that already exists and is simple to report. It doesnt matter what format the data is in - even if it includes all vechiles at Ellsworth AFB, as long as it includes all the trucks and buses. If there is a vechile description that would be great. If not, I will scept that as well. A VIN or model year or in service date or mileage would be helpful as well, but again, if it does not already exist on a simple list, do not spend more than the 2 hours research. Just provide what already exist.

Dear Sir, This is a non-commercial request made under the provisions of the Freedom of Information Act 5 U.S.C. S 552. Pursuant to the U. S. OPEN Records Act of 2007, my FOIA requester status as a "representative of the news media" -- a status entitling me to an unlimited search processing my request, and the first 100 pages free of charge. For examples of my various publication credits in this regard, I refer you to my radio network, and my own personal radio show (syndicated on FM and AM stations) at <http://www.blackvaultradio.com> . Additionally, please contact me if this request should incur a charge. According to multiple online sources, an incident occurred at Minot Air Force Base and Barksdale Air Force Base on August 29–30, 2007. Six AGM-129 ACM cruise missiles, loaded with a W80-1 variable yield nuclear warhead, were alleged to have been mistakenly loaded on a United States Air Force (USAF) B-52H heavy bomber at Minot and transported to Barksdale. The nuclear warheads in the missiles were supposed to have been removed before taking the missiles from their storage bunker. The missiles with the nuclear warheads were not reported missing and remained mounted to the aircraft at both Minot and Barksdale for a period of 36 hours. During this period, the warheads were not protected by the various mandatory security precautions required for nuclear weapons. I respectfully request a copy of all documents relating to this event. Please include the flight plans of the aircraft, any reports done on the incidents, all electronic records (not limited to, but including emails etc) and other relevent documents. Thank you so much for your time, and I am very much looking forward to your response. Please know that electronic delivery of the requested material or correspondence related to this case is preferred and accepted in lieu of paper copies via
