2020-00214-F	Kocienda, Jean	-	12/19/2019	12/19/2019	I am writing to request release of documents under the Freedom of Information Act (5 U.S.C. § 552) related to an experience (b)(6) an Air Force pilot, had in October 1969. The events were as follows: In early October 1969, USAF (b)(6) was a fighter pilot based at Osan, South Korea. Pilots on (b)(6) base had been in an extended no-fly alert situation. No foreign nationals were allowed on base, and pilots were in a high state of readiness. One day, (b)(6) received a 'scramble' order, and flew northeast from Osan, over the Sea of Japan, between North Korea and Vladivostok, USSR. (b)(6) and (b)(6) wingman encountered one Russian aircraft over international waters, but it turned away rather than confronting them. (b)(6) witnessed below a flotilla of warships, and after receiving permission, flew down to take a closer look. (b)(6) wingman stayed above to act as a radio relay. As (b)(6) came down close to sea level, (b)(6) saw about seven warships, sitting almost still in the water. (b)(6) witnessed what was camouflaged as a fishing boat, but which turned out to be a speedboat, leaving the flotilla, headed toward North Korea. (b)(6) photographed several of the warships, which (b)(6) believed to be Soviet. (b)(6) noticed that most of the crew were on deck of the largest ship, many wearing their white dress uniforms. Then (b)(6) realized that the ships were turning their guns to point at (b)(6) so (b)(6) climbed to a safer altitude. (b)(6) soon received radio orders to return to base immediately. Upon arriving, a Colonel was waiting for (b)(6). The colonel said that the (b)(6) who had authorized (b)(6) to fly down to sea level had exceeded (b)(6) authority. (b)(6) was required to turn over (b)(6) photographic film, and to write up a complete report on what (b)(6) had seen, which was to be sent "straight to the Pentagon. (b)(6) was then told never to repeat what (b)(6) had seen, so (b)(6) kept silent about it for

2020-00217-F	Streifer, Bill	Mr.	10/21/2019	12/16/2019	According to declassified CIA and U.S. Air Force reports, B-29's with the Far East Air Force (FEAF) out of Okinawa demolished an ore refinery adjacent to the fertilizer factory at Hungnam {Konan}, North Korea, a refinery which was said to produce materials of possible use in "nuclear fission projects." According to the Nippon Times, an English-language Japanese newspaper, U.S. Naval Headquarters in Tokyo announced its participation in a campaign to destroy North Korean "industrial facilities with possible links to the Russian atomic program." Following the attack. Lt. Gen. George E. Stratemeyer, the FEAF Commander, made note of the Nippon Times article in his diary. Although the story was released through the International News Service, it was Stratemeyer's impression that "this type of information was of the very highest classification." Only later was it learned that North Korea had shipped enormous quantities of monazite, gold and silver to the Soviet Union in exchanged for Soviet artillery, ammunition, engineering equipment, aircraft, and medical supplies in advance of their June 25, 1950 attack on South Korea. Monazite contains substantial amounts of thorium and some uranium. Thorium, like uranium, can be used in a nuclear reactor and/or nuclear weapon. Then in April 1951, General C.J. Bondley, Jr. (Air Force) awarded (b)(6) of Green Acres, Maryland with the Distinguished Flying Cross for "extraordinary achievement" as lead crew bombardier on the highly successful bombing attack on a "thorium production plant...at Konan, North Korea." ----- I already found an unclassified report on the attacks on Hungnam, North Korea, but there is no mention of monazite, thorium, or uranium. Now I am looking for U.S. Air Force reports on those multiple attacks on Hungnam, North Korea that mention monazite and/or thorium and uranium. One such report might explain the importance and location of the target and another might discuss the successfulness of each attack. If such reports are located, and they remain classified or contain redactions, I am requesting that a declassification review be conducted. 2020-00248-F	Losey, Stephen	Air Force Times	10/21/2019	-	Pursuant to the Freedom of Information Act, I request a copy of the report entitled "A Review of 47th Flying Training Wing Officer Misconduct and 19th Air Force Flying Training Culture" that is less redacted than the version released to the press on Dec. 21, 2018. Pages 20-89 are almost or entirely redacted, and I request copies of those pages that provide more information on what was investigated and what was found. I submitted a request for this record on Dec. 21, 2018, and was told that exemptions 7a and 7c applied to the document in question. In the email I received on 12/26/2018, I was told, "Under Exemption 7a, withholding of records or information compiled for law enforcement purposes where disclosure "could reasonably be expected to interfere with enforcement proceedings, either pending, prospective, or preventative; and a cognizable harm caused by release. This implies that the investigation is still pending, or has not yet been completed, so much of the redacted portion still won't be releasable. It is possible that additional information may become releasable once the investigation is completed, but won't know until such a time." I was also advised to resubmit my request in a few months. I am now resubmitting this request to obtain the redacted portions of the documents. (Date Range for Record Search: From 09/01/2018 To 10/21/2019)

This site, run entirely by me, has been around for 17 years, and literally served more than 8,000 people a day on average. I have a unique way of disseminating this information, and can offer additional details, if needed. I respectfully request a copy of all Air Force Regulations, procedures, and manuals, either present or past, that reference "Fastwalkers" and/or "Slowwalkers." According to the document received from the Defense Technical Information Center (DTIC) located at: http://documents.theblackvault.com/documents/ufos/fastwalkers/a209227.pdf , "Fastwalkers" are referred to as: "Due to the multitude of objects in the geostationary 3 belt, overhead platforms are being saturated by reflected sunlight from orbiting objects passing through the sensors' field of view. These objects, known as fastwalkers, are creating a suspicion that some uncatalogued objects may exist or are being cross-tagged within the data base. The North American Aerospace Defense Command (NORAD) tasked the Foreign Technology Division, Flight Performance Division (FTD/SQDF) to analyze these 15 to 30 minute data tracks and determine the element set, identifying the object. " Please include any manuals, procedures, etc. used that reference these "Fastwalkers" and "Slowwalkers" and talk about how the USAF or the military views these unidentified tracks, how they identify them, where the reports go, etc. Please forward this to any and all installations that may have responsive records pertaining to this request. Thank you so much for your time, and I am very much looking forward to your response.

(b)(6) is requesting an expansion of (b)(6) previously made FOIA request, reference number 2018-01331-F. In that request, (b)(6) asked for specific portions of (b)(6) trial transcript from the Air Force. Those portions are as follows: Haemmerle pages 78-103, 576-607, and 959-968 McDonald pages 880-902, 914-917, and 980-983 Bruns pages 317-371 A response to that FOIA request was sent to (b)(6) our client's (b)(6) on August 28, 2018, and subsequently given to our client. As follow on, Sir, I have a number of questions that I would like to ask you pertaining to the above mentioned investigation. -Were you aware that the investigating Officer, (b)(6) was born and raised in Michigan and will soon be leaving or may have already let the active duty to join the Michigan Air National Guard? In your opinion does this not constitute a conflict of interest? -From what has been reported to me via members of the 107th Fighter Squadron, a number of personnel have left the unit. One in particular, (b)(6) due to abuse and hazing. What actions have been taken to rectify the situation? -It has been reported that while the 107th Fighter Squadron was in Tampa for a training exercise, one particular Officer, (b)(6) was witnessed by numerous Officers kicking a homeless person's bicycle, striking a subordinate in the groin (b)(6) damaging a rental vehicle and reportedly almost causing a car accident by pulling on the steering wheel of a vehicle that was being driven by (b)(6) I have been informed that on an earlier trip, (b)(6) had vandalized a hotel room occupied by (b)(6) (b)(6) to the extent that (b)(6) had to pay approximately \$500 worth of damages. (b)(6) was also witnessed by numerous Officers throwing a full glass of beer at (b)(6) while at a separate trip to Alpena during the summer of 2018. (b)(6) has now been promoted to Squadron Director of Operations. Were you aware of this Officer's behavior and would you care to comment further? -A Senior instructor, (b)(6) allegedly slapped (b)(6) in the presence of (b)(6) This led to the (b)(6) leaving the squadron. (b)(6) told three other Officers that he considered these actions as abuse. What action has been taken on your part regarding these allegations of abuse and hazing? -One particular Officer, (b)(6) has had reconstitution days and special liberty passes taken away and as a result he has lost thousands of dollars worth of income. Please clarify the circumstances as to why this happened to one individual but not others. -Large numbers (at least 1 Major, 2 Captains and numerous enlisted) of individuals are leaving the 107th Fighter Squadron and are citing a "toxic work environment" as the reason for their departure. Other individuals (at least 2 LtCols) are leaving Active Guard Reserve positions and taking part time positions. Has a command climate survey been completed? If so, please consider this a formal request for the survey questions, and responses.

2020-00548-F	Parsch, Andreas	-	11/12/2019	-	This is a request under the Freedom of Information Act, 5 USC 552. I would like to obtain a summary of all public aerospace vehicle MDS designations. [NOTE 1: This request is, to all intents and purposes, identical to the result of my request 2017-01383-F (January 2017). This resulted in an Excel spreadsheet file containing all non-classified data for allocated MDS designators. Effectively, I'd like to obtain an up-to-date version of this data.] [NOTE 2: This request is exactly identical to my earlier request 2019-01208-F. Unfortunately, I didn't receive any reply whatsoever on that request after almost 11 months, even after I had inquired via the message functionality of the FOIA submit application. Therefore I will cancel the earlier request, and resubmit it again by this request.] 1. Why do I want the records? ===== I would like to obtain said records for private, non-commercial research purposes. I maintain a web page, at URL http://www.designation-systems.net/usmilav/412015-L(addendum).html , with all new MDS designations assigned after October 1998. According to paragraph 7.3. of AFI 16-401, 16 May 2014, DOD's official public MDS listing (DOD 4120.15-L, May 2004) will no longer be updated. Therefore I want to continue keeping my own listing up to date, as an easily accessible public reference to unclassified data about current MDS allocations. For this purpose, I request a full list of unclassified records in the MDS designator database. Preferred format is an "Excel" compatible spreadsheet, XLS or XLSX format (the same as was sent as response to my request 2017-01383-F). 2. Location of the documents ===== The DOD release authority for all current MDS nomenclature records is HAF/A8PE at HQ USAF, Pentagon. This request should therefore be handled by HAF/A8PE. 3. Detailed requirements ===== I want to obtain brief information for every unclassified aerospace vehicle MDS designator currently stored in the DOD database. The requested information for each MDS is essentially that which used to be listed in DOD 4120.15-L (+ the date of the record), i.e. - Exact MDS - Manufacturer - Popular name - Engine data (number and type) - Department (AF, Navy, Army, etc.) - Unclassified description - Date of assignment The data should be provided in tabulated form, like the reply for earlier cases. I prefer something easily machine-readable like an XLS or XSLX spreadsheet or a PDF file. 4. Costs ===== All previous requests of similar or identical nature resulted in no costs, so I expect this to be also the case for the current request. For formal purposes, I quote a maximum fee which I'm willing to pay of US\$ 25. Thank you very much for your help. Best regards Andreas Parsch

2020-00553-F	Trevithick, Joseph	The War Zone	11/12/2019	-	Hi, My name is Joseph Trevithick and I am making the following request as a "media" requester and I am willing to pay fees up to \$25. I am a freelance journalist and researcher working for multiple outlets, with a proven track record of publishing (for example: https://www.thedrive.com/the-war-zone/27541/these-are-the-briefings-president-elect-trump-got-on-the-f-35-air-force-one-and-nukes) or supporting publication (see: https://www.thedrive.com/the-war-zone/15902/document-confirms-b-21-to-be-delivered-optionally-manned-and-nuclear-capable). If there estimated fees exceed the stated dollar amount, please let me know before you proceed with this request. I am looking to obtain a copy of the full award packet relating to the nomination and award of the annual Air Force International Affairs (IA) Excellence Award to Master Sergeant Kyle Wilson, 56th Equipment Maintenance Squadron phase section chief, at the annual Air Force Association convention in Washington, D.C. in September 2019 (See: https://www.luke.af.mil/News/Article-Display/Article/1979695/luke-airman-recvies-service-level-award-for-security-of-paf-f-16-technology/) If an exemption applies to the information in any of these documents, I ask that the 56th Fighter Wing please consider exercising its discretionary release powers to disclose the records. If there are no complete lines marked unclassified, I still request a line-by-line review to determine any reasonably segregable portions of the record that are not subject to an exemption. That the document's overall classification might be above unclassified and that certain sections are marked above unclassified does not mean there is no releasable information or that it is not reasonably segregable from classified or otherwise exempt information. I am also willing to accept and would prefer any release be in an electronic format if possible. Thanks in advance, Joseph Trevithick Thanks in advance, Joseph Trevithick

2020-00582-F	Kucharski, Brian	AFMAA OL-Peterson	11/12/2019	-	FOIA Request. 1. A Command Directed Investigation (CDI) was directed by the HAF/A1M (Brig Gen Caroline M. Miller), based claims made against me by members of my organization, the 4th Manpower Requirements Squadron (4 MRS), which is now named AFMAA OL-Peterson. Those claims ultimately resulted in my removal from the AFMAA OL-Peterson Chief position. I've not seen these charges (besides the vague reference to AFI 36-703, para 2.9); I believe these charges to be false (as evidence by the Administrative Grievance I filed on 25 Oct 19 [see attached]), and were filed by employees that were extremely dissatisfied by the drastic changes I'd implemented. a. I'd like to see all complaints, that led to the CDI, that were filed by members of the 4MRS and AFMAA OL-Peterson; I believe the majority of these complaints/charges were filed by (b)(6) and (b)(6) (GS-13), with possibly some from (b)(6) (b)(6) (GS-13) and (b)(6) (GS-13). b. I'd also like to see the findings (the report) forwarded by (b)(6) who was assigned as the AFSPC lead investigator on this CDT; I was interviewed by (b)(6) on 16 Sep 19 for approximately 3.5 hours and I also supplied additional information on 18 Sep 19. I find it difficult to understand/acknowledge that a full and complete report was submitted. I signed a one page document (while also supplying 7 supporting products); I also understood (b)(6) would be summarizing our discussion (and discussions with other members of the organizations). I find it difficult to believe that charges were supported, considering the time period in question (1-30 Jun), I was only charge of this organization (and at the facility) for 23 hours. 2. Places to search are at HAF (Pentagon), Randolph AFB (specifically Air Force Manpower Analysis Agency), and Peterson AFB (specifically 4 MRS, AFMAA OL-Peterson, 21SW/Inspector General, and 21 SW EEO. 3. Please address any questions to (b)(6) at DSN (b)(6) (b)(6) or commercial number is (b)(6) (Date Range for Record Search: From 06/01/2019 To 10/10/2019)

2020-00678-F	Kocienda, Jean	-	11/18/2019	-	I am writing to request release of documents under the Freedom of Information Act (5 U.S.C. § 552) related to an experience (b)(6) an Air Force pilot, had in October 1969. As background, I have written with this request to the DOD FOIA Division, USINDOPACOM, and the National Archives Records Administration (NARA). After receiving negative replies, I believe the records might best be found with the Air Force Historical Research Agency. Here are details of the events in question: In October 1969, USAF (b)(6) was a fighter pilot based at Osan Air Base, South Korea with the 94th Fighter Interceptor Squadron (FIS). Pilots on (b)(6) base had been in an extended no-fly alert situation. No foreign nationals were allowed on base, and pilots were in a high state of readiness. One day (b)(6) received a 'scramble' order, and flew northeast from Osan, over the Sea of Japan, between North Korea and Vladivostok, USSR (b)(6) and (b)(6) wingman encountered one Russian aircraft over international waters, but it turned away rather than confronting them (b)(6) witnessed below a flotilla of warships, and after receiving permission, flew down to take a closer look (b)(6) wingman stayed above to act as a radio relay. As (b)(6) came down close to sea level, (b)(6) saw about seven warships, sitting almost still in the water (b)(6) witnessed what was camouflaged as a fishing boat, but which turned out to be a speedboat, leaving the flotilla, headed toward North Korea. (b)(6) photographed several of the warships, which (b)(6) believed to be Soviet. (b)(6) noticed that most of the crew were on deck of the largest ship, many wearing their white dress uniforms. The (b)(6) realized that the ships were turning their guns to point at (b)(6) so (b)(6) climbed to a safer altitude (b)(6) soon received radio orders to return to base immediately. Upon arriving, a Colonel was waiting for (b)(6) The colonel said that the (b)(6) who had authorized (b)(6) to fly down to sea level had exceeded (b)(6) authority. (b)(6) was required to turn over (b)(6) photographic film, and to write up a complete report on what (b)(6) had seen, which was to be sent "straight to the Pentagon." (b)(6) was then told never to repeat what (b)(6) had seen, so (b)(6) kept silent about it for thirty years. We have come to understand what was happening in fall 1969 as President Nixon's so-called nuclear "Madman" alert. (b)(6) has always wondered what (b)(6) really saw on that day, and how it fits into the larger historical context. (b)(6) is now in (b)(6) upper eighties, and I would like to fill in the picture for (b)(6) as best I can while there is still time. Please provide copies of any documents related to these events, to include: (b)(6) report (b)(6) photographs, and any related commentary made by (b)(6) commander or analysis related to this event by intelligence analysts, that would help us understand what (b)(6) witnessed that day. (Date Range for Record Search: From 01/01/1969 To 01/01/1970)

2020-00702-F	Speith, Jarrett	Glasair	11/18/2019	11/22/2019	I have asked both the national archive and Airforce for the following: "Aircraft Integral Fuel Tank Design Handbook, AFWAL-TR-87-3078". Good Morning, (b)(6) (b)(6) Based on the title, "Design Handbook", I noticed a records disposition, "AFMC Design Handbook at HQ AFMC OPR" (Table 61-4 Rule 5), in the AF Records Disposition Schedule, which calls for "Retire as permanent when system is out of inventory. Transfer to the National Archives in 5-year blocks when most recent records pertain to systems out of the inventory for 30 years." In 1987, the preceding disposition was Table 80-4 Rule 5 in AF Regulation 12-50 Vol II (14 May 1984) and AF Regulation 4-20 Vol II (1 May 1992). Using that information, I checked the AF's holdings of hardcopy records at NARA's Federal Records Centers. Unfortunately, my search was unsuccessful. I recommend you submit a Freedom of Information Act (FOIA) request at https://www.foia.af.mil/ , click "CLICK HERE", select Wright Patterson for the base with the responsive record, and type exactly what you are looking for. Aircraft Integral Fuel Tank Design Handbook, AFWAL-TR-87-3078 Very respectfully, (b)(6) AF Records Office Dear (b)(6) This is in response to your inquiry to the National Archives. We searched series relating to publications from the Materiel Command, Wright Aeronautical Laboratory (AFWAL), and Wright-Patterson Air Force Base in Record Group 341 - Records of Headquarters US Air force (Air Staff) and Record Group 342 - Records of US Air Force Commands, Activities and Organizations. We were unable to locate a series of publications/handbooks from 1987 within the Material Command; based on our research, similar AFWAL publications showed the publication year as the first set of numbers in the citation. Unfortunately, we do not have document level control of our collection and cannot look up a record based on the title or citation number from the originating command, but rather we identify the original office and type of record and then look through multiple series of records with descriptions similar to the requested document. We also searched the Defense Technical Information Center (DTIC) (Caution- https://discover.dtic.mil/ < Caution- https://discover.dtic.mil/ >) and HathiTrust but did not locate additional information on the record. We recommend contacting the Air Force Records Manager for more information on the current location of the handbook. If you are informed the record has been transferred from their custody, please request the name of the current holdings facility, and relevant transfer numbers, and box numbers so you can more easily request the record. 2020-00710-F	Inman, Scott	-	11/19/2019	-	Im looking for a C141 mission incident that occurred departing Grant county international airport (MWH). I was a Sra at the 62nd Aps, Aerial Delivery section from 1996 to 1998. I believe my name should be on the Load plan for the mission as Load planner, and also as a passenger. Shortly after takeoff the aircraft turned towards McChord, and seemed to drift sideways and maybe backwards. The pilot was able to regain control of the aircraft before impact. The Loadmaster was seated directly across from me, after the aircraft resumed level flight he ripped off his headset and proceeded to the cabin. After about 5 minutes the Loadmaster returned and said that the Tower had fired the copilot. When we landed at McChord representatives from all over the base were waiting for the aircraft including Base Safety. The Aerial Delivery passengers departed the back of the aircraft with the load. The female copilot that was fired used to be an officer at the 62nd APS somewhere between 1992 and 1997. I would like if possible to have the mission #, a summary of the incident, and documentation showing i was a passenger on the aircraft. All names can be redacted except mine, Thanks. 2020-00713-F	Newby, Brian	Canty Hanger LLP Attorneys	12/16/2019	-	This is a FOIA request that seeks information referenced to a letter dated October 1, 2019 that (b)(6) (HQ AFPC/JA) sent to me, as attorney for (b)(6). The Kieffer Letter is attached Exhibit 1. I request that you provide me a correct copy of the following documents or a written confirmation that no responsive records exist: (1). A copy of the Temporary Duty (TOY) special orders, the paid travel voucher, and any other official records or releasable documents that AFPC to substantiate (b)(6) 123-day TOY to a unit other than 11th Reconnaissance Squadron. This request seeks the TDY inclusive dates, member's home/permanent assigned unit and TDY unit from training unit, and TOY location. To narrow the search and assist in determining relevant record dates, I note that the Kieffer Letter states the TDY in question occurred sometime after Dec. 10, 2002, while (b)(6) was permanently assigned to the 11 RS and completed prior to May 26, 2003, at which point (b)(6) PCA'd to a unit other than 11 RS. 2. A copy of the May 10, 2017 OPR update referenced in the Kieffer Letter that shows the appropriately modified supervision in Block 6, the date of alteration, and the altering official. To avoid confusion, please note this is NOT a duplicate of a prior request. In response to a previous request, AFPC/DSMI (FOIA) has already released an original OPR dated Dec. 9, 2003, and I am aware of an OPR corrected copy dated Apr 19, 2017. I am not seeking those two records. Instead, I am seeking release of the QPR dated May 10, 2017 referenced in the Kieffer letter. 3. A copy of all governing Air Force Instructions (AFIs) and any other policy guidance authorizing raters to claim supervision on an AF Form 707A for "non -excluded time" during which the ratee was assigned to another unit and supervised by someone other than the rater. This request seeks all AFIs I and any other memorandums or policy guidance that: (a). Define "non-excluded time" and how such time will be attributed for the purposes of calculating supervision days for entry into Block 6 of AF Form 707A, and (b). Provide relevant authority and/or justification for a rater to claim supervision for days when the rater is assigned to another unit and during time which the rater did not actually supervise the ratee. To assist in narrowing the search for these policies, the Kieffer letter states that AFPC used "non-excluded time" during which (b)(6) was assigned to 11 RS in the supervision total AFPC attributed to a rater who was assigned to different unit. 4. A copy of all authorizing documents and Officer Performance Reports (OPRs), if any, that were processed, approved, and/or altered by AFPC, that authorize raters to claim supervision on an AF Form 707 A for "non-excluded time" during which the ratee was assigned to another unit and supervised by someone other than the rater. This request seeks appropriately redacted (no Privacy Act data desired) copies of all OPRs where an AFPC Evaluation Review Appeals Board (ERAB), HQ AFPC/Commander, HQ AFPC/JA, or any other cognizant AFPC official authorized or permitted a rater to include "non-excluded time" in Block 6 of an AF Form 707 A for days when the ratee was assigned to other unit than the rater. The request seek authorized documents, Board decisions, memorandums or other records addressing non-excluded time. To narrow the search please limit 5 years, including May 10, 2017. If more than eight (8) responsive OPRs are found, please limit release to the 8 most recent records dated on or prior to 10 May 2017.

2020-00824-F	Mitchell, Jon	-	11/26/2019	-	Dear Administrator, This is a request under the Freedom of Information Act. I hereby request the following records: all emails (and attachments) written to and from 18 AMDS/SGPB Bioenvironmental Engineering containing the words "Per- and polyfluoroalkyl substances," "PFAS", "PFOS", "PFOA" and "PFHxS". You may limit your search for the period from January 1, 2016 to the present. In recognition that the volume of emails generated by this request might be large, we are willing to accept the release on a rolling basis, i.e. 500 pages of documents per month. In your reply, please include the manner of your searches, when/where they were conducted and the results. I am making this request as a representative of the media who has written extensively about US military environmental issues in Japan. I am requesting a fee waiver (see below) and I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not. I believe my request meets the above requirements for the waiver of fees. I am a member of the news media - correspondent for the daily newspaper, Okinawa Times, editor at Asia-Pacific Journal and contributor for The Japan Times. The information I am seeking will clearly add to public understanding in the U.S. and Japan of issues surrounding the environmental impact of military installations in Japan. Previous articles which I have written related to this issue based upon similar reports have been the focus of intense public debate. The documents we are now requesting will form the basis of a series of newspaper articles and they will be shared with public officials, policy-makers and, if deemed appropriate, made available online. 2020-00864-F	Trevithick, Joseph	The War Zone	12/2/2019	12/10/2019	Hi, My name is Joseph Trevithick and I am making the following request as a "media" requester and I am willing to pay fees up to \$25. I am a journalist and researcher working for multiple outlets, with a proven track record of publishing (for example: https://www.thedrive.com/the-war-zone/27541/these-are-the-briefings-president-elect-trump-got-on-the-f-35-air-force-one-and-nukes) or supporting publication (see: https://www.thedrive.com/the-war-zone/15902/document-confirms-b-21-to-be-delivered-optionally-manned-and-nuclear-capable). If there estimated fees exceed the stated dollar amount, please let me know before you proceed with this request. I am looking to obtain copies of any Aerospace Vehicle Assignment Directives or any other similar records detailing the unit assignments for an Mi-171E helicopter with the serial number 15-5207 (See: http://www.helicopter-database.de/open.photo.php?idphoto=13307) If an exemption applies to the information in any of these documents, I ask that Air Force Materiel Command please consider exercising its discretionary release powers to disclose the records. If there are no complete lines marked unclassified, I still request a line-by-line review to determine any reasonably segregable portions of the record that are not subject to an exemption. That the document's overall classification might be above unclassified and that certain sections are marked above unclassified does not mean there is no releasable information or that it is not reasonably segregable from classified or otherwise exempt information. I am also willing to accept and would prefer any release be in an electronic format if possible. Thanks in advance, Joseph Trevithick

2020-01002-F	Turse, Nick	The Nation Magazine	12/9/2019	-	Dear FOIA Officer: Pursuant to the federal Freedom of Information Act, 5 U.S.C. Å§ 552, I request from Air Force Office of Special Investigations Detachment 241 at Al Udeid Air Base, Qatar copies of Air Force Office of Special Investigations Forms 35 and Commodity Logs from FY2019. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please notify me by email prior to your incurring any expenses in excess of \$.01. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. 2020-01008-F	Kucharski, Brian	AFMAA OL-Peterson	12/10/2019	12/20/2019	10-25-19 - Updated Version to Solano (4 atch again) -- FOUOAdministrative Grievance Filing - Kucharski.msg Description of Request FOIA Request. 1. A Command Directed Investigation (CDI) was directed by the HAF/A1M (Brig Gen Caroline M. Miller), based claims made against me by members of my organization, the 4th Manpower Requirements Squadron (4 MRS), which is now named AFMAA OL-Peterson. Those claims ultimately resulted I'm my removal from the AFMAA OL-Peterson Chief position. I've not seen these charges (besides the vague reference to AFI 36-703, para 2.9); I believe these charges to be false (as evidence by the Administrative Grievance I filed on 25 Oct 19 [see attached]), and were filed by employees that were extremely dissatisfied by the drastic changes I'd implemented. a. I'd like to see all complaints, that led to the CDI, that were filed by members of the 4MRS and AFMAA OL-Peterson; I believe the majority of these complaints/charges were filed by (b)(6) and (b)(6) (GS-13), with possibly some from (b)(6) (b)(6) (GS-13) and (b)(6) (GS-13). b. I'd also like to see the findings (the report) forwarded by (b)(6) who was assigned as the AFSPC lead investigator on this CDT; I was interviewed by (b)(6) on 16 Sep 19 for approximately 3.5 hours and I also supplied additional information on 18 Sep 19. I find it difficult to understand/acknowledge that a full and complete report was submitted. I signed a one page document (while also supplying 7 supporting products); I also understood (b)(6) would be summarizing our discussion (and discussions with other members of the organizations). I find it difficult to believe that charges were supported, considering the time period in question (1-30 Jun), I was only charge of this organization (and at the facility) for 23 hours. 2. Places to search are at HAF (Pentagon), Randolph AFB (specifically Air Force Manpower Analysis Agency), and Peterson AFB (specifically 4 MRS, AFMAA OL-Peterson, 21SW/Inspector General, and 21 SW EEO. 3. Please address any questions to myself, at DSN (b)(6) (b)(6) .or commercial number is (b)(6) (Date Range for Record Search: From 6/1/2019 To 10/10/2019)

2020-01029-F	Brennan, Sean	60th AMXS	12/9/2019	-	I am requesting records for a legal action that took place against me during my deployment from the 60th AMXS at Travis AFB to Al Udeid, Qatar between the months of March and September of the year 2010. While deployed, I was falsely accused of a sexual crime and was found not guilty of the charges by the Office of Special Investigations. While I was innocent of the charge, I was given a Letter of Reprimand for breaking a General Order regarding cohabitation policies. My MOS in the AF was 2A6X5, hydraulic technician, on the C-5 aircraft, and I was deployed to the aircraft maintenance unit in Al Udeid, Qatar. This request pertains to a recently failed background check to which I am filing an appeal. The job is for a company called First Transit in Portland, Oregon, and I would be a paratransit driver picking up and delivering mentally and physically handicapped people to and from various locations. I was discharged from active duty Air Force honorably, but unfortunately their legal office needs to see the case file in order to make a decision on my appeal. 2020-01071-F	Turse, Nick	The Nation Magazine	12/11/2019	-	Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552, I request Audit F2018-0002-REE000, Communications Security Asset Management, 3 October 2017 I request you search all electronic and paper-based records systems and databases for these materials and provide any/all of these records in electronic format if possible. I also request a cross-reference search. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." Also, under "FOIA Improvement Act of 2016" "each agency, in accordance with published rules, shall make available for public inspection in an electronic format . . . copies of all records, regardless of form or format . . . that have been requested 3 or more times." This clause is within (a)(2), which has no provision whatsoever for fees. The statute explicitly says "requested", not "provided." If my request is rejected, I will file two additional requests so that it will meet the requirements of the statute. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$.01. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a member of the news media and this information is of timely value, I would appreciate your communicating with me by email, rather than by mail, if you have questions regarding this request. Please do not close this request, for any reason, unless I explicitly request it in writing. I look forward to your reply within 20 business days, as the statute requires, and request, per 5 USC § 552(a)(7)(B)(ii), that you provide me with an estimated date of completion at the same time and every 20 days there

2020-01209-F	Turse, Nick	The Nation Magazine	12/23/2019	-	Dear FOI Officer: Pursuant to the federal Freedom of Information Act, 5 U.S.C. Â§ 552, I request copies of all AF Form 1206 submitted by members of Air Forces Africa in FY 2019. I request you search all electronic and paper-based records systems and databases for these materials and provide any/all of these records in electronic format if possible. I also request a cross-reference search. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$.01. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a member of the news media and this information is of timely value, I would appreciate your communicating with me by email, rather than by mail, if you have questions regarding this request. Please do not close this request, for any reason, unless I explicitly request it in writing. I look forward to your reply within 20 business days, as the statute requires, and request, per 5 USC § 552(a)(7)(B)(ii), that you provide me with an estimated date of completion at the same time and every 20 days thereafter. Thank you for your assistance.
2020-01210-F	Kick, Russ	New England Anti-Vivsection Society	12/23/2019	-	For every Institutional Animal Care & Use Committee (IACUC) at the AFRL, we request the following: 1a) According to The Guide for the Care and Use of Laboratory Animals (The Guide), 8th edition, all entities must have a system in place for anyone (insiders or members of the public) to report concerns regarding animal welfare at a facility. These reports are either made directly to the IACUC Chair or a designated representative, or they eventually are routed to the IACUC Chair/representative. We request all such reported concerns received by the Chair since January 1, 2019. (This would encompass all appendices, annexes, attachments, and accompanying documents, including photos and videos in their original formats and resolution.) 1b) Further, for all such reported concerns deemed supported, we request the notification sent to the Institutional Official. The time frame is January 1, 2019, to present. (This would encompass all appendices, annexes, attachments, and accompanying documents, including photos and videos in their original formats and resolution.) 2a) Per The Guide, all entities must have a system in place for investigators to notify the IACUC and/or attending veterinarian of adverse events, unexpected or unanticipated outcomes, violations of protocols, and other incidents involving animal welfare that occur during their studies/experiments. We request all such notifications received by the IACUC or AV since January 1, 2019. (This would encompass all appendices, annexes, attachments, and accompanying documents, including photos and videos in their original formats and resolution.) 2b) Further, we request all notifications sent to the Institutional Official regarding these reported incidents. 2020-01214-F	Streifer, Bill	Mr.	12/23/2019	-	On 29 August 1945, the crew of A/C Z-28 (44-70136) of the 73rd Bombardment Wing was directed to fly to Iwo Jima, refuel, proceed to Chosen POW camp No. 1 near Kanko, Korea (or Konan, Korea, now Hungnam, North Korea), drop supplies, and return via Iwo. The crew consisted of 13 men from the 882nd Bomb Squadron, 500 Bomb Group, 73rd Bomb Wing. Unfortunately, B-29 "Hog Wild" was shot down by Soviet fighters over Konan, Korea, although all 13-men on board survived the crash. When the men returned to base, each crewman was debriefed and prepared a statement. When I obtained these crew debriefings in the past, I received only 12 -- one was missing. I am now requesting a copy of all 13 crew debriefings. If one is still missing, I am requesting all documents that might explain why there are only 12 available. Since one member of the crew met a Japanese nuclear scientist when he was allowed to roam around freely, I suspect that one of the debriefs might be classified. So I am requesting a declassification review of the entire document be conducted. (Date Range for Record Search: From 08/29/1945 To 12/31/1945)
