2019-00246-F	Turse, Nick	The Nation Magazine	05/15/2019	Pursuant to the federal Freedom of Information Act, 5 U.S.C. Å§ 552, I request any nominations packets, sometimes referred to as recommendation packages, as well as award citations and/or supporting information relating to three Distinguished Flying Crosses awarded to Tech. Sgt. Nathan; Tech. Sgt. Joseph; and Staff Sgt. David, referred to in this article: https://www.25af.af.mil/News/Article-Display/Article/1613594/direct-support-operators-reach-new-heights/ The time frame of this request is January 1, 2017 to the present. I request you search all electronic and paper-based records systems and databases for these materials and provide any/all of these records in electronic format if possible. I also request a cross-reference search. I also request that you state the specific legal and factual grounds for withholding any documents or portions of documents, should you withhold any. Please identify each document that falls within the scope of this request but is withheld from release. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$.01. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a member of the news media and this information is of timely value, I would appreciate your communicating with me by email, rather than by mail, if you have questions regarding this request.

I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." Also, under "FOIA Improvement Act of 2016" "each agency, in accordance with published rules, shall make available for public inspection in an electronic format ... copies of all records, regardless of form or format that have been requested 3 or more times." This clause is within (a)(2), which has no provision whatsoever for fees. The statute explicitly says "requested", not "provided." If my request is rejected, I will file two additional requests so that it will meet the requirements of the statute. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$.01.

If an exemption applies to the information in any of these documents, I ask that NASA please consider exercising its discretionary release powers to disclose the records. Additionally, please release all reasonably segregable portions of the records that do not meet an exemption. I am also willing to accept and would prefer any release be in an electronic format if possible. Thanks in advance, Joseph Trevithick (Date Range for Record Search: From 1/1/2016 To 12/31/2016)

2019-02871-F	Garcia, Karal	Indiana University	04/09/2019	BLUF: Per the AETC Historian Office (which provided this document to me), I need permission to use an extract from a 1965 unpublished history report because it is marked FOUO. DISCUSSION: The requested document details training policy and processes from the 1960s (54 years ago). I would argue that the label of FOUO is moot at this point. Citation for the reference: Department of the Air Force (DAF) (1965). History of the Air Training Command, January-June. Unpublished manuscript, Air Education and Training Command, Randolph Air Force Base, TX. Purpose of its use: My doctoral dissertation and qualifying exam paper cover the evolution of the idealized instructional systems development (ISD) model of the Air Force—idealized in that I'm not looking at actual implementation, just how the model developed as a problem-solving framework, its attributes, its theoretical foundations, etc. In terms of evolution, I'm looking for mechanisms that drove change to arrive at the model we currently use. AFMAN 36-2234 (1993) claims that the first ISD model is from the 1970s. However, this manuscript (1965) contradicts that assertion. It also emphasizes certain attributes of the ISD model. The referenced AFR 50-8 (1964) has a copy of the model, but only applies it to PI, not to any consideration of expanding its use. This is the earliest document I have found that considers expanding ISD to other instructional systems. Germane portions: Page 269 (PDF page 7): Shift away from just programmed instruction to all instructional systems. Page 276 (PDF page 14): Begins a discussion at the bottom of the page that continues on the next page that discusses instructional methods, understanding of learning, and analysis of training requirements. Page 277 (PDF page 15): Discussion (continuing on the next page) about application to actual courses. Page 278 (PDF page 16): Highlighted portion is key to my argument that the ISD model published in 1964 was expanded to non-PI systems, and was even being considered for flying training at the time. Based on the information we have compiled, we have found you not eligible for protection under USERRA. In making the above determination, the investigator reviewed the comments on the Form 1010 and discussed your claim with you. The information that you provided does not establish that an employer took an adverse action that was motivated – at least in part – by your holding a protected status under USERRA. If you have evidence to refute this finding, please contact this office so that we can discuss that evidence. You have the right to request that your case be referred to the Office of Special Counsel (OSC) for further review and possible representation. If OSC is reasonably satisfied that you are entitled to the relief sought, the Special Counsel may appear on your behalf and initiate an action regarding your complaint before the Merit Systems Protection Board (MSPB). If you elect to have your claim referred, you must send VETS a written referral request. 2019-02958-F	Turse, Nick	The Nation Magazine	04/16/2019	Dear FOIA Officer: Pursuant to the federal Freedom of Information Act, 5 U.S.C. Â§ 552, I request copies of the Recommendation for Award of the Air Force Organizational Excellence Award from December 2018 for the USAFCENT Air Warfare Center (AWC). I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$.01. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees.

2019-02964-F	DAVEY, ADRIAN	-	04/16/2019	Headquarters Air Force Office of Special Investigations (FOIA) Dear Sir or Madam: Re: Freedom of Information Act Request Pursuant to the Freedom of Information Act, 5 U.S.C. § 552 I hereby request a copy of all records held by AFOSI pertaining to Harry August Rositzke (born 25th February 1911 – died 4th November 2002). I understand that if I am able to provide 'proof of death' this may enhance the information you are able to provide. Therefore, please find below, a link to Mr. Rositzke's obituary from the New York Times of 8th November 2002 – https://www.nytimes.com/2002/11/08/us/harry-rositzke-91-linguist-and-american-spy-master.html In order to aide you in your search, it may be helpful if I outline Mr Rositzke's interaction with the AFOSI. It is my understanding that Mr Rositzke worked closely with AFOSI from September/October 1980 possibly all the way up to 1989, and maybe later. I believe that at least part of this work involved AFOSI officers from Kirtland AFB. Therefore, it may be pertinent to start your search with AFOSI Records from Kirtland AFB from 1980 onwards. If this search criteria is too general then I would be happy to provide you with further information that may assist in narrowing down your search. I am requesting these records for non-commercial personal use. I request a waiver of fees because my interest in the records is not primarily commercial, and disclosure of the information will contribute significantly to public understanding of the operations or activities of the government because it will help us to understand why an innocent US citizen was lied to by the US government. An AFOSI officer has gone on the public record to confirm that the citizen in question was deliberately mislead and deceived. I am happy to provide further information regarding this incident, should you deem it necessary, in order to grant my waiver request. If my waiver request, and subsequent appeal, is not granted then if any expenses in excess of \$25 are incurred in connection with this request, please obtain my approval before any such charges are incurred. If my FOIA request is denied in whole or in part, I would be grateful if you could provide a detailed justification for withholding the records. I also request any segregable portions that are not exempt to be disclosed. Thank you for your prompt attention to this matter. Yours faithfully Adrian Davey

I am requesting the financial records between AFSVA (NAF) and OPM which show all dispersments which relate to my CSRS. The dispersment records are not archived in another location. They are located within USAF AFMC AFSVA as OPM and AFSVA has validated this fact. Referring me back to the National Personnel Records Center is not appropriate in this case. Again, I am requesting all financial dispersment records from NAF to OPM which will show CSRS deductions were in fact taken and paid appropriately. THIS IS NOT MY PERSONNEL RECORDS. 2019-03022-F	DOWNING, ERIC	-	04/19/2019	Any and all recorded related to (b)(6) **26 April Clarification Provided by Requestor: ***** I am looking for my personnel records that are likely help in an office and not at the National Archives. While I was stationed at HQ AFMSA/SGSF - Heath Facilities Division at Brooks AFB TX, personnel records of all previous Health Facility Officers were kept on file in that office (for posterity). I was assigned to the Heath Facilities Division from Sept 1983 - January. I am trying to get my records from that office. Note the the HQ AFMSA/SGSF has changed command acronym and I do not know the new acronym. I believe that they are still called Heath Facilities Division. Brooks AFB TX closed down. From what I can get off Google, the Brooks offices moved to either Lackland AFB, Lackland Annex, or Port of Lackland. If it helps, I believe there is a (b)(6) GS14 that works in that office to date. 2019-03026-F	Turse, Nick	The Nation Magazine	05/08/2019	Dear FOIA Officer: Pursuant to the federal Freedom of Information Act, 5 U.S.C. Å§ 552, I request copies of any nominations packets, sometimes referred to as recommendation packages, as well as award citations and/or supporting information for valor awards presented to Air Force personnel for actions in the AFRICOM AOR from 2016 to the present. I request that provide any/all of these records in electronic format if possible. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$.01. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a member of the news media and this information is of timely value, I would appreciate your communicating with me by email, rather than by mail, if you have questions regarding this request. Please do not close this

				request, for any reason, unless I explicitly request it in writing. I look forward to your reply within 20 business days, as the statute requires, and request, per 5 USC § 552(a)(7)(B)(ii), that you provide me with an estimated date of completion at the same time and every 20 days thereafter. Thank you for your assistance.

2019-03056-F	Mayne, Steven	-	04/22/2019	I asked AFPC to answer a question on what the special interest questions were on the 2015 total force climate survey. They told me to do a FOIA, despite their own AFOC FOIA and HAF FOIA telling me in pervious FOIAs that FOIA was not meant to answer questions. I feel AFPC PA, among other PA shops are misusing the FOIA process to avoid answering questions. So, because of their refusal, I am requested the full 2015 climate survey, to include special questions and all emails, documents, etc. concerning the 2015 total force climate survey. Also any documents from A1 (Lt Gen Grosso), the CSAF, the SECAF, AFPC PA and SAF PA email or documents concerning the survey and release plan. Note: please ensure they don't waste anyone's times trying to just release the slides they already put out, I already have those, I want to full and complete 2015 total force climate survey. I am looking to obtain a copy of any investigation, review, or other similar reports regarding an emergency arrested landing by an F-15C Eagle aircraft from the 142nd Fighter Wing, Oregon Air National Guard, on or about February 20, 2019. Before making this emergency landing, this aircraft fired a number of air-to-air missiles into the Pacific Ocean (See: https://www.thedrive.com/the-war-zone/26597/oregon-f-15-fired-millions-worth-of-missiles-into-the-sea-before-emergency-landing) While I am willing to accept only the releasable portions of the document, I ask that the Oregon Air National Guard consider exercising its discretionary release powers to disclose as much of the records as possible, including information marked with a sensitive, but unclassified notation such as "Unclassified/For Official Use Only" or U/FOUO. Additionally, please release all reasonably segregable portions of the records that do not meet an exemption. I am also willing and would prefer to receive any release in an electronic format. Thanks in advance, Joseph Trevithick

"For safety and security concerns, the Navy and the [U.S. Air Force] takes these reports very seriously and investigates each and every report. 2019-03220-F	Stremmel, Kenneth	US Army War College	05/02/2019	Report of Investigation for IG complaint FRNO 2017-12678. I was the subject and was informed via text from 17 TRW/CC on 27 Mar 19 the report has closed as unsubstantiated after AETC, SAF/IG, and DoD review. No other formal notification that report was closed as unsubstantiated. Report initiated prior to October 2017. Requesting ROI, even if portions are redacted, because the open investigation held up my promotion to Colonel. The ROI was reviewed by multiple levels and an unknown number of people, some of whom I may work with or for in the future. I am not even aware of the basic allegations, much less what was said of me. I would like the ROI to 1) confirm I was not portrayed in a negative light and 2) have a record of this event which has the impact to negatively affect my career. It is likely this allegation was made by the same member who filed another IG complaint against me (for which I was granted a copy of the ROI) as well as a UCMJ Article 138 request for Redress (which was also closed after over a year of consultation with legal). I am concerned that, though now separated from the Air Force, the member will continue to file grievances against me, whether legally able to do so or not, and would like as much documentation to protect myself as possible. 2019-03422-F	SCHNEIDER, TONY		05/16/2019	To assist your decision and data retrieval, I would like to explain my request, what I am looking for and what I am not looking for. I have also attached the paper (b)(6) published; the numbers in the first paragraph at the top of page 64 are the 1980 – 1984. He testified to Congress his records review was the 1970 – 1984 time frame. First, I am not looking for an extensive records review, such as what I figure (b)(6) did back then. My hopeful expectation is since those days, records have been translated to computer for expeditious data retrieval. My second expectation is the criminal reports of investigation prior to 1979 have been destroyed; figuring you do the 40 year retention like the Army CRC In that mindset, I requested 1979 through 1985, although (b)(6) study was 1980 thru 1984. This is to allow for open & close data. With that [open/close overlap] I requested how many opened and how many closed during any specific year. Also to correlate with (b)(6) study, I have asked for only rape cases as coded – again assuming your system parallels the Army's. Of those, again, by year, how many were -- founded with a subject identified, -- founded, subject unknown, and -- unfounded. Second, if this data retrieval is not readily available and deemed to require excessive time, I am okay if you terminate the request. Also, if there is a fee for this research and I am not granted an exemption, please close. If you cannot honor my request, I ask you to let me know why. I recognize other requests -- such as getting records for VA claims -- have priority. I thank you in advance for your attention to my request. Ciao TONY

2019-03447-F	Oliver, Jerome	-	05/17/2019	Good afternoon - I am willing to pay fees to get a copy of an IG investigation that was done on me in 2018. Involved false allegations of (b)(6) and inappropriate relationship by a (b)(6) of (b)(6) who is an AF employee at JBSA Lackland. The investigation concluded his allegations completely false. The investigation involved the AFOSI and Legal office at JBSA; the investigator was (b)(6) from the 502 Civil Engineers. He had used the hotline a couple times and added the (b)(6) piece on the last one to get an investigation. These are the numbers that I have. Not sure which one the full investigation is under. Hope this narrows it down. ACTS Case number 2018-08959 or DOD Hotline case number 20180507-051229-CASE-01 & 02. / IG case# 20180516051448 case -01. I need a copy as soon as possible to provide my lawyer in regards to an assault case against (b)(6) I had previously requested this from the JBSA FOIA office a month ago and now told that your office has to provide this. Basically I just need a simple letter stating the allegations by (b)(6) to the IG and that an investigation was conducted and the allegations were found to be false. I am an AF Civil Service employee at JBSA Lackland Thank you much (Date Range for Record Search: From 05/01/2018 To 08/31/2018)

2019-03449-F	Curry, Kenneth	-	05/17/2019	Freedom of Information Act (FOIA) – Request for Records I am seeking all releasable information pertaining to household goods transportation applications for entitlements that have been denied to servicemembers separating from the Air Force in the last five years. I am NOT requesting personal data, only the number of denials and the reasons (as specific as reasonably possible) for the denials. I am a private citizen acting in the public interest. This request was made by me more than a year ago, on April 20, 2018. I have heard nothing since then. I spoke with someone in the PPAHQ office several months ago and it was my understanding some records were being processed. I spoke with the head of that office today and the records were sent somewhere to somebody but she did not know who or what the tracking number might be if there was one. I am now reminding the Air Force of this request so that I may have a tracking number. Thank you very much. This FOIA request was initially made 4/20/2018, by me, from the following address: Kenneth Curry (b)(6) (b)(6) Please note my new address: (b)(6) That my initial request for documents may have gone to PPAHQ in San Antonio, TX, does not mean that my request is limited to records located at this office only. My request is for service-wide records wherever they may exist. The online form allows only one selection for records location. If I need to make separate requests directed to discrete locations, I will do so; otherwise, please understand this request is for records across all locations listed or wherever else they may exist. You may reach me by email or phone at (b)(6) with any questions regarding this FOIA request. Thank you. (Date Range for Record Search: From 04/01/2013 To 05/17/2019)

2019-03452-F	McMillan, Tim	-	05/20/2019	Re: Freedom of Information Act Request This is a request under the Freedom of Information Act. I request that a copy of the following documents or documents containing the following information be provided to me: information regarding the incursions, trespassing, and/or protest by persons formally or informally associated with the Greenpeace organization on U.S. Air Force facilities comprising the remote detachment of Edwards Air Force Base, within the Nevada Test and Training Range – areas known by the following names (either formally or informally) as “Homey Airport” (ICAO: KXTA), “Groom Lake,” “Papoose Lake,” and/or “Area 51.” Two separate approximate dates for the incursions to the aforementioned properties are the mid-1980’s and/or 1993. As the FOIA requires, my request ask for release all reasonably segregable nonexempt portions of any documents. In order to help to establish the basis for my request and determine my status to assess fees, you should know that I am a freelance investigator and journalist. The purpose for seeking these documents is to obtain verifiable and credible information that refutes numerous incredible and grandiose claims that have been made through the years about activities that have been alleged to occur at the above-mentioned facility. Namely, many of these alleged activities by the U.S. government would be criminal at most or deprivation information that would be of great importance to the American public at least. The above requested information is believed to be able to help dispute these incredible baseless claims and help affirm the American public’s trust in their government. I am requesting a waiver of fee for these materials as the disclosure of the requested information is in the public interest and is likely to contribute significantly to public understanding of the operations and activities of the government. Additionally, this information is not being sought for commercial purposes. However, if my request for a waiver is denied, I am willing to pay fees for this request up to a maximum of \$25.00. If you estimate that the fees will exceed this limit, please inform me first. Thank you for your consideration of this request. Sincerely, Tim McMillan (Date Range for Record Search: From 01/01/1985 To 01/01/1994)

He was at Hill AFB the entire week doing interviews into an investigation on the Hill AFB EO office. I would like a copy of this investigation as I am being investigated by the same people I was asked about, and they recently denied me moving to a new organization. 2019-03463-F	Grove, Jason	309 SMXG	05/29/2019	AFMC/IG was here at Hill over the summer (2018) and did a number of interviews. They were interviewed by an O-6, Col, from Wright Paterson AFB in Ohio, commander of the IG section (I believe). I would like a copy of that investigation, based on a current investigation I am the suspect in. At least one of the questions was about me, however I was never interviewed. The interview portion at Hill AFB ended in July, however I am not sure when the report ended. I was contacted that this was not closed out, but I believe that action for this has already happen, (b)(6) was moved out of his position into a lower grade. One of the questions in this interview pertained to my Halloween costume, which has been a question in other current investigations, so I would like to see it. Please contact me at (b)(6) or (b)(6) thanks

2019-03505-F	Glaser, Timothy	Retired USN Commander	05/21/2019	I am requesting any After Action Reports or records pertaining to the night of January 17, 1991 concerning the USS Saratoga strike on H-3 Airfield in Wester Iraq. The strike involved A-6s, F-14s and F/A-18s from CVW-17 operating out of the Red Sea. It is the strike where the A-6 flown by (b)(6) and (b)(6) was shot down over the target area by a Roland SAM. Approximately 2 minutes prior to TOT an F-14 engaged a MiG north of the target area. TOT was either 2300 or 2400 local depending on whose memory is correct concerning the events of that night. Recent uncorroborated evidence through Iraqi sources indicate that the F-14 shot down a MiG-25. I was told by the 55th IG that to get the results of the safety investigation I would have to use this means. They cannot provide any of the findings as to the results of this accident to me from their office. I am trying to obtain what happened to the person who hit (b)(6) and how his supervisors were held accountable for their lack of actions leading up to the accident. My primary care provider in 2005 was (b)(6) and he sent me down to the radiology office to have the images taken; I still have the medical document that he filled out that day and it indicates that he wanted X-Rays taken. (b)(6) didn't order the X-Rays officially, so there isn't any record of the X-Rays being ordered. When the X-Rays were taken I assume the radiologist would've documented what he found in the X-Rays and wrote a report in the CHCS medical computer before sending the images and report to (b)(6). Many medical reports such as radiology reports, consultation reports, telephone consultation reports and patient lab inquiry report for me are missing from the CHCS medical computers at both Luke AFB and Kunsan AB even though there isn't any policy to delete any medical record within CHCS over any period of time. If a medical record is created within CHCS and it is later discovered that the record is entered in error (perhaps a lab result entered for the wrong patient); it would take multiple people to complete the approval to administratively delete a record and even if that were done the file would only be suppressed where someone with higher administrative access such as the director of medical records can still see the original file, who deleted it and for what purpose. Medical records for me were hard-deleted in CHCS in an unofficial manner. I was told by the radiology personnel at Luke AFB that after two years from being taken, radiological images are sent to the Archives in Saint Louis and I've been unable to locate where that is. I've contacted the VA and inquired about the VA Records Management Center, but unfortunately that office was closed permanently and the VA representative was unable to locate those images or the report for those images. Could the images remained at the Luke AFB Radiology office possibly on a hard drive even though they we're associated with an official order from a provider? What happened to those images and report? I had an official follow-up appointment with (b)(6) that was supposed to occur around late July or early August 2005 with (b)(6). I couldn't make it to that appointment, so I had to call Luke AFB and speak with (b)(6) over the phone regarding the images of (b)(6) and (b)(6) told me he didn't see anything in the X-Rays. I'm requesting X-Ray images and the radiology report for X-Rays that were taken of (b)(6) at Luke AFB Radiology office on June 17th 2005. (Date Range for Record Search: From 06/01/2005 To 12/31/2005)

2019-03614-F	Pell, Michael	Thomson Reuters	05/29/2019	The report or document that includes the "roll-up slide of AMC West maintenance metrics." I do not have a specific name of this document but it was discussed by (b)(6) EVP and General Counsel of Balfour Beatty Investments, and (b)(6) Interim Flight Chief, Installation Management Travis Air Force Base, via email on Thursday February 21, 2019. (b)(6) first said, "The attached file covers the entire AMC West Project and not just Travis AFB. As a result, BBC's position would be that this document is overly-inclusive in response to the request and therefore is not responsive to the request. With this clarification, does the Air Force agree or do you still require that submit a formal objection to this document?" (h)(6) then replied, "That's a valid point, it is overly-inclusive, as the stats are a roll-up slide of AMC West maintenance metrics, rather than just Travis. We'll remove it from the submission. Thanks, and look forward to your final response." I would like the document they were discussing. Please respond within 20 working days, as the Act provides, or notify me if "unusual" or "exceptional" circumstances apply – as the Act uses those terms. If you decide to exempt portion of any record, please release all other segregable parts. If you withhold any record or portion of a record, please specify which statutory exemptions are claimed for each withholding. Please separately state your reasons for not invoking your discretion, as the Act allows, to release the requested information. Please describe each record withheld, including its date and size – e.g., amount of electronic memory or number of paper pages. (Date Range for Record Search: From 2/1/2019 To 3/1/2019)

Additionally, please release all reasonably segregable portions of the records that do not meet an exemption. I am also willing to accept and would prefer any release be in an electronic format if possible. Thanks in advance, Joseph Trevithick

2019-03748-F	Wong, Justine	US Army, DIA	06/25/2019	I was informed by CYBERCOM FOIA personnel that for CYBERCOM FOIA case number 19-R058 I had to request gender ratio data directly from AF FOIA for AFCYBER. I am an officer in the US Army and a student at the National Intelligence University, a US Intelligence Community institution within ODNI and DIA. I am writing my thesis on Gender Bias within the Cyber Intelligence Profession. I have attached my thesis summary to better understand the context. I am looking to incorporate the current gender demographic statistics for the DoD Cyber workforce, such as CYBERCOM, ARCYBER, AFCYBER, MARFORCYBER, Fleet Cyber. If retention rates by gender are also available, I would like to include them as well per each component. An most current date aggregate number or percentage of males and females for gender ratio and retention rates would suffice. In order to incorporate this data into my thesis, I need it by 19 June 2019. I do not know if I selected the correct service center or location to be searched. 2019-03765-F	Williams, Dillon		06/10/2019	To Whom It May Concern, I requested the below documents in FOIA request 2019-03003-F. I was only provided documents held by the SAF/AAIL office. I had also requested that a search be done at AF/TE office and any POC they contacted for correspondence (emails, memos, etc.) discussing my previously filed FOIA request 2018-04278-F. The reason why I requested a search be done at the AF/TE office is because there is a possibility they may have emails, memos, etc. discussing FOIA request 2018-04278-F in which a copy was not sent to the SAF/AAIL office. Since according to the final response letter for FOIA request 2019-03003-F a search was not done at the AF/TE office, I contacted Ms. Janet Beasley (whom worked on FOIA requests 2019-03003-F and 2018-04278-F) via phone to clarify and she informed me that she would contact AF/TE to see if they had any responsive records. I never heard back from Ms. Beasley, therefore I filed another FOIA request (2019-03630-F) to confirm whether or not AF/TE had any responsive records or if they were/were not releasable. On 8 June 2019, I received a final response letter for FOIA request 2019-03630-F dated 5 June 2019 stating that request was being closed as a duplicate request. I disagree that it is a duplicate request as I was seeking a search for records that had not been done in my previous FOIA request 2009-03003-F. I am resubmitting the below FOIA request that was closed as a duplicate in FOIA request 2019-03630-F. I respectfully ask that a search for records for a copy of all processing notes (memos, emails, notes, etc.) for case number 2018-04278-F, held by the OPR (AF/TE) or any POC the OPR contacted be sent to AF/TE to determine whether or not they have any responsive records. This is a request under the Freedom of Information Act. I hereby request a copy of all processing notes (memos, emails, notes, etc.) for case number 2018-04278-F, held by the OPR (AF/TE) or any POC the OPR contacted. I am willing to accept a clearly releasable copy of all responsive records and am willing to pay all fees up to \$25.00. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not. Thank you, Dillon Williams

2019-03783-F	Siegert, Jonathan	N/A	06/21/2019	I am requesting TO 35E7-2-11-1. This is the operation and service manual for NSN 4520-01-056-4269, H-1 Ground Support Heater. I attempted to request this manual through commercial means; however, I was informed that it is currently export controlled and could not be made available to me without a valid DD-2345. As this form is only appropriate for commercial entities engaged in business with the DoD, this makes it impossible for me to obtain this record. As this heater is very old (circa-1979), long since out of production, and

				there are newer models of H-1 Ground Support Heaters that have their Operating/Service manuals in public release, I believe that this manual should pose little to no risk being released. Release of this manual is vital to me being able to properly repair and restore this piece of equipment that I hold in private ownership.

2019-03792-F	Turse, Nick	The Nation Magazine	06/11/2019	Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552, I request copies of any nomination packets, sometimes referred to as recommendation packages, for a Silver Star awarded to a USAF Pararescueman for operations with a Joint Task Force on 28 January 2017 to 29 January 2017 in support of Overseas Contingency Operations. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please notify me by email prior to your incurring any expenses in excess of \$.01. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a member of the news media and this information is of timely value, I would appreciate your communicating with me by email, rather than by mail, if you have questions regarding this request. Please do not close this request, for any reason, unless I explicitly request it in writing. I look forward to your reply within 20 business days, as the statute requires. Thank you for your assistance.

2019-03921-F	Baughman, Stephen	-	06/18/2019	I am requesting all releasable information relating to the activities of my late father, (b)(6) USAF, during his service time in Turkey. I am specifically interested in details concerning his potential involvement in the peace treaty negotiations between Turkey and Greece who were in conflict over Cyprus during the summer of 1974. I attached an article about the treaty as the Description Document. He told me years ago before his passing that he was somehow involved in the drafting of the actual agreement. My father was engaged in undefined aspects of intelligence and analysis in the later years of his career and I suspect he might have participated in the detail work of the agreement somehow. I don't think that my father was actually stationed at Incirlik as our family lived in Izmir. I think he may have worked in an office in the city, perhaps in some intelligence position. I have few details as my father never divulged anything that involved classified work. I was born 9/1/1975 at Incirlik hospital. (Date Range for Record Search: From 04/01/1974 To 07/14/1976)

2019-03964-F	Gardberg, Mark	Howard & Howard Attorneys PLLC	06/20/2019	To be clear, I (Mark Gardberg) am acting as an agent for Coral Academy of Science Las Vegas, a taxpayer-funded Nevada state public charter school created under Nevada Revised Statutes Chapter 388A. CASLV operates an existing elementary school at Nellis AFB and is building a new K-8 on-Base campus. To the extent containing releasable information, Coral Academy of Science Las Vegas is requesting: 1. a document identified in Nellis AFB (or USAF) records as "AFCEE-02-0006," and likely pertaining to work undertaken by Hunt Companies, Inc. (or one of its affiliated entities) (collectively, "Hunt") on Nellis AFB property, including the demolition and/or removal of gas lines. 2. four documents in Nellis AFB (or USAF) records containing the following approximate titles and dates : (1) a "Lease" between Hunt Companies, Inc., or one of its affiliated entities (collectively, "Hunt") dated on or around May 6, 2006; (2) all Amendments to that Lease; (3) a "Certificate of Completion" issued to Hunt on or around 09/21/11 (presumably pursuant to the Lease); (4) a "Physical Condition Report" issued to Hunt around the date of termination of Hunt's Lease (presumably pursuant to the Lease); and (5) a "Certificate of Development Completion, Nellis AFB" issued to Hunt on or around 01/11/12 (presumably pursuant to the Lease). CASLV is providing such specificity (in these document descriptions) solely to assist AF staff in locating these documents, not to narrow the scope of the request. (For example, if a document has a slightly different title or date but is reasonably likely to be the one requested, then that is included in this request.) 3. all contracts, emails, letters, notes, faxes, and other written materials and documents, created in the period between 01/01/09 and 01/01/14, relating (in part or in whole) to the utility gas lines located in "Area III" of Nellis AFB (i.e., near the Youth Center on Stafford Drive)—including re. the installation, maintenance of, testing, capping, demolition, and removal of those lines. CASLV has prioritized the requests above in order of importance. Please address them in turn, not all three at once, so the first is not waiting on the second or third. In other words, if necessary, please treat the above as three separate FOIA requests. (Date Range for Record Search: From 01/01/2009 To 01/01/2014)

2019-03995-F	Moore, Kristin	(b)(6)	06/24/2019	I have been trying to get a letter or some kind of document that shows the details of this disposition or command action. The violation shows up on my criminal background check and I am trying to apply for a nursing license. I need the results showing the command action so that the board of nursing sees that there were no criminal convictions. I have been trying to get this for over a month now and have had this request transferred to other departments in the past. The last place told me to make the request here and she transferred my request over a week ago and I have not heard anything back. I have attached the letter from the board of nursing to show what they are asking for. I just need something that shows the result of the violation (which was an article 15 and no criminal convictions). Please let me know if you need additional information. This request pertains to myself. The violation occurred in 2006 I believe. I really need this one document ASAP. This is keeping me from taking the state boards and I have been trying to get this for several weeks now. Please, please let me know this request has been received and provide a turnaround time if at all possible. I really appreciate your time and help. 2019-04030-F	Rowe, Shawn	20 SFS	06/25/2019	I was deployed from Offutt as an A1C from April-October 2011 to Kandahar, Afghanistan and fell under the Army. I earned a "Joint Service Achievement Award" (Close date of 20 Oct 11 and approval date of 8 Sep 11). However, as a young Airman, I didn't know to take the narrative/citation to the MPF for uploading into PRDA if it wasn't done automatically and have lost the original. I've inquired with my MPF at 2 different bases over the years, and even talked to some Army personnel, all of which could not help me. With the new board-only system for promotion, it's more important than ever to get the narrative for the board to read. I ran into a young Airman who worked at the AFCENT records facility on Shaw, who suggested this route. Any help in the matter would be greatly appreciated.
