would like to see how the AFPC determined I did not meet their selection criteria when the superseding agency OPM rated me the MOST QUALIFIED and I was their only referral to the hiring manager.

2019-01947-F	Hudson, James	-	2/11/2019	Sometime in 2011 I filed a Inspector General Complaint. I am not sure exactly who has the complaint because I filed the Complaint at an Army Base near me and was told that they don't have the records. My records if i had any of the complaint have been lost and I am requesting another copy. My complaint was that I was told my medical records would be mailed to me when I got back stateside from Yokota AB Japan and several months after I was back stateside I finally filed a complaint after many failed attempts at contacting Yokota AB. The end result of the complaint was I was informed that someone shredded my medical records. I didn't ask for the persons information or what happened to him as a result of the investigation and I am still not asking for that. I am merely looking to have some records that say "this is what happened". this is my first time using this site and I am sorry if I have not filled out the form correctly or if you need a consent letter to be attached please send me any additional paperwork that may need to be filled out via e-mail. Thank you for your time. (Date Range for Record Search: From 01/01/2011 To 12/24/2011)

Â§ 552, I request from AFOSI, per AFI 71-101 Volume 1, a list of all dispositions of investigated offenses and specifications in the AFRICOM AOR from 2009 to the present. I request you search all electronic and paper-based records systems and databases for these materials and provide any/all of these records in electronic format if possible. I also request a cross-reference search. As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." I also request a cross-reference search. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." Also, under "FOIA Improvement Act of 2016" "each agency, in accordance with published rules, shall make available for public inspection in an electronic format ... copies of all records, regardless of form or format ... that have been requested 3 or more times." This clause is within (a)(2), which has no provision whatsoever for fees. The statute explicitly says "requested", not "provided." If my request is rejected, I will file two additional requests so that it will meet the requirements of the statute. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$.01. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a member of the news media and this information is of timely value, I would appreciate your communicating with me by email, rather than by mail, if you have questions regarding this request. Please do not close this request, for any reason, unless I explicitly request it in writing. I look forward to your reply within 20 business days, as the statute requires, and request, per 5 USC Å§ 552(a)(7)(B)(ii), that you provide me with an estimated date of completion at the same time and every 20 days thereafter. Thank you for your assistance.

2019-02112-F	Turse, Nick	The Nation Magazine	2/19/2019	<p>Dear FOIA Officer: Pursuant to the federal Freedom of Information Act, 5 U.S.C. Â§ 552, I request transcripts, audio, video footage, and remarks from the most recent change of command ceremony of the 722nd Expeditionary Air Base Squadron. I request you search all electronic and paper-based records systems and databases for these materials and provide any/all of these records in electronic format if possible. I also request a cross-reference search. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." Also, under "FOIA Improvement Act of 2016" "each agency, in accordance with published rules, shall make available for public inspection in an electronic format ... copies of all records, regardless of form or format that have been requested 3 or more times." This clause is within (a)(2), which has no provision whatsoever for fees. The statute explicitly says "requested", not "provided." If my request is rejected, I will file two additional requests so that it will meet the requirements of the statute. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$.01. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a member of the news media and this information is of timely value, I would appreciate your communicating with me by email, rather than by mail, if you have questions regarding this request. Please do not close this request, for any reason, unless I explicitly request it in writing. I look forward to your reply within 20 business days, as the statute requires, and request, per 5 USC § 552(a)(7)(B)(ii), that you provide me with an estimated date of completion at the same time and every 20 days thereafter. Thank you for your assistance.</p>

Â§ 552, I request transcripts, remarks, speeches, audio, video recordings, and other materials from the 407th Expeditionary Civil Engineer Squadron Change of Command ceremony on Jan. 25, 2019. I request you search all electronic and paper-based records systems and databases for these materials and provide any/all of these records in electronic format if possible. I also request a cross-reference search. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." Also, under "FOIA Improvement Act of 2016" "each agency, in accordance with published rules, shall make available for public inspection in an electronic format ... copies of all records, regardless of form or format that have been requested 3 or more times." This clause is within (a)(2), which has no provision whatsoever for fees. The statute explicitly says "requested", not "provided." If my request is rejected, I will file two additional requests so that it will meet the requirements of the statute. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$.01.

2019-02134-F	Montandon, Renee	-	2/19/2019	I was on the Outdoor rec leader on a trip to Belgium beer fest, we had a drunk passenger on her cell phone, as she had it in my face cussing. It was 2 am and everyone was trying to sleep, she would not stop talking on it. I touched her cell phone (did not remove it) asking her to hang up. At the end of our trip I was asked to give a statement, I was never told I was charged work for the Air Force and this was done with the Army. I applied for a management reassignment to Aviano and they told me I have assault charges. I want this removed. So I need to see this report, since I was not given it nor told I was charged. Had I known or been told I would handled this back in 2017.

I am one of the 4 officers who was removed from leadership positions due to the results of the Commander Directed Investigation this documents. Due to allegations that were leveled against me while being interviewed for the investigation, this FOIA request is to learn the results of whether or not the allegations were substantiated. If a fully un-redacted (meaning no longer blacked out, all text/names/dates clearly visible) version is not possible, I request a version where any/all references to me, (b)(6) (b)(6) and the context of those references, are un-redacted to verify the results of whether the allegations were substantiated or not. Due to other accusations leveled against me, specifically, one where I "failed to notify the OG/CC that an unstable instructor pilot (IP) was alarming members of your flying training squadron to the point where IPs were taking themselves off the flying schedule". I request any references and context with bearing on instructor pilots or IPs removing themselves from the schedule be un-redacted. I additionally request any/all references to or examples of, communication between any of the following agencies: 87 FTS and any of its members/leadership, 47 Operations Group (to include 47 OG/CC), 47 Medical Group/Mental Health, 47 Security Forces Squadron, 47 Flying Training Wing (FTW) Judge Advocate, 47th FTW leadership. 2019-02205-F	blythe, jonathan	-	2/22/2019	I am requesting information from September 15 2016 till 1 August 2018 regarding (b)(6) contacted the Air Force, my base, and my office, while a no-contact order was issued through a judge in New York. According to what was told, the legal office deemed that even though they were aware of the no-contact order, they still allowed her to speak to military individuals and excess and dismissed the order. The reason I was told was that it was issued by New York and not the military yet divorce decree and adoption orders are enforced so I am seeing an issue. In addition, I requested what regulation allows legal to override or dismiss a court order and yet I never received anything in writing showing how this was authorized. Only statements have been issued. In addition I am requesting information from September 15 2016 till 1 August 2018 on the matter that (b)(6) obtained military documents. She filed this document with the New York courts but it contained my LES, OSI investigation documents, and Article 15 paperwork. I requested and asked how she obtained this information since I am a private citizen and it occurred AFTER I got out the Air Force. I was told first that they went to legal and they could not explain how she got the information and told me I will get an answer within 30 days. Now it's 32 days and the response I received from 7AF Section Commander was that 7AF/FM never released my information. Within our office, we do not have access to OSI investigations nor LES. All Article 15 paperwork flow from FSS and FMF retain a copy in the office. I could understand the Article 15 information since many FSS or local FMF office release. The issue I have is the OSI investigation. ONLY myself, leadership, legal, ADC, and OSI had this report. I am requesting all documents showing how this conclusion was made along with any interviews conducted since my PII was obtained as a private citizen. I am attached to the 710th Security Forces Squadron under the 310th Space Wing. I am writing to request a Freedom of Information Act Release for a Command Directed Investigation initiated by Col Clough, commander of the 310th AMDF. (b)(6) in July of 2018, I submitted a congressional complaint because (b)(6) (h)(6) (b)(6) (h)(6) December of 2016 with the understanding (b)(6) (h)(6) In 2018, when no movement had been initiated (h)(6) medical squadron, I sought congressional help to get the ball rolling. Throughout the congressional and my emails with the 310th Aerospace Medical Squadron, (b)(6) (h)(6) (b)(6) (h)(6) top ranking full timer with the 310th AMDF. My case was initially turned over to the Office of Special Investigation. By December of 2018, the situation was referred back to my space wing and a Command Directed Investigation (CDI) was initiated. The CDI had a close-out date of January 11th. I requested a determination on if the CDI, whether it was substantiated or unsubstantiated. I was told to request that information through a FOIA request. I am willing to pay whatever fee is associated with the FOIA request. However, I respectfully request a fee waiver since (b)(6) the investigation. I also politely ask the request be expedited. Since there is congressional oversight, which now resides with Senator Bennett's office, I believe it is of the utmost importance to expedite the request. I have attached several emails between the 310th AMDF and myself, as well as the investigating officer, (b)(6) for verification of the CDI and a timeline of events. If you have any questions or concerns, I can be reached at (b)(6) or by email at (b)(6)@gmail.com. Respectfully, Lyndee Banister (Date Range for Record Search: From 12/01/2018 To 02/22/2019)</p>

Here is what I know about the crash: Aircraft: USAF Model F-101 (I believe it was an RF-101, gray or silver color) Crash date: In the 1960-1970 timeframe (I believe it was about 1961-62) Crash Site: State of New York, Oneida County, Town of Western Nearest road: Mezzler Hill Rd Approximate coordinates: (From Google Maps) 43°21'33.2"N 75°19'56.8"W (43.359213, -75.332435) Proximity to USAF Base: Approximately 10 miles North-Northeast of Griffiss AFB (Rome, NY) Other notes: Crashed on State land, the area may be called Clark Hill State Forest or Mezzler Hill. I believe the pilot ejected and survived. These vague details makes it seem like I'm asking for painstaking research, but I know that is in your scope of work. Mishap involved a USN Hellcat drone that failed to respond to ground command. Hellcat drone was out of USN Point Mugu. USAF scrambled a pair of F-89 Scorpions to destroy runaway drone. Aircrews fired 208 Mighty Mouse missiles at Hellcat drone, but failed to score a single hit. Drone eventually crashed in desert north of Palmdale CA when it ran out of fuel. 2019-02228-F	Roczen, Nathan	-	2/26/2019	I would like to submit a FOIA request for all releasable information pertaining to an aircraft crash (specifically, a crash investigation report) for historical research purposes. Here is what I know about the crash: ~Aircraft: USAF Model F-101 (I believe it was an RF-101, gray or silver color) ~Crash date: In the 1960-1970 timeframe (I believe it was about 1961-62) ~Crash Site: State of New York, Oneida County, Town of Western ~Nearest road: Mezzler Hill Rd ~Approximate coordinates: (From Google Maps) 43°21'33.2"N 75 19'56.8"W (43.359213, - 75.332435) ~Proximity to USAF Base: Approximately 10 miles North-Northeast of Griffiss AFB (Rome, NY) ~Other notes: Crashed on State land, the area may be called Clark Hill State Forest or Mezzler Hill. I believe the pilot ejected and survived. These vague details makes it seem like I'm asking for painstaking research, but I know that is in your scope of work. But, it seems like this should be easy to find, as I doubt many USAF aircraft crashed in central Oneida County area in that timeframe. (Date Range for Record Search: From 01/01/1960 To 01/01/1970)

As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." Also, under "FOIA Improvement Act of 2016" "each agency, in accordance with published rules, shall make available for public inspection in an electronic format ... copies of all records, regardless of form or format that have been requested 3 or more times." EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." Also, under "FOIA Improvement Act of 2016" "each agency, in accordance with published rules, shall make available for public inspection in an electronic format ... copies of all records, regardless of form or format that have been requested 3 or more times." This clause is within (a)(2), which has no provision whatsoever for fees. The statute explicitly says "requested", not "provided." If my request is rejected, I will file two additional requests so that it will meet the requirements of the statute. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$.01.</p>

That version does not mention (b)(6) nor the incidents discussed on his referral OPR. The FOIA exemptions cited on the document are largely inapplicable to me as his defense counsel. If there is an ongoing criminal investigation, Exemption (b)(7)(A) could feasibly still apply. However, (b)(7)(C) is also cited - this CDI is not a law enforcement record and to the extent its disclosure could result in an unwarranted invasion of privacy - as a defense attorney, I am routinely provided documents that could invade someone's privacy. A service member's right to have an ADC properly advise them on adverse actions is the prevailing interest. I am fully aware of my duties to protect PII and law-enforcement sensitive information. 2019-02317-F	Kellogg, Chandler	-	3/4/2019	<p>Hello (b)(6) Last year at Edwards Air Force base (b)(6) as well and lost his mind. (b)(6) one day while I was gone on (b)(6) (b)(6) need the pictures and police reports of the (b)(6) from the Edwards Air Force base medical center and family advocacy center. We decided to separate and he tried to take his own life he survived and was taken to a mental facility that (b)(6) recommended in Nevada I would like all the papers and any documents that were filed of him being taken to that facility as proof he was in the facility. Short few weeks later he threw me into a wall while at the house and was threatening that if I tried to take my wedding ring from him that it would be over his dead body and was threatening to take a knife to police officers and attempt suicide by cop. He left and I called Security Forces and reported what he did I would like the police report that was filed from that day and my friend (b)(6) statement who was at the house that day. I cannot remember the exact date of this but it was in the month of June or July last year 2018. He then was arrested by LA county police and taken to the VA psychiatric center in Los Angeles I also need the papers and documents of him being sent there. The night he was taken there I was gonna make some dinner and while opening my cupboards and drawers I found little strips of paper that said "I love you" so I started searching for more and in our junk drawer he attached one to the clip of switch blade. I called security forces and reported it and called the investigators. They came later to take pictures of the papers that I need. The next day I was cleaning the house and behind the picture of my best friend who died a folded piece of paper fell down it said my name with a heart on the front inside the note were some scary things that were said. I went in for an interview with the investigators and brought the letter I was not given a copy of MY letter however I need the original letter a copy will not be sufficient. The investigation was done by investigator (b)(6) honestly I apologize I forgot how to spell his name and forgot the other investigators name all together. I also need all the notes from all doctors he had seen and (b)(6) thank you so so much in advance for all of your help. - (b)(6) Needed name of individual: (b)(6) (Date Range for Record Search: From 6/1/2018 To 7/31/2018)</p>

2019-02411-F	Yancy, Kevin	-	3/8/2019	Hi, I'd like copies of all studies you have on the effects of Jet fuel, Jet Exhaust, Motor Vehicle Gas on people working in environments where they're used, stored, maintained, exposed to, etc... I ran a flight deck on a helicopter carrier and for two years and daily was exposed to long periods of jet and motor gas fuel by vapor and directly on my skin in closed spaces, on the flight deck, as well as to exhaust from jet engines directly and indirectly as residue on the ship. At that time I developed symptoms, which I didn't discover until recently were consistent with exposure to these fuels and exhaust. The symptoms being neurological damage, autoimmune disease, headaches, audio dyslexia. I've come across some studies which support the claim I'm making to the VA. But I'm looking for more studies to support my claim, which have stronger validity for the VA. Thank you, Kevin Yancy

2019-02539-F	Maloney, Judith	-	3/18/2019	Hello. I am requesting the above documents under the Freedom of Information Act. I am affiliated with an educational institution and this request is for scholarly purposes. I am working on a project to honor the Greenlandic dogsled drivers that participated in the search and rescue activities following the B-52 crash on the ice near Thule Air Base in 1968. These men also provided transportation to the crash site to US AF personnel, built igloos to provide emergency shelters and aided in retrieving ice cores for radioactive readings. These Greenlanders worked with Jens Zinglersen, a Royal Danish Representative at Thule who spoke English, Danish and Greenlandic. I have a list of Greenlanders who may have participated but am looking to confirm names. After all this time of not receiving recognition I want to make sure I correctly identify the men and also want to avoid, as best as I can, not leaving any names out. It is my understanding that the documents on CD reel 33476 may contain social security numbers so these documents are not available to me. Can these documents be redacted so I can confirm the names of the Greenlanders? I am happy to provide the names I have already compiled if this helps with the process. On other documents I have obtained, the Greenlanders are identified as "Greenlander" vs. Danish. If I can provide any further information please let me know. I thank you in advance for any help you can provide in identifying these brave men. Take care Judy (Date Range for Record Search: From 01/01/1968 To 10/07/1968)

2019-02597-F	Lyle, James	-	3/21/2019	On March 5, 2019 @ approximately 0830, while backing my truck and K9 trailer out of the kennels from the 341st, (b)(6) thought I was passed the gate and started to shut the gate. I was not passed the gate and the gate hit the side of my truck. We filed a report with security forces at Lackland and was advised I could obtain a report of the incident so that my truck could be repaired. When I called to obtain the report I was advised they could not email me the report and that I had to come in to get it. This is very inconvenient for me because I live in Louisiana.

Â§ 552, I request any reports of investigation of rape and/or sexual assault that occurred on or around April and/or May 2017 in Entebbe, Uganda. I request you search all electronic and paper-based records systems and databases for these materials and provide any/all of these records in electronic format if possible. I also request a cross-reference search. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." Also, under "FOIA Improvement Act of 2016" "each agency, in accordance with published rules, shall make available for public inspection in an electronic format ... copies of all records, regardless of form or format that have been requested 3 or more times." This clause is within (a)(2), which has no provision whatsoever for fees. The statute explicitly says "requested", not "provided." If my request is rejected, I will file two additional requests so that it will meet the requirements of the statute. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$.01.
