2018-03241-F	ratcliffe, robert	Texas Monthly magazine	9/23/2019	<p>FOIA This is a Freedom of Information Act request for mission reports or after-action reports on an incident that occurred on July 29, 2009, near Kandahar Airfield involving the 129th Rescue Squadron of the Air National Guard. I am requesting reports filed between that date and December 2009 that were written by the personnel listed below. Ranks are believed to be what the individual's rank was at the time (b)(6) commanding officer. This request is limited solely to his reports on the incident of July 29, 2009, the loss of a HH-60G helicopter with the call sign Pedro 15 and the actions of a HH-60G helicopter with the call sign of Pedro 16. I also am requesting copies of recommendations he made for medals to be issued to the crews of these two helicopters as listed below. Note: I am not requesting personnel records for these individuals. Mission reports or after-action reports of Pedro 15 crew members (b)(6) (b)(6) pilot; (b)(6) co-pilot; (b)(6) and (b)(6) Pedro 15 crash landed after being shot up by the Taliban and had to be abandoned. Mission reports or after-action reports of Pedro 16 crew member (b)(6) (b)(6) pilot; (b)(6) co-pilot; (b)(6); and (b)(6) (h)(6) Additionally, I would like a copy of any report in the month after the July 29 incident regarding attempts to salvage Pedro 15 and the subsequent loss of the aircraft to fire. We are willing to pay up to \$400 for a copy of these reports. If the cost is in excess of that amount, please contact me. Copies can either be emailed to me at (b)(6)@texasmonthly.com or mailed to my home address: (b)(6) Robert G. Ratcliffe (Date Range for Record Search: From 07/29/2009 To 07/01/2010)</p>
2018-03497-F	Legrand, Shawn	-	7/25/2019	<p>Document related to establishment of the Foreign Technical Division Office at Ames Research. (Date Range for Record Search: From 01/01/1960 To 12/01/1960)</p>

2018-03610-F	Hensley, D	-	8/15/2019	<p>All records kept by the United States Air Force on the topic of wartime operations, intelligence, reconnasaince, and missions during Operation Desert Storm. I ask the USAF to search all databases and systems for all responsive records. This requestor is unsure which service center to send this request to due to confusing acronyms for which the USAF does not have a public listing of. I am a member of the news media and request classification as such. I will be writing about the government and its activities as an independent journalist for the public at large via very public platforms with a potential reach of hundreds of millions. In addition, I will discuss and comment on the files online and intend to make them available through the non-profit Internet Archive, disseminating them to a large audience. While my research is not limited to this, a great deal of it, including this, focuses on the activities and attitudes of the government itself. As such, it is not necessary for me to demonstrate the relevance of this particular subject in advance. Additionally, case law states that "proof of the ability to disseminate the released information to a broad cross-section of the public is not required." <i>Judicial Watch, Inc. v. Dep't of Justice</i>, 365 F.3d 1108, 1126 (D.C. Cir. 2004); see <i>Carney v. U.S. Dep't of Justice</i>, 19 F.3d 807, 814-15 (2d Cir. 1994). Further, courts have held that "qualified because it also had "firm" plans to "publish a number of . . . 'document sets'" concerning United States foreign and national security policy." Under this criteria, as well, I qualify as a member of the news media. Additionally, courts have held that the news media status "focuses on the nature of the requester, not its request. The provision requires that the request be "made by" a representative of the news media. <i>Id.</i> § 552(a)(4)(A)(ii)(II). A newspaper reporter, for example, is a representative of the news media regardless of how much interest there is in the story for which he or she is requesting information." As such, the details of the request itself are moot for the purposes of determining the appropriate fee category. As such, my primary purpose is to inform about government activities by reporting on it and making the raw data available and I therefore request that fees be waived. Under the FOIA Improvement Act of 2016, agencies can no longer withhold records under the deliberative process privilege of Exemption 5 if they are more than 25 years old. Specifically, Section 552(b)(5) states that "the deliberative process privilege shall not apply to records created 25 years or more before the date on which the records were requested." 2019-04090-F	Kisielewski, Dominic	Maruta Law firm	7/1/2019	I am requesting a FOIA because I currently have a client, a Polish defense logistics company, involved in litigation with the Polish Ministry of Defense to annul a fine due to a delay in the delivery of CATM-120c training missiles, whose procurement is controlled by the US Air Force. The delay was due to a material obsolescence issue for a component called "Harness Cover." This issue delayed the production of the missiles and their subsequent delivery to the Polish Air Force. To annul the fee, I have to prove through documentation that the delay was due to the material obsolescence issue and not from the client's actions. I am not looking for documentation that blames any party, but only for dated documentation that verifies that there was (i) a material obsolescence issue related to the Harness Cover component (ii) government and its private contractors conducted procedures to address the issue, and (iii) when these events occurred. Ideally I would like to have a government document with a specific document relating to an Engineering Change Order (ECO). If you could you could provide us with such document, a government statement, or any guidance on the matter (i.e. what agencies should be contacted or what documents we should be looking), it would be extremely helpful. 2019-04111-F	Hood, Ryan	Mr.	7/2/2019	Nellis AFB, I am expecting some swamp gas and weather balloons to be delivered to area 51, can you check to see if they have arrived? This means extra terrestrial flying saucers. I ordered from the galactic market, they are paid off in full and so don't worry about a loaner shuttle flight program, I own them. Don't let them boss you around about delivery fees, that is paid in full as well, (you know how delivery dock lords get sometimes, sheesh) Be careful about the flight operating systems, I have a robotic team working on developing new Operating Systems and sensor modes, do not use the old ones, they will blow up the shuttle and fly it into a blackhole gravity well. Check which are compliant for FTL communication, that is a start. I would like you to request a yearly catalog of the space ships you can buy on the galactic main markets, one for you and 3 for me. There are many available, I purchased several ambassador level shuttles. Always in pairs of 3. Triple redundant, always always always. It's a nuclear power thing to have a certified backup always working. Also, can you check my off world inbox for any messages? Optional: If you have any questions about handling this request, you may telephone me at (home phone) or at my (office phone). Sincerely, Name Address The National Security Act of 1947 was a major restructuring of the United States government's military and intelligence agencies following World War II. The majority of the provisions of the Act took effect on September 18, 1947, the day after the Senate confirmed James Forrestal as the first Secretary of Defense.[1] The Act merged the Department of War (renamed as the Department of the Army) and the Department of the Navy into the National Military Establishment (NME), headed by the Secretary of Defense. It also created the Department of the Air Force and the United States Air Force, which separated the Army Air Forces into its own service. It also protected the Marine Corps as an independent service, under the Department of the Navy. Aside from the military reorganization, the act established the National Security Council and the Central Intelligence Agency, the U.S.'s first peacetime non-military intelligence agency. Can you also assign 1010 people to make sure you and the CIA are well within your parameters initially set?

2019-04163-F	Hood, Ryan	Mr.	7/5/2019	I've experienced malware hacking and other foul things from these websites and they must be attended to, someone is breaking our ability to fight financially. This is a supreme attack, someone is sabotage incarnate and denying everyone's per diem. This is the strength of America. You need to switch out the personnel 100%. Completely new training and you must be in charge. There are way too many sabatuers training people to deny these and break the internet systems which weakens our abilty to fight immensely. Get with your high command. I want to be in high orbit by high noon. Ping it through all the systems. They will see it on the backside. The off world deliveries may just be sitting at an empty CIA lab, can you look into it for me? I have access to the modern space market so I went for it, trying to upgrade Earth's health net. I sent them to the CIA but I would like you to also look over them. In addition I sent in a bunch of ELYSIUM type medical beds and other health care tech. Not sure where those ended up. 2019-04252-F	Turse, Nick	The Nation Magazine	7/12/2019	<p>Pursuant to the federal Freedom of Information Act, 5 U.S.C. Â§ 552, I request from the 11th Special Operations Intelligence Squadron any full-motion video from the AFRICOM AOR between June 1, 2019 and the date that this request is perfected. I request you search all electronic and paper-based records systems and databases for these materials and provide any/all of these records in electronic format if possible. I also request a cross-reference search. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." Also, under "FOIA Improvement Act of 2016" "each agency, in accordance with published rules, shall make available for public inspection in an electronic format ... copies of all records, regardless of form or format ... that have been requested 3 or more times." This clause is within (a)(2), which has no provision whatsoever for fees. The statute explicitly says "requested", not "provided." If my request is rejected, I will file two additional requests so that it will meet the requirements of the statute. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$.01. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees.</p>

The only information I am requesting is the Teams sent by the 66th TRW (RF-101) and 363rd TRW (RF-101), aircrews and aircraft serial numbers if possible. Also the team results. 2019-04255-F	Heath, Jonathan	-	7/12/2019	Record of the award of any and all Medals of Honor to USAF MSGT John A. Chapman. Additionally, statement of service indicating awards authorized for wear by the late MSGT John A. Chapman. Primary purpose of this request is to clarify whether or not Chapman was awarded TWO Medals of Honor, one Medal of Honor and an Air Force Cross, or if the Air Force Cross was upgraded to a Medal of Honor leaving Chapman authorized one Medal of Honor and zero Air Force Crosses. There are several sources, including AF sources that have conflicting information. For example, the DoD webpage on Chapman lists an Air Force Cross in addition to the Medal of Honor (see https://static.dma.mil/usaf/medalofhonor-chapman/) yet also mentions the upgrade of the AFC to a Medal of Honor. In video that is publicly circulating, the narrator mentions a first and a second Medal of Honor for Chapman. Wikipedia, as inaccurate a source as it is, mentions only one Medal of Honor and no Air Force Cross. It is in the public interest for clarification.

I must request my Air Force finance record and possible funding. Organize them with a trading card game and divide the opportunities up into categories. I give you permission to look into other places like the NAVY and everywhere else on Earth. A second authorization for everything off world is also authorized. Let's have green authorization for Earth, and blue be the authorization for everything offworld. Check my bitcoin accounts offworld in the main galactic market as well. I introduced bitcoin and bought some space ships, the first legally owned for Earth. We tried to link in through SPAWAR, there is a lot of new financial software going around. Have your alien team work on this as well. I'm moving all my assets into 501, so if you see this it is for simplicity and is correct. That translates well on the ancient alien computer languages. Furthermore, these are some of the first faster than light bank accounts. However, all you might find on the green authorizations are simple pilot money, I would like the maximum opportunity and to walk on the street. Was it a result of the workload at AFNIC or the non-responsiveness of the AF sponsor (HH-60) when asked for info and coordination during the process? 2019-04459-F	Trevithick, Joseph	The War Zone	7/26/2019	Hi, My name is Joseph Trevithick and I am making the following request as a "media" requester and I am willing to pay fees up to \$25. I am a freelance journalist and researcher working for multiple outlets, with a proven track record of publishing (for example: https://www.thedrive.com/the-war-zone/27541/these-are-the-briefings-president-elect-trump-got-on-the-f-35-air-force-one-and-nukes) or supporting publication (see: https://www.thedrive.com/the-war-zone/15902/document-confirms-b-21-to-be-delivered-optionally-manned-and-nuclear-capable). If there estimated fees exceed the stated dollar amount, please let me know before you proceed with this request. I am looking to obtain copies of the following documents cited in the 2010 annual command history for the 432nd Wing, which I previously obtained via FOIA: - A undated compilation document the 432nd History Office put together titled "Selected Serious Incident Reports/Incidents Reports Entries for CY10 (U)." - An Email from Maj Gen H.D. Pumbo Jr, US Africa Command (AFRICOM) to [redacted] 432 WG/CC and [redacted] 432 WG/CV titled "AFRICOM Check In (U)," dated 18 December 2010. - An Email from [redacted] CJTF-HOA 449 AEG to multiple recipients titled "DJ SITREP 2 Jul 10 (U)," dated 3 July 2010. If an exemption applies to the information in any of these documents, I ask that the 432nd Wing please consider exercising its discretionary release powers to disclose the records. If there are no complete lines marked unclassified, I still request a line-by-line review to determine any reasonably segregable portions of the record that are not subject to an exemption. That the document's overall classification might be above unclassified and that certain sections are marked above unclassified does not mean there is no releasable information or that it is not reasonably segregable from classified or otherwise exempt information. I am also willing to accept and would prefer any release be in an electronic format if possible. Thanks in advance, Joseph Trevithick

The crash occurred on Saturday, February 28, 1953 at approximately 18:00 Hours, two and a half miles southeast of Springfield, Nebraska, four miles southwest of Papillion or nine miles west of Offutt AFB, NE. The aircraft was piloted by Col. James Luper, who was the Deputy Inspector General of Security for SAC at Offutt AFB. Also killed in the crash was (b)(6) who was a US Army officer attached to Colonel Luper's staff and (b)(6) the flight engineer/crew chief. It is the children of (b)(6) that I'm attempting to assist. They are in their early 70's now and are seeking closure. The aircraft was returning from Ent AFB - Colorado Springs, Colorado and was on GCA to Offutt. Radar contact was lost as the B 26 was turning onto its final approach. The Omaha World-Herald newspaper articles I researched does not provide a complete picture of the collision that a thorough investigation would have. 2019-04511-F	Sjoberg, Brooke	The Daily Dot	7/30/2019	Dear FOIA Officer: Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552 et seq. and the response to recent events planned for Area 51, The Daily Dot makes the following request for records. The "Storm area 51, they can't stop all of us," Facebook event became a meme with enough currency to have sparked a response from the Air Force to the Washington Post. Hotels in the area have been booked over a month in advance, with many 'stormers' planning to actually attend the event. On June 27, 2019, the event was created by Matty Roberts with satirical intentions, and nearly 2 million people have RSVP'd as "going." this prompted a response from Air Force spokeswoman Laura McAndrews, published in The Washington Post. This response reads: "[Area 51] is an open training range for the U.S. Air Force, and we would discourage anyone from trying to come into the area where we train American armed forces," McAndrews said. "The U.S. Air Force always stands ready to protect America and its assets." Several of these 'stormers' have already booked accommodations at nearby hotels and possibly Airbnb's in the area. There is a fully realized group of people who will be in the area, regardless of what they are planning to actually do. Requested Records The Daily Dot requests that the Air Force produce the following within twenty business days and further seeks expedited review of this request for the reasons identified below: Any communication from any entity with oversight including the phrases "Area 51 memes," "storm Area 51," "Airbnb," "see them aliens," "area 51 raiders," "Kyles," "camping," "Rachel, Nevada Airbnbs" "Beatty, Nevada Airbnbs," "Alamo, Nevada Airbnbs," "Nevada Airbnbs" The Air Force should limit its search to responsive records created between June 27, 2019, and the date the search begins. The search for responsive records should include individuals and locations where records are likely to exist, including but not limited to the Office of the Secretary. The Daily Dot seeks all responsive records regardless of format, medium, or physical characteristics. In conducting your search, please understand the terms "records," "communications," and "documents" in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions. Our request includes any attachments to these records. No

2019-04545-F	Fairbank, Matthew	-	8/1/2019	I'm requesting that a formal investigation be initiated into what happened to my military medical records in the CHCS computer at Luke AFB. This is a privacy act request. Requesting any and all records. I submitted five DD Form 2870 forms to the Luke AFB ROI office requesting CHCS computer records on patient appointments, consultation reports, patient lab inquiry, radiology reports and telephone consultation reports. I received a disc from the Luke AFB ROI office and many records are missing from the CHCS computer at Luke AFB. I asked the records person to log directly into CHCS to see my records since AHLTA can't pull records from CHCS that were created within CHCS before AHLTA came online in 2005. The oldest records that were provided to me on the disc were from 2004. I never received the patient appointment records that I requested when I know they have the records, because one of the ROI technicians found the patient appointment data and discussed the appointment dates and appointment type with me over the phone. I never received the telephone consultation reports that I requested that I know they have, because the ROI technician discussed those records with me over the phone. The telephone consultation records end in April 2005 and they match my records in my outpatient records, but I know that records after April 2005 are missing, because the Sergeants who taught the TAPS class that I attended copied my medical records at the family support center and I have telephone consultation records from the copies they made. I showed one document containing a telephone consultation report from June 2005 to (b)(6) at Congressman Gallegos office and unfortunately I have misplaced that document. I'm certain that many records in the CHCS computer are missing. According to (b)(6) at the Lackland AFB ROI office, 1) Any record created within CHCS is there for good. 2) There isn't any policy to ever delete any record within CHCS over any period of time. 3) If a record was entered in error possibly on the wrong patient and needed to be administratively deleted multiple personnel would be involved in administratively deleting the record. The record wouldn't truly be deleted it just becomes suppressed and someone with higher level administrative access such as the director of medical records can still see the record when they log in along with when it was deleted, by whom and for what purpose. Many records are missing and I'd like to know what happened to those records. On June 17th 2005 X-rays were taken of my upper and lower back at the Luke AFB radiology office and those records are missing as well. I'm requesting that a

2019-04569-F	Paciarelli, Joe	JoeFromTheCarolinas.Com	8/2/2019	Hello. This is a freedom of information act request. I am requesting an index of all air force human space projects/programs and planned projects and programs, involving military astronauts operating in the space environment occurring between 1/1/2011 and 8/2/2019. Specifically, I am requesting program/project names, related agencies and corporations, dates of planned mission operation start and stop, as well as reports, audio and video records, and debriefing files. Please also kindly include in this request the search results for processing my FOIA return. Please be aware that I am requesting a fee waiver for the following reasons - 1) I intend to release the results of the FOIA request to the public on my hobby youtube channel, which is non-commercial and falls under the category of "Science and Technology". As a clinical psychologist interested in military astronaut involvement in space, this is a fun hobby where I can help clear up the many misunderstandings that the public has concerning government human space programs and projects. 2) Furthermore, I believe that disclosure on this subject matter would greatly increase the public's understanding of how USAF SPC are engaged in the education and training of staff (and leaders) in the space environment on this very serious and current issue of space as a warfighting domain. 3) This disclosure would be very reassuring to a public that utilizes space daily, and needs to be alerted as to the level of detail, planning, and training that goes into military astronauts protecting US assets in the space environment. 4) Maj Gen Shaw (US SPC/CD) recently stated during the US Air Force Space Futures Workshop that he believed humans in space were an inevitability, and estimated that this would occur in, "100 years, 50 years, [or] 5 months". Clearly there is new information the public would gain from disclosure. (Date Range for Record Search: From 01/02/2011 To 08/02/2019)

2019-04602-F	Trevithick, Joseph	The War Zone	8/6/2019	<p>Hi, My name is Joseph Trevithick and I am making the following request as a "media" requester and I am willing to pay fees up to \$25. I am a freelance journalist and researcher working for multiple outlets, with a proven track record of publishing (for example: https://www.thedrive.com/the-war-zone/27541/these-are-the-briefings-president-elect-trump-got-on-the-f-35-air-force-one-and-nukes) or supporting publication (see: https://www.thedrive.com/the-war-zone/15902/document-confirms-b-21-to-be-delivered-optionally-manned-and-nuclear-capable). If there estimated fees exceed the stated dollar amount, please let me know before you proceed with this request. I am looking to obtain a copy of any accident report regarding a mishap that occurred on June 8, 1988, at Jacksonville International Airport, involving an F-16 fighter jet from what was then the Florida Air National Guard's 125th Fighter Interceptor Group. For reference, see: https://www.apnews.com/2b0b95d48dbf308f824745cc74ec2f2e If an exemption applies to the information in any of these documents, I ask that the Air Force Safety Center please consider exercising its discretionary release powers to disclose the records. If there are no complete lines marked unclassified, I still request a line-by-line review to determine any reasonably segregable portions of the record that are not subject to an exemption. That the document's overall classification might be above unclassified and that certain sections are marked above unclassified does not mean there is no releasable information or that it is not reasonably segregable from classified or otherwise exempt information. I am also willing to accept and would prefer any release be in an electronic format if possible. Thanks in advance, Joseph Trevithick Thanks in advance, Joseph Trevithick</p>

2019-04603-F	Casey, Kadaris	-	8/20/2019	The specific documentation I am looking for is when I received an Article 134 for Child Endangerment under the UCMJ by my Commander while I was enlisted. I received this punishment because I had the custody of my three children taken from me by the state of Missouri in Johnson County. I as well my spouse were in civil court from April of 2014 until my last day of service February 25, 2015. I as well as my spouse were not criminally charged and the prosecution dropped the case and gave us back custody of our three children. While we have been able to move on despite me having been discharged General Under Honorable Conditions, I have not been able to continued to pursue my career in Corrections. I have passed every background check, but the Department of Corrections has requested that they receive the documents that I am requesting in order for me to continue my career as well as my spouse in childcare. This has also affected her as well from getting back into childcare. I am a Certified Correctional Officer in the State of Florida and my spouse is also Certified in Childcare; however with this showing in our background this has prevented us from continuing our respective careers. I am willing to pay all fees to receive these documents. The Department of Corrections is requesting this even though they have seen my disposition documentation showing the court granting me and my spouse custody of our children. So to again state, I am requesting all documentation from the entire military investigation involving me and my spouse from when the State of Missouri temporarily had custody of our children in Johnson County. Thank you. (Date Range for Record Search: From 04/01/2014 To 02/25/2015)

2019-04696-F	Taylor, Shane	-	8/13/2019	On 14 February 2019, a shuttle/tour bus backed into my Ford Focus while I was sitting in the car at the front gate of RAF Mildenhall. The contact left slight damage, enough to file a report with Security Forces. Security Forces had myself and the driver file reports, and I was brief that Security Forces would follow up with me on the next steps to take regarding the incident. The citizen that hit my car is a local national and I had not exchanged information with him. But the Reports/Analysis division could not provide me any information about the driver or company to follow up with for claimed damages. I am seeking to get information on the driver or company so I can pursue a damage claim to my vehicle. The incident was straight forward and is documented by RAF Mildenhall Security Forces. 2019-04800-F	Williams, Dillon	-	8/20/2019	To Whom It May Concern: This is a request under the Freedom of Information Act. I hereby request the following: A copy of all e-mails sent to (b)(6) on Monday, August 19, 2019 from 5:00AM-5:00PM PST. (b)(6) is a Fleet Manager at Warehouse 6/LRST. Warehouse 6/LRST falls under DET 1 AFEREG/LRST. Warehouse 6/LRST is located at 2915 Losee Rd, Suite 104, North Las Vegas, NV. It is possible (b)(6) email could be (b)(6)@us.af.mil or (b)(6)@oln-afmc.af.mil. Or, it could be something else different entirely. (b)(6) phone number is (b)(6) Ext. (b)(6) and (b)(6). Please also note that (b)(6) email address will not appear in GAL (Global Address Locator). I believe that (b)(6) email account is on the OLN-AFMC.AF.MIL email server which is not the main email server used by most USAF personnel. The OLN-AFMC.AF.MIL email server is used by personnel at Area 51 and Tonopah Test Range Airfield. The likely OPR would be AF/TE at HAF as I believe that DET 1 AFEREG falls under them. I am not willing to accept a clearly releasable copy of responsive records. I am willing to pay all fees up to \$25.00. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not. Thank you, Dillon Williams

2019-04804-F	Townsend, Arthur	-	9/13/2019	The claim was for vandalism to my motorcycle, which happened on Kelly Air Force Base, near Building 2010/Dormitory and near Building 2083/Racquetball Court. I follow with some details: - The following is from Incident/Complaint Report, dated 12 July 89, Incident/Complaint#: I-05-069-89: At 2005HRS, 26 May 89, TOWNSEND/Complainant entered this office and related his 1984 Honda Motorcycle, TX Lie #4YX366 had been stolen while parked adjacent to Dormitory #2010. - The following is from Security Police Investigation Case Progress Summary, I-05-069-89, Time/Date 1056/29 May 89 : Motorcycle was recovered behind Bldg 2083/Racquetball Court. - Also, in order to help you locate responsive records, I'd like to make some comments about my request for: A copy of the investigation referenced in item #2 - The Item #2 to which it references is this document: 1 August 1989 letter, subject: Personal Property Claim v. United States, Claim No. OU/U/ MCBV/89-00204/P, signed (b)(6) USAF, Staff Judge Advocate, Department of the Air Force, Headquarters Continental Electronic Security Division (ESC), San Antonio TX 78243-5000, to: JA (b)(6) That 1 August 1989 letter says, under 2.a, "Based on our claims inspection and investigation ..." Regarding that investigation, I don't know if it was an investigation done solely by the Judge Advocate, or if it was done in conjunction with, or solely by, another organization. As referenced in my FOIA, I'd like a copy of this investigation if you can help find it. As it may be relevant, I'd like to point out that at the time of the letter from the JA (1 August 1989), I was also under investigation from the AFOSI (investigation file no. 8910D14-2776). My research indicates that this motorcycle claim investigation may have had the involvement of the AFOSI, so I'm keen to find out of this motorcycle claim investigation was done solely by the JA, or with the AFOSI, or some combination. So if you don't see any responsive records of this investigation at the JA, you might find responsive records at the AFOSI.

2019-05115-F	Perkins, John	-	9/10/2019	Good morning, I would like to request the information regarding the necessity to file a FOIA request in order to obtain my child's incident reports from the CDC East location on Tinker AFB. I was informed by the Director of the Child Development Centers at Tinker AFB, (b)(6) (b)(6) that the policy is not always written and feel as though this is an unacceptable answer. In addition to this, I was informed that the Tinker CDC was instructed by the Tinker JAG office to not release incident reports without a formal FOIA request. I would like to receive the documentation that states that I am required to file a FOIA request. I am unsure of whether this documentation is an Operating instruction, Memorandum of Agreement, or just a policy letter. I was told by CDC personnel that the information regarding the FOIA requests was located in AFI 34-144. I read the entire AFI and found no information regarding this subject. The only mention of FOIA requests is in paragraph 14.6.5, Any requests for obtaining copies of closed circuit television recordings as well as requests for viewing a recording by parties other than a parent or guardian, such as union representatives, for non-DoD official purposes, should be submitted to the installation Freedom of Information Act (FOIA) Requestor Service Center. All requests for obtaining a copy of a recording must also be reviewed by the installation legal office and approved by the appropriate release authority. In no way does this stop me from receiving the incident reports and this process does not involve the JAG office. (Date Range for Record Search: From 9/10/2019 To 10/31/2019)

An individual —(b)(6) of the 351st Military Police Company, 160th Military Police Battalion — died due to injuries from falling off "Tower 5" at Eskan Village. That tower is an observation post on top of an abandoned apartment building. I have been told that all other OPs (towers) at that location are "fall proof" with 6- foot walls on top of 2-story villas. "Tower 5" is on top of a 7-story apartment building that has been abandoned since its construction in the 1980s. I have been told there were safety complaints because soldiers are forced to use a homemade crane to hoist equipment and food to the roof. In order to retrieve the basket soldiers would have to reach out over the edge of the building with few safety measures. (Date Range for Record Search: From 9/12/2018 To 9/12/2019)

2019-05166-F	Heueh, Thomas	Triton aerospace	9/19/2019	Dear Air force Department: How are you? This is my first time applying an information form you. The research location is really puzzling me. I am Thomas Hsueh, manager of Triton Aerospace LLC. Right now, I am applying for the Grumman Albatross engineering drawings and related documents. Grumman HU-16 Albatross is an aircraft for military use 70 years ago. In the mid-1960s, this aircraft has been used in civil operations. We think there is a big market of Amphibians in Canada, Alaska, and Southeast Asia because there are a large area of lakes and rivers and a small number of airports. We want to modify this Grumman Albatross into Civil Aircraft, so our company needs the engineer drawings. We have the engineer drawings of Grumman Goose, but we can't find any Grumman Albatross on the Internet. Can you send us the Engineer Drawing papers of the Grumman Albatross? Thank you! 2019-05200-F	Orme, Jed	-	9/18/2019	Earlier this year, I submitted a FOIA request to Travis AFB, California, searching for information about the existence and operation of a military unit designated as 60 ODTNR (CRAF) from 1964 through 1969. The FOIA organization at Travis AFB produced historical records from the 60th Military Airlift Wing (MAC) that demonstrated the existence of this unit, & its function & history of training reserve force navigators to be available in the event of an activation of the Civil Reserve Air Fleet due to national emergency. In a separate request for military records at the National Personnel Records Center in St. Louis, I also obtained some records that proved that while serving with 60 ODTNR (CRAF), I was also assigned for reserve training with the 44th Air Transport Squadron (later the 44th Military Airlift Squadron) at Travis AFB. In light of the added information that I have received from the NPRC, I would now ask that the FOIA organization at Travis AFB conduct a subsequent search for any additional records, files or information at Travis AFB in the following four areas of interest: 1. From 1965 through 1969, a history or summary of the number of flight operations for C-141 aircraft operated by the 44th Air Mobility Squadron (or any predecessor or successor squadron) from Travis AFB to any of the airbases located in the Republic of Vietnam ("Vietnam"), broken down by whatever means or time frames that are most convenient; 2. During this same time period, any information about the percentage of such total operations flown to Vietnam by the 44th Air Mobility Squadron (or any predecessor or successor squadron) compared to its overall total number of operations for this same time period, again broken down by whatever means or time frames that are most convenient; 3. The documents previously furnished to me, in terms of describing the nature of C-141 missions being operated with CRAF navigators on board during periods of active duty training, refers to them either as (a) "active duty training [in C-141 aircraft] accomplished on MAC overwater channel missions", or (b) "active duty flying training [in C-141 aircraft] accomplished on Pacific system missions". Are there any records or other data showing that this terminology was used to describe missions that were flown to Vietnam? Or is there any other definition of this terminology? and 4. Any other records or information related to CRAF navigator training by this squadron (or any predecessor or successor squadron) during this same time period. (Date Range for Record Search: From 01/01/1964 To 12/31/1969)

2019-05257-F	Mayfield, Emily	-	9/23/2019	On 12 July 2019 I received a notice of debt letter from DFAS. The reason for the debt stated in the letter was "overreduction of FITW paid in your behalf after separation to the IRS" and was listed as a debt of \$87,155.04. I disputed this debt due to the absurd nature of the alleged debt and on 24 August 2019 I received a new debt letter with an amount of \$88,966.85 with the reason that I was paid twice upon separation from the Air Force. I again disputed this debt because I was not paid twice upon separation. DFAS has been asked for proof of the debt on multiple occasions. Twice, debt dispute letters were mailed to DFAS, one after the initial debt letter and again after the new debt letter. I have also asked for information from Lackland AFB on the reason for the debt and they are communicating to DFAS via CMS. I do not know what occurs in that contact. DFAS has come up with 3 separate reasons for the debt, which changes when I can provide information that they are wrong in their alleged debt statement. On 17 September 2019 I was notified the debt was reported to the credit bureau for non-payment. Federal law requires a response on the reason for the debt and this has not been provided. I am requesting all documents related to this alleged debt and proof from DFAS that a debt is owed. I have filed a separate FOIA request for the DFAS documents verifying the debt and the reason for the debt. I am requesting from the Air Force the CMS case notes that have been submitted on my behalf. I have been communicating via email with a POC in finance regarding this issue. (b)(6) has stated she is communicating with DFAS via CMS and I am requesting copies of this communication. (Date Range for Record Search: From 04/01/2019 To 09/22/2019)

2019-05262-F	Trevithick, Joseph	The War Zone	9/23/2019	Hi, My name is Joseph Trevithick and I am making the following request as a "media" requester and I am willing to pay fees up to \$25. I am a journalist and researcher with a proven track record of publishing (for example: https://www.thedrive.com/the-war-zone/27541/these-are-the-briefings-president-elect-trump-got-on-the-f-35-air-force-one-and-nukes) or supporting publication (see: https://www.thedrive.com/the-war-zone/15902/document-confirms-b-21-to-be-delivered-optionally-manned-and-nuclear-capable). If there estimated fees exceed the stated dollar amount, please let me know before you proceed with this request. I am looking to obtain a copy of any Air Force Safety Center documents regarding an incident on or about Aug. 7, 2019, that required the transport of an individual to Centennial Hills Hospital Medical Center in Las Vegas, Nevada, via a U.S. Air Force HH-60U helicopter (See: https://www.dreamlandresort.com/area51/blackhawk.html) If an exemption applies to the information in any of these documents, I ask that the Air Force Safety Center please consider exercising its discretionary release powers to disclose the records. If there are no complete lines marked unclassified, I still request a line-by-line review to determine any reasonably segregable portions of the record that are not subject to an exemption. That the document's overall classification might be above unclassified and that certain sections are marked above unclassified does not mean there is no releasable information or that it is not reasonably segregable from classified or otherwise exempt information. I am also willing to accept and would prefer any release be in an electronic format if possible. Thanks in advance, Joseph Trevithick Thanks in advance, Joseph Trevithick

2019-05341-F	Snow, Cathleen	-	9/27/2019	Pursuant to Article I, section 24 of the Florida Constitution, and chapter 119, F.S., I am requesting an opportunity to obtain copies of public records from a commander's directed investigation that was accomplished on me throughout 2017 that I was never permitted to see that led to an Oral Admonishment dated 29 January 2018 which continues to affect me and how people treat me throughout the wing. In what was supposed to be a Change-of-Rater meeting November 7, 2017 with 920th Rescue Wing Commander Colonel Kurt Matthews, and 920th Director of Staff Colonel Charlene Nelson, Colonel Matthews said he conducted an investigation on me and as part of it, he had Command Chief Isaacks interview my staff. He said he received many complaints regarding my conduct. During that meeting Colonel Matthews' new Director of Staff was made my rater vs him because Colonel Matthews wanted to divvy his duties and rate only the flyers. The DS, Col. Charlene Nelson, would rate the non-flyers, to include me. Colonel Matthews further indicated that in addition to the many complaints he received about me, there were things said about me in a climate survey and during an IG Inspection that he would take into account when deciding punishment. As a result of the investigation and "all of the claims that were made against me", I was formally punished in January 2018 with said Oral Admonishment, however I was unable to properly defend myself because the specifics of the investigation were withheld from me. I was only given a vague idea of my wrongdoings. During that meeting in November, Colonel Matthews asked me to leave my job and find something else because of these assertions. I applied for a lateral job within the 45 SW but was told by the 920th Director of Staff that she had to reveal the punishment(s) in my record to the hiring official. While I was considered as one of the top 9 candidates, I was eliminated because of what was revealed to him by Colonel Nelson. Further, I was disallowed to collect a bonus that I earned due to this discipline. This discipline continues to affect my life and the way I'm treated by my leadership throughout my wing, but I still have no idea what it entails. It is my right to read the investigation in its entirety and I would like to exercise that right by getting a copy of all that was reported. I am willing to pay fees for this request. Should you deny my request, or any part of the request, please state in writing the basis for the denial, including the exact statutory citation authorizing the denial as required by s. 119.07(1)(d), F.S. I will contact your office within one week to discuss when I may expect fulfillment of my request, and payment of

The specifically requested time frame includes 25 Sept. 2019 to 29 Sept. 2019. In order to assist the search, (b)(6) is with the 460th SFS at Buckley AFB, Aurora, Colorado. Please feel free to contact me with any questions regarding the request. I have tried to read and understand the specifics of the FOIA and Military records. I am making this request because it is my understanding that the release of assignment and geographic location of military personnel is releasable without resulting in an unwarranted invasion of privacy. 2019-05367-F	Simpson, Amy	AFLOA ADC	9/30/2019	(Laughlin AFB portion) I represent (b)(6) as his ADC. I am also requesting any documents, e-mail, or memoranda that form the basis for his referral OPR, 7 Apr 2018 - 31 Oct 2018. I have read the CDI that was released to the public already. That version does not mention (b)(6) nor the incidents discussed on his referral OPR. The FOIA exemptions cited on the document are largely inapplicable to me as his defense counsel. If there is an ongoing criminal investigation, Exemption (b)(7)(A) could feasibly still apply. However, (b)(7)(C) is also cited - this CDI is not a law enforcement record and to the extent its disclosure could result in an unwarranted invasion of privacy - as a defense attorney, I am routinely provided documents that could invade someone's privacy. A service member's right to have an ADC properly advise them on adverse actions is the prevailing interest. I am fully aware of my duties to protect PII and law-enforcement sensitive information. 2020-00068-F	Xu, luoyu	-	9/30/2019	I hereby request copies of the selected records in all formats related to AFRL's response to research complaints from a minority institution in 2018 to 2019. (see attached request for more details)
2020-00071-F	Xu, luoyu	-	9/30/2019	This is my new request under the Freedom of Information Act (FOIA) as a US citizen. I hereby request copies of the selected records in all formats related to AFOSR's operation and research with minority institutions. As the FOIA requires, please release all reasonably segregable nonexempt portions of all documents. On December 28, 2018, I submitted my first FOIA request to AFOSR about four individual research proposal cases (case number 2019-01338-F). However, you declined my 50% document requests (still under FOIA appeal). This time, I request your general proposal/funding guidelines, and some specific cases on research proposals submitted from minority institutions. Also, I found some important documents were missing from my FOIA documents obtained in January 2019. This time, I specifically request these documents again, if they were unintentionally ignored. Otherwise, there are no overlapped documents between my new and previous requests. I am an individual seeking information for personal use and not for commercial use. I request a waiver of all fees for this request. Disclosure of the requested information to me is in the public interest because it is likely to contribute significantly to public understanding of the operations and activities of AFOSR, especially how to treat research proposals submitted from minority institutions EQUALLY. These documents might help me to eliminate my misunderstanding also. Therefore, this request is my second and probably the last request. If you redact some contents, please provide me detailed legal information such as FOIA exemption 5. In your previous FOIA response, you only stated some general exemptions, rather than specific exemptions which were applicable to specific contents.
