2016-04746-F	Maloney, Sean	-	1/16/2020	This is a FOIA request for the document identified by IRIS # 461165, archived at the AFHRA. (see attached)
2019-02211-F	(b)(6)	710th Security Forces Squadron	2/28/2020	22 Feb 2019 at 1954 To: FOIA REQUEST SAF/AAU 1000 Air Force Pentagon Washington, DC 20330-1000 From: (b)(6) (b)(6) E-6 in 710 Security Forces Squadron, Buckley AFB, Colorado (b)(6) Sir/Ma'am My name is (b)(6) and I am (b)(6) in the Air Force Reserves. I am attached to the 710th Security Forces Squadron under the 310th Space Wing. I am writing to request a Freedom of Information Act Release for a Command Directed Investigation initiated by Col Clough, commander of the 310th AMDF. I am listed as the victim. In July of 2018, I submitted a congressional complaint because I had several Line of Duty Determinations that were not being processed by my medical squadron. I had signed Medical Evaluation Paperwork in December of 2016 with the understanding I would be no pay/no points while they processed my retirement/discharge. In 2018, when no movement had been initiated by my medical squadron, I sought congressional help to get the ball rolling. Throughout the congressional and my emails with the 310th Aerospace Medical Squadron, I disclosed my concern for medical mal-practice, failure to complete medical condition orders while I was having surgery for Active Duty injuries, failure to complete Line of Duty Determinations in a timely manner resulting in thousands of dollars in unpaid medical bills, and sexual harassment by the top ranking full timer with the 310th AMDF. My case was initially turned over to the Office of Special Investigation. By December of 2018, the situation was referred back to my space wing and a Command Directed Investigation (CDI) was initiated. The CDI had a close-out date of January 11th. I requested a determination on if the CDI, whether it was substantiated or unsubstantiated. I was told to request that information through a FOIA request. I am willing to pay whatever fee is associated with the FOIA request. However, I respectfully request a fee waiver since I am the victim in the investigation. I also politely ask the request be expedited. Since there is congressional oversight, which now resides with Senator Bennett's office, I believe it is of the utmost importance to expedite the request. I have attached several emails between the 310th AMDF and myself, as well as the investigating officer, (b)(6) for verification of the CDI and a timeline of events. If you have any questions or concerns, I can be reached at (b)(6) or by email at (b)(6) Respectfully, (b)(6) (Date Range for Record Search: From 12/01/2018 To 02/22/2019)

2020-01282-F	Rosar, Spencer	-	3/17/2020	Hello, I am seeking a release of documents via the FOIA for (b)(6) born in Douglas County Wisconsin. He served in the US Army in WWII in Korea and also the Air Force Meteorology School where he became a Weather Officer. I am looking for information regarding his time and duties in Korea. The primary and most important focus of this FOIA should be directed towards gathering detailed information regarding his work as a weather officer (educated at the Air Force Meteorology School), with the knowledge that he worked in the Alaskan Arctic Circle among other locations including classified work. I would also like to know more about his commandment of the 7414 and 7415 transport and support squadron in France. Lastly, I have a record that indicates (b)(7) implemented a training program at Warner Robben's Air Force Base in Georgia and would like to know what this entailed. (b)(7)'s my great grandfather's uncle whom made a large charitable donation before his death, and the family would like to know more about his early life in the USAF. I am willing to pay fees for your time and effort regarding this search, starting at \$50. His detailed occupation would like to be known. Any other useful documents that are found regarding (b) would be appreciated as well. Thank you, Spencer Rosar (Date Range for Record Search: From 05/01/1942 To 02/19/1998)
2020-01286-F	Tziony, Shai	-	1/2/2020	This FOIA request is regarding an IG investigation due to a complaint I made 25 July 2019 which was referred from USAFE/IGQ at Ramstein AB to USAFE Chief of Staff (BG Christopher J. Ireland) who was tasked with investigating my allegation of abuse of authority by my Commander (Col Cameron Dadgar). All documents I am requesting are between 25 July 2019 (when I made the official IG complaint) and 11 December 2019 (when BG Ireland emailed me the Closure Letter stating my case is closed). He tasked Col Tammy S. Hinskton to be the Investigating Officer (IO), so she conducted the interviews and gathered data (including my IG complaint narrative) during her investigation, then she reported back to BG Ireland. I've provided attachments as supporting documentation to facilitate my request. I am requesting several documents under FOIA, as the closure letter provided to me from BG Ireland consisted of improper, inaccurate, and missing justification as to why he considers my complaint case closed. The only document I was provided on 11 December 2019 was the Closure Letter (attached). 1. I request the investigation report in its entirety, to include both the USAFE IG report when they referred my case to USAFE Command (CoS) and the report conducted by USAFE CoS, BG Ireland, as well as all email correspondence, notes, and documents saved in personal files. 2. I request copies of all interview Testimonies (similar to the one I attached). 3. I request the "Evidence" that BG Ireland claims exists and "shows that during VPC routing a stratification was placed on your OPR by an unknown individual." I believe this individual to be Col Dadgar as the stratification was written in his Additional Rater section of my OPR, which no one else is supposed to write in and is his responsibility. 4. I request evidence showing that each witness was specifically asked if they wrote the #1/20 stratification in Col Dadgar's Push Line (in the Additional Rater section). The closure letter simply states that it is "unknown" who wrote the #1/20 stratification when it was in Col Dadgar's section for more than 5 months. 5. I request the "Evidence" that BG Ireland claims exists showing that my "leadership performance during the reporting period did not warrant a stratification." 6. I request a copy of the first signed OPR that (b)(6) (b)(6) wet-ink signed which was on or about 10 June 2019 in which the Reviewer section was MG Corcoran. This OPR was sent for signature from (b)(6) (b)(6) to (b)(6). 7. I request a copy of the email correspondence between Col Dadgar and his Exec (at the time) (b)(6) (b)(6) in the months of February to July 2019 that relate to my OPR and Col Dadgar's Push Line. Specifically, on or about 28 May 2019, in official VPC communication to Col Dadgar (b)(6) referenced an email she sent Col Dadgar regarding my push line. (See attached VPC screenshot).

2020-01378-F	Losey, Stephen	Air Force Times	1/9/2020	Pursuant to the Freedom of Information Act, I request statistics on the mission-capable rates of all aircraft in the Air Force inventory for FY 2019. I request the data be provided in similar formats as the attached document, which records data for FY 2016/2017 and FY 2018. (My preference would be for the 2016/2017 format.) For each aircraft in the Air Force inventory, I request FY 19 stats on: - The total active inventory of each air frame in FY19. - The average age of the air frame's fleet as of September 2019. - The FY19 mission-capable rate. - The FY19 break rate. - The FY19 12-hour fix rate. I also ask for the same information for the overall Air Force fleet, including all air frames, as was provided in the previous years' statistics. And I request the data be broken out by the full Model Design Series designator. That is to say, I request individual entries for -- for example -- the F-15C, the F-15D, and the F-15E, and not have the data for all F-15 variants combined into one entry. This is how previous years' tracking of mission capable rates have handled that. (Date Range for Record Search: From 10/01/2018 To 09/30/2019)

2020-01573-F	Van Der Hyde, Mark	-	1/27/2020	Hello! My name is Mark. I do a lot of volunteer work for local and federal government, including the DOI. As a side project I study government design practices and want to file a records request for an agency under your umbrella. This is for the newly created Space Force, which is officially a department of the Air Force. I request all email and text message communications detailing the discussion, planning, and finalizing of the Space Force logo announced on Jan 24, 2020. This should include all visual files (PDF, PPT, etc) that were being vetted at different points in the graphic design process, plus any related intake documents that informed these designs. This should also include the period since August 2018 that included public voting on six options ahead of this final version that was just announced. This will help understand the process of going from this voting system up until final delivery. Thanks so much for you help, I look forward to seeing this to learn more about how this process typically works! (Date Range for Record Search: From 08/01/2018 To 01/24/2020)

2020-01924-F	Trevithick, Joseph	The War Zone	2/20/2020	Hi, My name is Joseph Trevithick and I am making the following request as a "media" requester and I am willing to pay fees up to \$25. I am a journalist and researcher with a proven track record of publishing (for example: https://www.thedrive.com/the-war-zone/27541/these-are-the-briefings-president-elect-trump-got-on-the-f-35-air-force-one-and-nukes) or supporting publication (see: https://www.thedrive.com/the-war-zone/15902/document-confirms-b-21-to-be-delivered-optionally-manned-and-nuclear-capable). If there estimated fees exceed the stated dollar amount, please let me know before you proceed with this request. I am looking to obtain a copy of a document called the Senior Jersey Security Classification Guide. This document is mentioned in the Air Combat Command supplement to Air Force Instruction 11-246, Air Force Aircraft Demonstrations (A-10, F-15, F-16, F-22), Volume 1, dated 24 May 2017 (See: https://static.e-publishing.af.mil/production/1/acc/publication/afi11-246v1_accsup/afi11-246v1_accsup.pdf) If an exemption applies to the information in any of these documents, I ask that Air Combat Command please consider exercising its discretionary release powers to disclose the records. If there are no complete lines marked unclassified, I still request a line-by-line review to determine any reasonably segregable portions of the record that are not subject to an exemption. That the document's overall classification might be above unclassified and that certain sections are marked above unclassified does not mean there is no releasable information or that it is not reasonably segregable from classified or otherwise exempt information. I am also willing to accept and would prefer any release be in an electronic format if possible. Thanks in advance, Joseph Trevithick

2020-01948-F	Turse, Nick	The Nation Magazine	2/21/2020	<p>Dear FOIA Officer: Pursuant to the federal Freedom of Information Act, 5 U.S.C. Â§ 552, I request any nominations packets, sometimes referred to as recommendation packages, as well as award citations and/or supporting information for: (b)(6) a combat controller for the 123rd Special Tactics Squadron, who received the Bronze Star Medal at the Kentucky Air National Guard Base in Louisville, Ky., at Nov. 17, 2018 (b)(6) (b)(6) a combat controller for the 123rd Special Tactics Squadron, who received the Bronze Star Medal at the Kentucky Air National Guard Base in Louisville, KY., on Nov 17, 2018. I request you search all electronic and paper-based records systems and databases for these materials and provide any/all of these records in electronic format if possible. I also request a cross-reference search. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption." Also, under "FOIA Improvement Act of 2016" "each agency, in accordance with published rules, shall make available for public inspection in an electronic format ... copies of all records, regardless of form or format that have been requested 3 or more times." This clause is within (a)(2), which has no provision whatsoever for fees. The statute explicitly says "requested", not "provided." If my request is rejected, I will file two additional requests so that it will meet the requirements of the statute. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$.01. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a member of the news media and this information is of timely value, I would appreciate your communicating with me by email, rather than by mail, if you have questions regarding this request. Please do not close this request, for any reason, unless I explicitly request it in writing. I look forward to your reply within 20 business days, as the statute requires, and request, per 5 USC § 552(a)(7)(B)</p>

2020-02117-F	Hatfield, Lee	-	3/3/2020	Under the Freedom of Information Act and Privacy Act, I request a copy of the IG report that SAF/IG conducted into Lt Gen David L. Goldfein's mishandling of a sexual assault accusation when he was the Director of the Joint Staff. On 21 or 22 Apr 2014, Lt Gen Goldfein was briefed on a sexual assault accusation from the Joint Staff IG office and he never reported that sexual assault accusation to Army CID, which is a clear violation of the Commander's Legal Handbook and also violates federal law. So this means that SAF/IG conducted a thorough investigation into the matter after being informed by DoD IG in 2015. Additional background information can be found here, on the DoD IG FOIA reading room: https://media.defense.gov/2019/Feb/05/2002086411/-1/-1/1/WHISTLEBLOWER%20REPRISAL%20INVESTIGATION%20-%20CASE%2020150309-030277-01%20(REDACTED)%20FINAL.PDF (Date Range for Record Search: From 01/01/2015 To 03/03/2020)

So I would like a copy of all documents, emails, and records within SAF regarding this substantiated SAPR whistleblower reprisal case so that I can determine why the SECAF decided not to expunge the marked down EPR in my records due to substantiated SAPR whistleblower reprisal. This is the only case of substantiated SAPR whistleblower reprisal within the entire DoD according to the JPP on retaliation page 48. The case file we received from Detachment 645 is riddled with inconsistencies and errors, with the belief that the full file was never actually returned to (b)(6) nor (b)(6). Several pieces of "evidence" were critically missing in the report they handed back to us, namely, several attachments listed in the Report of Investigation and several blocks of information that were never filled out to begin with. The report was labelled "complete" on January 20th, 2020, 60 days after it was submitted to AFROTC/HQ, but it wasn't returned to me until February 28th, 2020. I have already tried working with (b)(6) Deputy Director of AFROTC NE Region Command and (b)(6) Force Management Branch Chief for AFROTC/HQ. They have directed me to make this request to retrieve this information, for a case file I never received as "complete" to begin with. Thank you for your time. I look forward to working with you. 2020-02390-F	Xydakis, Michael	-	3/25/2020	Command Directed Investigation (CDI) authorized by Brig Gen James H Dienst; CC 711th Human Performance Wing. I am an active-duty Colonel and the two letter Director of IR/ 711 HPW/Air Force Research Lab. I have been the Director of IR since July 2017. On 24 Oct 2019 and with no prior warning, I was notified by Brig Gen Dienst that I was the subject of a CDI. The Investigating Official (IO) was (b)(6). The CDI closed in Dec 2019. In January 2020, I was informed by Brig Gen Dienst that the allegations within the CDI were unsubstantiated and that no further action would be taken against me. However, I was detailed to the command section and permanently removed as the Director of IR. Despite my inquiries, Brig Gen Dienst would not provide information as to why I was being removed as the Director and would not release the CDI report. Of note, Brig Gen Dienst had been my primary supervisor for only 3 months prior to this CDI incident - during which time our interactions were minimal. My previous primary supervisor was Brig Gen Koeniger. Under Brig Gen Koeniger, I received stellar performance reports and two letters of recommendation. Under Brig Gen Koeniger, I was never made aware of ANY derogatory information or adverse performance issues. Brig Gen Dienst is scheduled to retire on 1 Aug 2020 (i.e. 4 months); with a change of command likely in July 2020. I am concerned that my new flag officer supervisor will question the rationale behind WHY a senior colonel and accomplished researcher was removed from a leadership directorate role and why this adverse action was taken against me? 2020-02407-F	Turse, Nick	The Nation Magazine	3/30/2020	Dear FOI Officer: Pursuant to the federal Freedom of Information Act, 5 U.S.C. Â§ 552, I request all memorandums with any of the following keywords in the subject line: Corona, virus, coronavirus, pandemic, Covid, and/or Covid-19. The time frame of this request is November 1, 2019 to the date that this request is finalized. I request expedited processing because this subject is highly newsworthy at the moment but, given President Donald Trump's indication that the pandemic may not last very long, this information may not be newsworthy if the request is not expedited. I would argue that Covid-19 is the biggest story in the world at the moment and I believe that for this reason expedited processing is warranted. For example, in Natural Resources Defense Council, the court looked to whether the material is of "extraordinary public interest." See 191 F. Supp. 2d at 43. In ACLU of Northern California v. DOD, the court considered whether the material concerned a "breaking news story." See No. C-06-01698-WHA, 2006 U.S. Dist. LEXIS 36888, at *18 (N.D. Cal. May 25, 2006). In Gerstein v. CIA, the court considered the fact that the information sought was "newsworthy [and] the subject of an ongoing national debate." No. C06-4643 MMC, 2006 U.S. Dist. LEXIS 89847, at *18-19 (N.D. Cal. Nov. 29, 2006). I believe that this information meets that test. As such, I request you search all electronic and paper-based records systems and databases for these materials and provide any/all of these records in electronic format if possible. I also request a cross-reference search. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please ignore the "willing amount" and notify me by email prior to your incurring any expenses in excess of \$.01. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a member of the news media and this information is of timely value, I would appreciate your communicating with me by email, rather than by mail, if you have questions regarding this request. Please do not close this request, for any reason, unless I explicitly request it in writing. I look forward to your reply within 20 business days, as the statute requires, and request, per 5 USC § 552(a)(7)(B)(ii), that you provide me with an estimated date of completion at the same time and every 20 days thereafter. Thank you for your assistance.
