2020-03541-F	Ackerman, Adam	-	07/13/2020	The Department of Defense tracks demand accomodation rate to determine whether it is meeting the child care needs of military families and inform congress. A previous request to OSD/JS (case 20-F-0831) indicated individual services track demand accomodation rates for individual facilities. I am requesting data for all Air Force facilities. The data should be maintained by AF/A1SO. I am requesting all available data from January 12, 2010 through present (July 1, 2020), on: Demand Met and Total Demand, by the possible combinations of military installation, child care facility, and child age group. In other words, the data should permit determining the demand accomodation rate (demand met/total demand) for different age groups at different facilities at a specific installation and time (rather than just the aggregated rate by age group across all facilities). For the same period and levels, I also am requesting the data on enrollment and waitlist used to calculate demand met and total demand. I am requesting data on Child Development Center (CDC) enrollment, Family Child Care (FCC) enrollment, Community-based fee assistance (include zip code and

2020-03684-F	Trevithick, Joseph	The War Zone	07/22/2020	Hi, My name is Joseph Trevithick and I am making the following request as a "media" requester and I am willing to pay fees up to \$25. I am a journalist and researcher with a proven track record of publishing (for example: <a href="https://www.thedrive.com/the-war-zone/33371/here-are-the-detailed-ufo-incident-reports-from-navy-pilots-flying-off-the-east-coast">https://www.thedrive.com/the-war-zone/33371/here-are-the-detailed-ufo-incident-reports-from-navy-pilots-flying-off-the-east-coast</a> ) or supporting publication (see: <a href="https://www.thedrive.com/the-war-zone/15902/document-confirms-b-21-to-be-delivered-optionally-manned-and-nuclear-capable">https://www.thedrive.com/the-war-zone/15902/document-confirms-b-21-to-be-delivered-optionally-manned-and-nuclear-capable</a> ). If there estimated fees exceed the stated dollar amount, please let me know before you proceed with this request. I am looking to obtain copies of any Operations Event/Incident Report with the Beeline flagword (OPREP-3B) from the 2019 calendar year that include the following words or phrases or any reasonable variations thereof: unidentified flying object, unidentified aerial phenomena, unidentified aerial device, UFO, UAP, UAD, drone, or balloon. If an exemption applies to the information in any of these documents, I ask that Headquarters, Air Force please consider exercising its discretionary release powers to disclose the records. If there are no complete lines marked unclassified, I still request a line-by-line review to determine any reasonably segregable portions of the record that are not subject to an exemption. That the document's overall classification might be above unclassified and that certain sections are marked above unclassified does not mean there is no releasable information or that it is not reasonably segregable from classified or

				otherwise exempt information. I am also willing to accept and would prefer any release be in an electronic format if possible. Thanks in advance, Joseph Trevithick Thanks in advance, Joseph Trevithick (Date Range for Record Search: From 01/01/2019 To 12/31/2019)

When I got to the register I paid for the items I had, I subsequently forgot to pay for my gas because I was out with my wife on a date and was having a conversation with the employee on the register. The next day I was called into the security forces Sq with my first sergeant where I was read my rights and charged with shoplifting and had my base privileges suspended for 6

				months. Additionally, I had to pay a large fine and the cost of the gas at German Economy rate. I never received any administrative action from my supervision and only briefly spoke with my first sergeant after the incident. To my knowledge I had never received an Article 121, the first I heard of this was when I applied for a conceal carry license here in Abilene Texas when my application was suspended because I did not give any information on the incident stated above. Before my application can be completed the Texas DPS is requesting records of any administrative actions issued to me and the status of the case, if it was dismissed, dropped, cleared or acquitted. Also, they said a letter or MFR documenting the outcome of this charge would suffice. Initial

2020-04133-F	Turse, Nick	The Nation Magazine	08/31/2020	Pursuant to the federal Freedom of Information Act, 5 U.S.C. Â§ 552, I request copies of all certificates certifying that a flag was flown on a combat mission. For an example, see attached. The time frame of this request is January 1, 2017 to the date that this request is finalized. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a

				record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption.” As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please notify me by email prior to your incurring any expenses in excess of \$ .01. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a member of the news media and this information is of timely value, I would appreciate your communicating with me by email, rather than by mail, if you have questions regarding this request. Please do not close this request, for any reason, unless I explicitly request it in writing. I look forward to your reply within 20 business days, as the statute requires. Thank you for your assistance. Regards, Nick (Date Range for Record Search: From 01/01/2017 To 08/29/2020)

Â§ 552, I request copies of DD Form 1391 submitted to Congress from January 1, 2018 to the present. I specifically request that you include so-called "non-responsive" material per the Court of Appeals for the District of Columbia Circuit in American Immigration Lawyers Association v. EOIR, 830 F.3d 667 (D.C. Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Please notify me by email prior to your incurring any expenses in excess of \$ .01. These records contain Daily Operation Summaries and other material. I have obtained similar material via a letter from HQ AFIMSC dated March 11th 2019 re IRIS 01115798 the material was more recent. I was refused these documents via a MDR request dated 22 March 2017 letter from you via my request dated September 19 2017 (date are wrong). I also have supporting documents from ACC released to me via recently delivered requests from you. Hence its basically the same material. I did appeal but no response.
