2018-01397-F	Robbins Carr, Savannah	-	01/30/2018	REQUESTER SEEKS: SEE ATTACHED. ***REFERRAL FROM 7 CS/SCOK***
2018-01398-F	Wagner, Dennis	The Arizona Republic/USA Today	01/26/2018	REQUESTER SEEKS: 1. In January 2016, a Lockheed site security director disclosed that a company employee purportedly had been raped by an Air Force officer. Within days, the alleged "victim" advised a Lockheed Martin investigator that her rape accusation was a lie and she had been coerced into reciting so as to damage Air Force security personnel involved with the F-35 program. OSI investigated this matter, and I am seeking the report, including agent findings, witness statements and referrals for action. 2. Over the ensuing weeks, Lockheed Martin internally probed the rape controversy and allegations of improper relationships between (b)(6) and her Air Force customers. Lockheed Martin concluded that (b)(6) and USAF personnel had inappropriate relationships. If OSI investigated that issue, I am requesting copies of the report. If OSI did not investigate, but there are records indicating why no inquiry was conducted, I am requesting those materials. 3. According to multiple sources, the false rape allegation was related to other misconduct involving Lockheed and military personnel. Some of that misconduct involved alleged F-35 contract security violations by Lockheed such as: failure to report security breaches; failure to maintain a backup for F-35 troubleshooting data; and failure to properly ship and/or secure classified information. USAF security personnel filed corrective action reports about some or all of those issues with the Joint Programs Office. This FOIA seeks OSI investigative records concerning Lockheed Martin security failures and related contract breaches in the Luke AFB F-35 program during 2015-16. 4. Finally, multiple sources contend the rape accusation, alleged coercion and security violations were entangled with or spawned by an atmosphere of sexual harassment, bullying, cronyism and retaliation in the F-35 security operation at Luke during 2015-16. This FOIA request seeks any OSI investigation targeting those issues.

2018-01508-F	Saluzzo, Tom	-	02/12/2018	Dear Sir or ma'am, I am trying to get ahold of either the group or squadron historian for the 327th. I am an armature historian (huge Air Force fan by the way) and am working on a small project. I recently came into possession of a hand painted leather patch that is likely from the ww2 time period when the 327th, then the 2nd combat cargo sqd, was operating under 10th AF in CBI. From the size of it, it would have been on the front of either a flight jacket or coveralls. I am trying to find a black and white period photo or two of the squadron in action so I can put a nice display together. Finding stuff from fighter and bomber units is pretty easy, but the freight dogs seem to get little love from anyone. If you could pass this email on to someone who might be able to help I would greatly appreciate it. Regardless of the outcome thanks you for your time and your service to our country.

2018-01556-F	Price, Brian	Hawaii Pacific University	02/21/2018	ACC FOIA Team, I have been trying without success to file a FOIA as suggested by the ACC Command Historian, Mr. Michael Dugre. I am working on an academic work for Naval Institute Press, Eagles, Falcons & Warthogs: Gen. "Bill" Creech, Col. John Boyd and the Struggle to Remake the Tactical Air Forces in the Wake of Vietnam. Mr. Dugre found two documents in the ACC files that are crucial to the project, and they are in the ACC HQ/OH files, and I am therefore asking for copies of these files, via email, at the soonest possible time: 1) 1984 TAC "Road Show" briefing on Air Interdiction along with the script (for over 100 slides) 2) 1982-83 histories contain a doctrinal discussion about J-SAK--Joint Second Echelon Attack focusing on interdiction in the Central European battlefield. On the form I marked that 1) this is an academic work thus hoping for a waiver of fees and that I was willing to accept a slightly redacted version of the classified sections, if necessary. I also marked the project as "expedite"--I've been pursuing these documents since 1 Feb. and it seems difficult to find out what parts of the FOIA system are still functional after the cloud transition. I am trying to help the USAF here, but am meeting with no luck.

2018-01588-F	Trevithick, Joseph	The War Zone	03/19/2018	Hi, My name is Joseph Trevithick and I am making the following request as an "media" requester. I am a freelance journalist and researcher working for multiple outlets, with a proven track record of publishing (for example: https://warisboring.com/the-pentagon-doesn-t-know-how-many-civilians-it-has-killed-in-iraq-and-syria-535f6f3032ce#.d66r5d55t) or supporting publication (see: https://medium.com/defiant/wondering-what-u-s-spy-agencies-think-of-donald-trump-105cfb8bbf7d#.t2dtnixy3). If there estimated fees exceed the stated dollar amount, please let me know before you proceed with this request. I am looking to obtain a copy of any final report Air Force Special Operations Command (AFSOC) produced regarding its investigation into the crash of an Iraqi Air Force Comp Air 7SL aircraft on May 30, 2005. Though this was not a US Air Force aircraft, it was carrying US Air Force personnel at the time of the mishap and the Iraqi Air Force requested assistance with the investigation, leading to an AFSOC commander-directed investigation (See: http://www.af.mil/News/Article-Display/Article/132777/accident-report-out-on-iraqi-comp-air-7sl/) While I am willing to accept only the releasable portions of the records, I ask that AFSOC consider exercising its discretionary release powers to disclose as much of the records as possible, including information marked with a sensitive, but unclassified notation such as "Unclassified/For Official Use Only" or U/FOUO. Additionally, please release all reasonably segregable portions of the records that do not meet an exemption. I am also willing and would prefer to receive any release in an electronic format. Thanks in advance, Joseph Trevithick
2018-01589-F	Trevithick, Joseph	The War Zone	03/19/2018	Hi, My name is Joseph Trevithick and I am making the following request as an "media" requester. I am a freelance journalist and researcher working for multiple outlets, with a proven track record of publishing (for example: https://warisboring.com/the-pentagon-doesn-t-know-how-many-civilians-it-has-killed-in-iraq-and-syria-535f6f3032ce#.d66r5d55t) or supporting publication (see: https://medium.com/defiant/wondering-what-u-s-spy-agencies-think-of-donald-trump-105cfb8bbf7d#.t2dtnixy3). If there estimated fees exceed the stated dollar amount, please let me know before you proceed with this request. I am looking to obtain a copy any products the National Air and Space Intelligence Center has produced since Jan. 1, 2016 regarding foreign developments of cruise or ballistic missiles using nuclear propulsion systems. On March 1, 2018, Russian President Vladimir Putin announced his country had been working on and had tested a cruise missile with a nuclear powerplant on board (See: http://www.thedrive.com/the-war-zone/18906/heres-the-six-super-weapons-putin-unveiled-during-fiery-address). Subsequent media reports cited anonymous US government sources as saying that Russia had tested such a system (See: http://www.thedrive.com/the-war-zone/18948/u-s-has-been-secretly-watching-russias-nuclear-powered-cruise-missiles-crash-and-burn). While I am willing to accept only the releasable portions of the records, I ask that NASIC consider exercising its

				discretionary release powers to disclose as much of the records as possible, including information marked with a sensitive, but unclassified notation such as "Unclassified/For Official Use Only" or U/FOUO. Additionally, please release all reasonably segregable portions of the records that do not meet an exemption. I am also willing and would prefer to receive any release in an electronic format. Thanks in advance, Joseph Trevithick

2018-01708-F	Millsap, Ronda	AAA MO	03/27/2018	Request the report, statements and any other investigative information available for this incident. Our insured, (b)(6) was out of state in basic training. While she was gone (b)(6) used her keys to take her vehicle without her permission. He then allowed (b)(6) to drive the vehicle. (b)(6) was then involved in an auto accident on 10/21/17 causing property damage and injuries to others. It is my understanding an investigation was completed to determine if this was in fact a vehicle theft. Per my conversation with one of the detectives, this was being considered a theft. I am looking for all information available to support this decision that it was a theft and rule out any liability on behalf of our insured for the accident involving (b)(6). It is my understanding that that (b)(6) was also a suspect in burglarizing her house while she was out of town.
