2017-02272-F	Schultz, Tiffanee	-	04/03/2017	I received my original FOIA request "2016-04120-F"; however, I feel the package is inconclusive. I only received a redacted version of the AFOSI investigation package and did not receive anything from the SJA office. I am requesting an un-redacted copy of ALL investigation/legal documents which will be submitted with my congressional inquiry. Additionally, I request all information pertaining to the Article 32 hearing to include anything received or given to the WG/CC and GCCA. Specifically, any information pertaining to the final decision to not pursue any UCMJ action on the subject. Not knowing why the subject was let free without any consequence to his unforgivable, illegal, immoral, inappropriate actions is simply unacceptable. 2017-02273-F	Axe, David	War Is Boring	04/03/2017	My name is David Axe and I am making the following request as a "media" requester and I am willing to pay fees up to \$25. I am the editor of War Is Boring and also a freelance journalist working for various outlets, with a proven track record of publishing (see: https://warisboring.com/air-force-drone-crews-got-so-demoralized-that-they-bood-their-commander-cfd455fea40f#.ogmrbd8j7). If there estimated fees exceed the stated dollar amount, please let me know before you proceed with this request. I am requesting a copy of memos to, from or within 1st Air Force/NORAD regarding USAF/ANG flight-intercepts of civilian aircraft intruding on restricted airspace surrounding Air Force One and Palm Beach, Florida during Pres. Donald Trump's travel to and from Mar-a-Lago/Palm Beach, Florida in the period Jan. 21, 2017 to March 31, 2017. The dates may vary. Specifically, I'm looking for internal communications, post-flight reviews or briefings related to 1st Air Force/NORAD's enforcement of FAA restricted airspace around Air Force One and Palm Beach during presidential travel in early 2017 (referenced here: http://www.npr.org/2017/03/31/518861719/if-trump-is-traveling-and-a-pilot-strays-fighter-jets-will-follow). Enforcing air space restrictions is an important USAF function that is of clear interest to the American public and my publications. If an exemption applies to the information in any of these records, I ask that the USAF please consider exercising its discretionary release powers to disclose the records. Additionally, please release all reasonably segregable portions of the records that do not meet an exemption. I am also willing to accept and would prefer any release be in an electronic format, if possible. Thanks in advance, David Axe Editor War Is Boring (Date Range for Record Search: From 01/21/2017 To 03/31/2017)

I know - based on already obtained documents, they took their materials with them to Keesler. At Keesler, they were attached to the 507th Tactical Air Control Group. A year later, they were attached to the 552d Airborne Warning and Control Wing (later, 552d Airborne Warning and Control Division). In 1985, they were assigned to 28th Air Division. They were then attached to Air Division Provisional, 15, and 552d Operations Group. During this time, they also deployed to UAE, Saudi Arabia and Italy. In 1994, they left Keesler for Offutt AFB, NE. I am not sure if they took their archival materials with them or not. They were assigned to the 55th Operations Group. Then they were inactivated in 1998. A decade later, they were reactivated as 7th Expeditionary Airborne Command and Control Squadron and were assigned to Al Udeid Air Base, Qatar, where they are located today, under CENTCOM's control. 2017-02421-F	Rowsey, Jeffrey	USAF	04/13/2017	I am requesting information about two separate issues that interconnect. While deployed there was a IG complaint filed against me and some MEO allegations. As I understand, these all have been closed out. I would like all information that pertains to any and all information regarding any investigation of me. I need this for current and future defense that I am planning. In addition, I have been directed to obtain information from your office about cases that I have filed myself. I was able to prove that former (b)(6) undermined my authority and committed mutiny, was caught drunk driving, lying to my troops about me my actions, and things that I said, and other offenses. He lost a stripe and is being forced to retire at least partly as a SMSgt based on information I have provided. I have provided evidence this man set out to ruin my career. By using secretly audio recorded messages and other e-mail and documentation records and other methods I have shown that this former E9 lied about my words and actions. I would like any and all information that I am entitled to regarding my case against (b)(6) He has caused me great mental anguish for over 16 months. Col Valenzia, my commander has been helpful. Col Valenzia provided the Commander's letter about the closure, but has no details. I understand Col Valenzia must keep his words understandably vague. However, since I was the one wronged and I provided multiple examples of misbehavior, mutiny, undermining my authority, lying to me, about me, and other offenses, I believe I should at least know of the offenses that (b)(6) was held accountable for. I was told that I should contact your office to obtain more information to allow me to have some closure on this part of the investigation where I proved myself innocent and showed that (b)(6) enlisted others to help him get me removed of command by providing false information. I appreciate any information you can provide. If you let me know of anything I can do to help this process, or any information that can help, and/or expedite this information, I will be more than happy to assist. My personal cell phone is (b)(6) name is (b)(6) (b)(6) I greatly appreciate your help with this issue and again, I am willing to provide any information or assistance (Date Range for Record Search: From 11/30/2015 To 03/01/2017)
2017-02422-F	Trevithick, Joseph	The War Zone	04/13/2017	Hi, My name is Joseph Trevithick and I am making the following request as an "media" requester. I am a freelance journalist and researcher working for multiple outlets, with a proven track record of publishing (for example: http://www.thedrive.com/the-war-zone/8224/heres-what-really-happened-when-u-s-marines-brought-f-35bs-to-red-flag) or supporting publication (see: https://medium.com/defiant/wondering-what-u-s-spy-agencies-think-of-donald-trump-105cfb8bbf7d#.t2dtnixy3). On April 13, 2017, US Forces - Afghanistan announced forces under its operational control had dropped a GBU-43/A Massive Ordnance Air Blast (MOAB) bomb in Afghanistan. Subsequent media reports indicated an Air Force Special Operations Command (AFSOC) MC-130 aircraft conducted this mission. I am looking to obtain a copy of any weapon system video (WSV) or other full-motion video (FMV) of this strike. U.S. Air Force commands routinely release strike videos with appropriate redactions, so it is reasonable to assume that this video can be released, at least partially, if it exists. If an exemption does apply, I ask that AFSOC please consider exercising its discretionary release powers to disclose the records. Additionally, please release all reasonably

				segregable portions of the records that do not meet an exemption. I am also willing to accept and would prefer any release be in an electronic format if possible. Thanks in advance, Joseph Trevithick

During my research of the A-12's and SR-71's I have come across a picture showing the cover of the USAF Investigation report and a number for #125. 2017-02446-F	Gore, Chandreka	311 FS	04/17/2017	I would like to submit a FOIA request for incident we discussed at the CDC. My daughter had an injury at the CDC where she broke her femur. I would like to obtain the video on that day (Mar 24), in between 3:00 PM and 4:00 PM that day. In particular, I would like to get the video from when I entered the building, to when I exited with my daughter. I would like videos from room number 10, and outside on the playground outside of her room. There was also an incident on the day prior where she had another injury under the CDC's watch. If possible, I would like the video from that day as well. We are willing to pay fees for this video. Thank you again. CLARIFICATION I'm willing to pay in the amount of \$25 for fees. If the amount is more than this, please contact me. On 23 mar 17, it was in the afternoon, so sometime after 12, but before 1 PM. I would like the video from when she was injured and fell, and the action that was taken afterwards. I was told that she fell into bushes and obtained scratches. From what I understand, this incident happened outside on the same playground where she broke her femur. She was in room 10. Thank you again. 2017-02453-F	McElroy, Jonathan	US AF	04/17/2017	On or about 9 Nov 16, I was read my rights and suspected of violating Article 114 of the UCMJ, by engaging in sexual activities with (b)(6) (b)(6) wife of (b)(6) my supervisor. I was immediately removed from the section, CRO'd over to (b)(6) and given a no contact order against (b)(6) I was set to go to NCOA -ILE on 16 November, and was told on 15 Nov that because I was under investigation the commander chose to pull me from this course. From 10 Nov – 22 Dec, I worked out of the UDM office in the 81 TRSS, and was not provided any information as to the current investigation timeline or when I would receive further information. On or about 22 Dec, I spoke with (b)(6) (81 TRSS/CC) and he informed me that after all the interviews of other questions, the allegations were found “unsubstantiated”. On or about 3 Jan 17 I was moved to the 338th Training Squadron, and on 19 Jan had my “out-processing” with (b)(6) (b)(6) At this meeting, I asked him for a copy of the Commanders Directed Investigation (CDI) as I had not seen my statement, or any other pertinent information as far as where the investigation stemmed from. He informed me he would find out and respond to me with an answer. On 31 Mar I sent a follow up email for this information, and it wasn't until 14 Apr, I received a response from (b)(6) stating he would consider it. On 17 April, (b)(6) after researching and speaking with (b)(6) identified the only way for me to receive all the information associated with this investigation was via an FOIA request. Throughout the entire duration of this investigation, the lack of information provided from the 81 TRSS leadership (b)(6) was frustrating, and even upon the completion of this investigation is significantly lacking. In many aspects, I felt I was not treated fairly in this process as I also learned that others in my shop (prior to 9 Nov) had already been investigated prior to (b)(6) or I am being told. I am submitting the FOIA request in efforts to receive the information not afforded to me during the investigation. I can be reached at email (b)(6) @us.af.mil) or (b)(6) @gmail.com, or via cell phone at (b)(6). Thank you for your time and consideration in this request. v/r TSgt Jonathan McElroy (Date Range for Record Search: From 11/01/2016 To 01/03/2017)

2017-02508-F	Weeks, Mark	-	04/20/2017	I was hoping I might be able to find some records from the 363 Air Expeditionary Wing. Although there is still a 363 Air Expeditionary Intelligence, Surveillance, and Reconnaissance Wing, I believe the 363 Expeditionary Wing I am referring to is now inactive. Specifically are 363 Security Forces records from Prince Sultan Air Base, Saudi Arabia in 2000 and 2001. 1. 363 Security Forces reports or blotter entries for a "Bomb Threat" or "Suspicious Object" located in "Hotel Sector" (Coalition Compound) or "Hotel Search Bay". The entries would have been made in April or May of 2001. The Security Forces duty roster for "Hotel Search" would be helpful as well as any other report or after action report on this incident (even if they are from non-SF agencies. ie. AFOSI, Intelligence, etc.). Synopsis of the event: A "fake bomb" was found in the "Hotel Search Bay" at Coalition Compound, Prince Sultan Air Base. Bomb threat procedures were initiated and a cordon was established. The "all clear" was given approximately two hours later. 2. Prince Sultan Air Base went into Threatcon Delta In June, 2001. Any record of this (363 SF or other agencies) and/or the reason why would be helpful. 3. Any report (363 SF or other agencies, (probably AFOSI on this one)) detailing how the Saudi Arabian military was suspected to be in possession of a Russian made anti-aircraft vehicle (possibly a ZSU-23-4). Date: Somewhere between 1 December 1999 to 1 April 2000. 4. Any report (363 SF or other agencies) that speak of "green tracer rounds sighted", "hostile fire" or "anti-aircraft fire". Dates: 1 December 1999 to 1 April 2000 and 1 March 2001 to 1 July 2001. Synopsis of events: Coalition aircraft were routinely fired upon at Prince Sultan Air Base. 2017-02522-F	Emert, Scott	-	04/20/2017	"I am appealing MacDill AFB case # 2017-00789-F because they did not provide the information that was requested. As you can see in my original 29 Nov 16 request, I asked for any records of communication that was "sent from the Wing to CENTCOM that were generated because of the memo,..." (USCENTCOM's 27 Feb 2015 memo). The information they provided me, at least the majority of it, is not the information requested. The majority of what they provided to me would not have been sent from the Wing to USCENTCOM and should not be part of their answer to FOIA 2017-00789. Additionally, if any response was provided to USCENTCOM stemming from the USCENTCOM J3 Request for Investigation, the entire response, to include the header/title/subject should not be exempt under FOIA. I would believe some of the details in the response would be exempt but not the existence of a response. I do not believe a response was not provided to the memo. I request that you have them answer the FOIA with any records of communication that was "sent from the Wing to CENTCOM that were generated because of the memo,..." (USCENTCOM's 27 Feb 2015 memo)."

2017-02545-F	Graham, Edward	RealClearPolitics	04/21/2017	ATTN: FOIA Service Center: This is a request under the Freedom of Information Act (5 U.S.C. § 552). I request that copies of the following documents be provided to me: Any and all documents, reports, audits, emails and correspondence relating to contracts and production with Textron Manufacturing Systems to produce CBU-105 cluster munitions since 2002. This includes any and all documents, notes, multimedia, reports, testing results, engineering analyses and any other associated documents produced during the 17 separate tests of the latest variant of Textron's CBU-105 Sensor Fuzed Weapon conducted from 2002 until 2008 that may be in possession of the AFAA. Any and all documents, reports, audits, emails and correspondence relating to contracts and production with outside defense contractors, including Textron Manufacturing Systems, to produce BLU-108 submunitions. Please also provide any documents, reports, audits and contracts—including pre-award contract reviews and audits—regarding ongoing efforts by any current defense contractor to continue production and manufacturing of CBU-105 munitions, or similar cluster munitions and ordnance (including BLU-108 submunitions), that demonstrate compliance with the 1% unexploded ordnance standard set by U.S. law. I contacted the Defense Contract Audit Agency and was told that the DCAA's Boston Branch Office conducted financial audits regarding proposals that mention the munitions. Since the audit reports are the property of the contracting agency that requested the audit--in this case, the Air Force is the contracting agency--I am requesting that the AFAA turn over these reports, as well as any related and/or similar audit reports, conducted regarding CBU-105 and BLU-108 acquisition, contracts and vendors. In order to help you determine my status for the purpose of assessing fees, you should know that I am a representative of the news media affiliated with RealClearPolitics, and this request is made as part of news gathering and not for commercial use. I am willing to pay fees for this request up to a maximum of \$500. If you estimate that the fees will exceed this limit, please inform me first. I also have included a telephone number, as well as my work and personal emails at which I can be contacted if necessary to discuss any aspect of my request. 2017-02584-F	Lee, Kenneth	-	04/25/2017	In 1962, I was sent as a member of the crew of a KC-135 from Castle AFB to Guam, and then to an undisclosed jungle airstrip destination. At this remote installation was at least one U-2 reconnaissance aircraft, with our KC-135 refueler as support. I was a young airman and told to not ask questions, but to just do my job maintaining the support aircraft. I was required by my commanding officer there (b)(6) to sign a statement that I would not mention 'Vietnam'; I was not told where I was; I was not told what unit I supported. It is my belief that I was on TDY in the Republic of Vietnam (RVN), though my personnel records do not indicate such service. My service was from around the fall of 1962 to approximately March 1963. Some of the other aircrew and I were occasionally flown hours away to Bangkok, Thailand, for R&R while a relief crew filled in at the jungle location. I received no pay while there. All of my pay was provided to me once I returned to my squadron at Castle AFB. (b)(6) provided cash for me and the other ground crew while we were there for incidental items, beer, and when we went on R&R. While there I worked as a 43151E Aircraft Mechanic on the KC-135. I request any and all of the following: 1. USAF ground/air crew assignments for KC-135 aircraft, during the proposed date range, with tail numbers 55-3131, 55-3135, 55-3135. 2. USAF crew and/or passenger manifests for KC-135 aircraft, during the proposed date range, with tail numbers 55-3131, 55-3135, 55-3135. 3. Daily mission assignments, including departure, destination, arrival, and return times and locations for KC-135 aircraft, during the proposed date range, with tail numbers 55-3131, 55-3135, 55-3135. 4. Assignment and duty information for USAF pilot and officer (b)(6) for KC-135 aircraft, during the proposed date range, with tail numbers 55-3131, 55-3135, 55-3135. 5. Departure, destination, arrival, and return times and locations for KC-135 aircraft, during the proposed date range, with tail numbers 55-3131, 55-3135, 55-3135, originating from Castle AFB. I hereby request all records related to the AFCEC visits to Chatan Water Purification Plant, Okinawa, and Kadena Air Base, Okinawa in October 2016 and February 2017. To reduce the workload in searching for these documents, your office may limit its search to documents related to Perfluorooctanesulfonic acid (PFOS) and Perfluorooctanoic acid (PFOA) I am making this request as a representative of the media (Okinawa Times) who has written extensively about US military contamination in Japan. These articles have been the focus of intense public debate. I refer to the above articles in support that my request receive expedited processing. There is "urgency to inform the public concerning actual or alleged Federal Government activity." 5 U.S.C. § 552. Recently, levels of PFOS contaminants were found in Okinawan water supplies above EPA advisory levels. These contaminants are believed to originate from a USAF base on Okinawa. I believe this fulfills the provision that "lack of expedited treatment could reasonably be expected to pose an imminent threat to life or physical safety of an individual." Moreover, there is widespread and exceptional media interest in which there exist possible questions about the government's integrity affecting public confidence. 2017-02682-F	Silva, Michael	-	05/02/2017	REQUESTER SEEKS: ANY AND ALL RECORDS REGARDING A 2007 AND 2012 ACCUSATION OF (b)(6) WHEREIN THE (b)(6)
2017-02683-F	Rowsey, Jeffrey	USAF	05/03/2017	FRNO 2017-05256 I was relieved of command and received a referral LOE while deployed based on the testimony of individuals. Many separate complaints. I have since proven that many of these complaints were fabricated. One individual former (b)(6) was demoted to SMSgt because of some of these allegations. However, I am still trying to get my referral LOE reversed and clear my name. I ask for all the information that I am entitled to have access to concerning FRNO 2017-05256 from 93d AGOW IG letter dated 4 April 2017. Some of the allegations seemed to be substantiated while others were apparently dismissed. As I go forward, I would like to know and understand which information I had that was not accurate or was otherwise unsubstantiated. The following is a brief description of each of the complaints I would like the FOIA information for: (1) (b)(6) engaged in creating a toxic work environment with (b)(6) and (b)(6) (b)(6) (2) (b)(6) mentally harassed you, (3) (b)(6) unethically solicited charitable donations while deployed, (4) (b)(6) distributed property that was not his (bomb tethers), (5) (b)(6) prompted (b)(6) to issue a falsified safety report, (6) (b)(6) disclosed a downrange location without authorization, (7) (b)(6) wasted government time by writing 116 Amazon.com reviews while at work, and (8) (b)(6) provided a false official statement about a shift change incident to a CDI IO. These matters were opened as a new case, FRNO 2017-05256, for analysis by my office. This document is to inform you that all matters in reference to the inquiry have been analyzed and resolution paths have been reached. I appreciate your attention in this matter. If you need any information from me, please feel free to contact me via my personal cell phone at (b)(6) or my e-mail at (b)(6)@gmail.com. Thank you very much for your assistance. 2017-02686-F	Rowsey, Jeffrey	USAF	05/03/2017	FRNO 2017-04293 I provided audio recording of former (b)(6) and (b)(6) all speaking disrespectfully about me behind my back. I thought that the CGO would be held responsible. I am still proving cases with 23rd SFOI information about collusion and false official statements. I need this information to further understand the specifics of this case that involved me. I had provided audio recordings of the three distinctly different ranks (CGO, CMSgt, and junior NCO) all speaking openly and freely against me. I would like this information for my ongoing investigations against me, and the ones I have against others. I also showed information that (b)(6) lied to me about the handling of classified information which could have put our entire installation at risk. I need

				this information for my complaint to the SFOI section that IG referred me to. Lastly, there is information about (b)(6) providing a false official statement to the CDI officer. This information is needed because I am providing information to the SFOI section specifically about the false official statements. (Date Range for Record Search: From 08/03/2016 To 03/07/2017)

2017-02688-F	Rowsey, Jeffrey	USAF	05/03/2017	(FRNO 2017-04221) (b)(6) was involved in making many false official statements against me. I am currently working with 23rd AFOI to prove these facts. 2017-02813-F	Rowsey, Jeffrey	USAF	05/12/2017	FRNO 2017-04293 I would like all the following information concerning the following case in reference to Inspector General complaint, FRNO 2016-13800, which you submitted on 3 Aug 16, specifically concerning three matters (1) (b)(6) and (b)(6) (b)(6) allegedly disrespecting you behind your back, (2) (b)(6) facilitating the disclosure of classified information and subsequently lying about it, and (3) (b)(6) making a false official statement to a Commander-Directed Investigation (CDI) Officer. These matters were opened as a new case, FRNO 2017-04293, for analysis by my office. This document is to inform you that all matters in reference to the inquiry have been analyzed and resolution paths have been reached. 2. Concerning your allegation (b)(6) and (b)(6) allegedly disrespected you behind your back, after listening to the audio recordings you provided of the alleged incidents, coupled with a review of a professional transcription of these recordings and other available evidence, my office has determined there is

				insufficient evidence to support the claim these three Airmen were disrespecting you. As such, this portion of your complaint is dismissed. 3. Concerning your allegation (b)(6) facilitated the disclosure of classified information and subsequently lied to you about it, this matter was referred to the 824th Base Defense Squadron Commander for action. You should expect to receive a resolution to this matter in approximately thirty days. 4. Concerning your allegation (b)(6) made a false official statement to a CDI Officer, the preponderance of evidence does not suggest (b)(6) knowingly made a false statement to (b)(6) By (b)(6) own admission in his CDI statement, and as highlighted in your own complaint package, (b)(6) declared his summary of the (b)(6) incident to be his perception of the situation and based upon what he remembered. False official statements are difficult to prove in the absence of direct evidence, which was not available in this matter. As such, this portion of your complaint is dismissed. This is a protected document. It will not be released (in whole or in part), reproduced, or given additional dissemination (in whole or in part) outside Inspector General Channels without prior approval of the Inspector General (SAF/IG) or designee FOR OFFICIAL USE ONLY (FOUO) 2 5. You must request this review in writing within 90 days of receiving this response and provide specific reasons why you believe the handling of your case was not valid or procedurally correct. You are required to provide additional information that justifies a higherlevel review of our action. Simply disagreeing with the determination is not sufficient cause or justification for a higher-level review or additional investigation. You may email your request to (b)(6)@us.af.mil. I am undergoing an investigation and I also have open cases against many of these individuals. This information is needed for my defense and other reasons. I appreciate your attention in this matter. On 4 April 2017, 93d Air Ground Operations Wing Inspector General's office referred my complaint to the 93d AGOW Wing CC, Col Valenzia concerning claims that (b)(6) (1) engaged in mental manipulation, caused mental anguish, and used his position of power to mentally harass individuals, (2) solicited multiple companies while deployed for charitable donations to the 407th Expeditionary Security Forces Squadron, and (3) pushed for a shift change to be implemented while deployed that he later credited as your idea to the Commander-Directed Investigation Officer. I would like all the information about this case that I am authorized. I am still accused of things that I have proven I have not done. The fact that former (b)(6) (b)(6) was demoted helps to prove my cases. I need this information to help show that I am innocent of other allegations. I appreciate your help. 2017-02817-F	Rowsey, Jeffrey	USAF	05/12/2017	I would like to formally request any and all information concerning a Notification of Complaint Dismissal (FRNO 2017-04318) 1. This memorandum is in reference to your Inspector General complaint, FRNO 2016-13800, which you submitted on 3 Aug 16, specifically concerning the allegations against (b)(6) to include being disrespectful towards you by using (b)(6) language in her statement to Commander-Directed Investigation (CDI) Officer (b)(6) providing a false official statement to (b)(6) when she claimed "5 out of 10 people in an element will get an Article 15," and having an unprofessional relationship with (b)(6) This matter was opened as a new case, FRNO 2017-04318, for analysis by my office. This document is to inform you that all matters in reference to the inquiry have been analyzed and resolution paths have been reached. 2. Concerning your allegation (b)(6) (h)(6) offensive language in her CDI statement to (b)(6) there is no evidence to suggest (b)(6) made the sexually offensive statement to you directly. (b)(6) statement to (b)(6) was her candid perception of your leadership style when it came to disciplinary actions. Although not directly alleged in your complaint, my office analyzed this allegation as a potential (b)(6) claim. However, a consultation with 23d Wing Equal Opportunity clarified your claim had no basis for (b)(6) because (h)(6) (b)(6) would only have occurred if the language in question would have been directly said to you. As such, this portion of your complaint is dismissed. 3. Concerning your allegation (b)(6) provided a false official statement to (b)(6) when she claimed "5 out of 10 people in an element will get an Article 15," my analysis revealed (b)(6) statement to (b)(6) was her opinion based upon her recollection of what unnamed members told her about you. (b)(6) was not making a declaration of fact in the statement you disputed,

				only relating what she claimed was told to her. Your disagreement with what (b)(6) said members told her is immaterial towards alleging (b)(6) made a false official statement. As such, this portion of your complaint is dismissed. I am still defending myself against allegations and the details of these incidents can help with my defense. I appreciate your assistance. (Date Range for Record Search: From 07/03/2016 To 03/20/2017)
2017-02818-F	Rowsey, Jeffrey	USAF	05/12/2017	I would like to formally request any and all information dealing with the Notification of Complaint Dismissal (FRNO 2017-04223) 1. This memorandum is in reference to your Inspector General complaint, FRNO 2016-13800, which I submitted on 3 Aug 16, specifically concerning an allegation of false official statement by (b)(6) to (b)(6) during a Commander-Directed Investigation. This matter was opened as a new case, FRNO 2017-04223, for analysis by my office. This document is to inform you that all matters in reference to the inquiry have been analyzed and a resolution path has been reached. 2. Upon review of the available information, there was not a preponderance of evidence to suggest (b)(6) knowingly provided a false official statement. The extensive background information you provided concerning your leadership style and preferences on the issuance, or lack thereof, of punitive paperwork were ultimately immaterial to whether or not you ever told (b)(6) he would receive paperwork himself if he did not hold subordinates accountable with paperwork. False official statements are difficult to prove in the absence of direct evidence. As such, this portion of your complaint is dismissed. I have proven my former Chief who is now demoted to SMSgt and at least 26 individuals have provided incorrect information about me to investigators. All this information that I am requesting is instrumental to my defense I continue to mount for myself. I appreciate your assistance. (Date Range for Record Search: From 07/03/2016 To 03/07/2017)

2017-02820-F	Rowsey, Jeffrey	USAF	05/12/2017	FRNO 2016-13800, I would like all information pertaining to the case which I submitted on 3 Aug 16, specifically concerning the allegation Col Michael Lay attempted to get me to falsify a date on your referral Letter of Evaluation on or about 17 February 2016. This matter was opened as a new case, FRNO 2017-03111, by IG. 2. Concerning your allegation Col Lay attempted to get you to falsify a date on your referral Letter of Evaluation on or about 17 February 2016, there is no evidence to support the allegation that Col Lay ordered you or otherwise attempted to have you falsify (backdate) an Air Force record. Rather, the evidence shows (b)(6) made the request in an email to your legal counsel. There was no order to falsify the document and ultimately you did not backdate the form. Therefore, no violation or wrongdoing took place. As such, this specific complaint is dismissed. I am still defending myself against other false allegations and Col Lay played a major part in some of these allegations. I would like all the information I am entitled so that I can provide a defense for myself. (Date Range for Record Search: From 07/03/2016 To 02/16/2017)
2017-02821-F	Rowsey, Jeffrey	USAF	05/12/2017	(FRNO 2017-04245) I would like to formally request all the information regarding my Inspector General complaint, FRNO 2016-13800, which I submitted on 3 Aug 16, specifically concerning the alleged distribution of the film "Love" by (b)(6) to 824th Base Defense Squadron members while deployed to Muwaffaq Salti Air Base, Jordan between 2015-2016. This matter was opened as a new case, FRNO 2017-04245, for analysis by my office. This movie was in a foreign country that has very stringing anti pornography rules. (b)(6) was the Chief and was providing a film that showed full nudity, unstimulated sex, male erect penises, male ejaculation, etc. This document is to inform you that all matters in reference to the inquiry have been analyzed and a resolution path has been reached. 2. A review of the available evidence and multiple witness interviews could not establish (b)(6) distributed the film "Love" as alleged. Moreover, a consultation with 23d Wing Staff Judge Advocate Office, Moody AFB, BA, revealed their office had made a determination the film was not pornographic in nature because it was readily available on Amazon and other nonadult oriented websites. 23d Wing Staff Judge Advocate Office further stated General Order 1 had been revised so as to not cover commercially available "art house" films like Love. Additionally, a review of the available evidence provided no indication (b)(6) ever actively promoted the film for Airmen to watch. Instead, it appears this film was simply found in a much larger collection of media he shared. As such, this particular complaint is dismissed. I am still defending myself against false statements that (b)(6) and those he distributed this movie to. I would like all the evidence I can possibly get concerning this case so that I can properly prepare my own defense. (Date Range for Record Search: From 08/03/2016 To 03/07/2017)
2017-02822-F	Rowsey, Jeffrey	USAF	05/12/2017	Somewhere around the date of 3/23/2015, then (b)(6) from 824 BDS made an IG complaint about me to Col Michael Ross. Col Ross dismissed this allegation after I provided pages and pages of evidence that showed that (b)(6) did not provide truthful testimony. I have the e-mail traffic where the Deputy Group CC with me and questions (b)(6) ability to lead. I am currently undergoing another investigation where (b)(6) again provided false official statements against me. Although I believe I have already proved her deception, I would like any and all information pertaining to this earlier investigation that occurred at the 820 BDG so I can better provide my own defense. I appreciate your assistance in this matter. (Date Range for Record Search: From 02/02/2015 To 04/30/2015)

2017-02867-F	Coleman, Ryan	-	05/16/2017	Dear Commander: This is a request under the Freedom of Information Act. I request that a copy of the following documents: 1. All emails concerning (b)(6) housed in (h)(6)@us.af.mil > email account from January 30, 2017 to February 8, 2017. (88MDG/SGNE) 2. All emails concerning (h)(6) housed in (b)(6)@us.af.mil > email account from January 30, 2017 to February 8, 2017. (88MDG/SGNE) 3. The Number of LOC, LOA, and LOR(Letters of counseling, Letters of Admonition and Letters of Reprimand written by (h)(6) and (b)(6) and the demographic break down(by race)of the member(s) receiving the reprimands in the last six months(Sept 2016-Feb 8, 2017). FOIA applies to any "agency records" which are documents that are (1) either created or obtained by an agency, and (2) under agency control at the time of the FOIA request. U.S. Dep't of Justice v. Tax Analysts, 492 U.S. 136, 144-45 (1989). The 1996 amendments to FOIA explicitly indicate that the term "record" and any other term used in FOIA in reference to information, should "include any information that would be an agency record subject to the requirements of this section when maintained by an agency in any format, including an electronic format." 5 U.S.C. § 552(f)(2). Examples include: maps, photos, digital data, emails, handwritten notes, video and audio tapes, etc. Therefore, under FOIA I do not believe I need a release form from A1 Forrest. If personal privacy is an exemption; I would request redacted emails. In order to help to determine my status to assess fees, I am in category 3 and the purpose of my request is to ensure an environment free from personal barriers that could prevent Air Force members from rising to their highest potential and that the affairs of the 88 MDG are free from unlawful discrimination. I request a waiver of all fees for this request. Disclosure of the requested information to me is in the public interest because it

				is likely to contribute significantly to public understanding of the operations or activities of the Wright-Patterson Air Force Base and is not primarily in my commercial interest. It is even more important as it seems to be other racial and sexual discrimination issues at the base: - (b)(6) Plaintiff, v. Secretary of the Air Force, Defendant. Case No. 3:12-cv-142 (b)(6) et al., Plaintiffs, v. UNITED STATES AIR FORCE, et al., Defendants. No. C-3-94-30. (b)(6) Plaintiff-appellant, v. (b)(6) Secretary Department of the Air Force, defendant-appellee, 986 F.2d 1422 (6th Cir. 1993) U.S. Court of Appeals for the Sixth Circuit - 986 F.2d 1422 (6th Cir. 1993) My FOIA/MPIA requests have led to internal reviews of policies at the Maryland National Guard, Baltimore County Public Schools, Baltimore County Police Department, and the University of Maryland Baltimore County. A waiver will be in the best interest of the base, the community and public at large. Please send all correspondence to the address below and via email. Thank you for your consideration of this request. Sincerely, R Coleman (b)(6)

2017-02884-F	Rowsey, Jeffrey	USAF	06/22/2017	I would like to make an official FOIA request for any and all information pertaining to IG and/or MEO complaints brought up against me around the dates of Dec 2006. I believe the individual who brought up the initial complaint was a (b)(6). I cannot find his first name at this time. On 26 Nov 2007, my Commander (b)(6) informed me that the Inspector General is accusing me of discussing my IG investigation case with an individual after being ordered not to do so, in letter dated a 15 Oct 07 from the Inspector General (IG) and during an IG investigation interview on 9 Nov 2007. (b)(6) is cleared by the Inspector General all the way of to the Department Of Defense on two allegations of retribution and one of Restriction. (b)(6) brought these allegations up against me. They were promptly proven to be unsubstantiated after (b)(6) admitted he lied. Later (b)(6) was arrested for kidnapping a woman from her dorm room at knife point. At this same time, there were other complaints about me my one particular flight. I belonged to the 90th SFS at FE Warren AFB. On 26 Nov 2007, my Commander (b)(6) informed me that the Inspector General is accusing me of discussing my IG investigation case with an individual after being ordered not to do so, in letter dated a 15 Oct 07 from the Inspector General (IG) and during an IG investigation interview on 9 Nov 2007. The IG is basing this allegation on comments made in a letter I wrote them. (b)(6) handled the case even though she was just a clerk and not an official IG investigator. In response to the actions that were taken against me, I determined that (b)(6) was harassing me because she disagreed with some of my leadership styles. I submitted an IG complaint against the 90th IG office. I would also like to request any and all information regarding this investigation as well. (Date Range for Record Search: From 01/31/2007 To 06/30/2007)
2017-02885-F	Rowsey, Jeffrey	USAF	05/19/2017	On or about the dates listed below, I was sent by 20th AF to "fix" the 341st SFS after they failed their NSI. I had less than three months to get it done. I did do this successfully, and we passed with glowing reviews. However, fixing a unit is a very hard task and there were many complaints. I later found out that apparently there were "many IG complaints against me." However, I never received any letters or heard any results. If there were indeed complaints against me, I would appreciate any and all information pertaining to any cases involving me, my squadron, or any other documents or testimony I am entitled to. 2017-03014-F	Wright, Curry	-	05/31/2017	In 2011 I was serving overseas in Seoul Kore and was deployed from Seoul in March to support Humanitarian Assistance operations following the Tohoku earthquake. As a Consequence Management Advisory Team leader and Liaison Officer I provided direct support to the Fukushima nuclear accident. During this deployment I was recognized by United States Forces Japan Commander for excellent support during emergency response operations to the reactor site. Following an email exchange with a military officer where I pointed out falsification of records and awards I was illegally confined to quarters and my freedom of speech was restricted. I was sent back to Seoul and told if I spoke to anyone about what I observed or how I was treated I would be fired/replaced. Approximately 5 months after returning to Seoul I was replaced and left overseas jobless, without a visa, health insurance, or access to base facilities with a wife and newborn child. It took several months to make it back to the United States where I started working for the Department of Energy. I submitted an Inspector General complaint against the officer who ordered that I be illegally confined, restricted my freedom of speech, and violated federal acquisition law by directing that I be replaced. The complaint cycled through the IG process from the Air Force, to the Department of Defense IG, over to the Defense Threat Reduction Agency IG, and finally back to the Air Force IG. Each month for the past 4 plus years I have inquired about the status of this complaint. Each month I have been told the complaint was being processed. At one point I was told "there is a war going on and your complaint is not as important as that". Approximately 2 years ago I finally established contact with the Air Force IG in Washington DC who assigned (b)(6) to my case. (b)(6) was very helpful and told me over the phone the case was nearing completion and that I might consider getting a lawyer because I was about to receive favorable results. After that call all contact ceased. I have since been continually ignored and received no response. This complaint has been in process for more than 6yrs. There is obviously some issue here that the Air Force and the Department of Defense wants to cover up. I believe they are afraid of legal action and wish to draw this out as long as possible to allow the officer in question to be promoted, retire, or for the statute of limitations for such a case to expire. Congressional inquiry was ignored, letter sent back said case is still open. I am currently serving overseas as a Federal Government Employee. I am also a veteran and I believe someone should be held accountable for unlawful confinement, infringement on my freedom of speech, and violation of federal acquisition law. I provided significant evidence in this case, both email and voice recording which should have made a determination easy for the IG. As I mentioned in my complaint to the IG this event caused my family and I significant distress and has now resulted in more than 2 million dollars in lost income. I am not sure why the AF IG insists on dodging emails and phone calls about this case, but 6 years is entirely too long to wait for results. Additional administrative information which may be helpful is below: Air Force IG case number: ACTS FRNO 2013-07379, Point of contact provided: (b)(6). Complaints Resolution Directorate, SAF/IGQ

2017-03160-F	Massey, Darrel	USAF Retired	06/12/2017	I had been a member of this crew flying all over the world until a few weeks prior to the crash and I am haunted by the fact that both military and civilian leadership makes a big deal about America not leaving members killed in the line of duty behind. If this C-141 had gone down in SEA on one of our prior missions no effort would have been spared to recover the remains, yet when that same crew happens to be flying to a non-combat location a week later and crashes very little is done to bring home the remains or honor the crew. I am interested in establishing a memorial if it has not already been done.

2017-03227-F	Pritchard, Justin	The Associated Press	06/08/2017	REQUESTER SEEKS: Closed Reports of Investigation (ROIs) in which * Both the alleged offender and victim are under age 18; * The allegation involves a sex crime, such as but not limited to acts colloquially referred to as rape, aggravated sexual assault, sexual assault, forcible sodomy, aggravated sexual contact, abusive sexual contact, wrongful sexual contact, indecent assault, attempts to commit the offenses and any other offense categories encompassing sexual abuse -- but not verbal sexual harassment; * The date is Jan. 1, 2007 through the present; * The incident occurred on one of the following seven installations or was investigated by personnel with your office based at one of these installations: Eglin AFB; Hurlburt Field; Lackland AFB; Langley AFB; MacDill AFB; Nellis AFB; Offutt AFB. Once you have identified responsive records, my colleagues and I would be happy to engage in a conversation about the extent and nature of those records in a good faith effort to limit the scope of the inquiry, and therefore the amount of work your office must do in reviewing the documents prior to release. In that spirit, and in an effort to limit the request and therefore the time it takes to complete, I am not seeking at this time any exhibits such as witness statements or other attachments that might require a significant review. Further, I agree in advance that fields of information that contain personally identifying information such as name, DOB, SSN or contact information will be withheld. However, I request all other fields of information, including but not limited to the incident's date, type of location (private residence, school, playground), the installation where the incident occurred, the age of victim and accused, their gender, race, any prior relationship, date of arrest if one made, type of charges if filed and incident synopsis or summary. I would like to receive responsive records in electronic format, as has been done in the past by your office (for example: http://www.af.mil/Portals/1/documents/news/Redacted-Lichte-ROI_v2.pdf). 4 I request that these records be released on a rolling basis; that is, in batches as they are available, rather than all at once and only once all documents have been reviewed for release. For example, if one batch of records requires minimal redactions and another requires more review time, I request that the first batch be released while the second is reviewed.
